~Happy Mid-Autumn Festival~

The best time to make wish for love is on Mid-Autumn Festival itself. On 1<sup>st</sup> October 2020 at 19:30, write your wish on a piece of paper and fold it into a paper boat.

Then make the wish with your back to the Northwest. Burn the paper boat wishes made at 19:30 after prayers.

# When will the Qi of 2021 take effect?

The Qi of 2020 will not suddenly disappear as we step into the New Year on the 4 February 2021. Neither will the Qi of 2021 appear as the clock strikes midnight on 4 February 2021.

The Qi in the cosmos flows in two rhythms - diffused Qi and coagulated Qi. Diffused Qi is active but gentle and cannot be detected directly. It exists everywhere. Coagulated Qi is manifested in physical form. In Chinese Metaphysics study, coagulated Qi represents people and landforms. Diffused Qi, on the other hand, is the Qi that is unseen. It is the Qi that changes constantly. When Feng Shui practitioners talk about the change of Qi every year, they are talking about diffused Qi. This is the Qi that will affect our fortunes every year. When the annual diffused Qi interacts with the coagulated Qi, this relationship tells us how people or individuals will fare for the year.

The movement of Qi can be generalized into four aspects: ascending, descending, exiting and entering. Ascending movement refers to the movement from below; descending movement refers to a movement from above; exiting movement is a movement from the interior, and entering movement is movement from the exterior.

Qi entering from the exterior means that the Qi will make its presence felt slowly. The Ascending Qi is the Qi that is acquiring momentum to rise and grow stronger. The Descending Qi is the Qi that has peaked and is starting to lose momentum. The Qi that exits from the interior is dead Qi that no longer has the ability to influence anything.

A Bazi Pillar consists of the Heavenly Stem and Earthly Branch. The Xin Chou (Metal Ox) represents the Bazi Pillar of 2021. This Pillar represents the Qi of the year and will give us an idea on when the Qi of the year

2021 will start making its presence felt. The Xin Stem enters and makes its presence felt much later compared to the Geng Stem which entered in July 2019. In January 2021, the Xin Chou (Metal Ox) will make an appearance, marking the arrival of the Qi of 2021 which is Xin Chou in nature. If we are to pinpoint the exact arrival of this Qi, we can scan through the calendar and discover that the Xin Chou Pillar falls on 24 December 2020. A lot of events taking place from December 2020 onwards will have a greater impact in 2021. The Metal element is usually related to financial and economic matters. Government policies and measures implemented at this point are in preparation for the year 2021.

The full impact of the Metal Qi of Metal Ox will only arrive in January, the month of the Ox. The Qi of 2021 will begin to make its

presence felt on 24 December 2020.

So, whether the year 2021 is favourable or unfavourable to you, you will already feel its effects as early as 24 December 2020.

Meanwhile, the Qi of 2020 represented by Geng Zi (Metal Rat) will fully exit on 27 June 2021. The Geng Stem will begin descending in September 2020 and exit in October 2020. The Zi (Rat) Branch will descend in January 2021 and exit in June 2021. If the Rat year is favourable to you, you can continue to enjoy this good fortune until June 2021. If the Rat year is unfavourable to you, such as those with the Rabbit, Horse, Goat and Rooster zodiacs, you will continue to experience negativity until June 2021.

## CHOOSING A LIFE OF MISFORTUNE

This charming and unassuming Japanese lady has been married four times. All her husbands died. She also dated many men who developed health issues after dating her. She was romantically linked to at least 14 men.

She always lamented to her friends, acquaintances, relatives, and anyone willing to listen, that she is the victim of a string of tragic misfortunes. Many offered sympathies and felt sad for her. Growing up in a middle-class family, this Japanese lady was good at her studies. However, she could not pursue higher education because her father wanted her to get married and settle down.

What type of Bazi Chart can cause such an unfortunate love life? Are all her husbands fated to die? All her misfortunes in love, is it a choice or fate? Let's look at her Bazi natal chart. She was born on 28 November 1946, time unknown.

八字 Bazi Chart: 28 November 1946				
時 Hour	日 Day	月 Month	年 Year	
	丙 Bing Yang Fire	己 Ji Yin Earth	丙 Bing Yang Fire	天干 Heavenly Stems
	午 Wu Horse Yang Fire	亥 Hai Pig Yin Water	戌 Xu Dog Yang Earth	地支 Earthly Branches
	丁 Ding RW 劫財	己 Ji HO 傷官	壬 Ren 7K 七殺	藏干 Hidden Stem
	甲 Jia IR 偏印	甲 Jia IR 偏印	丁 Ding RW 劫財	
	戊 Wu EG 食神	戊 Wu EG 食神	辛 Xin DW 正財	

At a glance, the Bazi Chart of this Japanese lady looks normal. The Eating God Star controlling the Seven Killings indicates that she is a very intelligent lady. The Hurting Officer Star appearing at the Heaven Stem on the Month Pillar is next to her Day Master. This indicates that she is a very articulate lady.

### Husband Star

The Seven Killings Star on the Month Branch is strong. There are no negative relationships with the other Branches such as harm, punishment or clash relationships. The Seven Killings Star, although not the primary Husband Star, is considered to represent her Husband Star in her Bazi Chart because there is no Direct Officer Star.

From her Bazi Chart, we can derive that the husband will probably have health issues related to the heart or cancer. The Seven Killings Star resides in the Pig sign (*Hai* Branch at the Month Branch). The Pig sign has a hidden combination with the Horse sign (*Wu* Branch at the Day Branch). This indicates heart-related health issues. The Month Pillar, *Ji Hai*, containing earth and water elements, is an image of contamination. This indicates cancerous cells. However, the illness will not be detrimental as the Husband's Output Star is in the Pig sign. The Output Star indicates protection from harm and illness which is also considered one of the Longevity Stars in Bazi studies.

The Robbery *Sha* and Small Consumer Stars also coincide with her Husband Star. Robbery *Sha* indicates stealing, robbery and scams, while the Small Consumer Star indicates a spendthrift character.

### The Bazi Marriage Song

So, what really went wrong? In the Bazi classic “How Do You Know Song”, the classic texts are written as such:

1. 男犯多婚女犯伤，男女坐下是桃花。再看合才是合官，男命合才有二妻。

Man and woman will be guilty of affairs and marry multiple times when the Day Master is sitting on a Peach Blossom Star. The Peach Blossom Star combines with other branches. If the combination involves a Wealth Star, then the man will marry at least twice. If the combination involves an Influence Star, then the woman will be guilty of having an affair. In olden Chinese society, it was all right for a man to have many wives and concubines, while it was frowned upon for women to be with many men. It was unlikely for women to marry many times. In modern times, the verses above apply to both men and women. They will be involved in illicit affairs and marry multiple times.

In this Japanese lady's Bazi Chart, her Day Master is sitting on the Horse sign which is a Peach Blossom Star. The Horse sign has a hidden combination with the Pig sign. She has married at least four times. Is she guilty of having affairs as well?

2. 何矢其人事九流，官殺混比肩的劫。

A person is known to be scum when the Officer Star and Seven Killings Star meet the Friend and Rob Wealth Stars. People with such configuration in the Bazi Chart will not hesitate to take advantage of other people and the situation to benefit themselves.

The Japanese lady's Bazi Chart only shows the presence of the Seven Killings Star with both the Friend and Rob Wealth Stars. Is she such a selfish person?

