## Happy Dragon Boat

### FESTIVAL

On 25 June 2020 at 05:30, write your wish on a piece of paper and fold it into a paper boat.

Then make the wish with your back to the South. Burn the paper boat that day when you offer prayers to your ancestors.

# Jacinda Ardern

If you are on social media, you would most likely have seen an article titled “What do countries with the best coronavirus responses have in common? They are all led by women”.

These women are none other than the heads of states of Germany, New Zealand, Denmark, Taiwan, Iceland, Finland, Norway and Belgium. They have been successful in flattening the coronavirus curve, reporting a decline in the number of cases in their respective countries.

This tells us that the world is becoming more and more influenced by the Qi of Period 9, the Fire Element. This is the element that controls the *Geng Zi* year, thus it also controls the Covid-19 virus, preventing it from raising its ugly head. The Fire Element suppresses the virus.

Amongst these women, Jacinda Ardern stands out the most. At the time of her appointment as prime minister at age 37, she became the world’s youngest female head of government. She was very clear about her stance on the pandemic threat from the very beginning. She said that, “She would value people, not just the economy.” Her fast and decisive response to the threat of Covid-19 has kept New Zealand safe and helped the country win the battle against Covid-19.

Are you curious about her Bazi? Well, I am! She was born on 26 July 1980. She is a sharp *Geng* Day Master. *Geng* people always rise to challenges. This *Geng Zi* year is an image of her Day Pillar. In Chinese Metaphysics terms, it is known as *Fu Yin*. The *Fu Yin* influence can work out positively for some and negatively for others.

In terms of career, this *Fu Yin* brings positive effects to Jacinda Ardern. The *Fu Yin* consists

of her Friend Star and Useful God. Useful God is the element that brings balance to a person's Bazi Chart thus making life for this person easier. In comparison between the Friend Star and Rob Wealth Star, where both are considered the Companion Element, the Friend Star is regarded as one of the positive Ten Gods while the Rob Wealth Star has negative connotations.

癸 Gui HO 傷官	丁 Ding DO 正官	己 Ji DR 正印	乙 Yi DW 正財	戊 Wu IR 偏財	庚 Geng F 比肩	壬 Ren EG 食神	藏干 Hidden Stem	乙 Yi DW 正財

The Friend Star indicates true supporters and camaraderie whereas Rob Wealth attracts superficial supporters. Besides the *Geng Zi* year, her Bazi Chart has the Friend Star at the Year Pillar. The Year Pillar represents the external environment such as New Zealanders, the country's market and economy as well as the world. Having the Friend Star at the Year Pillar indicates that she will easily find support and assistance.

The *Zi* Branch holds the Useful God Element - the *Gui* Water Stem that will smooth the path for Jacinda Ardern's endeavours in 2020. In terms of Auxiliary Stars, *Geng Zi* brings the Grand Duke and Duke Virtue to her annual luck cycle. What does this mean? This indicates that she holds the power to transform negative challenges into something good. These two Auxiliary Stars bring out good leadership in Jacinda Ardern.

Thus, the *Geng Zi* year represents the right timing for Jacinda Ardern to showcase her brand of good leadership to the world.

However, the *Geng Zi* year is not all rosy. The *Zi* Branch forms an Uncivilized Punishment with her 10-year Luck Pillar. A workaholic, Jacinda will have less time for her family, especially during this pandemic. A stay-at-home order can be stressful for this hard-working lady.

# The COVID-19 Outbreak

Since the publication of the March 2020 issue, the Covid-19 virus has spread globally. It has evolved from being an epidemic contained within China into a full-blown pandemic. Not in my wildest imagination would Covid-19 lead to lockdowns in almost every part of the world and cause such havoc to the world economy. I did not predict an illness that could spread on such a large scale and have such a great impact on everyone.

In this pandemic, there are many questions that worry us. There are no solid or right answers yet, whether from governments or scientists. I have pulled out a *Qi Men Chart* (refer to page 9) to find some answers. Let's take a look...

## Covid-19 epidemic update

In the March 2020 issue, I predicted that the Covid-19 epidemic will end in June 2020 in China. This demonstrates that the answers are only as good as our questions. My question was specifically about China, and the answer - that China will see an improvement by June 2020, is relatively accurate. The lockdown in Wuhan, the epicentre of the epidemic, was lifted on 7 April 2020, and the city and the rest of China are slowly trying to get back to normal. China has also a better chance of developing a vaccine ahead of the rest of the world. However, as the question was specifically about China, it does not capture the fact that while things have improved in China, the virus has gone on to wreak havoc on the rest of the world.

