Message from the Editor

Dear Readers,

We have come to the end of another difficult year. For me, the year has managed to pass surprisingly quickly, despite being under lockdown for close to three months from June to September. Although life in Kuala Lumpur seems to be back to normal - the traffic jams are back with a vengeance and malls are packed with people, we should continue to exercise caution. As you will find out from this issue of BaziChic Magazine, the worse isn't quite over yet. Do take care as you go about your daily activities. Wear a mask and get your booster shots when you become eligible. Take care and stay safe.

Love,
Eu Geen.

How will the Water Tiger energy
impact you this year?

We are moving into another Chinese New Year soon. Amidst the pandemic and suffering, time still waits for no one. We need to keep hope alive and strive to do better in these unprecedented times. We hope that the COVID-19 danger would have receded even if it has not been completely eliminated.

This year, the Spring Festival falls on 1 February 2022. The actual spring starts on 4 February 2022 according to the Chinese Solar Calendar. In China, Korea, Vietnam, South East Asia and in Chinatowns across the world, people will welcome spring and all it represents: planting, abundance, new beginnings and fresh starts.

Celebrations traditionally run from Chinese New Year eve until the Lantern Festival on the 15th day of the Lunar month. A reunion dinner is held on the eve of the Chinese New Year. Family members will come together for the celebration. It is considered the most important reunion meal of the entire year.

In Malaysia, the reunion dinner will start off with a famous Chinese New Year dish called the *Yu Sheng* or “prosperity toss.” All diners at the table will stand up and proceed to toss the shredded ingredients of the *Yu Sheng* into the air with chopsticks while shouting out various auspicious wishes. Check out page 4 for auspicious directions for tossing the *Yu Sheng* this year. Make sure that you are standing with

We will be introducing the Bazichic eTong Shu and Bazichic Abundance Planner for 2022 in our Starter Plan and Premium Plan respectively, but you can still find out which direction to use to usher in the auspicious Gods on page 6. The God of Wealth brings wealth. The God of Nobleman enhances your Nobleman Luck. The God of Prosperity ensures that you have enough of everything and that everything runs smoothly. While the God of Happiness brings harmony and an overall feeling of fulfilment.

Our Annual Chinese Astrology forecasts are based on the birth year Zodiac. However, as you may already know, in Bazi there are four more Chinese Astrological Signs corresponding to your luck cycle, month, day and hour of birth.

So, although this forecast is based on the birth year Zodiac, we've included bonus information on what each sign means when it appears on the hour, day, month and luck pillars. So, don't forget to check that out too.

Here's what's in store for the 12 signs of the Chinese Zodiac in 2022.

Those born in the year of the Tiger will experience a fulfilling year despite some challenges. Three major auspicious stars are shining on them, bringing good news, knowledge and wisdom.

The Sky Bright and Intelligent Stars bring knowledge and wisdom. Those with a Tiger sign will be able to think clearly, objectively and strategically. When faced with challenges, the Tiger will be able to find solutions to resolve problems. Their troubleshooting skills will help them turn negative events into good tidings. The Sky Bright Star brings out positivity and assertiveness in the Tiger people. They will feel more cheerful and more confident about themselves. This makes the Tiger more able to handle petty people, gossip and backstabbing brought out by the negative influence of the Back Poking Star.

The presence of the Sky Bright and Intelligent Stars in the Tiger sign brings many learning opportunities. Tiger people will find themselves being offered free courses or company training. Tiger students will easily get a place at the university of their choice.

With the presence of the Heavenly Chef, Tiger people will enjoy a simple life. They will be well-off in many ways if they are not spendthrifts. The Sky Bright Star enhances the Heavenly Chef Star's effects. These stars ensure that the Tiger people will not want for anything.

They will enjoy job and income stability. Studious Tigers will be strategizing their next career advancement. Their skills and intelligence will be in much demand. This will be noted by their bosses. Tigers will be handed more responsibilities too.

The Sky Bright Star bodes well for the Tiger's career especially those in the military, civil services and law enforcement. They will receive

It is not a good year for Tiger people to start a new business. For existing businesspeople, they will do well if they are able to maintain their current business size. It is not a good time to expand their business. This year, sales come mainly from their existing customers. Thus, the Tiger must find ways to build up more customer loyalty.

The Grand Duke will unleash its negativity should the Tiger people try to expand their market share. They will tend to encounter restrictions in terms of law, logistics, skills and manpower.

Tigers in the education field and motivational training will see improvement in their businesses too. They will be able to come up with more practical and useful courses for the future. Customers will find their coaching and training useful and will be happy to give referrals.

Relationship

Tiger people will find it hard to enjoy interacting with people because of their sensitive emotions. They will prefer to be alone. The Tiger is better off working alone. They can focus and complete tasks with greater efficiency. Despite the Tiger's grumpiness and unfriendliness, people will still seek out the Tiger because of their knowledge and wisdom. They always give unique and useful advice to the people lucky enough to chat with them.

People tend to gossip about the Tiger's bad attitude while seeking their help. Despite this or because of this, the Tiger will become more popular. Yes, knowledge and wisdom will earn the Tiger people good fortune.

At home, Tiger people will be going about their own business. Even if they live with big families and celebrate festivities and happy events together, they will not be deeply involved in these activities.

Safety and Health

The wrath of the Grand Duke manifests in the form of danger and illness. The Tiger will be more prone to accidents and contagious diseases. With the ongoing pandemic, the Tiger must adhere to COVID-19 safety guidelines diligently. Tigers will also be prone to encounters with water and earth-related dangers such as flash floods, hailstorms, typhoons, soil erosion, sinkholes and earthquakes. 兔 Rabbit Year of Birth

1915 1927 1939 1951 1963 1975 1987 1999 2011

Auspicious Stars
太陽 Sun
桃花 Peach Blossom
天魅 Sky Noble

Inauspicious Stars
天空 Sky Emptiness
晦氣 Bad Qi

Overview

Those born in the year of the Rabbit will enjoy a happy and fulfilling year. There are only two minor inauspicious stars that do not pose any great threat. Rabbits born in Spring and Summer will do exceptionally well in whatever they set out to do if they put extra effort into it.

The Sun Star brings good news. This star also turns negative events to the advantage of the Rabbit. Noble people and resources will come to the Rabbit's aid. Not only that, but the star also brings out positivity and happiness in a person. The star spells success for the smart and hard-working Rabbit people.

The Sun Star also enhances the effects of the Sky Noble Star. The Sky Noble is a gracious star. It brings help and mentorship from Noble people. The star also brings out the spirit of hope in a person. They will have faith in a higher power and believe that good things will happen if they do things right. Because of this belief, the Rabbit will actively look for solutions to their problems. Along the way, they will meet the right people and resources to resolve their problems.

With the presence of the Sky Noble and Peach Blossom Stars, Rabbits will attract a lot of attention. People will tend to admire the Rabbit's intelligence and charm.

Of the two inauspicious stars, the Sky Emptiness brings out the weirdness in the Rabbit. Under this star's influence, people will tend to act out of character. They will take the path less travelled and come out with unexpected ideas that are not easily accepted by the masses. In the old days, these were frowned upon by conservative Chinese society. Nowadays, it is okay to be different and it will help the Rabbit to stand out from the crowd. This star will also cause the Rabbit to be forgetful and prone to daydreaming.

Career and Wealth

The Rabbit will enjoy a smooth journey in their career. If they can stop the habit of daydreaming and act upon their career goals,

Rabbits can achieve success. The Sky Noble Star indicates that the Rabbit will be creative and flexible about changes at work. Bosses will find working with them a breeze when it comes to setting up new plans, making changes and introducing new policies. However, Rabbit people will be irritated with colleagues who are slow to catch on. At work, the Rabbit should learn to be more patient and helpful.

For businesspeople, the beginning of the year is a good time to start planning on new products. Businesspeople will be able to attract a lot of customers with their innovative products. They will see a breakthrough in their current market share. The launch of new products can be a stepping stone towards expanding their businesses into more diverse markets.

Relationship

At work, Rabbit people need to be humble and diplomatic. They also need to be more sociable. The Sky Emptiness and Bad Qi Stars bring out moodiness and the solitary side of the Rabbit people. If they do not take care, they will feel alienated and lonely when the positive effects of the Sun Star and Peach Blossom Star weaken towards the end of the Tiger year.

This is a happy time for single Rabbits seeking the right partner. The Peach Blossom Star brings many positive and exciting romantic encounters. People are charmed by the Rabbit's creativity and good looks. Yes, the Sky Noble star makes the Rabbit appear more attractive.

Safety and Health

It is a safe year for the Rabbit people. They will enjoy good health. The Rabbit will tend to be moody and immersed in daydreams due to the influence of Bad Qi. They should divert their energy to more useful activities such as exercise or taking up a new hobby. Rabbit people should not take their safety and good health for granted amidst the ongoing pandemic.

The Rabbit Sign in different Branches

Luck Cycle: Rabbit people will have the opportunity to meet many intelligent and beautiful people. They will be invited to their celebrations and share in their limelight.

Year: Rabbit people may be more adventurous. Single Rabbits will have a chance to meet potential love partners.

Month: You will experience career advancement. Bosses and superiors will welcome you into a new team that handles new projects. Your future looks bright.

Day: You will feel like staying home alone and daydreaming your life away. Alas, you will not have the time to be alone. People will seek you out. They like being with you. You will be invited to their parties, celebrations and happy events. Even if there is a lockdown, people will want to video chat with you.

