This issue we're tackling the topic of marriage. Not being married, I can only speak from my observation of my friends' marriages. And I've realised that the wedding isn't the happily-ever-after, but marks the point when the hard work of integrating two lives and families has just begun.

However no one can deny that a happy marriage brings great happiness and joy to our lives. In this issue, we are going to equip you with all the tools possible for a happy marriage, using Bazi, Feng Shui and Man Luck. Here's wishing you a happily-ever-after.

SHOULD YOU GET MARRIED?

Are you meant for marriage? In Bazi, there are no hard and fast rules on who should get married and who should not. Anyone can get married, if they so choose. Just because your Bazi chart does not indicate a smooth-sailing marriage, it doesn't mean that your marriage is doomed. It just means that you need to put more effort to make the marriage work.

However, some Bazi Charts do indicate that a person will have more problems married than if they stayed single.

Even without having problems arising from harm, clash, destruction, punishment or combination relationships interacting with your Spouse Palace, a strong 伤官 Hurting Officer or 食神 Eating God in your Bazi chart also indicates a problem. Your problem may be your overly high standards

and very demanding nature. It is especially problematic if you are a weak Day Master and the 伤官 Hurting Officer happens to be located in your Spouse Palace.

That being said, if you're both ready to commit to marriage, nothing can stop you. You just need to be prepared to overcome all the problems that may derail your marriage.

Here are some points you may want to consider to give your marriage the best possible start:

1. There are no unlucky years to get married. This means that no matter what your zodiac sign, you can choose to get married any year you want. The point of selecting an auspicious date for marriage is to ensure that your marriage starts off smoothly and to give you the best chance to overcome any potential

Day Pillar with 伤官 Hurting Officer in the Spouse Palace:

壬 辰 <i>Ren Chen</i> Water Dragon	乙 巳 <i>Yi Si</i> Wood Snake	甲 午 <i>Jia Wu</i> Wood Horse
戊 戌 <i>Ren Xu</i> Earth Dog	辛 亥 <i>Xin Hai</i> Metal Pig	庚 子 <i>Geng Zi</i> Metal Rat

issues that may crop up in your marriage. An auspicious date is tailor-fit to every couple. A date selection consultant looks at the couple's Bazi Charts to see what the potential problems are and chooses a date to offset these problems. There is no one-size-fits-all good marriage date for everyone.

However, you have to decide which is more important to you, the marriage registration or wedding ceremony, if you decide to hold the two on different days. A consultant will place more importance on the marriage registration date as that is the date recognized by the law. However, culturally the Chinese still place great importance on the traditional wedding ceremony where the marriage is solemnized by offering prayers to the gods and ancestors, followed by the wedding dinner where family and relatives acknowledge the couple's marriage. Obviously auspicious dates are limited, especially when they are being tailored to the couple's Bazi chart. There may not be enough auspicious dates for both the marriage registration and wedding ceremony. So you need to decide which is more important to you,

the marriage registration or wedding ceremony, and use the customised auspicious date for that. You can select a generic auspicious date for the less important event.

2. Getting a Bazi compatibility reading may help you be better prepared for your marriage. With the help of Bazi, you can determine your strengths and your weaknesses, and understand how you work in a relationship. The idea is to help you become more valuable to your partner and help you bring out the best in each other.

Sometimes a marriage is not just about compatibility. Marriages often breakdown when couples grow apart and develop different sets of goals or beliefs. Couples may share the same interests and goals at the start of the marriage, for example in building their careers. However, as time passes, this may change. The man may still be ambitiously chasing for a better career, but his wife may begin to focus more on the family. If both are aligned with these changes, and are able to support each other, all will be fine. If not, cracks will

start to appear in the relationship. You need to ask yourself whether you are ready to handle any changes that come up in the future, or if you wouldn't be able to handle such changes.

3. Whether to go for a prenuptial agreement. You may not be Katie Holmes and he is not Tom Cruise, or you aren't a 80 year old billionaire marrying a 23 year old blonde, but a prenuptial agreement may still be an important consideration. While many feel that a prenup kills

the romance in the relationship, you may want a prenup if you have a harm, clash, destruction, punishment or combination relationship with your Spouse Palace. (See our article 'Do You Need A Prenuptial Agreement?' to see who should get a prenup). Whether you eventually sign a prenuptial agreement or not, bringing up the prospect of a prenuptial agreement will open up the door for you to discuss finances with your partner, which seems to be a taboo and sensitive topic for most couples.

BAZI AND MARRIAGE

“Marriage: Love is the reason. Lifelong friendship is the gift. Kindness is the cause. Til’ death do us part is the length.” ~ Fawn Weaver

Most people equate marriage with happily-ever-after. However, unlike the old days where married couples stuck together through thick and thin, these days divorce is on the rise. For some countries divorce statistics can go as high as 50%. This means that one in every three of all first marriages fail, and 50 percent of second or third marriages also hit the wall. Looking at this trend you might want to take off your rose tinted glasses as you go into marriage, and be prepared for the worst while hoping for the best.

Or you can take a peek at your potential partner's Bazi chart and your own to see your marriage prospects. So, what type of Bazi chart indicates a good marriage? Let's take a look.

Relationships and marriage are governed by the the Spouse Palace of the Bazi Chart. Your Spouse Palace is located at the Day Branch right below your Day Master. What type of Spouse Palace will indicate a good marriage?

1 A Spouse Palace (shown in Diagram 1) that is not in trouble. This means that there must not be any relationships between the Hour and Month Branches such as harm, clash, destruction, punishment and combination with your Spouse Palace.

2 For women, having the Influence element in your Spouse Palace is a plus point. The Influence element can be categorized into Direct Officer and Seven Killings as a result of Yin and Yang polarity. As you may already know, the Influence Star represents status. Hence, you will always be seen as someone who is valuable by your spouse. This also means that you will put priority on your husband's needs.

3 For men, it is ideal to have the wealth element in your Spouse Palace. Your Day Master must also be reasonably strong. You can find out how to find the strength of your Day Master in our Bazi 101 series.

Diagram 1: Location of the Spouse Palace

八字 Bazi Chart				
時 Hour	日 Day	月 Month	年 Year	
	日主 Day Master			天干 Heavenly Stems
	夫妻宮 Spouse Palace			地支 Earthly Branches
				藏干 Hidden Stem

④ It is preferable for a woman to have a 阴 Yin Day Master and for a man to have a 阳 Yang Day Master. A Yin Day Master for a woman naturally combines with the husband star which is the Direct Officer star, while a Yang Day Master for a man naturally combines with his Wife Star as highlighted with ❤️ in Table 1. A Yin Day Master for woman denotes a softer and feminine characteristic that is more yielding.

⑤ As you may already know, your natal chart is only a static analysis. No marriage is without its ups and downs. This is where the time factor effect comes in, and this effect can be seen in your Luck Pillar or Luck Cycle. Therefore, even with an indication of a good marriage in your Bazi chart, your marriage is susceptible to changes brought in by the time factors. Happily-ever-after is not 100% guaranteed. As Mignon McLaughlin once said, “A successful marriage requires falling in love many times, always with the same person.” So, couples must continuously work on their marriage to make it a success.

法奇門 Law of Attraction 3 Simple Mantras

You can recite simple mantras while meditation or while doing a simple yoga pose to relax and focus your mind. Reciting this mantra and meditating does not mean that you must take on new spiritual or religious beliefs. This exercise is a journey within you. Feel free to use any word that you feel is right for you.

1st Mantra: ‘Om’ is considered the most sacred mantra. It is a Sanskrit word that is meant to convey the “original vibration of manifestation.” ‘Om’ helps you to manifest your intentions in the physical realm.

2nd Mantra: Alternatively you can use **‘I am’**. It is the most powerful manifesting mantra. Add positive affirmations while you meditate to help paint a mental picture of what you want out of life. i.e. I am successful.

These mantras are best used with 符 Chief Deity or 天 Heaven Deity of the Universal Qi Map to help with the manifestation of your wish and vision respectively. Check out the monthly Universal Qi Map to find out the directions for these two deities. For example, if we’re using the June 2014 Universal Qi Map, you should have your back to Northeast to tap into 符 Chief Deity or have your back to the East to tap into 天 Heaven Deity while reciting the mantra ‘Om’.

ELIZABETH JONES

Should you have a Prenuptial Agreement?

What is prenuptial agreement?

A prenuptial agreement a contract entered into before marriage. The content may vary, but it is commonly used to determine division of property and spousal support in the event of a divorce.

Do you even need a prenuptial agreement?

Prenuptial agreements are obviously a sensitive topic. Who wants to think about the marriage breaking down before it has even begun? Not to mention the implications that one party is marrying the other for money. All in, it's not very romantic and can indicate a lack of trust in your partner.

The case for prenuptial agreements

However, Bazi-wise, there is a case for prenuptial agreements, especially for those whose Spouse Palace is afflicted by a harm, clash, destruction, punishment or combination relationship.

An affliction on the Spouse Palace doesn't necessarily mean a bad marriage. For some, it just indicates that the spouse is constantly travelling for work or they have a long dis-

Who else should consider having a prenup besides the rich and the famous?