## Will we develop a natural herd immunity?

Many people have argued for herd immunity over a lockdown as a way to deal with the pandemic. Natural immunity occurs when you become immune to a specific disease after contracting it. The disease triggers the immune system to make antibodies. These antibodies act like special bodyguards that only recognize certain diseases. If you contract it again, the antibodies will deal with the disease before it has a chance to attack your body and make you sick.

## **So, will people be able to develop this immunity naturally? What is the cost of it?**

Since this is an alternative solution, and one that has not seen widespread adoption, the North Palace represents the herd immunity solution. The Northeast Palace represents the people at large. The North Palace and the Northeast Palace are at odds with each other, hence, it is unlikely that herd immunity will develop given this short period of time.

Interestingly, the Heavenly Pillar together with the Surging Snake appears in the North Palace. The Heavenly Pillar represents debate, arguments and contrarian approaches. People who bring up this idea clearly have a bad ulterior motive. It is not for the good of the people.

Look at the explanation of the Heavenly Grain Star below to see the cost of pursuing this herd immunity measure.

### **Will a safe vaccine be developed soon?**

The Northeast Palace represents the development of the vaccine. There is a good structure known as 'Bird Falls into the Cave' residing in this Palace. This indicates that a vaccine is already available. The Heavenly Heart, Great Moon and Delusion Door at the Northeast Palace indicates that the vaccine is still under study and refinement.

The Palace indicates that the vaccine will most likely come from countries in the Northeast such as China, Korea, Taiwan or Japan.

While I am writing this article, it has already been reported that Malaysia will be one of the countries collaborating with China on a vaccine for Covid-19. China is conducting the second phase of testing and is expected to complete trials by December 2020.

Looking at the Northeast Palace, it is likely that the vaccine will be out by January 2021.

### **What is the impact of the relaxation of the lockdown in Malaysia that took effect on 3 May 2020?**

The Northwest Palace represents the relaxation of the lockdown measures.