### 3. 何矢其人奸狡毒，命中七殺逢羊刃。

A person is known to be cunning, evil and envious when the Seven Killings Star meets the Goat Blade Star. People with such configuration in the Bazi Chart are villains.

The Japanese lady's Bazi Chart shows Seven Killings Star side by side with the Goat Blade Star on the Month Branch and the Day Branch respectively. The Rob Wealth Star is also known as Goat Blade. Is this lady cunning and evil?

On top of the three classic verses, the Japanese lady's Bazi Chart shows that her Day Master is sitting on the Goat Blade Star. This is termed the Day Blade in Bazi study. Such a configuration indicates that the person is not happy with her marriage.

Do you still think that this Japanese lady is a victim of misfortune or that she is the creator of her own misfortunes?

### **She is Mrs-Steal-Your-Life**

The above Bazi Chart belongs to Chisako Kakehi. She is the sensational serial killer, dubbed Japan's "black widow" and accused of killing elderly men — all of whom she met through a matchmaking service. She charmed them into falling for her and making her the sole beneficiary of their assets. Then she poisoned her husbands and lovers to inherit their assets and escape debt.

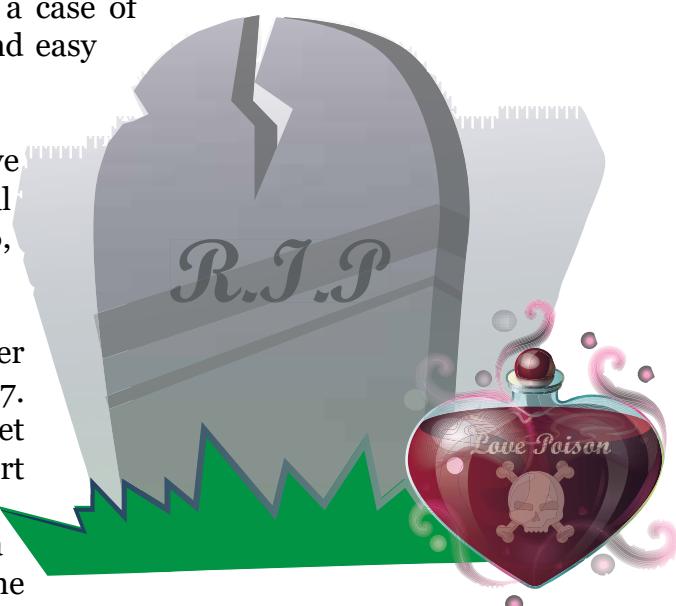

She had registered with at least 10 different matchmaking agencies in various prefectures. She specified that her prospective spouse must be childless, elderly, has his own place and, ideally, be rich. She did not mind those with pre-existing health issues. Chisako preyed on lonely widowers with good financial backgrounds.

She is suspected of poisoning her first husband in 1969, but there was no evidence at the point in time. The couple had two children. Her first husband was a businessman running a fabric-printing company, which used cyanide in the commercial printing process. She was introduced to cyanide in her husband's company. She inherited her husband's business but soon got into debt and filed for bankruptcy due to mismanagement of money and bad investments. For such a shrewd lady, one wonders why she is not able to learn from her financial mistakes. Is it the effect of the Small Consumer

Star or the Robbery Sha? It is more of a case of extreme desire and greed to earn fast and easy money.

One year later, she married a Gunma native who was a manager at a pharmaceutical wholesaler. He died of a stroke in 2006, aged 69.

She was engaged to Mr Suehiro, a former prefectoral official from Kobe, in 2007. He collapsed in the middle of a busy street that same year and was put on life support until 2009, when he died of cancer. Police investigators found traces of cyanide in a sample of Mr Suehiro's blood kept by the

hospital.

In February 2008, she married Mr Toshiaki Yamamoto, 75, who ran an agricultural cooperative. He died three months later of a heart attack.

Police began to be suspicious of the cause of these deaths, which were initially cleared of foul play. But it was impossible to prove that the deaths were suspicious as the bodies were cremated.

In September 2011, Kakehi got engaged to Mr Masanori Honda, 71. Six months later, he died of an abnormal heart rate, while riding his motorcycle.

Around the same time, she was also seeing retired architect Minoru Hioki, 75, who has lung cancer. His condition took a turn for the worse after they had dinner on 20th September 2013. The cause of death had initially been suspected to be lung cancer.

Weeks later, Chisako married Mr Isao Kakehi, her fourth husband. He died on 28th December 2013 after a month of marriage. Chisako appeared inconsolable when police interviewed her. Given his age, the police were quite ready to close the case as a natural death until a sharp-eyed detective began to suspect Mrs Kakehi, 70. Could the grieving widow, who looked more like your neighbourhood granny, be a money-grabbing murderer instead? She was arrested in November 2014. In the short period before her arrest, she went on to date two more men. Both appeared at her 135-day trial, describing Chisako as charming and a good woman.

### **Blood money**

Chisako Kakehi made about \$12 million in insurance and inheritance pay-outs left in her name by her dead husbands. But she does not have much of it as she lost most of it to bad investments.