- You have a large amount of debts
- You have a reasonable amount of assets
- You may be receiving an inheritance
- You have children from a previous marriage
- This is your second marriage
- You will be supporting your partner through college
- You have loved ones who need your care such as elderly parents
- You own a business
- You see a big potential your income to increase sharply due to your business taking off or your career taking off.

tance relationship. It can also mean that you just have a workaholic spouse to deal with.

However, for those whose charts show an affliction in the Spouse Palace, things can get really complicated if the relationship turns sour. There will be a lot of hatred, emotional blackmail and finger pointing going around. It will be impossible for parties involved to be objective and they will rarely see that the problem stems from their own doing.

As such, it is best to have a prenuptial agreement in place, so that the couple can make a cleaner break if the worse happens and the marriage breaks down.

How to broach the prenup with your partner?

Rule #1 Don't ask if you don't need it

Seriously, if you don't fit any of the above criteria don't ask.

Rule #2 Select a good date to broach the subject

Since the prenup sounds like a business transaction and negotiation, you want to ensure that everything goes smoothly and that you do not hurt your partner's feelings. At the end of the day, you want to get a 'yes' rather than a 'I'll come back to you' or worst 'I hate you'. So if you want to ensure better chances of success, selecting a good date is important.

Rule #3 Bring up the prenup as early as possible

If you're thinking of shoving the prenup agreement at your intended bride or groom right before marching down the aisle, don't. With so much individualism, and self-love drummed into Gen-Y, you'll find yourself left standing at the altar. Even if you are lucky and manage to get the prenup signed, it may not be valid. A valid prenup is "fair" and will not leave one of the parties destitute and the court will look to make sure one spouse is not being taken advantage of. If the document is signed too close to the wed-

How to find an auspicious date

Step 1: Print your partner's Bazi Chart. You'll need to know their birthdate for this, If you still don't have a clue about your partner's birthday, go back to Rule #1.

Step 2 : Grab yourself a Chinese Tong Shu calendar.

Step 3: Avoid all the bad days - Month Breaker, Year Breaker and Personal Breaker day.

Step 4: Select a Success Day. If you cannot use Success Day, then use a Stable Day.

Step 5: Match the date with a combination to your love partner's Day Pillar – either the Day Stem, also known as the Day Master or the Day Branch, also known as the Spouse Palace. You want to ensure the day's energies favour your partner so that he/she feels good or comfortable enough to agree to the prenup. You also want to avoid a day that clashes with his/her Day Pillar so to not agitate and annoy your partner further during the discussion.

(see this issue's Bazi 101 for more details on combination relationships that occur with Heavenly Stems and Earthly Branches)

ding day, a judge can be convinced that one party was coerced into signing it, and toss the contract.

Rule #4 Drafting a Prenup – Sharing is caring

Two parties negotiating a Prenuptial Agreement do not generally have equal bargaining power. There is no denying that the one wants a prenup who has more to lose than his or her partner.

You may think it is not fair that local marriage laws state that your spouse is entitled to half of the successful business that you have crafted out of blood and sweat. However, you are entering into this marriage because of love. You do want to help and

support your partner who may not be doing as well financially as you are. So frame your requests in a more positive way, start with what you willing to give and share before leaping into what you do not want to share. Explain why. Be honest, it's important in a healthy relationship to be able to talk about your fears, concerns and and be vulnerable. Most importantly keep the tone light. You want to ensure that both of you are on the same page before seeing the lawyer.

While a Prenuptial Agreement mainly deals with financial matters, it can include responsibilities that are not related to money. As you are not a celebrity, avoid making silly demands such as requiring that your spouse not to gain weight or to quit smoking or take out the garbage. If you are thinking of this go back to Rule #1.

Rule #5 You ask, you pay

It is just like dating, if you ask your partner

out for dinner, you pay for the dinner. She calls you out for a tea break and buys you a drink. If you want the prenup, pay for your partner's lawyer too.

Rule #6 Just get it done

Do not drag out the matter. Once you've both agreed to the prenup and the terms, get it signed quickly so that you can get on to building your life together.

Rule #7 Consider one last time if you really need it

Really, don't ask for a prenup if you do not fall into the above categories.

Note: The enforceability of prenuptial agreements vary by country, so I would seek the advice of a lawyer to assist you should you decide to go ahead with a prenuptial agreement.

Example:

John wants to broach the subject of a prenuptial agreement with his girlfriend, Liz. John's birth date is 23 May 1977 while Liz was born on 26 June 1978. How should he go about choosing the best date to talk to Liz so that there is minimum damage to his relationship?

Step 1: First he looks at the Tong Shu Calendar. A copy of the calendar for the month of February 2014 is shown in the Diagram 1.

Step 2: He crosses out all the Month Breaker, Year Breaker and Personal Breaker days. The year 2014 is a 午 Horse year so 子 Rat days should be crossed out because this is a Year Breaker day. The Qi brings negative effects causing disputes, arguments and even loss of wealth. Generally, February falls into the 寅 Tiger month so the 申 Monkey day should be crossed out as it is a Month Breaker day. John is born in the year of the 巳 Snake and Liz is born in the year of the 午 Horse so the 亥 Pig and 子 Rat days cannot be used either as these are their Personal Breaker days.

Step 3: Then he identifies the Success Days. For February 2014, the Success day falls on a Dog day while the Stable day falls on a Horse day.

Liz's Day Pillar is 己 Ji Wei Earth Goat. The Day Stem combines with 甲 Jia Yang Wood and Day Branch combines with 午 Horse. No 甲 Jia Yang Wood falls into Success Day and Stable Day so the 午 Horse date is selected in this case. 午 Horse in the month of February is the Stable Day.

Lesson from A Long Lasting Celebrity Couple: Be Friends First

Will and Jada Smith have been married for 16 years, and still can be goofy, crazy and just themselves around each other. They both act as the backbone and support system to one another in order to make it last. They are each other's best friend.

Understanding Why Adultery Happens

Most people believe and think that adultery is the beginning of all marital problems when in fact, there were probably problems in the relationship way before the adultery takes place. The unmet needs of either partner are usually a primary cause of extramarital affairs. It's not about how pretty, handsome, or sensual you are. The other man or woman are chosen not because they are prettier, more handsome, or sexier, but because they meet a need that the spouse is unable to provide in the marriage.

Frank Pittman, author of the book, *Private Lies: Infidelity and the Betrayal of Intimacy*, points out that extramarital affairs take place not because couples lack a good sex

life but because of a lack of emotional intimacy - sharing, caring and friendship, in their relationship.

That's why, not every affair is sexual and physical in nature. Sometimes a strong emotional bond with another person can break-up a marriage. Women are especially inclined to leave their husbands because of this affair of the heart.

While not all adultery ends in divorce, price paid in harm caused to the family is far greater than the short-term thrill and joy. Adultery shatters trust, intimacy, and self-esteem. At its worse it can break up families, ruin careers, and leave a trail of pain and destruction among your children and spouse.

Children whose parents breakup because of adultery are more likely to commit adultery when they reach adulthood, further continuing the vicious cycle. These factors should be enough to make you stop and count the costs, before beginning an extramarital affair.

Can we prevent adultery?

Although there is no guarantee, there are some things that can be done to mitigate the occurrence of adultery.

Adultery is sometimes not solely the responsibility of the person who committed the affair. The other spouse also needs to take

some responsibility because both parties are responsible for the unmet needs and unresolved problems that eventually lead to one party seeking to meet these needs outside the marriage.

While Feng Shui can help you maintain a harmonious relationship at home, it is important for couples to be proactive in meeting the needs of their partners and providing the emotional intimacy for a healthy and fulfilling relationship.

So what can we do to keep the marriage whole?

- 1. Pray for your partner's well-being**
Psychology studies reveal that act of

The Dos & Don'ts Of Marriage

Dos

- a) Buy gifts for your partner every now and then.
- b) Find time to fulfill each other's sexual needs.
- c) Look good for your partner.
- d) Share love and affection.
- e) Give in to your spouse every now and then. Make sure you both give and take equally.

Don'ts

- a) Do not guard your partner like a hawk.
- b) Stop the constant checking or spying on your spouse.
- c) Do not try to have everything your own way all the time.
- d) Stop being clingy and taking all your partner's time.
- e) Do not brush off your partner's requests and needs

praying for your partner well-being can reduce the likelihood of cheating. This is because the act of praying together and for each other, strengthens the belief in the sanctity of the relationship. Practice this daily, and you may find that your relationship is more stable - in good times and in bad. These shared prayers also create a special bond between partners. As such, we often find that couples who share the same faith and spirituality have a higher success rate in marriage.

For those who are not especially religious, you can honour the marriage by taking time to wish each other well daily.

Rather than try to control your partner in the hopes of avoiding infidelity, it is more effective to encourage their faithfulness and love with trust and love. Here are some ways to help you to keep the flame alive in your

marriage, without resorting to controlling behaviour.