Hour: Quickly jot down new ideas that pop up in your mind. With proper planning and good execution, the idea can turn into a money churning machine. Your daydream can become a reality, if you put enough effort into making it happen.

Tips for the Rabbit Zodiac

Taking a floral bath on a Rooster day will enhance Peach Blossom luck and also clear away negative energies.

死符 Death Charm

Overview

Whether they are adventurous or peace-loving, Goats can look forward to a happy and fulfilling year in 2022. There are only two inauspicious stars in the Goat zodiac this year. This minor negative energy will have very little effect on the Goat people.

The Jade Hall Star denotes wealth opportunities and help from Noble people. There are not many obstacles in the Goat's path. Hence, the positive effects of the Jade Hall Star will bring hard-working Goats to the next level of their life.

The presence of the Pommelled Saddle Star indicates changes towards better prospects in life. Flexible Goats will be able to manoeuvre around these changes and quickly adjust to the new environment. Conservative Goats will find it harder to adjust to these new ways. The Goat people will eventually reap the positivity of the change.

The Sky Happiness Star brings good news. Not only that the star also brings out positivity and happiness in a person. The Sky Happiness further enhances other auspicious stars in the Goat's Life Palace. There will be many happy events and celebrations surrounding the Goat people.

The Lesser Consumer indicates that Goat people will tend to spend more this year. Goat people are happy to buy themselves many gifts. This self-indulgence will have a positive effect on the Goat's mental health.

Career and Wealth

Whether you are an employee or in business, the Goat zodiac will experience a good career luck in 2022. With the Jade Hall and National Treasure shining on the Goat sign, businesspeople can look forward to increasing sales and revenue. It is a good year to focus on expanding your market share. With good cost management, most businesspeople will experience bountiful profits and extra cash flow.

For hard-working Goat employees, there will be an opportunity for

a promotion. Even mediocre Goat people will enjoy a reasonable increase in their salaries and receive bonuses.

Although this is a good year for the Goat in terms of career, there are no new job opportunities. Goats who still have not found a job, consider taking on odd jobs or temporary job offers. There are chances that the company will offer to change your temporary position to a permanent position.

The Goat people should consider learning the new skills that are required by the market. The National Treasure indicates that income will increase in tandem with increased knowledge and skills.

The adventurous Monkey can look forward to some excitement in 2022. However, peace-loving Monkey zodiacs will find it a challenging year. This is because the three Relief Stars – Relief God, Sky Relief and Earth Relief, are residing in the Monkey sign's Life Palace.

With these three Relief Stars, Monkey people can neutralize negative Qi, resolve any kind of problem, turn negative events to their advantage and fend off disasters. China Will Set The Pace

2022
year of the Water Tiger

Welcome to 2022, the year of the Water Tiger (壬寅 *Ren Yin*). Recent structural changes introduced by President Xi Jinping to address long-term risks and distortions have resulted in crackdowns on the property sector, entertainment industry and technology giants over the past year. These crackdowns, together with carbon emission cuts, have taken a toll on China's economy and affected businesses and giant corporations overseas. Countries all over the world have become more aware that China is setting the pace for the world economy whether they like it or not.

Water, Earth and Wood elements (壬 *Ren*, 戌 *Wu* and 甲 *Jia*) stand out on the Heavenly Stem. We can see an outward controlling cycle as the Wood element controls the Earth element and the Earth element

八字 Bazi Chart: 4th February 2022 04:52

controls the Water element. Controlling cycles indicate challenges, obstacles and unexpected accidents. The path will be bumpy but there are strong Wealth elements present. The year 2022 can be likened to the Chinese saying, “Where there is danger there is always opportunity and gain.”

The Water Tiger Pillar on both the Year and Month results in a *Fu Yin* formation. *Fu Yin* usually indicates repetition, so we can expect that events will unfold in 2022 as they did in 2021. It can also indicate that similar events will happen again with a greater or doubled impact in 2022.

The Metal element represents the financial market, whereas the

Water element represents ideas, arts, customs, intellect and the social behaviour of people. The missing Metal element and the controlling cycle can translate into a sudden reversal in trend for the stock market. There may be a financial bubble or corporate or banking scandal that adversely affects the stock market. In 2022, the Metal and Fire Elements also represent intelligence and wisdom. The lack of these two elements indicates a lack of rational thinking.

2022 will continue to be a transition point towards a better outlook for most countries except countries in the central region of continents such as Central Europe, Central Asia, Central America or Central Africa. This is because the Five Yellow residing in the centre of the 9 Grids will bring negative effects to areas located in the central area of a region or continent. A hidden Fire element signals those economies in countries with weak and inefficient governments will go from a recession to stagflation.

The Water Tiger energy will be felt on 20 December 2021. The Water Tiger Pillar energy will make its presence fully felt on 18 February 2022, on a Water Tiger day. The *Ren* Water energy continues to spur a mini bull run. The Water energy is unstable. Meanwhile, the missing Metal element which represents the financial sector and stock market indicates weakness. Therefore, we can expect the stock market trend to reverse suddenly. The year 2022 energy is filled with strong Water and Wood elements. Water meeting Wood results in a producing and sentimental relationship. The presence of strong Wood elements indicates leadership issues, abuse of authority and power, and execution issues.

What does this mean for Malaysia? Fortunately, the Five Yellow Star will move away from Southeast Asia (SEA) in 2022. As part of SEA, Malaysia will somewhat benefit from the No.4 Green Star which brings Peach Blossom and academic luck. This energy will not spur a quick recovery, but it will bring stability. Malaysians will not need to worry about a spike in new COVID-19 cases. In 2022, Malaysia will be in a recovery stage whereas other SEA countries may have already moved out of this stage. This is due to an unclear

and ineffective recovery plan with constantly changing targets. The government sector lacks the think tank and professionals to head the recovery plan.

The strong authority element does not mean an efficient government in Malaysia. Instead, it can indicate corruption. The Seven Killings and Rob Wealth elements indicate abuses in the system and high-handed cover-ups of these abuses. Malaysia has fallen in ranking to 57th place in the Transparency International Corruption Perceptions Index 2021 from 51st place last year. The reasons that brought Malaysia's score down include limited access to information on matters of public interest, stalled progress on institutional reforms and a lack of political will to fight institutional corruption. The report also noted that money politics is still rampant in the country. For example, there are no consequences for high-profile cases such as the Wang Kelian human trafficking ring, the Sabah Watergate scandal, and the purchase of the Littoral Combat Ship.

The impact of a corrupted and inefficient government is felt more acutely among suffering citizens especially those who have difficulty sustaining their livelihood. With a total of RM322.5bil allocated, Budget 2021 was the biggest ever in the country's history. Citizens didn't see or feel the benefit of the budget, which was supposed to boost economic resilience, safeguard the wellbeing of the Rakyat, and reinforce healthcare. Many are not happy about the inefficient and corrupt politicians running the government. This sentiment will continue into 2022, but people will go about their lives as usual without much protest.

Recovering from the pandemic

In 2022, most countries in the world will still be recovering from the pandemic. Many people will continue to feel the pain and experience poverty due to this pandemic. Asian countries will continue to improve along with China's economic recovery. China's policymakers are actively taking preventive measures and have demonstrated that they will clamp down strongly on companies they believe to have the potential to derail the economic recovery and growth of their

country. This is a good move- nipping potential trouble in the bud before they snowball in 2022.

The Water Tiger year will see crimes continue to rise along with poverty. As people lack ideas and assets, intellectual property (IP) crimes, such as counterfeiting, piracy and stealing and selling data and information, will be on the rise. The U.S.-China trade war has now evolved into a cold war propelled by differing ideologies. To further compete with China's supremacy, the U.S. entered the South China Sea conflict resulting in submarines and warships going in and out of that area. This caused tension among SEA countries that are wary of both the U.S. and China. This situation will continue into 2022.

In 2022, the tech war continues with the fight for IP rights and restrictions on exports of chips and chip-making tools to China's companies. Who will have the upper hand in the tech war? With missing Metal and Fire elements, those who hold the raw materials for semiconductor production will have the final say. Semiconductors are made of pure elements such as silicon or germanium. China is the major worldwide producer of germanium so far, thus we can expect China to limit the export of germanium, using the supply of germanium as its bargaining chip in the trade war.

In 2022, China continues to lead the way in the size and consistency of its 5G network. Despite many obstacles created by the U.S., Huawei Technologies Co. continues to edge out to rival 5G vendors globally, mostly by offering attractive prices. Huawei Technologies is well-positioned to continue to lead in the coming 6G era. 6G will become a more acute point of competition as the U.S. pours in more money into 6G development. The U.S. will likely continue to 'print money' without gold backing (the missing Metal element) to finance its ambitions. Can the U.S. keep on printing money? Will this lead to a financial meltdown in the U.S.? The Metal element which represents Western countries, and the U.S. is missing. This depends very much on what China plans to do with its U.S. Treasury Securities holdings. China remains the second-largest non-U.S. holder of U.S. Treasuries

after Japan. In 2021, China has been trimming its holdings of U.S. Treasury Securities. Although it would not make economic sense for China to dump U.S. Treasury Securities at this point, China is working on reducing the world's dependency on the U.S. Dollar (USD). If they achieve this, the need to hold a large amount of U.S. Treasury Securities to balance the Yuan will be reduced. The introduction of the Digital Yuan is a step forward. If more global companies accept the Digital Yuan as a method of payment, the USD will slowly lose its importance. China is working slowly and quietly, just like the hidden Bing element which is about working behind the scenes.