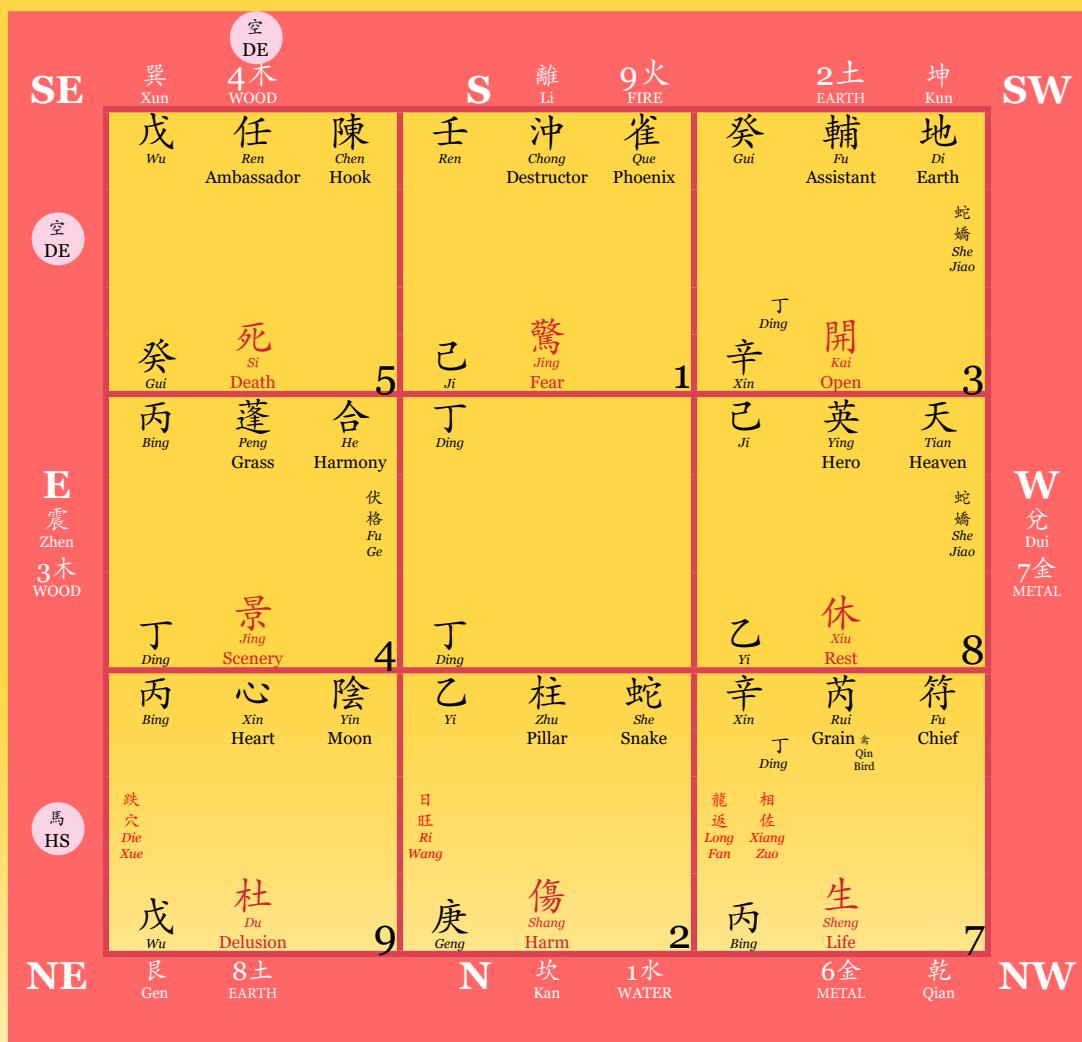

In general, most businesses that begin operations during this period of relaxed measures will still suffer from a lack of sales. People are still in seclusion and careful about their spending. Only a handful will see good business during this pandemic. These are food-related businesses, restaurants, businesses selling health and safety products related to the pandemic, luxury items on sale and common and home businesses that have been established for a long time.

The Heavenly Grain that represents this Illness Star resides in the Palace. The star does not bode well for health matters. The 'Dragon Return' structure is also formed in the Palace. It denotes that the illness will return sevenfold. The Heavenly Grain in the Northwest Palace also indicates that the illness will turn critical. Patients will suffer tremendously. The pandemic will be prolonged.

## What is the best thing to do during this pandemic?

Among all the Palaces, only the Northeast Palace has the most positive effects. The Delusion Door means to stay under lockdown, stay home and stay where you are. Having said that, Delusion Door with Heavenly Heart and Great Moon is also incredibly positive for equipping yourself with more skills, knowledge and information, especially those related to technology and healing. So, it is the best time to learn.

# Asking for protection during the Hungry Ghost Festival

The Hungry Ghost Festival is also known as *Zhongyuan* Festival by Taoists or *Yu Lan Pen* Festival by Buddhists. This year the festival starts on 18 August and lasts until 16 September. The Hungry Ghost Festival itself falls on 2 September 2020.

The Chinese have a custom of offering sacrifices to the deceased, and this is done during the Spring Festival, Qingming Festival and the Double Ninth Festival. What is the difference between these festivals versus the Hungry Ghost Festival? During the above festivals, offerings and prayers are made only to ancestors and relatives, while during the Hungry Ghost Festival, offerings and prayers are made to all ghosts and spirits. The ghosts are also free to roam the streets of the living world during the Hungry Ghost Festival.

During this period, you can ask the Chief Deity for protection from the negative effects of evil spirits and ghosts. Ask for protection with your back to the direction as listed in the table below.

## PUTTING QI MEN DUN JIA STRATEGIC PRACTICE TO WORK FOR YOU

### What is *Qi Men Dun Jia*?

**Q**i *Men Dun Jia* (奇门遁甲) is an ancient method to tap into the Qi of the Universe at a selected time and direction to get something done in order to produce a desired result. This map of the Qi of the Universe is derived based on astronomical observations and various aspects of Chinese Metaphysics. It is still common for those well-versed in Chinese Metaphysics to put *Qi Men Dun Jia* to use. It gives people a chance to be in the “right place at the right time to take the right action”.

### What are its origins?

This potent divination technique was developed for and used by the Emperor and his Imperial advisers. It was originally devised to plan military strategies to ensure victory in every battle.