2. Be Loving and Caring

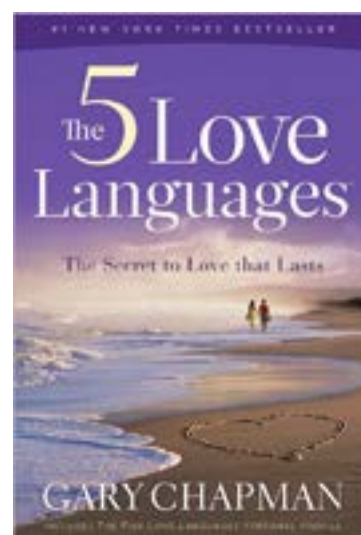

It is important to always communicate love and care to your partner. These can be verbal or physical demonstrations of love and care to keep both of you connected and attracted to each other.

3. Take care of your Physical Appearance

Physical appearances do play a role in relationship. You want to look good for your partner so that he or she continues to find you attractive. Also, feeling and looking good will boost your confidence. And confidence is key to sex appeal whether you are a man or a woman.

4. Give your partner what they need to feel loved

Different people have different love languages, so they may not recognise when their spouses are showing them love, because it's in a different language. If you love language is gifts, you'll be upset that there are no anniversary presents, or small tokens of love, even if your spouse makes a point to spend lots of time with you. So, to keep a partner satisfied or faithful give them what they need to feel loved, even if you don't understand why. To find out more about love languages, check out *The 5 Languages of Love* by Gary Chapman.

Living in Harmony with the IN-LAWS

In the Chinese culture and most of Asian culture, your marriage is just not a partnership with your spouse, you're also entering a life partnership with the in-laws. It can be a complicated relationship and problems can range from:

1. Conflicts arising from staying with the in-laws
2. The in-laws being overly critical of you
3. Not feeling accepted by the in-laws
4. The in-laws having an opinion on everything from where you live to how you parent your kids

Conflict with the in-laws won't derail a relationship. But handling it badly can. Here's how you can use Bazi to identify any areas of conflict so that you are able to mitigate and minimize these conflicts for a more harmonious relationship.

Step 1

First, find out which element represents your in-laws in your Bazi chart. Below is the table that tells you which elements represent your in-law based on your Day Master and gender.

Table 1: In-Law Stars based on Day Master and Gender

Step 2

Look for conflict relationship or destruction between your Day Master and your in-laws' elements (you'll be learning more about these relationships in our Bazi 101 columns from the prob-

ships such as clash, harm, punish-with your in-laws' elements (you'll about these relationships in our Bazi over the coming issues). Are there conflicts? If yes, who does the conflict stem from? Since it is your Bazi chart that is showing the problem, it is most likely your habits, behaviour, communication or expectations that are causing the conflict. If you have these conflicting relationships in your natal chart with your in-laws, it is best that you don't stay in the same house to minimize any conflicts.

Example

Jenny is born on 1st December 1977 at 09:30. Below is her Bazi chart. She is a 壬 Ren Yang Water Day Master. Therefore the element that represents her father-in-law is 癸 Gui Yin Water, and her mother-in-law element is represented by 丙 Bing Yang Fire. The 癸 Gui Yin Water element appears in her natal chart in the Spouse Palace. Hence, we can deduce that she will likely be living with her in-laws.

Although there is no combination affecting the Spouse Palace between the Month and Hour Branches, the husband element which is represented by 戊 Wu Yang Earth is in natural combination with his father's, 癸 Gui Yin Water element. This means that Jenny's husband shares a close relationship with his father, and probably spends more time with his father than with her.

Jenny as a 壬 Ren Yang Water Day Master is a dynamic and extroverted individual. Her outgoing personality, broad friendships and work may not sit well with her mother-in-law as there is a Hai Pig and Si Snake clash in her natal chart affecting her mother-in-law's, 丙 Bing Yang Fire element. We know that this 丙 Bing Yang Fire element brings warmth to Jenny's very cold natal chart, hence, her mother-in-law's opinions and advice are meant well, no matter how they sound.

In this case, taking care of "Man Luck" which means being mindful of our actions and how it affects others can be very helpful in dealing with the in-laws. She can also activate the Feng Shui of her home to maintain a harmonious relationship with her in-laws.

Your “MAN LUCK” to building a **HARMONIOUS RELATIONSHIP** with your **IN-LAWS**

Our “Man Luck” plays an important role in shaping healthy relationships with the people around us, be it with our spouse, our children or our in-laws. Most people will have some form of struggle or conflict with their in-laws. However, there are many ways to deal with your in-laws for a more harmonious relationship.

1. Recognise that everyone is different

You need to recognize that your in-laws are different people with different ways. Families have their own culture due to different upbringing, lifestyle, practices and beliefs. There is no right or wrong, just different.

2. Make some effort to integrate with your spouse’s family

You have to understand that every parent plays an important role in their children’s lives. The same is true for your spouse’s parents. As such, treat them with respect by being mindful to their needs, greeting them and participating in family events. Allow your in-laws access to your family. In other words, make an effort to spend time together even though you may not agree with or

understand your spouse’s family traditions, beliefs and practices.

3. Set clear boundaries with the in-laws

You should be able to have open conversations with your spouse about your boundaries and create a plan for living with your in-laws that both of you agree with. For example, if your partner is OK with his parents staying with him, but you’re not, you can both agree that it may be a better option to have your in-laws stay nearby, or even right next door.

4. Separate your issues with your in-laws from your relationship

Marrying your spouse doesn’t necessarily mean marrying your in-laws too. While you may have a troubled and complicated relationship with your in-laws, and find them hard to deal with, it doesn’t involve your spouse or reflect your spouse’s behaviour or thinking. Healthy couples make an extra effort to be kind to each other, even if they do not agree with their in-laws.

5. Keep communicating the issues and problem

It is important to keep communications open and sympathize with each other's feelings. Direct the conversation to the issues that trouble you and do not criticize your in-laws.

6. Don't take it personally

Remember that whatever your in-laws are telling you, it is only their opinion. Control how you hear and receive messages. You don't have to follow their advice, nor do you need to argue until they

agree with you or perceive what they say as criticism towards you. Your in-laws are after all people with needs, concerns, doubts and feelings, just like you do.

7. Respect your Spouse's attachment to his/ her parents

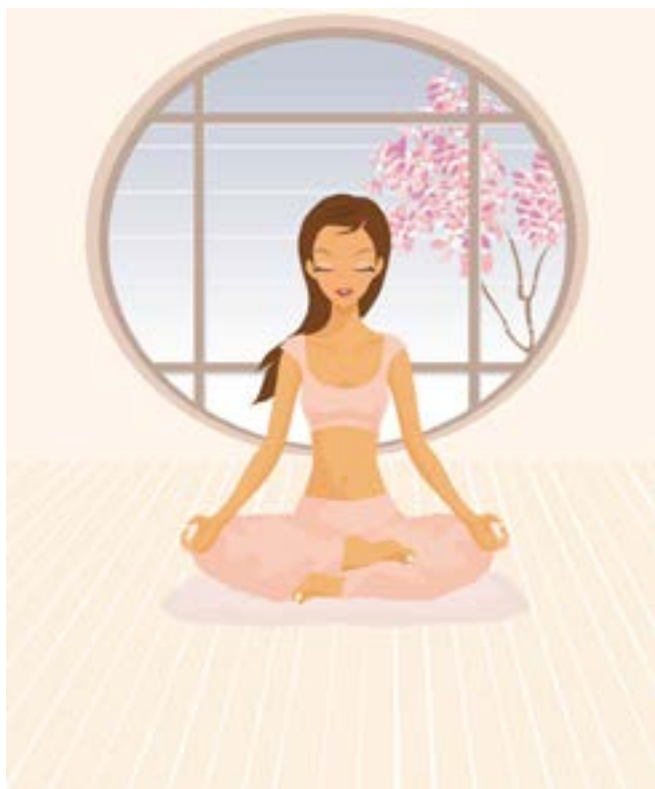

It is natural that everyone has a natural attachment to their parents. So respect the fact that your spouse wants to take care of them and spend time with them during holidays or weekends.

SIMPLE YOGA POSES TO RELAX AND FOCUS YOUR MIND

2. Using your hands to make it easier, draw your heel towards your abdomen, and place your right foot on the top of your left thigh.
3. Do the same with your left foot.
4. Relax your hand on your knee.
5. If you wish, you can place the hands palms up in jnana mudra, with the thumbs and first fingers touching.

DRAWING YOUR MARRIAGE CANVAS

What is a Marriage Canvas?

A Marriage Canvas gives you a big picture of your marriage. It shows the role that your partner plays in your daily life such as how you see him or her as a husband or wife, what you expect from and how you interact with and react to your partner, be it positive or negative, as a result of your beliefs, your character and your attitude towards relationships.

All the information in your Bazi Chart about your marriage can be explained in a Marriage Canvas. The Marriage Canvas will show the positive and negative influence you bring to each other as a husband and wife and areas of potential conflict in your

relationship. With this information you can then re-draw a more positive Marriage Canvas that will see you contribute actively to your marriage to ratify the negative issues and/or magnify the positives.

How can you get a Marriage Canvas?

You will need a professional's help to draw your Marriage Canvas as it requires deep knowledge of Bazi. However, this article will show you how you can draw an approximation of a Marriage Canvas to give you a general outlook of your marriage.