The Seven Killings Star residing in the Government Palace is not a good sign. This star indicates that those in power will behave as if they are above the law. It can indicate rules being changed to suit the needs of those in power. Abuse of power is possible in corrupted and unstable countries. Countries located in the central part of the continents which are affected by the Five Yellow will face a stronger impact.

In the Resources and People Palaces, we see the Seven Killings and Rob Wealth Stars meeting the Wealth Star. This combination is the recipe for scams, bullying and thefts. This formation also indicates that unscrupulous parties will use intellectual rights to steal money from unsuspecting people. More businesses, companies and countries will use intellectual property law to grab hold of other people's money. There will also be widespread copying and pirating. For employees, it means that they will be paid less, or have their benefits cut. Companies that cut pay and benefits may not necessarily be facing financial losses. The pandemic has flipped the job market in favour of employers and business owners are taking advantage.

For Consumers

The strong Water element indicates an increase in money supply in the market. The continued increase in money supply can create a liquidity trap in troubled countries that have not moved into a recovery stage. Many subsidies and aid will be given out to overcome the crisis, but there is not much result to show for it. With all this

stimulus, consumers will continue to spend but their buying power will be eroded.

Consumers in countries that are in the recovery stage will spend wisely. There will not be any spendthrift customers lining up outside branded stores. Most consumers are worried about the increase in prices of daily goods and services.

For Businessmen

In 2022, businesses will slow down their digital activities. This is due to the fact that many companies would have already digitized and automated their operations. The hidden Bing element in the 2022 Bazi Chart indicates that most companies will move on to fine-tuning their digitization and automation processes.

Overall, businesses will move toward recovery in Asia despite the ongoing pandemic. Demand for digital and automation skills, knowledge and technology will continue to rise. For example, transportation and logistics will continue to do well compared to the retail industries because of the growth of e-commerce. Businesses involving consumer staples will enjoy stability.

The Metal element which represents the banking and financial sector is missing. Banks will face debt collection problems. A lot of small and medium businesses which are under loan moratorium have yet to recover from the pandemic. A financial scandal may break out which will shake the world's stock markets. In general, Metal related businesses will not be running smoothly. There will be a shortage in the supply of raw metals. In some cases, the supply cut arises from government policies.

The property sector has always been a key indicator of economic recovery. In 2022, there will still be a glut in the commercial and residential property markets. In September 2021, the Chinese regulators had quickly moved in to contain Evergrande's bad debt. Evergrande is one of the most high-profile property developers in China and also the most-indebted property developer in the world.

Policymakers in Beijing took the opportunity to clamp down on property developers that are taking on too much debt. They hope to address surging debt and stabilize the housing market. China's Evergrande is a warning sign for the global economy in the coming year. The road to recovery for many economies will be paved with a wide range of threats that could derail their recovery.

Employees

Have you upskilled yourself for a new world of digitalization and automation? If not, it is still not too late to start. The 5G deployment to many countries has been delayed because of the U.S.-China tech war. You must acquire a new set of skills to survive in a digitalized world. In 2022, the speed at which technology replaces manpower will slow, which will give people time to equip themselves with the knowledge to thrive in the digital world. While the 5G deployment has just begun and the tech war goes on, research on developing 6G is already underway. Huawei is already projecting 6G deployment in 2030.

In the Resources and People Palaces, we see the Seven Killings and Rob Wealth Stars meeting the Wealth Star. In the short-term, crimes such as theft, robbery and violence will be on the rise. The unemployed will find it hard to find jobs that meet their expectations. Competition for job positions will be high. Employers will take advantage of the pandemic to cut pay and offer fewer benefits. Employees' health will still be at risk due to COVID-19.

Health

In general, the COVID-19 pandemic will still be ongoing. The good news is that the COVID-19 virus will slowly evolve into less dangerous and less deadly strains in 2022. There will still be a spike of COVID-19 cases, especially in countries whose citizens are against taking the vaccine. However, there will be two or more new types of viruses infecting people. The new viruses may cause panic, but they are not as infectious or deadly as the COVID-19 virus.

Industries

In 2021, the news of advancements in nanotechnology and nanomaterials applied in 5G was overshadowed by news of the U.S. banning Huawei from purchasing microchips from TSMC (Taiwan Semiconductor Manufacturing Company). The tech war hogged the headlines in 2021. However, in 2022 focus will shift to new green technologies for the shipping and maritime industries.

Wood Related-Industry: In 2022, the wood-related industries, especially research and development, education and environmental products will flourish. More people will start home farming whether out of interest or to save costs as the price of vegetables increase.

Examples of careers related to the Wood element are cultural ambassador, novelist, writer, journalist, librarian, educator, teacher, professor, publisher, ambassador, carpenter, botanist, florist, writer, nurse, doctor, and jobs that help or educate people. Industries related to the Wood Element are education, organic food, vegan products, greeneries, paper, plantations, wooden furniture, textile, stationery, cultural publications, health care products, libraries, fabric, curtains, cloth, bookshops, gardening, office supplies and the timber industry.

Fire Related-Industry: In 2022, the focus will shift to greener technologies that help to sustain the environment, prevent flooding and help save the Earth. There is ongoing research into solar glass that can convert into electricity which is related to the Earth and Fire elements. The development of graphene, which is stronger than steel, thinner than paper and more conductive than copper, is related to the Metal and Fire elements. Some countries will push for the use of plant-based plastic and ban the use of conventional plastic. Plant-based plastic comes under the Wood and Fire elements. As more countries are moving towards electric cars and banning petrol cars, research to improve battery technology becomes important. Batteries are considered part of the Metal and Fire elements. The Fire element will play a

background role in technology development in 2022.

Examples of the Fire element related industries include artificial intelligence, internet-related industries, wi-fi, fine arts, advertising, genetics, psychology, art, graphic design, computer-related industries, media, robotics, genome research, electronics, mobile phones, beauty products and services, cosmetics, fuel, performance art such as dancing and singing, the movie industry, marketing, advertising, self-help and motivation, metaphysics, spiritual work, aromatherapy, plastic, cafes, restaurants, electrical engineering, energy, fireworks, oil and gas, chemistry, thermal energy, multimedia, printing, liquor, lasers, lighting, photography, semiconductors, anything related to technology and anything that utilizes or produces light or heat or electricity.

Earth Related-Industry: Construction and property development industries will slow down in 2022. Only specialized construction sectors will do better, such as building undersea tunnels, building oil rigs or mining platforms for petroleum and minerals in the middle of the sea and land reclamation works.

Examples of the Earth element related industries include real estate and property, architecture, building and construction, dog-related industries such as pet training, veterinary clinics and dog grooming, storage & warehousing, data storage, pawn shops, antiques, building materials, renovation, ceramics, demolition, marble, pottery, landfill, recycling, sculptures, stone masonry and work that involves earth, soil, land, or rock e.g. carparks and mining.

Metal Related-Industry: In 2022, the stock market will be volatile. The rise in share prices does not reflect the slow economic recovery or even stagflation in certain parts of the world. The financial industry, stockbroking and related companies such as unit trusts, investment and trust management companies will see their portfolios take a hit in 2022 due to unexpected financial scandals or financial scams. Companies operating online and

mobile payments systems similar to PayPal, WeChat Wallet and Alipay will still see stability in their business. However, the banking industry and the insurance industry will see many challenges in their collection department.

Examples of the Metal element related industries are finance, banks, insurance, gold, silver, machinery, mining, automotive industry, locksmithing, hardware, glass, accountancy, auditing, the military, the police, security, debt collecting, pawn shops, engineering, moulding, hardware shops or work that involves metals, money, and mechanical engineering.

Water Related-Industry: The Water related-industries will do well especially ocean farming, aquaponics and fisheries. Tourism will rebound especially beach vacations, orchard tours, and hikes in forests and parks. Due to the consequences of COVID-19 on social distancing, people prefer to connect with nature and will try to avoid crowded tourist spots.

Examples of the Water element related industries are highly mobile businesses that involve water, travelling, tourism or the outdoors, sales, spas, firefighting, aquariums, cold beverages, sauces, cleaning companies, casinos, sailing, yachts, retailing, stocks and shares, cold and refrigerated products like ice cream, fish, meat or fruits, air-conditioners, transport vehicles such as coach buses, trains, high-speed trains, or aeroplanes, any businesses related to the sea, water, liquids or that uses water in its production. Careers include sportsmen, illusionists, outdoor newscasters and swimming coaches.

Events

The Water Tiger continues to see natural disasters that are water-related such as avalanches, thunderstorms, cyclones, hurricanes, floods, soil erosion and sinkholes. Flooding will happen in the cities, near the seaside and in forest areas. Waterfall areas can be a danger zone due to sudden deluges after heavy rains. Forest fires will occur in cold-weather countries or in the middle of winter due to La Nina.

'Zombie Fires', fires that stay alive, smouldering under the snow all winter and then popping up again in spring, can occur during the end of winter and the beginning of spring. Because of the double Water Tiger Pillars, the impact will be greater and result in tragic consequences.

Missing Metal elements indicate that the stock market index or stock prices will suddenly take a dive in the middle of an upward trend due to financial scandals, financial crimes or even market manipulation.

More countries will experience sudden climate change and the chain reactions can be catastrophic to their way of life. There will be a sudden drop in temperature to extremely low levels during the winter due to the cold wind arising from the melting ice in the north pole. Even tropical countries will be affected by snow. World leaders will be forced to come together to tackle the problems despite their ongoing disputes.