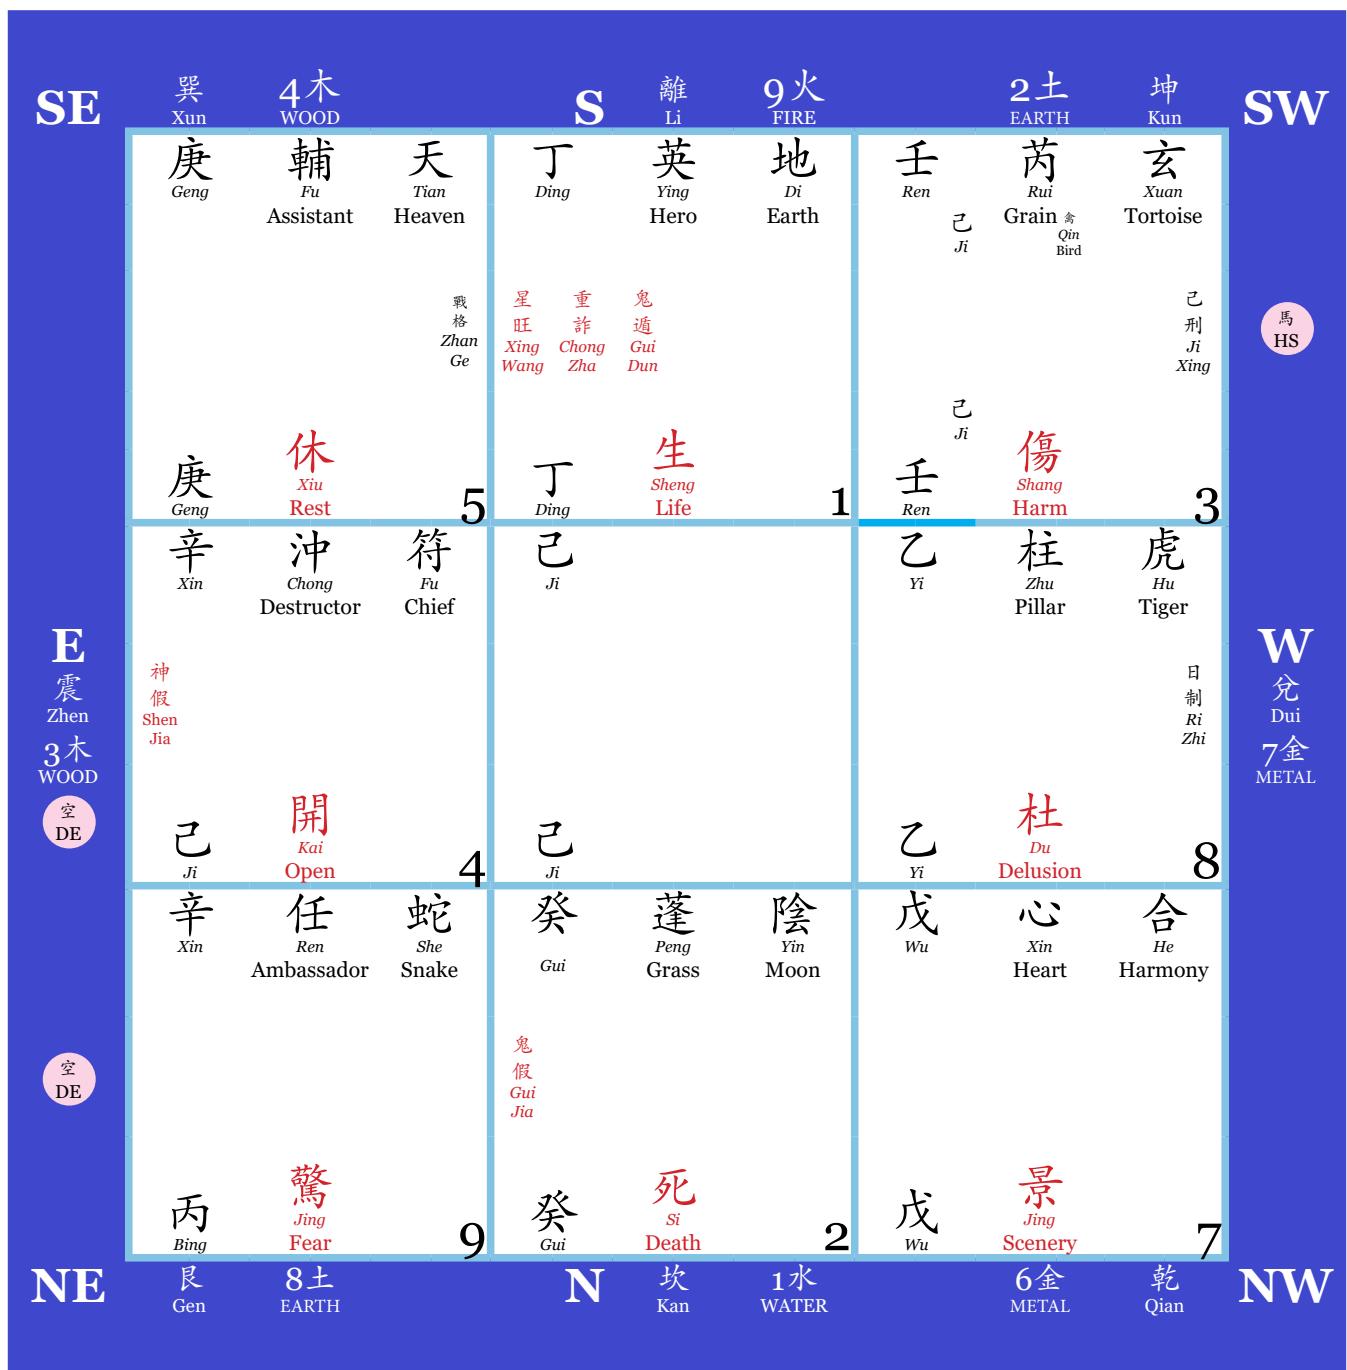

She was handed a death sentence. Her lawyer argued that she could not be held responsible as she had developed symptoms of early-onset dementia at the time of the murders. Judge Ayako Nakagawa said in the ruling, “It was a heinous crime driven by greed for money. The death sentence cannot be avoided even after fully taking into account dementia and other factors.” Judge Ayako Nakagawa further pointed out that Chisako “made light of human lives” as she repeatedly committed the killings, and she offered “almost no words of apology.”

### **Does Bazi predestine you to a certain life?**

No. It is more of the decisions and choices you choose to act on. Even though you may share the same Bazi Chart as Chisako Kakehi, you will not be a killer because becoming one is a choice. Yes, you may still marry many times and have marital affairs. Because of your cunning and shrewdness, your husband will give you half of his assets. You can charm your lovers into buying you a house or branded handbag. You will experience bad investments and lose most of your money, but you have a choice to learn from your mistakes and become a better investor.

Your destiny is not predetermined by Bazi. You have the power to create a better you!

# **QI MEN ANALYSIS: THE OUTLOOK FOR THE YEAR 2021**

To do a broad reading of world events or a yearly outlook, one can use the *Qi Men* Hour Chart or the *Qi Men* Year Chart. The selection of the *Qi Men* Hour Chart for this type of reading makes use of the Universe's affinity with the practitioner who is doing the reading. Often this will give an outlook or view of events that will be more personal to the practitioner. On the other hand, using the *Qi Men* Year Chart will give a broader view. There is no right or wrong way, just a practitioner's preference.

In this write-up, the *Qi Men* Year Chart is used.

The *Qi Men* 2021 chart is in *Fu Yin* formation except for the Doors. This indicates that there will be not many changes in 2021 if we were to compare it with 2020. Doors represent actions, production, and activities. Based on this information, we can conclude that there will be a lot of action taken by the governments, people or businessmen but there will be no results or improvement. In Metaphysics study, *Fu Yin* is regarded as a symbol of sadness and unfulfilled events.

When there is a *Fu Yin* formation, it is best to keep a low profile. Do not be the initiator. Instead, take a wait-and-see approach, responding to situations, events or requests as necessary. This is not the time to be contrarian, follow the crowd.

### **Power and Authority – The Big Brother (Grand Duke)**

In 2021, the Metal Ox year, the Grand Duke which is represented by the *Xin* Stem will be located in the East. This is a very important point to take note of for the year. In general, countries located in the East, such as China, Taiwan and Japan, are likely to have power and authority over others. This can be clearly seen in China's aggressive claims of sovereignty over the South China Sea. The strategic waterway has been at the centre of territorial disputes involving China, Vietnam, the Philippines, Taiwan, Malaysia and Brunei for decades. Amid the trade war, the US has upped the stakes by accusing China of being a bully over its unlawful claim over the South China Sea. Both sides have stepped up military drills in the contested waters which were not welcomed by the ASEAN countries.

### **Global Economy (乾 Qian Trigram)**

In general, the *Qian* Trigram represents the global economy. The *Fu Yin* formation in the Northwest Palace indicates a stagnation. Businesses and production will experience either declining, flat, or slow growth. There will be a lot of retrenchment and unemployment. Small to medium-sized businesses will face the crisis of having to shut down. People who still have their jobs will have little or no increment in pay and may have to take a pay cut.

### **Global Stock Market (Scenery Door)**

The formation at the Scenery Door Palace indicates a volatile stock market. There will be a lot of ups and downs in the stock market suitable for trading. However, at the end of the day, indices and share prices will average out and settle at the same levels. The volatile markets will baffle research analysts and economists. They can only attribute the volatile prices to the effect of the stimulus introduced by the governments.