1. The most important things to take note of are your sSpouse Element or Spouse Star and your spouse's actual Day Master in your Bazi Chart. These two elements will show you the role your spouse

- plays in your life.
2. Irregardless of whether your Spouse Star and Day Master are positive or negative, you always want these two elements to appear as the “Key Love Partner” and the “Person You Serve” in the Marriage Canvas. In the context of traditional Bazi study, a favourable element brings positive influence and outcome while the unfavourable element causes the opposite. When it comes to negative and positive influences and outcomes, my view differs from the traditional view. I attach positivity or otherwise to the person’s character, action and attitude rather than the element in the Bazi Chart.
 3. The “Key Love Partner” is derived from the triangle location in your Bazi Natal
- Chart as shown below in point ❸ on the chart below.
4. The “Person You Serve” is derived from the Month Pillar as in indicated in point ❹ below.
 5. Another important factor is what we have and naturally want to offer which is the “Value Provided”. This is derived from the Month Branch. However, you must take note that what you naturally like to provide doesn’t necessarily translate to what your spouse needs. Usually this is the area where conflict arises.
 6. The points ❸, ❹ and ❺ are highlighted in the Bazi Chart 1.

Anna Lee and Francis Yeoh have decided to get married. Anna Lee is born on 26 January 1984 at 10:00 a.m. Francis Yeoh is born on 30 June 1984 at 3:00 a.m. While Anna and Francis are not considered a match made in Heaven, they are still compatible and bring good influence to each other based on their respective Day Masters.

Anna and Francis' Bazi Charts at a Glance

They are an ordinary couple so do not plan to have a prenuptial agreement. However, it is noted that Anna's Spouse Palace has a Clash relationship while Francis has a Combination relationship at the Spouse Palace. As such, there is bound to be some ongoing arguments and bickering in their relationship. Since there is a problem with the Spouse and Career Palace, both should decide early on the financial aspects of the relationship – how much of the finances they want to share, the amount contributed to the family, and the amount to keep for their own use.

By identifying the placement of your Spouse Star and your spouse's actual Day Master in your Bazi Chart, you will have a better understanding of the role they naturally play in your life.

法奇門 Law of Attraction 3 Simple Mantras

3rd Mantra

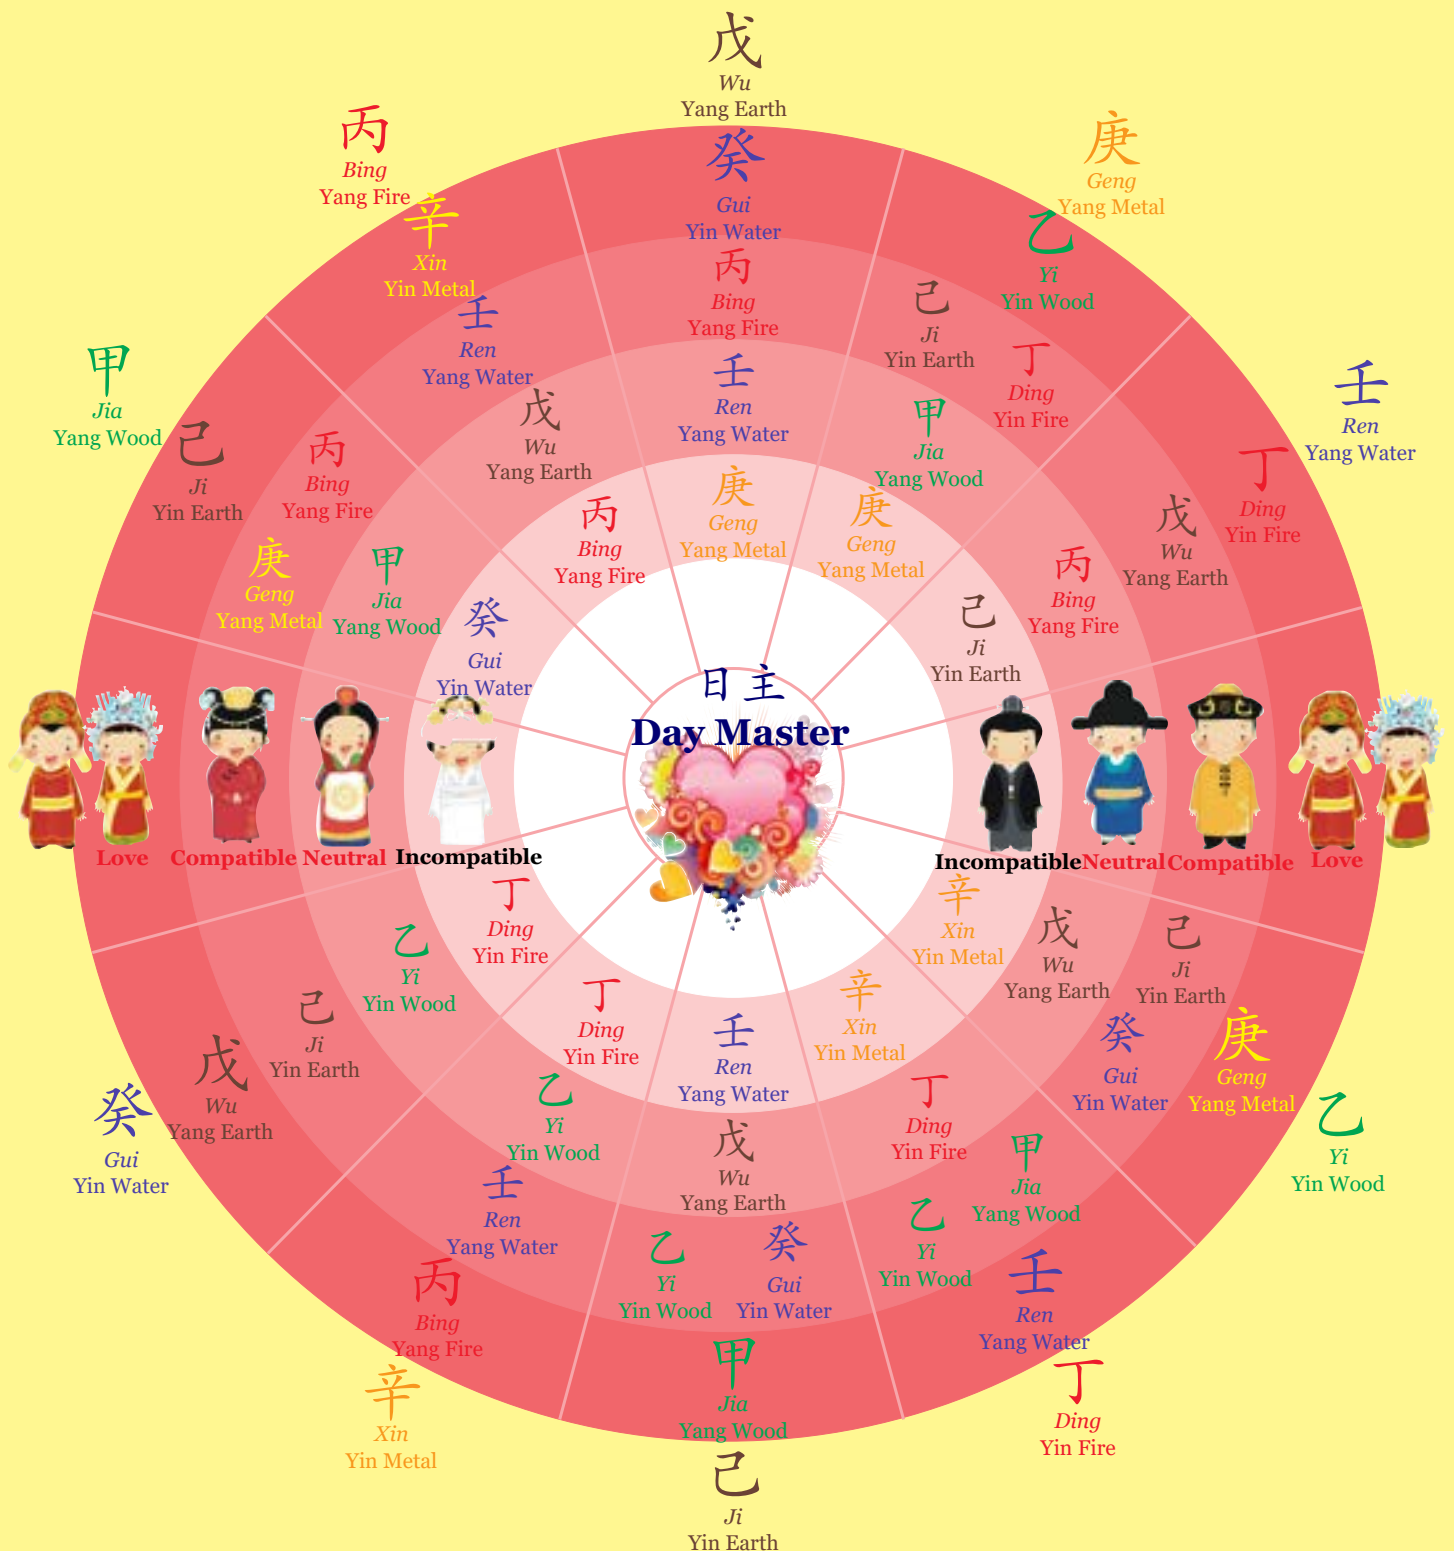

'Love' is considered a powerful word to create an atmosphere of love. Focus on the feeling you receive when you say 'Love' repeatedly. You can feel love washing over you even if you're angry or upset. The loving feeling just radiates outward from your heart.