Auspicious Elements

in 2022

In 2022 the Fire, Wood and Water Elements are important. The Fire Element indicates happiness and fulfillment. The Wood Element indicates good reputation, fame and authority. The Water Element brings wealth.

WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2022?

As you can see, the natal chart is the missing Fire and Metal elements in 2022. The Water and Wood elements dominate the chart. The environment is teeming with money or wealth opportunities and power. The asset element, Fire, is only hidden in the Tiger Branches. The profit element, Metal, is totally missing. The Earth Element represents sales opportunities. On the Heavenly Stem, the Wood Element which represents willpower is controlling the Day Master element, Earth, while the Day Master element is controlling the Water element which represents the wealth element. Usually, a controlling cycle indicates challenges. All these translate into the following possibilities:

- ↳ Many governments will continue to implement stimulus packages to help the economy to recover from the pandemic.

- ↳ Some countries will resort to ‘printing money’ without the backing of real assets to hasten and save the economy from the COVID-19 crisis.
- ↳ The economies of many countries will be heading for recovery especially in Southeast Asia and the EU.
- ↳ With more money available, the stock market is bullish and volatile. It will be sensitive to any form of news. Prices will run ahead of the economy and will not reflect the actual economic recovery.
- ↳ There will be a financial or banking crisis. A financial scandal may break out in western countries.
- ↳ Governments will continue to stimulate the property industry. The property market will stay stagnated.
- ↳ Big construction projects, especially those related to the sea, such as sea subway tunnels, sea tunnels or flood tunnels, will be revived to further stimulate the economy.
- ↳ The presence of the Wealth, Seven Killings and Rob Wealth elements in the Bazhi Chart indicates under-the-table deals, bribery, kickbacks, lawlessness and corruption.
- ↳ There will be a shortage of raw metal which is important for the manufacture of building materials, semiconductors and

construction of telecommunication infrastructure.

- ↳ There will be a shortage of petrol as petroleum-producing countries may hoard or reduce the production of crude oil.

On the positive side, people, especially Fire and Metal Day Masters, will have more wealth opportunities despite the slow economic outlook.

How will you benefit from these opportunities financially?

Each of these Five Elements has a function every year:

Wood	Fire	Earth	Metal	Water
Execution	Assets	Sales	Profit	Cash

- » The Water element represents wealth to the Water Tiger. Wealth is equivalent to cash flow.
- » The Wood element represents willpower or the ability to execute.
- » The Fire element represents assets.
- » The Earth element represents sales.
- » The Metal element represents profits.

In 2022, the Water and Wood elements are prominent in the natal chart. People who have these elements in their Bazi Chart will be able to tap into the influence of 2022 easily.

When the Wood element is prominent in your Bazi Chart, this indicates that you will gain in status and reputation in 2022. You will have the power to make things happen and get things running. However, you need a check and balance to ensure that you do not overdo things and go overboard, which will give negative results.

2022 creates an environment of easy money because of the strong Water elements appearing in the Heavenly Stems. Sales, which are represented by the Earth element, are weak and appear on the Day Master. This indicates that people are not willing to spend. Businesses will not dare to expand. They will hold on to their cash

to deal with paying back loans after the end of the loan moratorium. Sales will only start to improve moving into the summer period. For employees, there will not be many job opportunities, as business owners take a wait-and-see approach.

2022 will continue to be a transition point towards a better outlook for most countries except countries located in the central regions of continents, such as Central Europe, Central Asia, Central America or Central Africa. Besides having the Water and Wood elements in the Bazi Chart, the Fire element must also be prominent in the Bazi Chart, for a person to do well in 2022. The Fire element brings positivity and hope.

The stock market will continue to be volatile and bullish. In terms of investments, people will be able to make quick money in volatile markets. The price of technology stocks may experience slower growth or decline after a bullish year.

Where the Bazi Chart contains a prominent Fire element, you will gain more resources and assets. For those who have a strong Fire element in their Bazi Chart, ideas will come easily. Resources and assets will be easily available. However, these ideas, assets and resources may not lead to more wealth opportunities in 2022. Instead of going for production and sales, you may hold on to or hide the assets to avoid being taken advantage of by the government's new policy. For those who have no Fire element or a weak Fire element in their chart, it can be challenging to come out with good ideas or accumulate assets. Businesspeople will experience a shortage of raw materials that will delay their production plans. For employees who have no Fire element or a weak Fire element in their Bazi Chart, go with the flow. Let things happen and let other people take charge. This is a great time to re-learn new skills so that they can move to a new job, role or career. Employees' assets are their time, skills and knowledge. In 2022, job opportunities can be limited and the job market will only see some improvements in the summer seasons.

In general, the Water element, which represents wealth, income, and cash flow, is strong and well-balanced in 2022. In terms of business,

this indicates:

1. Enough cash flow to run your operations smoothly.
2. The ability to outsource the production of goods and services cost-effectively.
3. Cost restructuring.
4. Offering of government incentives, grants, or new capital contributions from new partners.

For employees, having a strong Fire element in your Bazi Chart can mean that your knowledge and experience will help you to keep your job.

Sales will come from the Earth element in 2022. If the Earth element is prominent or well-balanced in your Bazi Chart, you will easily get sales and turn them into profit and cash. For employees, this can translate to a promotion. For businesses, this denotes an increase in sales.

If you have the Metal element in your Year Stem, a good presentation about your products and services may bring you more sales. When an Earth element is found on the Year Stem, the best way to increase your sales is by word of mouth. When you have the Fire element on the Year Stem, attract others to you with proven data and information as well as interesting marketing materials. When you have the Wood element on the Year Stem, maintain a good reputation. Your good name will help you to sell your products and services. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When the Water element is found on the Year Stem, sales will come to you easily. Sell by showing the intangible value of your products and services.

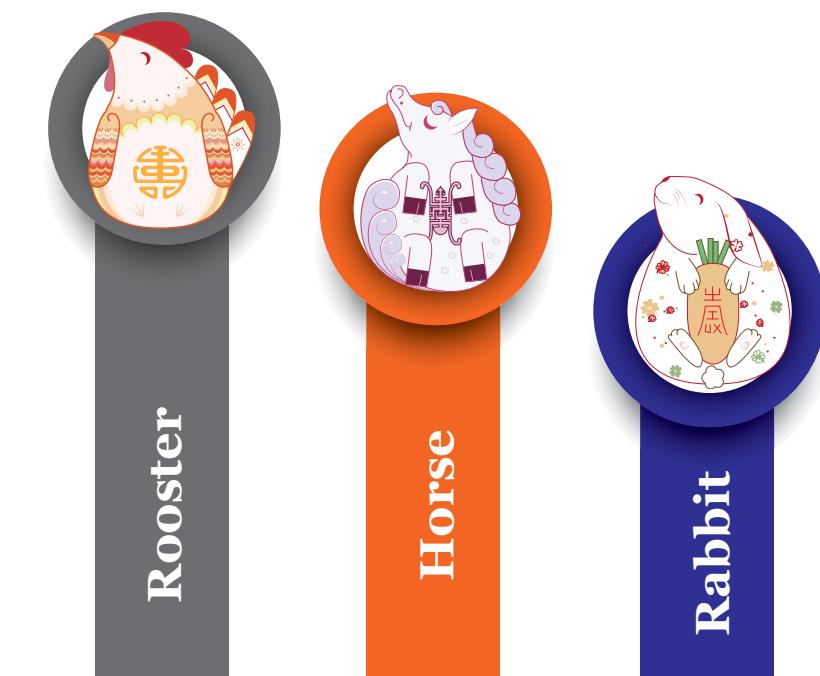

The Wood element represents willpower. For businesspeople, it translates into the ability to execute so that at the end of the day, you can turn your sales into profit and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where the Wood element is prominent or strong in your Bazi Chart with the presence of Water, Metal or Fire elements,

you will find that your work will flow easily in 2022. Lacking the supporting elements of the Fire element in your Bazi Chart, you will find 2022 to be a challenging year. You will experience a lot of frustration. The Fire element will bring balance and harmony in 2022. It will even out the rocky paths arising from an environment that is challenging and lacking. This is especially good for those who have the Tiger, Horse, Rooster, Dog and Pig signs in their Bazi Charts. This is because each of these signs has an auspicious Authority Star with them – the Grand Duke Combination and Thriving in the Pig, the Emperor Star and Dragon Virtue in the Rooster, the General Star in the Horse, the Heavenly Officer in the Dog, and the Grand Duke in the Tiger.

The hidden Fire element in the Bazi Chart indicates a lack of fulfilment, focus and hope. Find some quiet moment every day to meditate and refocus your mind on your goal. The Water Tiger year continues to bring many changes, but the journey will be much smoother compared to the last couple of years. Being grateful for what you have every day is a great way to feel blessed and fulfilled in your work and life in 2022.

Harnessing the Year's Positive Annual Stars

It's once again time to check in on the annual Feng Shui outlook. In general, people tend to focus on Feng Shui afflictions, forgetting that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is valid due to the overlapping positive and negative Qi in several sectors. Read on to find out how you can tap into these sectors without provoking negative energy such as the Grand Duke, Three Killings and Five Yellow.

The *luopan* diagram in page 61 shows the location of both positive and negative Feng Shui Auxiliary Stars in 2022.