### What can *Qi Men Dun Jia* be used for in modern times?

*Qi Men Dun Jia* improves your luck, brings opportunities, and helps you achieve the desired outcome. You can use it for a wide range of activities such as:

- Business deals, sales, marketing, and branding
- Trade and investment
- Career or academic pursuits (e.g. sending out job applications, studying, research, writing)
- Health

## How do I use *Qi Men Dun Jia*?

The *Qi Men Dun Jia* chart is plotted to show you the auspicious direction for each 2-hour time frame every day. Depending on the situation, you should either face the auspicious direction, or turn your back to the auspicious direction.

**Step 1:** Determine whether you will be travelling or staying in place for your important activity. When you are on the move, you should head toward the selected auspicious direction. When you are stationed in a place, such as your home or office, you should have your back to the selected auspicious direction as you carry out your activities.

**Step 2:** Execute important activities at the selected auspicious time and direction. When you are moving towards the auspicious direction or when you sit with your back to the auspicious direction, you are tapping into the auspicious energy of the Universe.

# STRATEGIC EXECUTION FOR OPPORTUNITY

The Covid-19 pandemic has placed a lot of strain on businesses, as government lockdowns and movement controls are implemented across the globe. Many face difficulties securing new business or continuing with ongoing projects. Financial difficulties have worsened as the outbreak continues. Many companies are looking for cost-cutting measures such as downsizing, retrenchment and even temporary closure.

In these troubled times, we must exhaust all avenues to find new opportunities. For those who have been retrenched, this means finding a job. For freelancers, this means new sources of recurring income and for businessmen, new sources of sales, financing and government grants.

The table below shows the auspicious dates and directions to enhance your search for new opportunities.

## ENERGY HEALING

**E**nergy exists in many different forms. The common and scientifically known forms of energy are light energy, heat energy, mechanical energy, gravitational energy, electrical energy, sound energy, chemical energy and nuclear or atomic energy. In Chinese Metaphysics, everything contains energy. The mountains, rivers, sea, trees, earth, human beings and the universe contain energy. Human beings, plants, and animals not only produce energy but must obtain and use energy to live and regenerate.

The energy produced by human beings and the environment can be used to heal. They are known as healing energy in the spiritual and metaphysics world. There was a time when I was sceptical of 'energy healing.' Even now, I will sometimes question whether it really works. I was a logical and sometimes science-centric person. When a friend introduced the experience of energy healing to me, I could not help but feel sceptical. However, she has won me over to the idea of energy medicine with her amazing results. The idea that energetic forces are at play in our lives now sit well with me and also helps me understand Chinese Metaphysics better. Along the way, I have come across some incredible energy healers. I'm happy and honoured that they are willing to share their experiences in this June 2020 issue of Bazichic Magazine.

# A QI CLEARING SOLUTION FOR A HEALTHY LIVING SPACE

BY WENDY PHANG OF VERDURE  
CONSULT

## About my Experience

I had the opportunity to learn Qi Clearing skills from a spiritual teacher 3 years back and I immediately put it into practice clearing the stagnant energy of my own house. The result was so quick that in 3 months my financial cash flow was steady, and I could not believe that I could afford to travel overseas to pursue my spiritual journey twice a year! After 6 months, I noticed that my family members are more in harmony and that their luck has changed for the better in terms of financial stability.

After a year, I constantly receive complaints from my sister-in-law and neighbours about bad incidents happening in front of my house. There are frequent snatch thefts, gang fights and negative vibes in front of my house. I even witnessed some of these incidents myself.

Again, I did Qi Clearing, this time for my neighbourhood. I worked at it for about 3 months as it involved a big area. After 6 months, I began to feel safe in my neighbourhood and never saw any negative incidents happening in front of my house again!