### **Fire Industry (South Palace)**

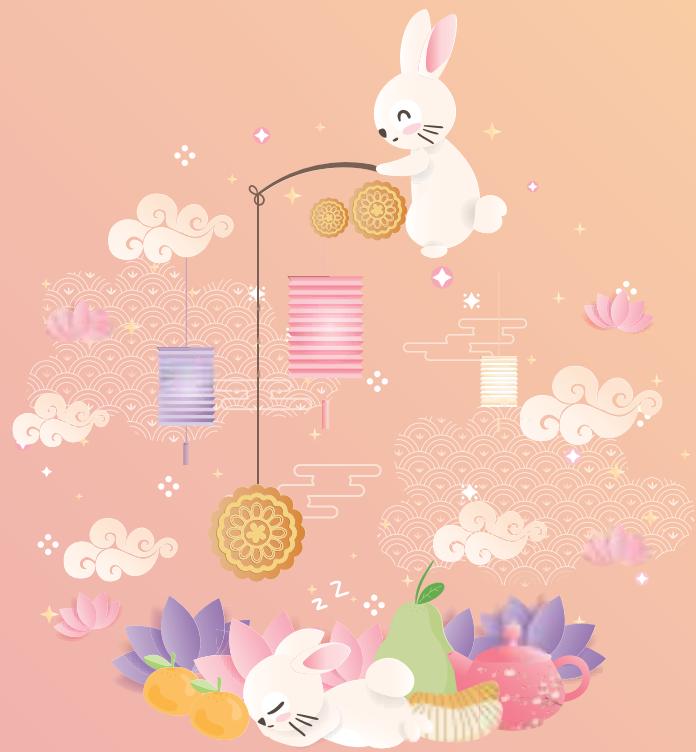

Despite the stagnation, some business will be doing very well. The Fire Industry will do very well compared to other industries. The Fire Industry includes technology, IT, AI, scientific equipment, game makers, food, and food processing related businesses. Metaphysics, energy healing, and spiritual businesses will also see an improvement in 2021.

### **Natural Disaster (Southwest and West Palaces)**

Countries in the West and Southwest such as the US and South America will be prone to natural disasters such as soil erosion, floods, hurricanes, and earthquakes. Countries in the Southwest will also face the worst of the pandemic in 2021.

How does the *Qi Men* review vary from the *Bazi* and Five Element analysis method for the year 2021? Keep this question in mind when you read the December 2020 issue of *Bazichic Magazine*.

## Asking for protection during Halloween

Since we updated a Hungry Ghost Festival-themed issue for the June 2020 issue, we thought that we should also touch on Halloween.

Similar to the Hungry Ghost Festival in Asia, Halloween is the time of the year dedicated to remembering the dead, including saints, martyrs and all the faithful departed in Western culture. Unlike the Hungry Ghost Festival, which lasts for about 2 weeks, Halloween is observed only for 3 days beginning on the night of 31 October.

The table below gives you the directions to ask for safety and protection from wandering spirits and ghosts as well as unscrupulous people. During this period, you can ask the Chief Deity for protection for children who are out trick-or-treating and adults who are attending Halloween costume parties or going out at night.

Ask for the protection with your back to the direction as listed in the table below.

**Table: Asking for protection from the Chief Deity during Halloween**

Date	*Direction
31 October 2020	Southwest
1 November 2020	West
2 November 2020	Southwest

\*This direction is based the Chief Deity direction from the Qi Men Day Chart, so you can do it at any time of the day.

# **QI MEN DUN JIA BING NOBLE ACTIVATION FOR WEALTH**

A friend recently shared her experiences using the *Qi Men Dun Jia Bing* Noble Activation for Wealth. She would like to stay anonymous, so I will just call her Mary. Mary made a wish to fully settle her home loan as she has been having difficulty settling her monthly instalments for quite a while. She had been laid off and has not been able to find a new job. So, the family has been solely dependent on her husband's earnings.

She has made the same wish several times since July 2020. When I checked with her about seeing the evidential occurrences after activation, she was not sure whether she had seen any.

She became very worried as her home was going to be auctioned off by the bank in August 2020 and her family would lose their home. Two weeks before the auction, she managed to get 50% of the loan amount. The money is from an investment she made 15 years back. She had long forgotten about it. She was surprised and happy to discover that the initial investment of RM7000 has grown much more than expected. She sold off the investment and used the amount to settle half of the loan. She expects to settle the other half of the loan in about four years time if she and her husband continue to pay the instalments on time.

Mary is very happy with the result even if only half of her wishes had come true. She will keep on making wishes using *Qi Men Dun Jia Bing* Noble Activation for Wealth. Hopefully, this will help her settle the loan faster.

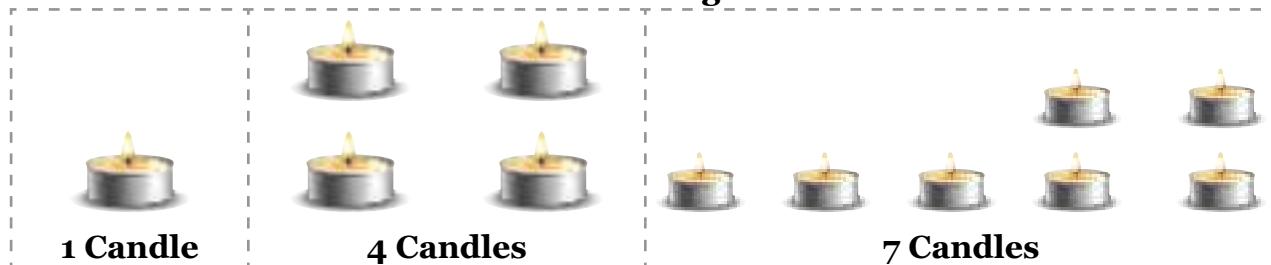

## **丙奇 *Bing* Noble Activation for Wealth**

In *Qi Men Dun Jia* study, 丙奇 *Bing* Noble represents unexpected wealth. Old generation Feng Shui practitioners will refer to *Bing* Noble as windfall luck. It is equivalent to the Indirect Wealth Star or Heavenly Wealth Star in Bazi study. So, the *Bing* Noble location is good for making wishes related to wealth matters.

## **Here is a step by step guide to do the *Bing* Noble Activation for Wealth.**

1. Follow the steps below if the activation of wealth is in the Southeast direction / sector.
2. Light a candle or 4 candles or 7 candles or place a burning charcoal stove in the Southeast sector of your home.

**Candles Arrangement**

3. Play some drum music in the Southeast sector.
4. With your back to the Southeast direction in the Southeast sector, write down your wish on a piece of yellow paper with a red pen.
5. Stamp the yellow paper with a personal stamp in red ink. See an example of a stamp below.

- If you do not have a stamp, stamp your thumbprint on the yellow paper in red ink.

- Stand or sit with your back to the Southeast direction in the Southeast sector. Make sure you are in a comfortable position and your mind is clear. Make your wish.
- After making your wish, burn the yellow paper.
- Bury it in soil at the base of a plant. Let your wish grow with the plant.

### **Evidential Occurrences**

Your wish will be successful if you experience the occurrences below within seven days:

When *Bing* Noble's residence in *Xun* Palace is activated, you will hear the beating of a drum, music, singing or arguments. If you encounter a person wearing red you will enjoy the windfall. If you encounter a raging fire, you will enjoy great fortune.

If you encounter a panicky person coming from the South direction, you will enjoy double gain and you will enjoy a rise in status and gain recognition in society.

### **Effect of this Wealth Activation**

This Wealth Activation is good for windfall luck, share market speculation and reaping higher profits in business. Refer to the table below for the auspicious dates of the *Bing* Noble Activation for Wealth.