The mantra 'Love' is best to used with 合 Harmony Deity to help with manifesting love in your life. Check out the monthly Universal Qi Map to find the deity direction. If you're planning to do this in June, the best position is to have your back to West to tap into 合 Harmony Deity while reciting the mantra 'Love'.

How you Behave during An Argument by Ten Gods

In your Bazi Chart, find out which of the Ten Gods reside in the Month Pillar as shown in the Bazi chart on the left. These elements when negative can represent certain negative behaviours which should be avoided when you're in the middle of an argument. The Ten Gods can be found in Dato' Joey Yap's Bazi Profiling System.

Unhappy couples tend to act defensively, tune out, criticize or show contempt when they fight. From the table below, you can see how the Ten Gods result in certain negative reactions and behaviour. By identifying how the Ten Gods in your Month Pillar affect you, you can be more mindful of your behaviour and reactions the next time you get into an argument with your spouse, and slowly but surely resolve your arguments in a more positive way.

十神 Ten Gods	Fighting Style
Influence Star: 正官 Direct Officer 七殺 Seven Killings	Act defensively Tune out
Wealth Star: 正財 Direct Wealth 偏財 Indirect Wealth	Criticize Show contempt
Output Star: 食神 Eating God 傷官 Hurting Officer	Criticize Resort to name-calling
Resource Star 正印 Direct Resource 偏印 Indirect Resource	Roll their eyes Tune out
Companion Star: 比肩 Friend 劫財 Rob Wealth	Criticize Act defensively

When happy couples fight they tend to defuse the tension by:

- ♥ Showing humour
- ♥ Expressing affection
- ♥ Conceding on certain points their partner makes

THE BABY FORMULA

One of the reasons for getting married is to start a family that you can call your own and having cute little mini-mes running around. These days people are happy to have a bundle of joy irregardless of gender, compared to the old days when it was important for the Chinese family to have a son to carry on the family name. In the old days, there aren't any fertility specialists to identify sex of the embryo, so the Chinese used a calendar system known as the 'Chinese Pregnancy Calendar' based on the Chinese Lunar Calendar to predict the gender of the baby even before the baby is conceived. This system is believed to be first found in a royal tomb in Beijing. Even though science enables you to identify and choose the gender of your child, it is still illegal to do so in many countries. So you may want to test out this system if you have too many boys and want a baby girl.

Reading the Chinese Pregnancy Calendar

The numbers listed on the left column shows the Chinese lunar age for the mother and the numbers written across on the top row shows the month of conception. For example, a woman who is born in the year of 1983 is now 32 years old according to the Chinese lunar age. If she wants a baby boy, she should conceive during the 1st, 4th, 6th, 7th, 9th, 10th and 12th lunar month.

Trouble Conceiving

While your Output Star may appear on the Heavenly Stem on the Year's Annual Pillar, you want to be careful if there is a clash, harm, punishment, combination or destruction between Earthly Branches of the Day and Hour Pillar in your natal chart and the Year Annual Pillar. It can mean stress trying to conceive or a possible miscarriage.

Although it is a very old system and many Chinese believe that it is highly accurate, there is no scientific evidence to prove its accuracy yet. However, you can further ensure the sex of the baby by matching the above calendar to the mother's Bazi chart. Usually a woman will have higher chances to conceive in years where her Output Star appears on the Heavenly Stem of the Annual Pillar. Output Star can be categorized into 食神 Eating God and 傷官 Hurting Officer due to Yin and Yang polarity. Usually Eating God represents a baby girl while Hurting Officer represents a baby boy. So, say the 32 year old woman is born in 1983 . This year the Annual Pillar is 甲午 Jia Wu, a Wood Horse year. 甲 Jia Yang Wood represents her 傷官 Hurting Officer, increasing her chances of conceiving a baby boy. Since she wants a son, she should try to conceive in the lunar month as shown in the Chinese Pregnancy calendar.

You can find which elements represent the Eating God and Hurting Officer Star (and therefore a baby girl or boy) for each Day Master in Table 2 below. This is for women only.

Activating Earth Luck to Bring Harmony into your Home

From a harmonious relationship with the in-laws to a loving relationship with your husband, all these fall under the influence of the 天醫 Tian Yi and 延年 Yan Nian sectors of your home. For harmony in the family, ensure that these sectors of your home are not suppressed by a staircase or used as a store room. De-clutter these two areas and make it spacious and lively.

You can find the 天醫 Tian Yi sector in your home using Table 2.

Table 2: 天醫 Tian Yi and 延年 Yan Nian Sectors

House Facing	天醫 Tian Yi sector	延年 Yan Nian sector
South	East	South
West	North	Southeast
Northwest	South	East
North	Southeast	North
Northeast	West	Northwest
Southeast	Northeast	Southwest
East	Southwest	Northeast
Southwest	Northwest	West

① A spiral staircase at your 延年 Nan Yian Sector indicates constant arguments and disharmony in your relationship.

② A low ceiling with beams at your 天醫 Tian Yi sector indicates health issues. Qi is suppressed. It also indicates the residents do not know where to seek help or how to receive help when their relationship is in trouble.

③ Qi flow is restricted in the storeroom. Residents find it difficult to express their emotions and views positively when the 延年 Nan Yian sector is found in such location.

④ Such a staircase located at the Nan Yian or Tian Yi sectors will have a similar effect as cases ② and ③.

BANGSAR SOUTH – AN UP AND COMING DEVELOPMENT

When it comes to property investment, the most important Feng Shui factor to look into is the landform. The macro Feng Shui of a place includes the mountain and water mouths. If there is no immediate river in the vicinity, then the roads and highway entrance and exit points can be used.

Another point to look into is investment holding period. Are you buying for a flip, a short-term investment of about 2 to 3 years or something long-term? All these matter when it comes to using Feng Shui to help you with property investment. Your holding period should align with the Feng Shui effects.

So, let's talk about my visit to the up and coming development of Bangsar South City (BSC). BSC is located within Kampung Kerinchi and near Pantai Dalam. To avoid the morning traffic, I started my journey at about 9:45 a.m. It was a smooth 30 minute drive. The sun was already up when I stepped foot out of the car, and it was hot as I walked around to observe the surrounding area. However, all these were only a small inconvenience as I'm doing what I what love, writing and telling stories about people and places from a Chinese Metaphysics point of view.