## Health of your property, does it matter?

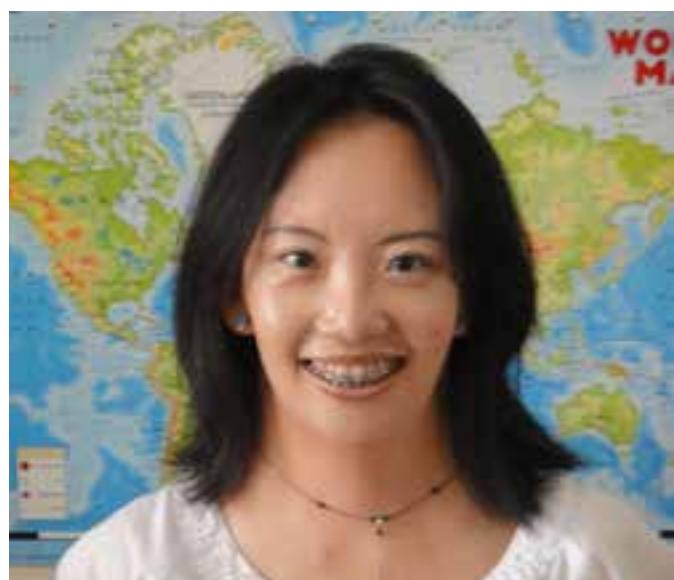

It's everyone's wish to own a big house filled with a healthy dose of Qi to call home. But unfortunately, the majority of us are living in urban cities, which are polluted, and in shared common spaces such as high-rise serviced apartments.

If this resonates with you, you might already be feeling the negative Qi that affects you in the five areas of your life, namely health, luck, mind, emotion, and wealth. This is especially so if the year luck cycle is not good, such as the year luck cycle of 2020, that has everyone under a lockdown.

## My Service

I help people clear the stagnant energy of a space or a property. This is a universal clearing technique that works on the human anatomy as well as anything that you wish to be cleansed and recharged with verdurous chi.

Qi Clearing can be done remotely regardless of how far away your property is located. All I ask is that you provide me with the picture of your house and if possible, a short video capture of your indoor space.

You can WhatsApp me, Ms Wendy, at +6019-3348846 (Malaysia) for a discussion. Thank you and stay safe folks!

# ANATOMY OF THE AURA AND HEALING TREATMENTS

BY FANG YI OF  
WATERFORTREES

All humans and animals have an aura that is in a constant state of flux. It is usually seen more easily closer to the body, but it actually extends to infinity where it is in constant interaction with other dimensions of time, space, energy and matter.

All living things have auras – animals, plants and crystals. All organic things such as earth, sand, rocks, etc. have an energy field.

The human aura is a developmental life sustaining energy force that characterizes every human being. Without it we would not exist and it leaves us when we die, although we continue to have an energy emitting from us. The human energy field interpenetrates with and radiates out from beyond the physical body. It has various layers, which are called subtle bodies. Seen clairvoyantly it is full of light (especially if a

person is healthy). Various colours, shades and patterns can be seen. These indicate the state of a person's health and spiritual and emotional wellbeing, as well as past illnesses and likely future illnesses and future events.

The energy system has three parts:-

1. The Energy Field – Aura
2. The Energy Centres – Chakras
3. The Energy Tracts – Meridians

These parts are interdependent and are connected energetically. It is electromagnetic energy, a biofield, perceptible with the hands and to clairvoyant vision.

When all levels of our aura are strong, balanced and charged and our chakras are open and flowing and we are connected to all the sources of cosmic energy available to us, we experience health, harmony, love, abundance and spiritual attunement. We have unlimited cosmic and spiritual powers and are in constant contact with angels, spiritual beings and our higher selves and souls.

When we have blockages and imbalances in any levels of the aura or chakras, or our energy field is hemorrhaging, undercharged or vibrating at a very low rate, we experience pain, sickness, emotional imbalances, depression and often have financial problems and unhealthy relationships. The cause can be diagnosed

by a trained medical intuitive and treatment prescribed. This usually involves energy healing and spiritual healing plus karmic release. The results can be dramatic, highly effective, long lasting and always beneficial. Three or four treatments give the best results especially for chronic complaints or new clients.

## CORE CHARACTERISTICS

### (辛 XIN METAL DAY MASTER)

There are altogether Ten Gods arising from the two different polarities (Yin and Yang) of the Five Elements' interaction with the Day Master. Each of these Five Elements supports, destroys, controls, or exhausts one another. In the previous issues, we have shown the characteristics of the Ten Gods. Moving forward, we will be exploring how we can derive the core character of a person, or structure of the Bazi Chart, based on the interaction of the Earthly Branch Element of the Month Pillar with each Day Master.

In this issue's Bazi 101, we want to explore the core character of the Yin Metal (辛 Xin) Day Master born in different months. The core character of these Yin Metal Day Masters is derived from the element in the Earthly Branch of the Month Pillar (refer to Table 1 below). There are altogether twelve Earthly Branches representing twelve months. Each Earthly Branch usually contains one to three Elements known as the Hidden Stems. The Hidden Stem represents the main Qi and sub-Qi of each

Earthly Branch (refer to Table: The Seasons and the Earthly Branches on page 80 to find out more about the Elements inside each of the Earthly Branches).