### **Caution**

Avoid Three Nobles Activation in the Five Yellow (五黃) sector. In the year 2020, the Five Yellow is in the East sector. The *Bing* Noble activation in the Southeast sector is not affected by the Five Yellow.

## Making the best out of the last quarter of 2020

If the year of the Pig was difficult, the year of the Rat brought even greater turbulence. It has been an upsetting year for most people. People are going through tough times. Businesses closed for good due to the Covid-19 pandemic. Some opted to close for a long period to preserve their cash and capital. Either way, more workers have been retrenched since April 2020. The fear of further lay-offs hangs over every employee. Every country seems to have its own problems. Only a handful feel that they are doing okay for the year.

In these challenging times, Feng Shui activation plays an important role in bringing a Nobleman's help to establish stability and to ensure that everything runs smoothly.

### Sectors with Auspicious Qi

Qi is like Wi-Fi! Some areas of your home or office will have better reception and more positive

connectivity than other areas. Feng Shui activation simply means to make the energy flow continuously and actively. Activation on auspicious dates enhances the positivity of the Qi. We do not like it when Qi becomes stagnant.

Below is a recap of the auspicious sectors in 2020.

### **Southwest**

The No. 4 Green Star bodes well for people who want to acquire knowledge, skills and talents. This star also promotes romance and good affinity with people. This star can bring wealth to people such as authors, researchers, writers, journalists, actors and actresses.

### **West**

The No. 9 Purple Star brings investment gain. The star, a secondary wealth star is also known as the 'happiness star'. The sector also coincides with the Sky Happiness Star that brings good news and good health. If you want to ensure stability in your future income or get a promotion, then activate the West sector.

### **Northwest**

The No. 8 White Star brings wealth. It is known to bring steady cash flows to occupants. The star has a slow effect. It is suitable for people who earn a monthly salary. The star also brings stability during these uncertain times.

### **Northeast**

The No. 1 Nobleman Star represents noble people, wisdom, knowledge and connections. Wealth comes from connecting with the right people. If your achievements greatly depend on people, this sector is for you.

### **Southeast**

The No. 6 White Star represents authority, power, influence and the ability to execute a plan. For employees who fear being laid off, activation of this sector will make you indispensable.

### **How do you activate Feng Shui in the auspicious sectors?**

1. The best way is to use the auspicious space as often as possible, such as using the sector as a working area, sleeping room or main door.
2. Another common Feng Shui activation method is the placement of a large pail of water with an air pump in the auspicious sector.
3. A fan can also be utilized to activate Feng Shui in the auspicious sectors.
4. If you are spiritual, you can activate the auspicious sectors by lighting candles and making wishes based on the Qi Men Dun Jia auspicious dates, times and location/direction.

### **Auspicious Dates and Times for Activating Feng Shui**

If you are experiencing a tough time, below are some auspicious dates to help you ride through this challenging period. If you are doing well, you can use this activation to enhance your opportunities further. These special auspicious dates are selected based on the Great Sun Formula.

Date	Time	Location	Conflict
29 Oct 2020	09:30	Southeast 1	Pig
28 Dec 2020	07:30	Southwest 1	Pig
27 Jan 2021	19:30	West 2	Snake

## VISITING THE CEMETERY

A cemetery can be an eerie place to visit. At least, this is what most people think. When my friends heard that I had to undergo training in the cemetery, they gave me weird looks and asked, "Why aren't you afraid of visiting the cemetery?" Well, for one, I do not subscribe to any taboos relating to cemeteries. However, the friend who brought me to visit these modern cemeteries is more sensitive to the Yin Qi than I am. This is because she is an energy healer. While I happily explored the cemeteries, my friend will usher me away from certain parts of the cemeteries when she felt that the energy was not right.

If you do have the chance to pay a visit to the latest Nirvana Memorial Park, you will change your perception of cemeteries. The park resembles the Chinese oriental villas of old, with beautiful landscaping, lakes, sculptures, and scenery. It is perfect for those who want to have a feel of the grandness of the olden days, if you can overcome your fear of cemeteries to pay a visit. I have been a bit of a cemetery tourist, having visited the Nirvana Memorial Parks in Klang, Semenyih and Shah Alam.

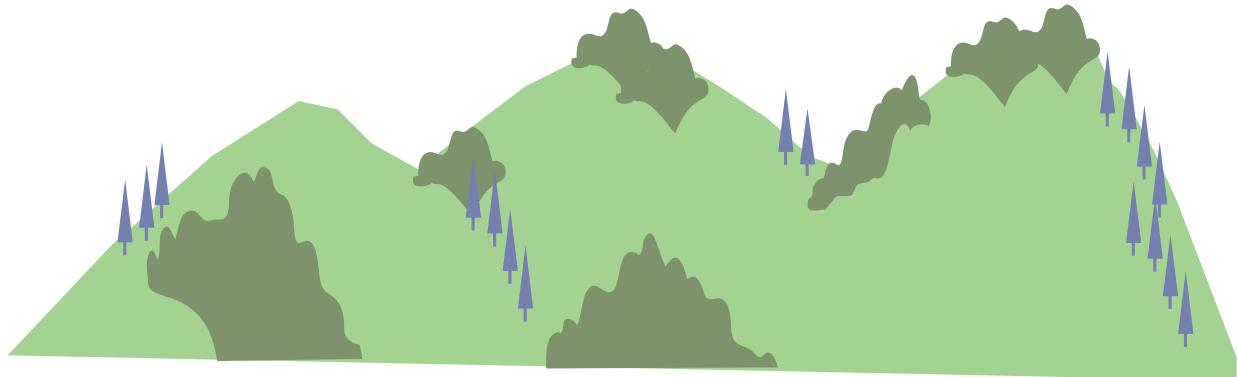

In this article, I want to talk about the Klang Nirvana Memorial Park. The Klang Nirvana Memorial Park is a flat land dragon. Its formation is known as "A lion sitting down to drink water." The Qi of this formation is regarded as positive and merciful. There are mountains to the left and right forming embraces that ensure that Qi is retained in this area.

It was a sunny day. As I walked further into the cemetery, I saw a "Huge Door Mountain" which brings great wealth. The mountain is not very high and is within eye level. To the

back of it are another layer of mountains. One of them forms what we call the “Pen Holder” Mountain. This mountain brings good academic skills and intelligence to the descendants of the people buried here.

**Huge Door Mountain (Earth Element) brings great wealth.**

**Pen Holder Mountain brings knowledge and wisdom.**

There is a Black Tortoise mountain backing the memorial park making it an ideal place for burial. Based on the choice of burial plots chosen, one can tap into all the positive Qi of the two mountains at different levels. The descendants can either get more knowledge or more wealth luck.

If you are still single, you may want to read the Feng Shui highlights in our next issue, Sheng Ji, which is about tapping into the Qi of the land and external landform activation that can improve one's life in terms of health, relationship and wealth.

## CORE CHARACTERISTICS

### (壬 REN WATER DAY MASTER)

There are altogether Ten Gods arising from the two different polarities (Yin and Yang) of the Five Elements' interaction with the Day Master. Each of these Five Elements supports, destroys, controls, or exhausts one another. In the previous issues, we have shown the characteristics of the Ten Gods. Moving forward, we will be exploring how we can derive the core character of a person, or structure of the Bazi Chart, based on the interaction of the Earthly Branch Element of the Month Pillar with each Day Master.