Harnessing the Qi of the Auspicious Stars

Boosting your Immunity against the Annual Affliction 歲德神 Duke Virtue

If you are worried about annual affliction stars like the Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps to cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So, if your home is sitting in a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is present in the **North 1** sector in 2022. The No. 1 Nobleman Star residing in the North sector further enhances the effects of Duke Virtue. Duke Virtue also coincides with the Three Killings that resides in the North. It is better not to disturb the North sector. What to do now? It is good to de-clutter the North sector to make sure that it is spacious. Leave a spacious area for Qi to flow from the Northeast, North and Northwest sectors in the year 2022 which starts on 4 February 2022. This will help you to activate the North sector without touching it. Everything will work out smoothly.

Alternatively, you can activate the Duke Virtue on a *Ren Water* day. Entering the year 2022 on 4 February 2022, you can activate Duke Virtue on a good date that falls on a *Ren Water* day in any other positive sector. This is because every *Ren Water* day in 2022 contains the Duke Virtue star. Thus, you have the protection of Duke Virtue

brought in by the *Ren* Water day influence without fear of triggering the Three Killings.

歲德合神 **Duke Virtue Combo**

The Duke Virtue Combo has a similar effect as Duke Virtue, the difference being that the Duke Virtue is Yang in nature while the Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and protects external matters such as career, travel and appointments while the Duke Virtue Combo benefits internal matters such as relationships, family matters, marriage and health.

In 2022, the Duke Virtue Combo is present in the **South 3** sector coinciding with the No.9 Purple Star in the South sector. The South is a very auspicious sector in 2022.

Entering the year 2022 on 4 February 2022, you can activate the Duke Virtue Combo on a good date that falls on a *Ding* Fire day in any positive sector. This is because every *Ding* Fire day in 2022 contains the Duke Virtue Combo star. Thus, you have the protection of Duke Virtue Combo brought in by the *Ding* Fire day influence.

Positive Bank Account Balances

歲祿神 **Duke Reward**

Wouldn't it be nice if your accounts are always in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the **Northwest 3** sector to ensure that the area is spacious and uncluttered as the Duke Reward keeps your accounts in a state of surplus. The Northwest is the most auspicious sector in 2022.

In 2022, the Duke Reward location in Northwest 3 coincides with the No. 6 White Star in the Northwest sector and the Fortune Virtue in the Northwest 3 sector. Businesspeople who want to ensure that their business cash flow remains positive can activate the Northwest sector with water. The No. 6 White Star is also in the Northwest sector, bringing in double good effects in terms of wealth.

You can activate the Duke Reward on a good date that falls on a Pig day in the Northwest sector or any other positive sector. This is because every Pig day in 2022 contains the Duke Reward Star. Thus, you have the good influence of the Duke Reward Star brought in by the Pig day influence and from the locational influence.

Clearing Obstructions

龙德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get you. There are unexpected hiccups and delays. Activating the Dragon Virtue in the **West 2** sector can help you clear away these blockages, enhance your wealth luck and boost your reputation.

The No.7 Red Star resides in the West sector, bringing potential disharmony arising from competition, miscommunication and petty arguments. What to do now? It is good to de-clutter the West sector to make sure that it is spacious. Leave a spacious area for Qi to flow from the Northwest, West and Southwest sectors in the year 2022 which starts on 4 February 2022. This will help you to activate the Southwest sector without touching it. Everything will work out smoothly.

You can also activate the Dragon Virtue Star on a good date that falls on a Rooster day in any other positive sector. This is because every Rooster day in 2022 contains the Dragon Virtue Star. Thus, you have the good influence of the Dragon Virtue Star brought in by the Rooster day influence and from the locational influence.

Accidental Remedy

太陽 The Sun

You may be taking all precautionary measures against activating the Feng Shui afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole in her wall, right where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or there is no Duke Virtue sector. Or you may have only gotten around to reading this

article, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating the Sun Star at **East 2**.

The No.3 Jade Star also resides in the East sector triggering aggressiveness, stubbornness and competitive behaviour. Instead of activating this sector, de-clutter the sector to make sure that it is spacious. Leave a spacious area for Qi to flow from the Southeast, East and Northeast sectors in the year 2022 which starts on 4 February 2022. This will help you to activate the East sector without touching it. Everything will work out smoothly.

Otherwise, you can activate the Sun Star on a good date that falls on a Rabbit day in any other positive sector. This is because every Rabbit day in 2022 contains the Sun Star. Thus, you have the good influence of the Sun Star brought in by the Rabbit day influence without fear of triggering the No.3 Jade Star.

Effective Communication

太陰 The Moon

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills but also resolves issues like miscommunication and the ability to pursue and talk to the right person. The Moon Star also brings helpful people. This year the Moon Star is located in the **Southeast 3** sector.

You will benefit from the influence of the Moon Star when you carry out activities such as reading, hanging out with family or doing office work in this area.

The Moon Star's location in Southeast 3 coincides with the No.4 Green Star which also resides in the Southeast sector bringing Peach Blossom and academic luck. This sector is very auspicious in 2022

Entering the year 2022 on 4 February 2022, you can activate the Moon Star on a good date that falls on a Snake day in the Southeast

sector or any other positive sector. This is because every Snake day in 2022 contains the Moon Star. Thus, you have the positive effects of the Moon Star brought in by the Snake day influence.

Happiness and Well-being

福德 Fortune Virtue

The Fortune Virtue Star brings good health and help from people as well as opportunities. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness. The star resides in the **Northwest 3** sector. It coincides with the No.6 White Star in the Northwest sector and the Duke Reward in the Northwest 3, bringing a doubly auspicious effect.