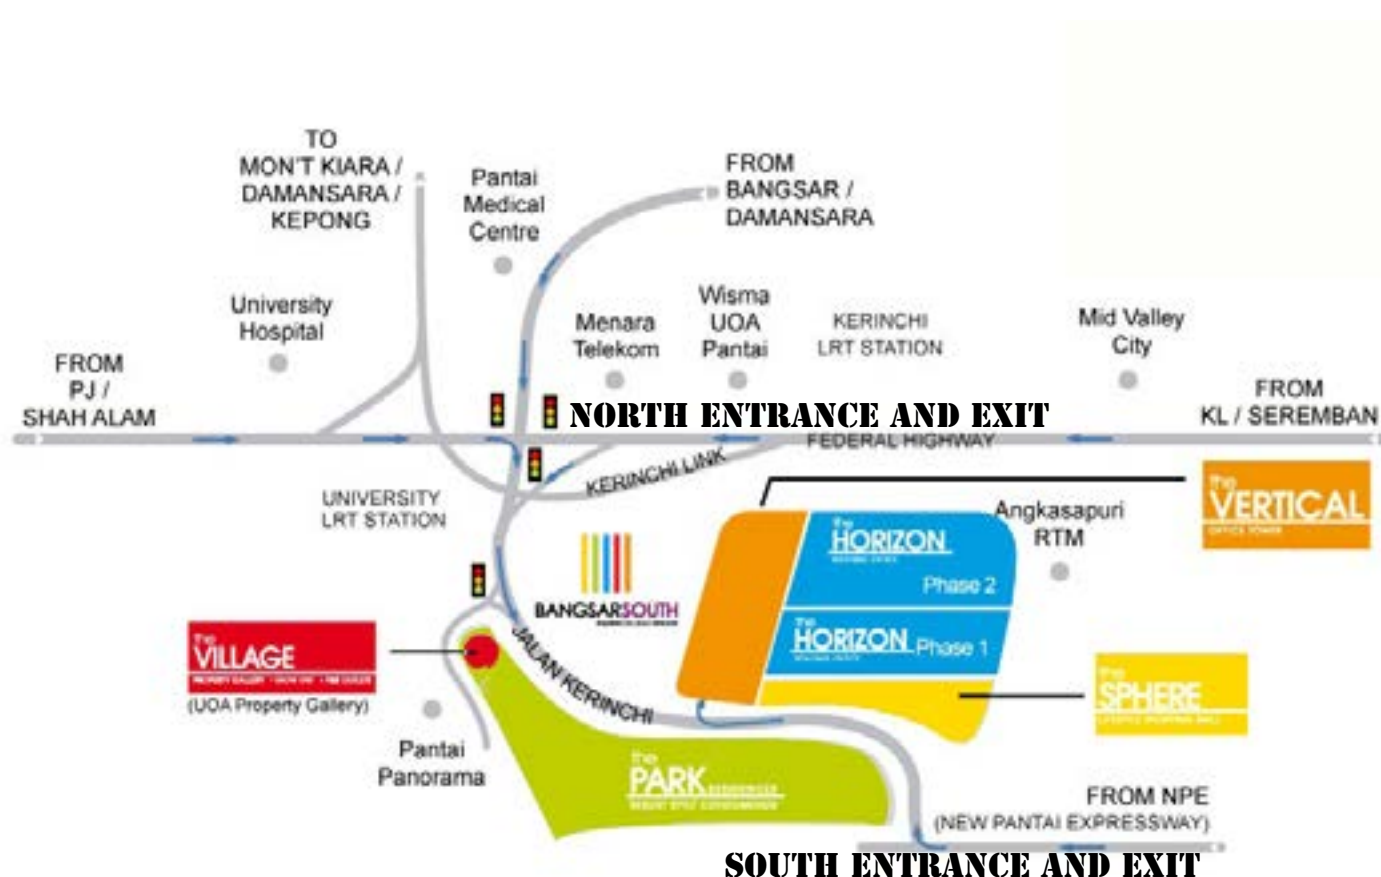

As you may have already guessed, BSC is an area for long-term investment. As it is a commercial area, it makes the study of the macro Feng Shui of BSC much easier. The most important thing to look out for in commercial areas is the water mouth, as water represents opportunity. To have influx of business you need a timely water entrance or exit point. Since there are no immediate natural water bodies such as lakes or rivers, I used the road that enters and exits Jalan Kerinchi as the reference point in this study.

Of course mountains are just as important as water mouths. BSC is surrounded by mountains, which can be seen stretching out behind Jalan Kerinchi. However the mountains are far away and blocked by some residential buildings. From where I was standing, the Qi of the mountains will most likely benefit those on the ground to lower levels of The Park

Residences.

I drove into Jalan Kerinchi from Bangsar which is from the North point while the New Pantai Expressway (NPE) opens up the South entrance and exit to BSC. This indicates that the value of BSC will gain momentum and become prosperous going toward period 9. Prices of properties, like Qi, will slowly rise and fall with time. The Period 9 starts in the year 2024, a Wood Dragon year and ends in 2043. However, the Ascending and Descending Qi calculation tells me that the Qi for period 9 is already making its presence felt in this Wood Horse year. Hence, you will see the property development with South water mouth or highway or road entrance and exit points slowly but surely gaining value.

BSC's landform is good value for those who are in the middle to lower income bracket. If you are in this segment of the market and going for long-term investment, this would be a nice place. For those who are planning to start businesses catering to the workers and residential markets at BSC i.e. retail shops, cafés and restaurants, business will only gain good momentum in the 2024.

In these articles I've been trying to keep things simple to help the reader gain a better understanding of the macro Feng Shui. However, there is a lot more to the landform Feng Shui, as you study it further. For example, there are many different forms of mountains. Each form and its location give rise to different influences that you can tap into. That's why I'm looking forward to going on a 8-day Feng Shui expedition with my teacher Joey Yap in September. I'll be writing about all the places we see in our special November 2014 edition. To see examples of the beautiful landforms that can be found across China and to learn more about the macro effects of Feng Shui, don't miss out on this Special Issue. Pre-orders start 1 June 1014.

Heavenly Stems and Earthly Branches Relationships (Part I)

In the last issue of Bazi 101, we introduced Luck Pillars and how they interact with Heavenly Stems and Earthly Branches to form relationships. Now Heavenly Stems and Earthly Branches not only interact with Luck Pillars, they also interact with each other to form relationships.

In this issue's Bazi 101, we want to explore Combination Relationships that form between Heavenly Stems and Earthly Branches and Luck Pillars and each other, and what it means.

Combination-Relationships

All Combination-Relationships indicate that something – events, people, contracts, agreements, wealth, time, emotion, thinking, ideas, inheritance, gifts etc is coming your way.

There are two types of Combination-Relationships:

1. Heavenly Stems
2. Earthly Branches

Heavenly Stems Combination-Relationships

The Heavenly Stem Combination Relationships are shown in the Table 1.

Table 1: 天干合 Heavenly Stems Combination

天干 Heavenly Stems	Relationships	天干 Heavenly Stems	化 Transform	五行 Element	Characteristic
甲 <i>Jia</i> Yang Wood	合 Combination	己 <i>Ji</i> Yin Earth	化 Transform	土 Earth	Merciful Kind
乙 <i>Yi</i> Yin Wood	合 Combination	庚 <i>Geng</i> Yang Metal	化 Transform	金 Metal	Loyal Altruistic
丙 <i>Bing</i> Yang Fire	合 Combination	辛 <i>Xin</i> Yin Metal	化 Transform	水 Water	Sensual Lustful
丁 <i>Ding</i> Yin Fire	合 Combination	壬 <i>Ren</i> Yang Water	化 Transform	木 Wood	Romantic Kind
戊 <i>Wu</i> Yang Earth	合 Combination	癸 <i>Gui</i> Yin Water	化 Transform	火 Fire	Merciless

The characteristics of Heavenly Stem Combinations are:

- They are easily accessible but not lasting

- Each combination have different effects as shown in the table above. So if you have a 甲 Jia + 己 Ji combination, it indicates that whatever coming your way is merciful and kind.

地支合 Earthly Branches Combination-Relationships

It's better to seek out Earthly Branches Combination relationships as they have a more lasting effect. So if a business partnership arises from an Earthly Branch combination, it will be a long lasting relationship compared to one brought about by a Heavenly Stem combination.

There are two types of Earthly Branch Combination relationships, the 六地支合 Six Harmony Combinations and Three Earthly Branches Combinations.

六地支合 Six Harmony Combinations-Relationships

Six Harmony Combinations usually involves two parties. The six combinations are shown in the Table 2.

Table 2: 六地支合 Six Harmony Combinations

三地支合 Three Earthly Branches Combinations-Relationships

Three Harmony Combinations involves more than two parties and can create a worldwide connection. The combinations are shown in the Table 3.