In this issue's Bazi 101, we want to explore the core character of the Yang Water (壬 Ren) Day Master born in different months. The core character of these Yang Water Day Masters is derived from the element in the Earthly Branch of the Month Pillar (refer to Table 1 below). There are altogether twelve Earthly Branches representing twelve months. Each Earthly Branch usually contains one to three Elements known as the Hidden Stems. The Hidden Stem represents the main Qi and sub-Qi of each

Earthly Branch (refer to Table: The Seasons and the Earthly Branches on page 68 to find out more about the Elements inside each of the Earthly Branches).

When the sub-Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this sub-Qi. The person's core character is represented by the Ten Gods of this sub-Qi.

When the main Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this main Qi. The person's core character is represented by the Ten Gods of this main Qi.

If there is no main Qi or sub-Qi of the Month Branch appearing on the Heavenly Stem, then the structure of the Bazi Chart follows the main Qi. The person's core character is represented by the Ten Gods of this main Qi.

## FACE READING: A SERIAL KILLER

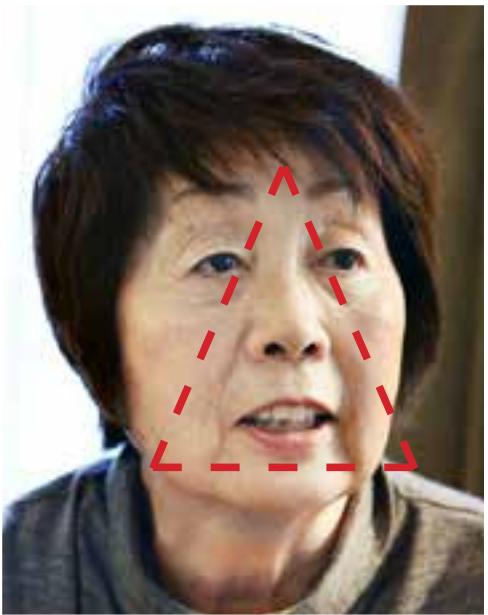

**A**re there distinctive facial features that indicate a serial killer? Below are the photos of Chisako Kakehi at a young age and at 70 years old.

**A Younger Chisako**

**An Older Chisako**

**Triangle-Shaped Face**

Chisako Kakehi possesses a triangle-shaped face which is of the Fire Element. People with Fire element faces are usually charming and make good entertainers. However, her cheeks are chubby. Her jawline is fleshy. Chubby cheeks and a fleshy jawline are of the Water Element. In the study of Chinese face reading, a clash of elements indicates a confused character. The person does not have clarity in life and often makes mistakes.