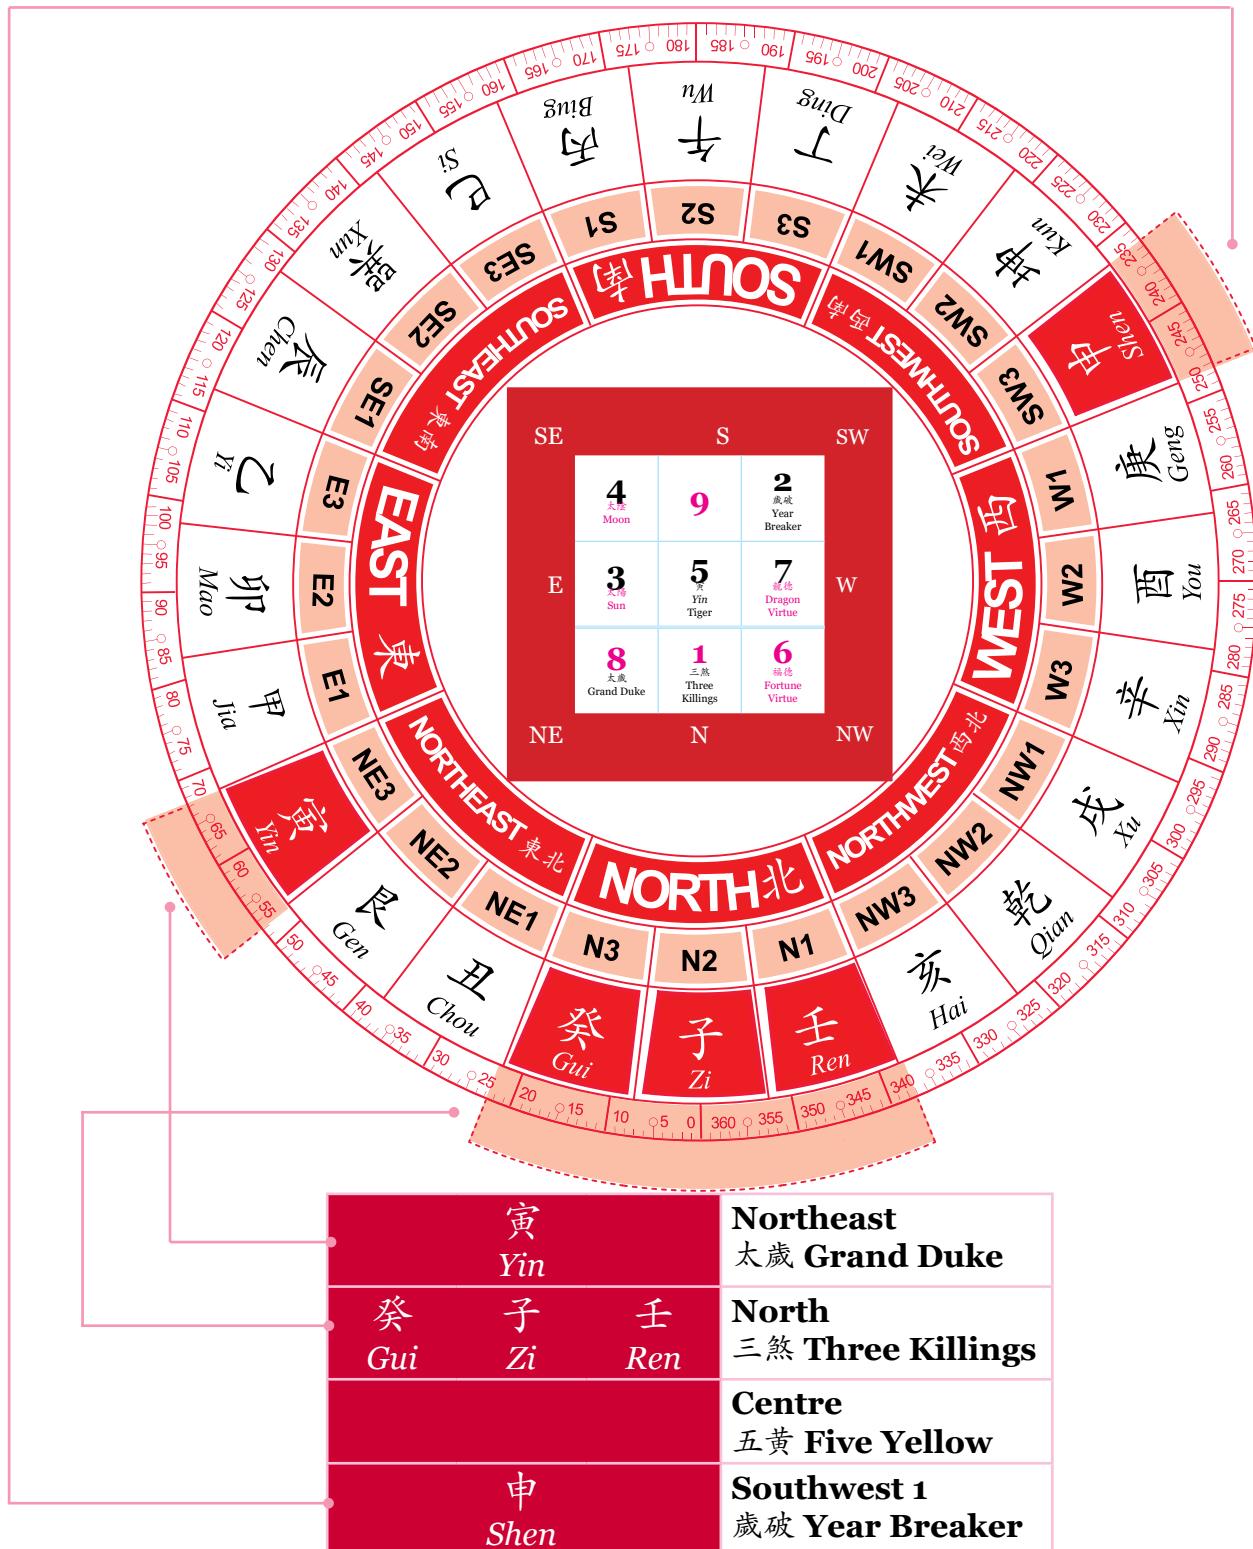

Entering the year 2022 on 4 February 2022, you can activate the Fortune Virtue Star on a good date that falls on a Pig day in the Northwest sector or any other positive sector. This is because every Pig day in 2022 contains the Fortune Virtue Star. Thus, you have the positive effects of the Fortune Virtue Star brought in by the Pig day.

Flip to our calendar to find out when you should activate the stars in their designated sectors.

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering “What is Feng Shui activation?”. How do we activate a sector? Refer to page 46 of the December 2013 issue and check out the article “How to do a Feng Shui Activation”.

AVOIDING THE FENG SHUI

AFFLICTED SECTORS IN 2022

This is the tenth year we are writing about the annual Feng Shui afflictions. For those who are new to Feng Shui practices, the focus is often on boosting their life aspirations such as wealth, health, career and so forth. While a focus on enhancements is good, you must also avoid the killing and destructive energies in your home and workplace. These energies change directions and locations annually, and this change coincides with *Lichun* on 4 February 2022.

The major annual afflictions you must be aware of are the 太歲 Grand Duke, 五黃 Five Yellow, 三煞 Three Killings and 歲破 Year Breaker. The *Sha Qi* to note are the Sickness Star 2, Bull Fight *Sha* 3 and Quarrelsome Star 7. Start by identifying the locations of the major Feng Shui afflictions for the coming year and ‘AVOID’ major activities here.

To ‘AVOID’ means not to carry out important activities such as renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

太歲 Grand Duke

In 2022, the Grand Duke sets foot in the **Northeast 3** sector of your home or office. You do not want to irritate the Grand Duke by carrying out renovations in this area. This inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For businesspeople, it can potentially lead to a loss of income and wealth.

Fortunately, it coincides with the No. 8 White Star at the Northeast sector which somewhat mellows out the negative effects of the Grand Duke. However, the sector coincides with the Sickness Charm Star at the Northeast 1 sector. The star is a harbinger of illness.

五黃 Five Yellow

It will be difficult to avoid the Five Yellow in 2022. The Five Yellow enters the **Centre** sector. This star is a harbinger of bad influences. Avoid any major work, renovations, drilling and even the movement of furniture in this sector. The best remedy is to have an open vast spacious area in the Centre sector to counter the negative Qi.

Ensure that there is a spacious area for Qi to flow from the South to the North sector.

三煞 Three Killings

In general, the Three Killings is located in the **North** sector in 2022. However, to pinpoint the exact location, Three Killings is located at **Northeast 1, North 2 and Northwest 3**. This is because the Three Killings is comprised of three inauspicious stars, namely 歲煞 Annual *Sha* at Northeast 1, 災煞 Calamity *Sha* at North 2 and 劫煞 Robbery *Sha* at Northwest 3. As its name implies, Robbery *Sha* brings robbery, injury and loss of money, Calamity *Sha* causes accidents, mishaps and illnesses whilst the Annual *Sha* creates obstacles and setbacks. Some have poetically categorized the misfortunes as the three types of losses, namely loss of wealth, loss of a loved one and loss of one's reputation. You want to leave these sectors in peace and quiet, especially in 2022. It is important not to undertake any major renovations or groundbreaking work here.

The Three Killings coincides with the No.1 White Star in the North sector in 2022. The star indicates that the occupants of the house will receive help from Noble people during challenging times.

It is safe to activate the Robbery *Sha* at Northwest 3 in 2022 as it coincides with the Grand Duke Combo Star that brings out the positive effects of Robbery *Sha*. However, those with the Pig, Rat and Dragon signs should avoid activating the Northwest 3 sector.

歲破 Year Breaker

The Year Breaker is also known as the ‘wrath of the Grand Duke’. It comes to the **Southwest 3** sector this year. The repercussions of

the Year Breaker can be greater than that of the Grand Duke. It is usually associated with a loss of wealth.

The Year Breaker coincides with the No.2 Black Star in the Southwest sector in 2022. This star indicates illness. It brings a double whammy effect to the Southwest sector. Ensure there is a spacious area for Qi to flow from the Northwest to the Southwest sector or Southeast to the Southwest sector.

Steer clear of this area. Do not carry out any renovations, groundbreaking work or drilling and hammering on the walls. Don't even rearrange the furniture in this sector.

Sickness Charm

The Sickness Charm resides in the **Northeast 1** sector in 2022. As the name implies, it brings illness to the occupants of a house. Elderly people should avoid occupying the Northeast room because of the Sickness Charm in this sector.

The Sickness Charm coincides with the Grand Duke in Northeast 3 and No. 8 White Star in the Northeast sector. The Grand Duke and Sickness Charm will double the negative impact in the Northeast sector. Triggering the Northeast sector will bring health problems. Ensure there is a spacious area for Qi to flow from the Northwest to the North sector to lessen the impact of the Sickness Charm.

Annual Illness Flying Star 2

The No. 2 Black Star brings illness to the occupants of a house. It comes to the **Southwest** this year. Ensure that the Southwest sector of your home is spacious and clear of clutter. This will somewhat mitigate the Illness Star's effects.

This location coincides with the Year Breaker at Southwest 3. It brings a double whammy effect to the Southwest sector. Ensure there is a spacious area for Qi to flow from the Northwest to the Southwest sector or from the Southeast to the Southwest sector.

Steer clear of this area. Do not carry out any renovations, groundbreaking work or drilling and hammering on the walls. Don't even rearrange the furniture in this sector.

Annual Flying 3 Jade Star

The No. 3 Jade Star triggers aggressiveness, stubbornness and competitive behaviour among the occupants of a house. It is known as the 'Bull-Fight Star'. With the influence of this star, occupants are easily provoked into arguing and quarrelling. The star also brings about lawsuits, office politics and conflicts. It comes to the **East** this year.

The sector coincides with the Sun Star in the East 2. The Sun Star somewhat mitigates the negative energy, but it is best not to disturb this sector.

Steer clear of this area. Do not carry out any renovations, groundbreaking work or drilling and hammering on the walls. Don't even rearrange the furniture in this sector.

Annual Flying 7 Red Star

Annual Flying 7 Red Star is known as the 'Quarrelsome Star'. This star can cause problems such as peach blossom troubles, scandals, assaults, violence, robbery and burglary, deception, theft and backstabbing. This area is especially bad for celebrities, students, writers, artists and those working in public relations in 2022. It comes to the **West** in 2022. Ensure that there is a spacious area for Qi to flow in the West to bring out the positive quality of Star 7.

The Dragon Virtue Star resides at West 2 coinciding with the No.7 Red Star. This sector is still usable. Do not carry out any renovations, groundbreaking work or drilling and hammering on the walls. Don't even rearrange the furniture in this sector.

The Signs of Love in 2021

Is 2022 a year conducive for romance and love?

How will your love life fare this year?

The 2022 Bazi Chart (refer to page 81) shows a Peach Blossom Star appearing in the Day Pillar followed by a Growth Star in the Hour, Month and Year Pillars respectively. The Rat sign represents the Peach Blossom Star and the Rob Wealth God, and the Tiger sign represents the Growth Star and the Seven Killings. These combinations are the ingredients for fast-paced, passionate, and dramatic relationships. People fall in love because of the glamour, adventure and excitement.

The essence of romance in the year of the Water Tiger seems to run along the lines of movies like “Mr & Mrs Smith” or webtoons like “My Gangster Girlfriend.” There is always a hidden darker side to your lover. If you can provide or accept these thrills in 2022, you will be attractive to the opposite sex. Romance will come and go

unexpectedly.