SIMPLE YOGA POSES TO RELAX AND FOCUS YOUR MIND 法奇門 Law of Attraction

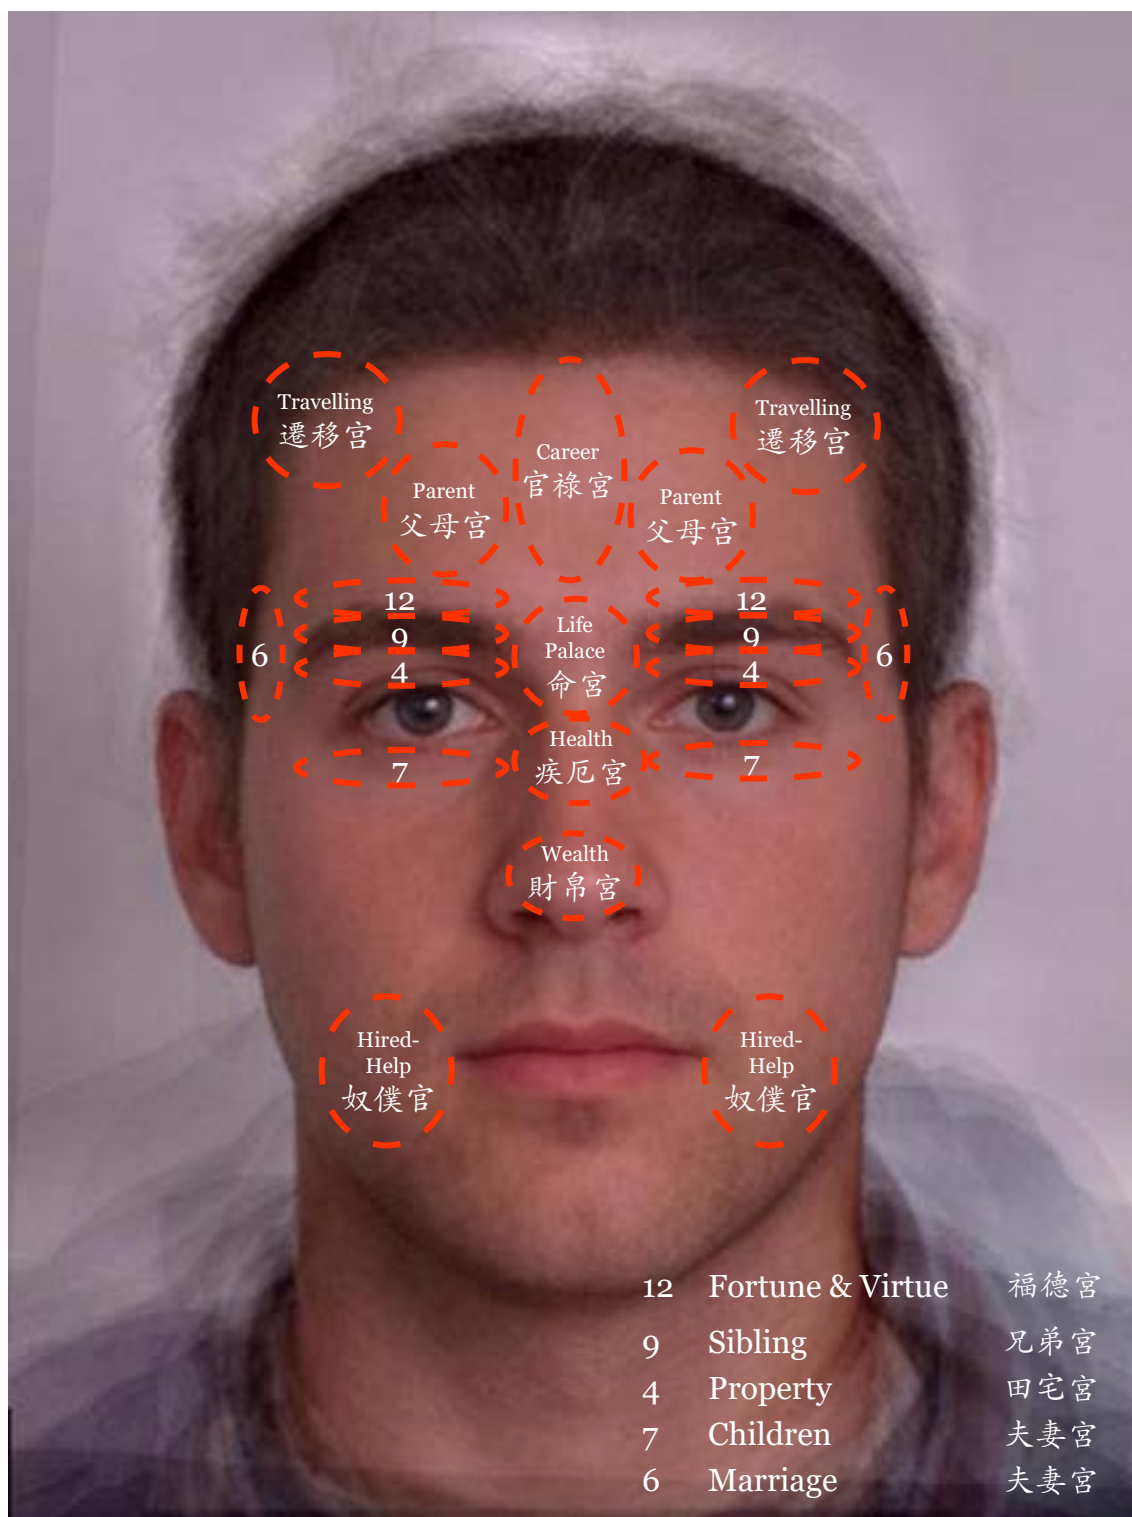

CHILD POSE

A focused mind helps you to attract what you want.

1. Kneel on your hands and knees.
2. Release your toes on the floor and separate your knees about hip width apart.
3. Exhale, and slowly lower your buttocks towards your heels feeling the tailbone lengthen away from the back of your pelvis.
4. Lengthen the back of your neck before your forehead rests on the floor.
5. Lay your arms forward, about shoulder width apart Inhale and exhale while you rest.
6. Keep the pose for 8 minutes while focusing your thoughts on attracting what you want.
7. Practice this in bed before you sleep.

FACE READING

Face Reading: The Basics, Part 3

The Twelve Palaces

Each area in your face represents a different aspect of your life. These areas are called the 12 Palaces in face reading. The 12 Palaces face reading method is simple and easy to apply. The 12 Palaces are:

1. **Life Palace** 命宮, the most important palace. It gives insights into the prosperity, intelligence, wealth, health and well-being of a person
2. **Career Palace** 官祿宮, indicates your career prospects.
3. **Wealth Palace** 財帛宮 not only indicates your wealth and immediate cash flow but also represents your spouse.
4. **Property Palace** 田宅宮, represents your physical assets and possessions.
5. **Health Palace** 疾厄宮 denotes one's health and well-being as well as the health of your spouse.
6. **Marriage Palace** 夫妻宮, governs the relationship you have with your spouse.
7. **Children Palace** 子女宮, governs the relationship you have with your children.
8. **Parents Palace** 父母宮, governs the relationship you have with your parents.
9. **Sibling Palace** 兄弟宮, governs the relationship you have with your siblings.
10. **Hired-Help Palace** 奴僕宮 represents the presence or absence of people who assist you in your life. i.e. employees, maids, drivers, lawyers etc.
11. **Travelling Palace** 遷移宮 determines matters relating to vacation and travel, migration, international business interests and travelling for career.
12. **Fortune & Virtue Palace** 福德宮 represents the person's perception of life, fulfillment and positivity.

Learn to recognize these areas in your face as slight changes such as pimples, changes in skin tone, as well as small red or green veins can indicate positive or negative events that are likely to take place within a week.

Also take note of the 12 Palaces corresponding to the age limits of your face as any mole, freckle, mark, scar or discolouration will indicate certain events taking place at a specific age related to the above aspect of your life.

It is easy to apply and understand the 12 Palaces for daily use. For example, a pimple on your Wealth Palace tells you that you are going to lose some money within a few days. Sometimes small losses can be indicated just by an itchiness on your Wealth Palace. If the Wealth Palace is shiny and has a slight yellow tinted glow, you can expect some money coming your way.

Lesson from A Long Lasting Celebrity Couple: Embrace your differences

Hollywood's happiest un-married couple, Kurt Russell and Goldie Hawn's relationship has stood the test of time, after 30 years together. Hawn is known to be a free-spirit and their laid back approach seems to be the recipe for success.

"Relationships are always challenging because you're living with someone and two people are very different but it really is about, 'What are your core values? What are the things that matter to you?'" Hawn told talk show host Jonathan Ross. "Kurt's quite different in many ways to what I am, and vice versa, but we want the same things out of life and

so it's been an incredible ride with him."

LAW OF ATTRACTION *with a Twist* 法奇門 FA QI MEN

Reaching an Alpha State of Mind

In the old days, Fa Qi Men was mostly practiced by Taoist Priest. They are called 道士 Daoshi. The Chinese would seek the Daoshi for spiritual guidance when they have problems, when they are in trouble or when they wanted something. The Daoshi will then set up an altar at a certain time, facing a certain direction and offer prayers to the Deities and request for assistance. While reciting the scripture and praying the Daoshi will at the same instance send metta (loving kindness) to the person who sought help.

What the Daoshi were actually doing was tapping into Universal Qi and asking the Universe to manifest and fulfill a wish using the Fa Qi Men method. It is like the Law of Attraction but with the added advantage of knowing who, when and where to maximize the Universal Energy in our favour. If you have a clear mind and have been constantly training your mind to tune into positivity you can send metta to others too.

But let's not get a head of ourselves. First let's explore more activities that you can do to help you tune into an alpha state of mind so that you can easily attract whatever you want into your life.

TOP 10 ACTIVITIES To Bring Your Brain To ALPHA STATE

❶ Meditation

Meditation is one of the best activities to do to bring your mind to different states, such as alpha, theta and gamma.

❷ Exercise

Exercise calms your mind and raises the brain's alpha wave activity. Fast-paced and extreme sports require acute concentration and for you to cast away negative thoughts. Some exercises also have meditative qualities to help optimize your mind.

❸ Singing

Singing soothing and positive songs refreshes and relaxes your mind and makes it easier for you reach an alpha state. Sing out your wish too.

❹ Music

Listening to music is one of the easiest ways to affect your emotions and state of mind. There are many specialized recordings that induce alpha states to help you attract wealth, abundance, fulfil your dreams and heal emotionally, physically and mentally. Some gurus combine music and meditation to help students reach alpha states of mind.

❺ Rhythmic Breathing

Rhythmic breathing in a relaxed posture and a peaceful environment is important for getting to the alpha state. Rhythmic breathing techniques are taught by many eastern relaxation disciplines such as yoga, aikido, tai-chi and qi-gong.

Essential Oils help to promote and amplify the alpha state of mind. There are so many ways to use them -diffuse in a diffuser, put some in bath water, drop a few drops onto cotton balls and stuff into air vents. Or dilute some in a carrier oil and apply on temples, wrists and neck.

⑥ Routine

Familiarity breeds security and calms one's mind. Establish certain daily routines, for example morning rituals such as drinking a cup of warm water first thing in the morning, exercise, meditation, or even just reading the newspapers and having a healthy breakfast before work. You can close the day with evening rituals such as meditation, journaling and reading before bed. These routines ground you, and once established, don't require much thought or concentration, leaving your mind free and calm to concentrate on other things.

⑦ Floating Therapy

While experimenting with sensory deprivation, Dr. John C. Lilly discovered that the act of floating in an isolation tank brought his subjects into a deeply relaxed, meditative state. There are many commercial float centres worldwide, so go give it a try. If not, improvise by floating in your bathtub with the lights off, or floating in the swimming pool at night.