When the sub-Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this sub-Qi. The person's core character is represented by the Ten Gods of this sub-Qi.

When the main Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this main Qi. The person's core character is represented by the Ten Gods of this main Qi.

If there is no main Qi or sub-Qi of the Month Branch appearing on the Heavenly Stem, then the structure of the Bazi Chart follows the main Qi. The person's core character is represented by the Ten Gods of this main Qi.

**Table 1: Xin Metal Day Master Structure Based on each Months' Earthly Branches**

## FACE READING: JACINDA ARDERN

Your face will change over time as you encounter positive and negative life experiences that affect your inner heart. We can see these changes clearly in Jacinda Ardern's face. She looks like a different person now! Let's see what these changes have meant for her.

Jacinda during her college years

Jacinda, when she became the Prime Minister of New Zealand in 2017

Jacinda in 2018

From these three photos, the rounded and clear hairline that indicates an amicable personality has stood the test of time. However, her high forehead during her college years, which is just nice for a woman, has become even higher. Besides analytical skill, a high forehead indicates a person with power and authority. Apart from this, her forehead is also considered broad which indicates that she is highly knowledgeable and well informed.

Her straight nose has also undergone a slight change. It has become fleshier on the tip and has a slight downward curve. Her college photo shows slightly exposed nostrils. This shows that she has learned to become more prudent in life.

The more obvious changes are in the eyes and the smile. There was a lack of sparkle in the eyes and smile of young Jacinda. The photo of young Jacinda hints at discomfort and a lack of self-esteem. Her recent photos, on the other hand, show a vibrant woman with beautiful, sparkling eyes and a big, happy smile coming from the heart. This shows a woman who is confident and comfortable in her own skin.

Her high cheekbones are also fleshier compared to her younger self. The two cheekbones give good support to the nose. This denotes that she is comfortable with wielding power as the Prime Minister of New Zealand.

Her jawline has grown some flesh even though she has lost her baby fat and has a thinner face. A fleshy jawline indicates support from good subordinates and that she has the help of Noblemen.

As people grow older, the laugh lines at the side of the mouth will grow longer and become more obvious. Some laugh lines grow into the side of the mouth, some laugh lines are broken and some are not obvious even when the person are well into their 40s and 50s. We like to see laugh lines that are long, the two lines embracing the mouth and ending at the chin. This indicates longevity. Laugh lines can look very beautiful, and are a sign of joy. Jacinda has double laugh lines showing happiness. However, the inner laugh lines are weak and not obvious. The outer laugh lines are broken. This indicates health issues related to digestion, food consumption and allergies.

## The Activation and Cultivation of Deities

In all our articles about *Fa Qi Men*, we have mentioned that in order to get what you want, and have your wishes fulfilled, one has to get into an “alpha state of mind”. We have also given tips and methods on how to get into this state.

### So, what is an alpha state of mind?

Scientifically, it is explained as where the brain operates at partial conscious awareness and partial subconscious predominance at the same time, in cycles between 9Hz & 14Hz. From my experience and understanding, it simply means that one’s mind is relaxed. It is a state where you are in a mild daydream or light relaxation.

Do you remember a time when you were very focused on something, or so engrossed in doing something that you lose track of time and the activities happening around you? This is an alpha state of mind. But you may find that when you deliberately try to

get into this state of mind to make a wish, it is difficult to focus, and you are unsure about whether you are in the right state of mind.

Each person’s *Qi Men* Destiny Chart has his or her own personal Destiny Palace marked by a direction based on his or her Day Master. That Palace contains your unique Destiny Deity or Guardian Angel. There are all together Ten Deities under the realm of the Universe in *Fa Qi Men* studies. In this issue, we will show you how to activate and cultivate the Six Harmony Deity. This will be beneficial whether or not the Six Harmony is your Guardian Angel. When you are connected strongly and intuitively with your Guardian Angel, you do not have to go into the alpha state of mind to make wishes. This makes wish-making a lot easier.