Will this kind of relationship last and turn into a deep and fulfilling love? For some, it will grow into a beautiful love story with a happy ending. For others, the relationship may fizzle out for various reasons - wrong timing, character clash or opposing ideologies.

For those who are the down-to-earth type, you may not be able to find your cup of tea. If you enter a relationship just for the sake of being with someone, you will always feel uncertain, suspicious and fearful. For those who are light-hearted and always looking for adventure, they will find these whirlwind romances exciting. Even if the relationship does not last, they will be able to look back on it and have a good laugh.

Still, let's see if the external forces will offer you a chance for a happy and fulfilling relationship.

Romantically inclined Day Masters

The year's romantic energy continues to smile on the Earth and Metal Day men as well as the Earth and Fire Day ladies. Earth and Metal Day men will have surprising encounters with independent and strong-spirited women or a woman who has a chameleon-like personality and image. Earth and Fire ladies may discover the chauvinistic side of the men they meet when they get to know them better. Relationships will tend to start off based on one-sided admiration. In the relationship, there is always one party who is dominant while the other must always look good if not glamorous. At least, the relationship will appear and stay that way in 2022. With the Rat sign producing the Tiger signs, there will be plenty of romantic adventures this Tiger Year.

While some relationships may start off with glamour and excitement, the romantic energies can turn negative and dangerous for some. The Tiger energy brings out the aggressive side of a person. One party can easily become a victim of emotional abuse if they keep giving in to the dominant partner. Those seeking Mr Right or Ms Right must also stay alert. Your new lover may be involved in illegal activities.

With the effect of the Water Tiger, some women and men can become naïve when it comes to romantic matters. They will let their emotions take the lead. On a positive note, couples who start off their relationship in this Water Tiger year and are able to make it work will have a stronger connection with each other. Not only are they lovers, but they also become each other's best friends.

The energy of the year is suited for those who are open-minded and adventurous. No matter what type of personality you are and what type of person you are looking for, there will be someone that suits you in 2022.

Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. You have another chance – the zodiac of your Day Branch. If you have an Ox, Rabbit or Goat on the Day Branch, you will likely meet someone you like. The romantic stars bode well for Ox, Rabbit or Goat signs looking for committed relationships.

Having these signs on the Year and Month Branches indicates external romantic luck. Usually, this means that the members of the opposite sex are attracted to you, but you may or may not share their feelings.

Besides these signs, those who have the Rooster and Rat signs on any of the Earthly Branches have Peach Blossom luck. The Peach Blossom luck brings passionate relationships. But these relationships will usually meet with a lot of obstacles. However, the Rooster and Rat signs will have a lot of adventures and fun. The relationship starts off with no long-term intention. Do not let the whirlwind romance affect your better judgement.

This Bazi Chart shows where your Day Master and Day Branch are located.

Heavenly Support

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in (refer to page 92).

So, will the path to true love be smooth? If you have the Ox, Rabbit, Goat, Rooster and Rat in your Month and Year Branches, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If any one of the zodiac signs, Ox, Rabbit, Goat, Rooster and Rat, appears on the Year Branch then you should socialize more! Go out! Travel! Be adventurous and make new friends. If they appear on the Month Branch, then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. If you are still single and have not met anyone yet, you can send a message to the Universe seeking the guidance of 六合 Harmony Deity by using the 法奇門 *Fa Qi Men* technique. On **19 March 2022 after 5:30am**, take some quiet time to sit facing Northwest. Calmly ask the Universe for guidance about your special someone. Lastly, you can seek the advice of a person who has a Snake in his or her chart.

2022 What you can DO to avoid Bad Boys or Bad Girls

Even though we know we should avoid it, the bad boy/ girl charm is sometimes impossible to resist. Finding the right relationship in 2022 will be tricky. Falling in love will be easy, but a lot of effort will be needed to make the relationship work. Rather than telling you to stay away from bad boys and girls, we're arming you with everything you need to know to navigate their world while keeping the upper hand.

You can choose to stay single for another year and have fun if romance luck does not shine on you. Check out the December 2016 issue to find out the rewards and fun of staying single. For those who wish for this adventurous and fun romance to last, here is some advice on how to avoid a bad character.

DO give a nice guy a chance!

You're most likely attracted to a bad boy's confidence, independence or rebellious and adventurous spirit. However, all these qualities can be found in a nice guy too. Nice doesn't necessarily mean boring. Besides, you know exactly what a bad person will do - cheat, not call, hurt you, etc.

DO learn why you love bad boys or girls

If you find that you're always dating a person who makes you feel paranoid, insecure or just plain bad, it might be time to take an honest look within. Why are you attracted to people with a bad personality? Yes, bad boys or girls can be a lot of fun, but they're not the best choice for a long-term and fulfilling relationship. So, if you find yourself repeatedly dating bad boys or girls, you need to do some soul-searching. Are you attracted to the emotional roller coaster? Learn to get your thrills somewhere far away from a toxic relationship.

DO have fun while it lasts.

If you know you are attracted to a bad guy or girl, don't go into the relationship expecting to find commitment. Instead, learn to enjoy the experience of dating and have fun. Then, you know you are

playing a game that you will win.

DO be rational

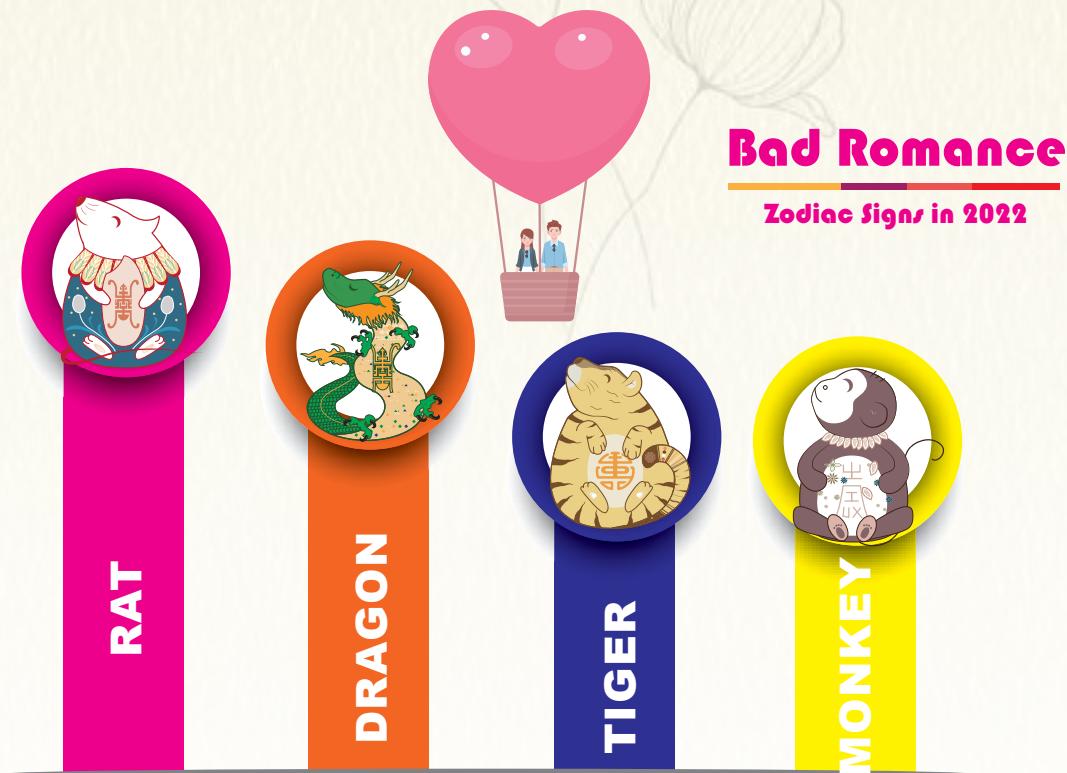

If they are elusive about what they are doing or their whereabouts, then they are not really trustworthy. Judge their actions instead of their words.

DO accept facts

If you find out that they have been cheating on you, or treating you badly, accept the fact. Don't bother to change their ways. He or she will not change for you. This is not a romance novel with a guaranteed happily ever after. Cut your losses and run!