⑧ The Silva Method

Jose Silva developed a method of dynamic meditation which effectively gets the user to an alpha state. You can learn more about this technique in his book *The Silva Mind Control Method of Mental Dynamics*.

Young Living Essential Oil - Clarity™ promotes a clear mind and alertness. It contains stimulating oils including peppermint and rosemary, which have been used for many years to promote mental sharpness. Clarity can also be used to help restore mental alertness or wakefulness when you are experiencing fatigue or drowsiness.

⑨ New Age or Spiritual Feng Shui

The New Age Feng Shui practice of placing symbolic objects around the house or office may not have the effects of environmental Qi, but it can help you ground your thoughts and help you focus on attracting the things you want in life by reminding you of the reasons you placed the objects there in the first place. Similarly the Spiritual Feng Shui practice of wearing good fortune totems or charms works to ground your thoughts and focus your mind. These practices yield more results if used together with Fa Qi Men.

⑩ Travelling for leisure

Travelling for a vacation helps you to rejuvenate your body and mind. The places you see, people you meet and experiences you encounter will enrich your soul. A yearly vacation can promote a healthy agile mind.

June 2014 favours matters relating to self-development, learning, academic pursuits and education. Furthermore, lessons taken on this month can easily be put to good use. The Qi is positive for those who work in research, analysis and publication. Writers and authors should take advantage of this period to research and write. The Qi also works well for those who are making plans for their business and marketing strategies.

If the month's Qi is unfavourable to you, you will find yourself more careless about your routine work, so recheck your work regularly, especially on work related to documentation. You will find yourself bogged down by minor documentation problems as a result of your forgetfulness.

It is best to avoid being overly friendly, to prevent unwanted and aggressive Peach Blossom attention. Spend more quality time with your spouse or romantic partner. Constant arguments and an estranged relationship make it easy for a third party to jeopardise your

current relationship.

This month's energy favours those who have the following zodiac: Tiger, Dog, Pig and Goat.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood) born in the spring season should be more productive this month. Contributions made now will gain recognition towards the year end. Those born in the summer months should take some time-off to rest and relax. Those born in the autumn and winter months should help others resolve their problems, and in return, it will boost your reputation.

Fire Day Masters (丙 Bing Yang Fire and 丁 Ding Yin Fire), should spend some time building good networks and learning something new.

Earth Day Masters (戊 Wu Yang Earth and 己 Ji Yin Earth), you will find yourself happily indulging in good food and enjoying the company of good friends. It is a good time to put your plan to the test!

Metal Day Masters (庚 Geng Yang Metal and 辛 Xin Yin Metal), while it is a stressful month, help is at hand. Find some time to rest and recharge.

Water Day Masters (壬 Ren Yang Water and 癸 Gui Yin Water) especially those born in the autumn and winter season will see an increased inflow of income and wealth opportunities. Those who are born in spring and summer should look for ways to collaborate with others to tap into these wealth opportunities.

Tiger

After going through a stressful period with a heavy workload, the tide turns for the better. You will find yourself more confident and happier as a result of overcoming the seemingly tough obstacles of the previous months. Wealth opportunities are present if you join forces with others.

Rabbit

You will be feeling the negative side of the Peach Blossom star. You will find petty attention being focused on you due to jealousy. Remain calm amidst all the gossip. With a little foresight on your part you can take advantage of this petty gossip and rumour to gain further ground.

Dragon

Make full use of your thinking cap. This month you can experience many creative ideas and can even turn it into a reality if you pursue it persistently. Do not over indulge in delicious food that compromises your health.

Snake

Noble people are here to offer you help should you face any trouble. So lower your pride and ask for assistance. Just be grateful to those who have lent you a hand when you needed it.

Horse

A power struggle may ensue as people around you are feeling sensitive and emotional. Due to their insecurities, they are aggressively protecting their own interests. Lie low this month. Mind your own business.

Goat

You may be pulled into a dispute and argument as a negotiator as people trust you to resolve their differences. Thread carefully so as not to aggravate the matter and land yourself in hot soup.

Monkey

Your good luck continues. Expect some good news, personal and work-related, coming your way. Some motivational course taken to mould your discipline will greatly enhance your future.

Rooster

Your Peach Blossom Star is shining on you positively. You will happily find yourself being the focus of attention of many prospects. It is up to you to make the connection. People who work in customer service, sales and marketing will find their career going smoothly this month.

Dog

Your good luck continues. Keep up with your good work and you may be in for a promotion with a good performance review. Your suggestions and ideas are easily accepted by your superior. If you have good ideas do share it out.

Pig

After a few months of uncertainty, your luck turns better. People are more supportive of your ideas and endeavours. Take this time to execute your project and plans as help is around.

Rat

Those born in the year of the Rat are going to experience a choppy and uncertain month. It is best to just take a holiday on crucial dates like 4th, 5th, 10th and 22nd this month to avoid and mitigate disruptive events.

Ox

You may experience a lack of energy. You tire easily. Take some time off to rejuvenate. Do not trust people who offer you investments with extraordinary gift or profit. It may turn into a fraud later. For romantic relationships, beware of internet love scams and overly passionate lovers who promise you the world. Be more realistic this month.

of friends and word of mouth.

This month's energy favours those who have the following zodiacs: Rabbit, Pig and Horse.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood) especially those born in the spring and winter season will see an increased inflow of income and wealth opportunities.

Tiger

Whether at work or on personal matters, there are noble people to lend you a hand. Health issues like gastric, stomach ache and migraines may become a persistent problem due to constant high stress this year. Take care of yourself to prevent this minor illness from developing further into something more serious.

Rabbit

Overall it is a smooth sailing month for Rabbits. There are many happy events and good news awaiting you. While you are in a happy mood, do take care to voice your opinions diplomatically as you do not want to land yourself into an argument that could ruin relationships.

Dragon

This month's motto for you is "There is no easy way out." Do not resort to short-cuts to do your work. Be diligent and follow the rules in completing your assignment. Any attempt to take the easy way can land you unexpected trouble.

Snake

Expect heavy workload coming your way. You may feel like you're being pulled into several directions at once, as there are many things that need your attention. At the same time you feel lethargic. Do what you can.

Horse

This is a good time to build a good network and learn something new. You are surrounded by harmonious people and friends who are willing to listen and offer their support. All in a smooth sailing month and for single Horses, you are going to experience strong romantic luck.

Goat

This is a quiet month for you. While there is no major problem that can cause chaos in your life, you should still proceed with caution to avoid minor issues that can turn into a big hassle due to pettiness of others. No a month to make major decisions.

Monkey

Peach Blossom Luck is shining on you. You may want to depend on your Man Luck to proactively make your feelings known as there is no auspicious star this year to support your romantic endeavours. Remember you have nothing to lose.

Rooster

As you gain more trust from your superior this year, your workload will be heavier especially towards the year end. You may become irritable as you find little time for yourself. At work, communicate in a precise manner to avoid misunderstanding. Do relate your situation to your family as they will be supportive and understanding.

Dog

You will be indulging in good food and drink with good company. However, do not go overboard with the merry making as you may find that all that socializing can take a toll on your health. All in, this is still an auspicious month for Dogs with a lot of happy news and celebration.

Pig

Good luck continues for those born in the year of the Pig. You are having the Midas touch, so anything you plan to do this month will turn out successful. Remember small successes can accumulate into something bigger so be happy with the small achievements.

Rat

While you are not fully free from the disruptive cycle of previous month, you can breathe a sigh of relief as things take a turn for the better. To be safe, keep working diligently.

Ox

Some travelling can help mitigate some of your trouble this month. Go to some place where you can find some peace and so that you'll be back energized and ready to take on any challenges. Follow rules and regulation this month, and you will do no wrong.

You may go into hermit mode this month with little interest in your surroundings. This may be due to stress caused by work or relationship problems. Those who have just experienced a break-up will try to drown their pain in work. However, do not isolate yourself for too long as this method may not help you to resolve your issues. It is better to seek counselling or a sympathetic ear from friends and family.

Monkey

You will experience quite a bit of travelling luck. It may just be short trips but rest assured you'll find yourself running around. Why not just take this time to have a long vacation? Overall luck is stable and smooth.

Rooster

This may not be your best month. The good luck from the yearly auspicious stars is still shining on you. While there are no major obstacles, you may lose some money due to your negligence while negotiating and when signing documentations, contracts or agreements. Seek the help of a good lawyer to inspect all agreements thoroughly.

Dog

You may experience positive attention from the opposite sex this month. This attraction can turn into a serious relationship if you accept the person into your life. For singles, this is a month to be proactive in looking out for a love partner especially for guys. The energy is also beneficial for networking and public relations work.

Pig

Those who are in employment will experience more stability than those running their own business. Do not make any major changes or execute any major plans and all should run smoothly. This month favours those who follow the norm, and you should conserve your capital. Push your marketing plan to another month.

Rat

Rat zodiac can expect an auspicious month in terms of career, wealth and relationships. Be more confident to take up extra responsibility or start a new project.

Ox

After a month of uncertainty, you can expect a stable month in August. All aspects of your life will run smoothly. You will find more wealth opportunities, if you have an extra source of income. You'll be in a happier mood which bodes well for personal relationships. Couples will find their married life blissful.