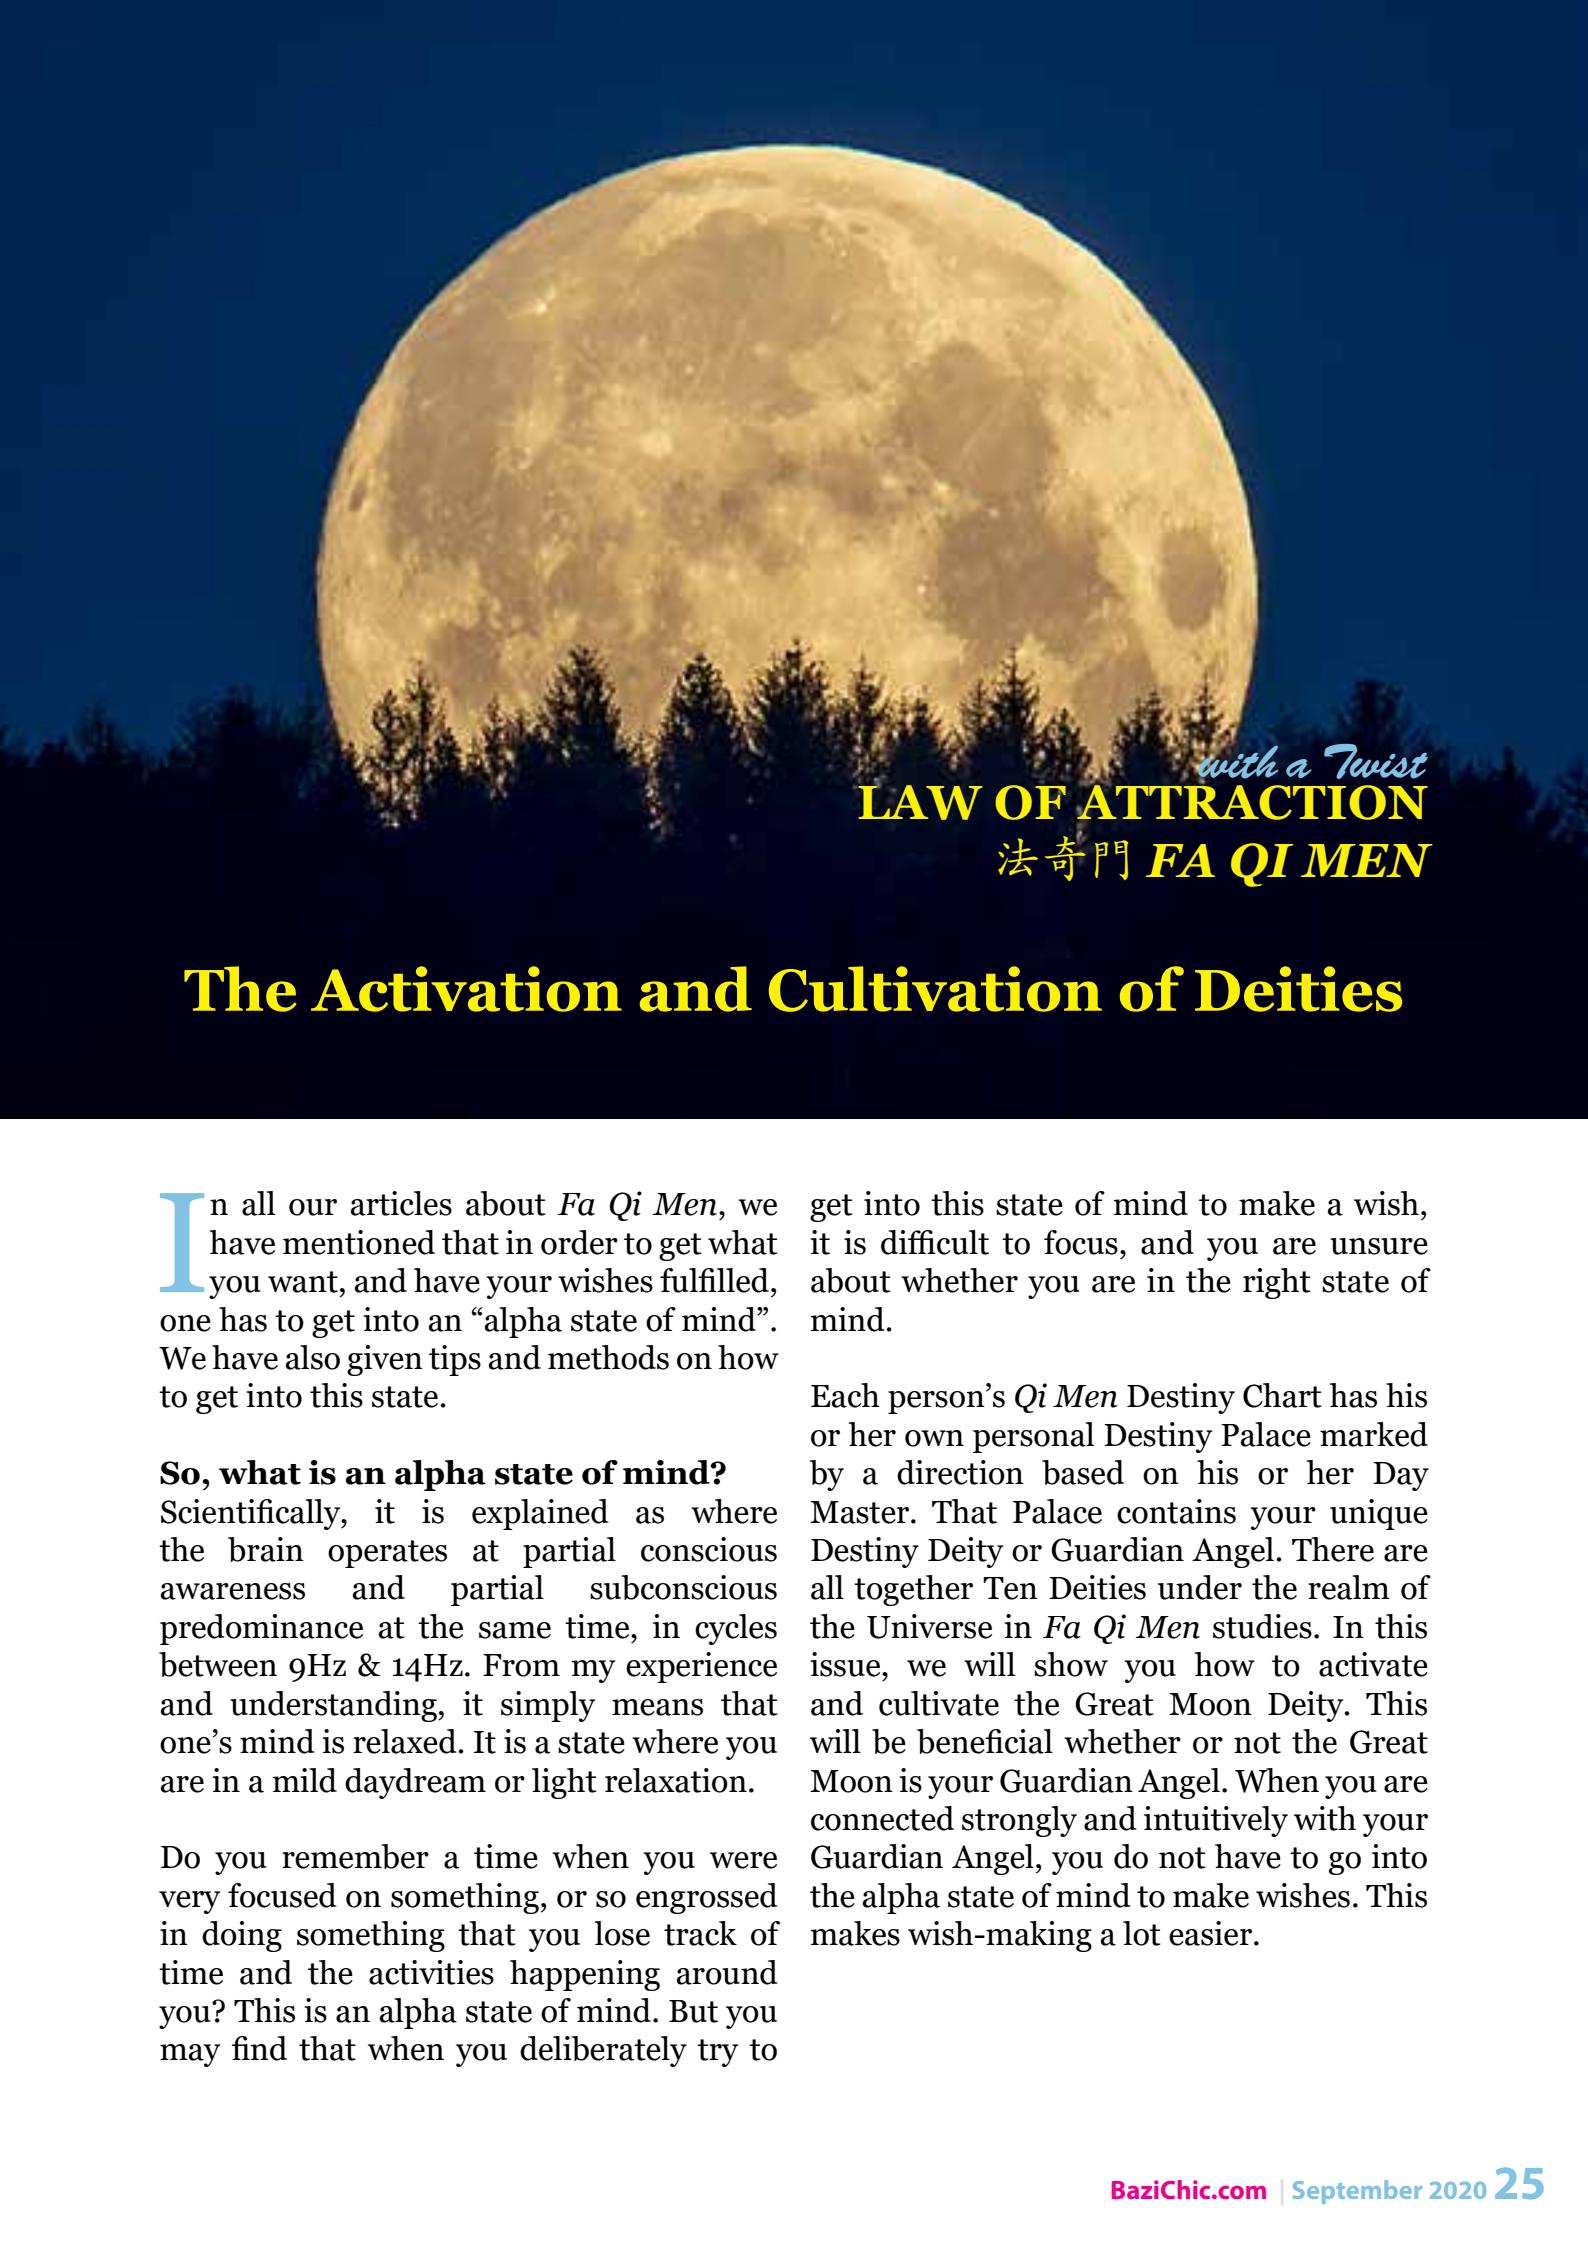

Chisako has droopy eyelids especially on the right eye, as shown in the photo. Unbalanced eyes usually indicate an emotional and dramatic character. People with droopy eyelids will usually come off as being smart when in fact, they only have limited knowledge. They are keen observers of certain topics, but they do not have in-depth knowledge about many things. Sometimes they seem to have a split personality. This is because they can turn on their charm, appear extroverted

and make people like them. However, most of the time they are reclusive.

Overall, Chisako Kakehi has thin lips. Women with thin lips are known to be lone wolves, selfish and mean. They are also unreliable and like to carry tales. They may not be as well-versed in relationships and depend on their partners to set the direction of the romance. Although Chisako has thin lips, her lower lip is slightly fuller than the upper lip. A thin upper lip and thick lower lip suggest that the person is in a position of service because they are dependent on benefactors. This was what Chisako most probably felt about herself, a servant to her many husbands and not a respected wife. With no working skills, she can only depend on her spouse for financial support, but she is not happy with her marriage or in love with her husbands or lovers. Depending on financial support from men has become a way for her to earn fast money.