## Six Harmony Deity

### Keyword: Love and Connection

The Six Harmony Deity's special ability is to make someone feel at ease. Those who have this Deity as their Guardian Angel have many opportunities to meet and connect with people. Those who have this Deity as their Guardian Angel can easily start up a conversation with a stranger. They naturally know the art of small talk that makes people feel comfortable. The Deity helps to project a friendly image. However, the Six Harmony Deity also indicates something beyond that. Six Harmony is also known as the Nobleman Deity. The Deity can help you connect with the right people and resources, thus, presenting you with opportunities. When a person has the Six Harmony Deity as a Guardian Angel, he or she may live longer. This is because studies have shown that strong social connections lead to a 50% increased chance of longevity. The research done by Steve Cole showed that social connections strengthen our immune systems, helps us recover from illness faster, and may even lengthen our lives. People with a healthy social life have lower rates of anxiety and depression. They have higher self-esteem, are more empathetic to others, more trusting and more cooperative. A healthy social life generates a positive loop of social, emotional and physical well-being. Besides this, Six Harmony also represents *Yue Lao* (月老), the Chinese God of Love. Those who have this Deity, are good at matchmaking. Individuals with the Six Harmony Deity as their Guardian Angel should sharpen their social and networking skills.

Wishes will be more easily fulfilled, and you will get results faster when you ask your Destiny Deity for help. Here are some fun ways to activate and cultivate your Six Harmony Deity daily.

#### 1. Make a wish in the direction of your Destiny Palace

Each person has a strong connection to the energy of the Universe in a certain

direction based on *Fa Qi Men* practices. This direction is the direction of your Destiny Palace. Your Guardian Angel or Destiny Deity resides in your Destiny Palace. When you make wishes with your back to this direction, wishes will be fulfilled more easily. Every time you make a wish in the direction of your Destiny Palace, you are activating and cultivating the Qi that connects you to the Universe.

#### 2. Meditate and focus on the Heart chakra

The Six Harmony Deity represents connection and love. The Heart chakra can represent the Six Harmony Deity. The Anahata or Heart chakra is located In the centre of the chest. This chakra enables feelings of empathy and compassion. It's responsible for your ability to forgive and accept. The chakra also brings change and transformation. With a healthy Heart chakra, you are able to grieve properly and attain peace and tranquility. When the Heart chakra is open, you will feel deeply connected to everything around you, resulting in a harmonious exchange of energy with your environment, and a great appreciation of beauty.

#### 3. Read the book titled “How to Win Friends and Influence People”

The book written by Dale Carnegie is one of the best-selling business books of all time. One of the best ways to connect and befriend people is by being genuinely interested in them. If you want to polish your Six Harmony skills, read and practice the methods shared in the book.

#### 4. Be Happy

Everyone likes spending time with happy people. Laughter opens the heart and deepens your spiritual connection. Learn how to laugh in a light-hearted way at yourself, with your partner and together with others. Even the simple

act of watching a funny movie or comedy together can deepen your bond.

#### 5. Communicate your feelings

Open communication is the ability to express your thoughts and feelings honestly. Being able to express feelings of hurt, anger, isolation and other difficult emotions in a non-hurtful, non-threatening way while being respectful of the other person will bring you closer to your partner, friends, family and other people.

#### 6. Set aside time each day for your relationship

Life can be so busy that it seems hard to set aside time and energy to maintain a relationship. But it is a worthwhile investment. Set aside time each day to connect with your partner, family, friends or people you want to connect with. Even a simple chat over WhatsApp is a good way to begin deepening your connection with them.

#### 7. Love Yourself

Learn to love yourself more. Loving yourself is not selfish. Your relationship with yourself is the most important factor in shaping the kind of life you live and your connection with the people around you. The less you love yourself, listen to yourself, and understand yourself, the more you will feel confused, angry, and frustrated. This will block your connection with people and stand in the way of a fulfilling life. By loving yourself more, everything you see, you do, and your relationship with everyone you interact with starts to become a little bit better in every way.

#### 8. Bravely put yourself out there

If you have to push yourself to be sociable, you will feel awkward and uncomfortable. Try to change the way you feel. Think of it as extending a hand to someone to join you in your simple life. Invite people to simple activities

such as a quick breakfast before work, watching a movie or window-shopping. Many people don't want to offer an invitation because of the fear of rejection. Understand and trust that if the person says, 'No, thank you,' it's not a rejection of you.

We hope you have fun cultivating the Six Harmony Deity as your Guardian Angel! Stay tuned for more information on other Guardian Angels in our future issues.

### ***Yue Lao (月老) The Chinese God of Love***

*Yue Lao* is always depicted as an old man under the moon in Chinese mythology. He appears at night, and unites all predestined couples with a silken cord, after which nothing can prevent their union.