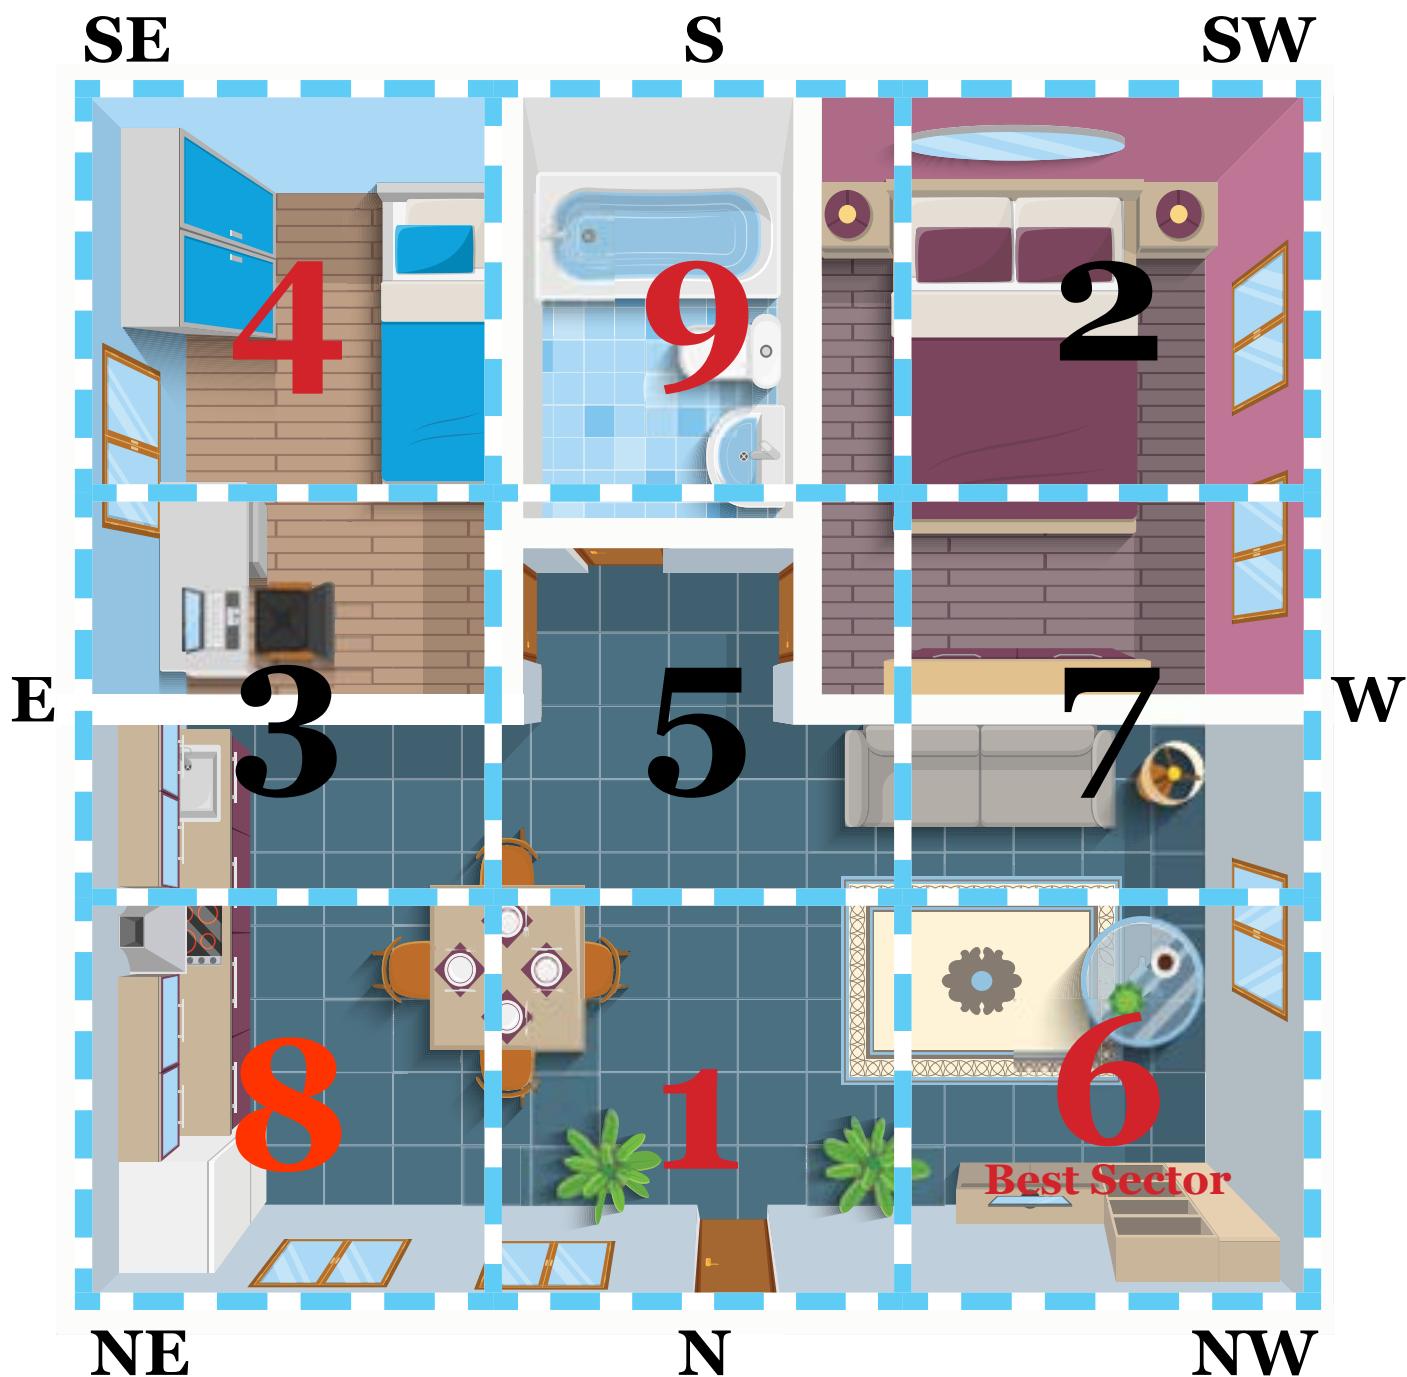

All in all, it is another year to stay rational in matters of love.

Some Bazi natal charts are heavily skewed towards one or two Elements out of the Five Elements. In Bazi studies, we called these charts Special Structures. There are four types of Special Structures in Bazi studies. In the old days, these four Special Structures were known as the Noble Charts, as it was believed that a person with this type of Special Structure will live a noble and successful life. Is this true? The premise that people with Special Structures will be noble and have noble lives is subject to debate these days.

In this issue's Bazi 101, we want to explore the Transforming Qi Structure. When the Day Master combines with and successfully transforms to another element, the Transforming Qi Structure is formed. The criteria for the Day Master to successfully transform to another element are as follow:

1. There is only one Stem that combines with the Day Master. This Stem must be next to the Day Master.
2. There must not be another Stem that clashes or combines with the Day Master.
3. The Day Master Element must not be too strong and rooted.
4. The other Five Elements in the Bazi Chart must support the transformed Element.
5. The controlling Element of the transformed Element must not be present.

There are five types of Transforming Qi Structure:

- a) 甲己 *Jia* and *Ji* Element Transformation Structure
This Structure forms the Earth Element. This Structure does not like to see the Wood Element in the Bazi Chart.
- a) 丙辛 *Bing* and *Xin* Transformation Structure
This Structure forms the Water Element. This Structure does not like to see the Earth Element in the Bazi Chart.

a) 戊癸 *Wu* and *Gui* Transformation Structure

This Structure forms the Fire Element. This Structure does not like to see the Water Element in the Bazi Chart.

a) 庚乙 *Geng* and *Yi* Transformation Structure

This Structure forms the Metal Element. This Structure does not like to see the Fire Element in the Bazi Chart.

a) 壬丁 *Ren* and *Ding* Transformation Structure

This Structure forms the Wood Element. This Structure does not like to see the Metal Element in the Bazi Chart.

The person with a Transforming Structure is a master chameleon. They have many faces in life and are very adaptable to change in their environment. Usually, they will find success in another city, state or country.

The following is an example of a famous actor with the Transforming Qi Structure.

The Influence of the Eight Deities on your Destiny Palace in 2022

Qi Map for 2022

Besides the Deity that permanently resides in your *Qi Men Dun Jia* (QMDJ) Destiny Palace, there is also a yearly Deity influence entering the Palace every year. This annual influence brings different celestial influences and energy to your Destiny Palace. There are 10 Deities in the study of QMDJ but only 8 Deities are involved in the annual yearly shift in and out of your Destiny Palace. The QMDJ chart for 2022 is set out above.

How will each Deity affect you when it falls into your Destiny Palace?

If you do not know your Destiny Palace, you can use the Palace which contains the Stem of your birth year to see how you will fare in 2022.

For example, if you are born in the Wood Rabbit year (乙卯 *Yi Mao*) then, your Year Palace is located in the East together with the Nine Earth Deity.

Direction	Universe	Subject Matter
South	白虎 White Tiger	You will experience some losses which lead to repressed emotions such as anger, sadness, fear and insecurity. Southwest	六合 Six Harmony	You will experience interpersonal problems such as miscommunication, conflicts and being the focus of gossip. While you may not be the one causing the problems, how you handle them is important.
West	太陰 Great Moon	You will have many hidden opportunities in 2022. You need to dig hard to find these opportunities. It may feel like an information overload, but by staying disciplined and systematic, you will successfully find the information you need. Beware of the loss of important data. Make sure you have backed up all your data and information.

Direction	Universe	Subject Matter
Northwest	騰蛇 Surging Snake	Down-to-earth people will enjoy a peaceful and fulfilling life. You will be able to thrive steadily. Do not expect immediate success. There is no short cut.
North	直符 Chief	Your enemy is also your Nobleman. Fight and compete smartly in 2022. Mimic and improve on their tactics. You will get what you wish for. So, think positively.
Northeast	九天 Nine Heaven	This is the most auspicious Life Palace in 2022. You can look forward to a happy and fulfilling year if you are honest and open with others. If not, you will experience many challenges.
East	九地 Nine Earth	The Palace indicates wealth opportunities amidst challenges. Those who have their Destiny Palace in the East will see many opportunities but will need to be careful of hidden problems and enemies.
Southeast	玄武 Black Tortoise	You will tend to be messy and unruly in 2022 due to fear. You are also disheartened over a certain situation. However, if you don't take good care of yourself and pay attention to your work, you will face many issues later. You will feel the impact most in April or May.