A young Chisako had a broader forehead. She is known to be intelligent and good at her studies. But her father did not support her to further her studies. Instead, he married her off as soon as he could. Her Parent Palaces, which are located on both sides of the forehead are covered by her bangs, which are parted in the middle. As people grow older, they will usually develop a receding hairline which will make the forehead appear higher. However, Chisako's forehead is barely visible, due to her hairstyle and seemingly higher eyebrows. The forehead represents a person's wisdom and intelligence. People grow wiser as they age. In Chisako's case, ageing did not seem to make her any wiser. Hair can be your crowning glory or an indication of your diminishing wisdom and intelligence.

If you Google her, you will notice that her dark eyeballs are looking towards the side in most of the photos. This is known as one of the many types of "Wolf Eyes" in Chinese Face Reading. The eyes are constantly on alert for prey or for an attack. This is also a sign of a shrewd and ruthless person. If you look at photographs of serial killers and many other sociopaths, they have this type of eyes.

**法奇門 FA QI MEN**

## The Activation and Cultivation of Deities

In all our articles about *Fa Qi Men*, we have mentioned that in order to get what you want, and have your wishes fulfilled, one has to get into an “alpha state of mind”. We have also given tips and methods on how to get into this state.

### So, what is an alpha state of mind?

Scientifically, it is explained as where the brain operates at partial conscious awareness and partial subconscious predominance at the same time, in cycles between 9Hz & 14Hz. From my experience and understanding, it simply means that one’s mind is relaxed. It is a state where you are in a mild daydream or light relaxation.

Do you remember a time when you were very focused on something, or so engrossed in doing something that you lose track of time and the activities happening around you? This is an alpha state of mind. But you may find that when you deliberately try to

get into this state of mind to make a wish, it is difficult to focus, and you are unsure about whether you are in the right state of mind.

Each person’s *Qi Men* Destiny Chart has his or her own personal Destiny Palace marked by a direction based on his or her Day Master. That Palace contains your unique Destiny Deity or Guardian Angel. There are all together Ten Deities under the realm of the Universe in *Fa Qi Men* studies. In this issue, we will show you how to activate and cultivate the Great Moon Deity. This will be beneficial whether or not the Great Moon is your Guardian Angel. When you are connected strongly and intuitively with your Guardian Angel, you do not have to go into the alpha state of mind to make wishes. This makes wish-making a lot easier.

## **Great Moon Deity**

### **Keyword: Wise and Knowledgeable**

The Great Moon Deity's special ability is storing and making use of knowledge. Those who have this Deity as their Guardian Angel have a special ability to discover hidden secrets and are intuitive where information and knowledge are concerned. The Great Moon Deity also represents beauty, immortality and eternity. Those who have this Deity as their Guardian Angel are intelligent, wise and good-looking. They are enlightened individuals. When a person has the Great Moon Deity as a Guardian Angel, he or she may live longer too. They give off a vibe of mystery which attracts people. Those who cultivate spirituality and metaphysics knowledge sometimes cause unknown fear in others. Those who have this Deity are quite friendly and they make a loyal friend. The Great Moon is also known as the Nobleman Deity. The Deity can help you connect with the right information and resources, thus, presenting you with opportunities. The current technology trends heading towards artificial intelligence powered solutions are part of the Great Moon aspect.

Wishes will be more easily fulfilled, and you will get results faster when you ask your Destiny Deity for help. Here are some fun ways to activate and cultivate your Great Moon Deity daily.

#### **1. Make a wish in the direction of your Destiny Palace**

Each person has a strong connection to the energy of the Universe in a certain direction based on *Fa Qi Men* practices. This direction is the direction of your Destiny Palace. Your Guardian Angel or Destiny Deity resides in your Destiny Palace. When you make wishes with your back to this direction, wishes will be fulfilled more easily. Every time you make a wish in the direction of your Destiny Palace, you are activating and cultivating the Qi that connects you to the Universe.

#### **2. Meditate and focus on the Crown chakra**

The Great Moon Deity represents knowledge. The Crown chakra can represent the Great Moon Deity. The Sahasrara or Crown chakra is located at the very top of the head. This chakra is your connection to the Divine. It represents wisdom, intuitive knowing, spiritual development, selflessness, universal higher consciousness, knowledge, understanding, consciousness, memory, and information. This chakra is responsible for the development of your attitude, beliefs, faith, values, conscience, courage, and humanitarianism. The chakra also brings change and transformation through knowledge. With a healthy Crown chakra, you will enjoy a meaningful life.

#### **3. Challenge your brain – every day**

Make sure that you attempt an activity that requires thought every day. It can be a puzzle, mathematics or scientific games. This can keep your brain active and help to improve your memory.

#### **4. Do something new or learn something new**

Every time you try something new, your brain is making new connections and storing information. Try as many different activities and adventures as you can. These new experiences are excellent ways to improve your brain capacity.

#### **5. Exercise regularly**

Physical exercise is as important as exercising your mind. Exercise makes the blood flow faster, supplying more oxygen and glucose to the brain. This makes it easier for additional grey and white matter to develop. The grey and white matter of the brain are the regions that process, connect and store information.

## **6. Get plenty of sleep**

Yes! Getting your beauty sleep not only makes you more youthful but also more intelligent. The deepest level of meditation occurs when you are sleeping. It is essential for refreshing the mind and enabling you to feel renewed. This produces a delta brainwave pattern. Like exercise, it helps to grow and expand the grey and white matter in your brain.

## **7. Read! Read! Read!**

Develop a reading habit. The more you read, the more enlightened you become. No matter what you want to do or become, you cannot do it without more knowledge. Reading is an excellent way to get where you want to go. Reading also improves your memory, your analytical skills and helps you to write better.

## **8. Learn to play a musical instrument**

When you play an instrument, you employ a vast area of your brain at once. You use your visual, auditory, and physical capacities while playing an instrument, using up tons of cognitive

processes simultaneously. Hence, playing musical instruments will improve your brain function and in turn improve your intelligence.

## **9. Food for Thought: Eat Smart**

Certain foods contain nutrients proven to enhance brainpower. To keep your mind in peak condition, pack your fridge with these supercharged, brain accelerating wonder foods:

- a) Avocados.** Avocados are bursting with premium fats. It constitutes a high-octane brain snack.
- b) Salmon.** This fish offers a different type of brain-loving fat – omega-3 fatty acid. Omega-3 is one of the main structural components of your brain's neuron cells' membranes.
- c) Nuts.** Nuts are a good source of omega-3 fatty acid and vitamin E. Vitamin E improves memory and verbal functions.

We hope you have fun cultivating the Great Moon Deity as your Guardian Angel! This is the last part of the Guardian Angels series.

November will be a stable month for many Pig people. Pig students will do well in their examinations while employees and businesspeople will experience an increase in income.

### Rat

The Rat people will get irritated easily or tend to worry unnecessarily. Rat people will get into conflicts, arguments, and fights with their bosses. They need to control their tempers. Rat people will achieve more if they maintain harmonious relationships in the workplace.

### Ox

The Oxen can look forward to a peaceful month if they tread carefully. Double check all your work. You will tend to make mistakes this month which will result in a big issue later. This is not a good month to delve into love matters. Oxen should enjoy being single.
