# Message from Editor

Dear Reader,

This issue finds us with mixed feelings. Parts of the world like the US and the UK are returning to some semblance of normalcy as vaccinations hit critical mass. However, the virus is breaking out in other parts of the world like India and Malaysia, due to lax controls. Worryingly, countries like Taiwan and Singapore, known for their quick response to the virus are also facing outbreaks and implementing lockdowns, indicating that our battle with the virus is not yet over.

However, vaccinations are rolling out the world over, so we are moving slowly and surely towards herd immunity. In the meantime, we look at ways we can use Chinese Metaphysics to stay mindful and positive and to do our best under difficult circumstances. We hope that you stay healthy and stay well until we meet again. Take care.

Love,  
Eu Geen

## MENTAL HEALTH AWARENESS

The COVID-19 pandemic is challenging us in ways we could never have imagined. As the world continuously progresses, it underwent several industrial revolutions from mechanization, mass production through to automation. We are now in the fourth industrial revolution, artificial intelligence. After the introduction of mass production, the world has been continuously working on the Yang Energy side of Tai Chi. It has never really slowed down since recuperating. This is because when the economy contracted and businesses declined, governments would come up with stimuli to push for further progress.

The COVID-19 pandemic has brought this situation to a stop in 2020. In this short period of a year, the world has taken a 180-degree turn. Everything now works on the Yin Energy side of Tai Chi. The COVID-19 pandemic seemed to have given Earth and mother nature a chance to take a break and recover. The sky was bluer. The air was cleaner. However, we humans felt broken. Because we are so used to a fast pace of life, we don't know what to do when things slow down. People were also burdened either by their financial situation, or the large amount of free time they had during the lockdown. People felt depressed, not by what is happening to them, but by what is happening around them. They felt stuck.

If you are feeling depressed or stuck now, it could be because:

1. You mismanage your time.
2. You mismanage your emotions.
3. You mismanage your resources.

## Time

You may have more time on your hands than usual now. You may be working from home and have freed up commute time. You may have been laid off and no longer have a job to keep you busy. You don't know what to do after a while and now that you no longer have work to occupy your mind, you are filled with worry.

What do positive people do? Positive people take action that is within their control. For example they may decide to take up a job that is not comparable to their previous one, such as the many who joined the gig economy. One prominent example is the top Japanese fencer, Ryo Miyake, who won a silver medal in the 2012 Olympic Games. He has temporarily swapped his athletic career to ride a bicycle and wear a backpack as a Tokyo UberEats delivery man. He says the job keeps him in shape physically and mentally. It also brings in much-needed cash. He uses his UberEats earnings as a way of keeping score to keep himself going. While the Japanese media depicted Miyake as a poor amateur struggling to make ends meet, he has asked his three corporate sponsorships to be put on hold. No one knows how long this pandemic will last. For him, accepting the sponsors' money and pretending that everything is okay is simply irresponsible.

**Table: Zodiac Signs That Tend To Mismanage Their Time**

<b>神殺 Star</b>	暴敗 Brutal Defeat	白虎 White Tiger 浮沉 Instability	歲刑 Year Punishment 福德 Fortune Virtue

If you have the zodiac signs in the table above, you may be prone to mismanaging your time.

### Emotion

You may be busy with work and life despite this pandemic. If so, you are actually lucky to be in the group least affected by the pandemic and may even be a beneficiary of the pandemic. But you still worry despite strictly following the COVID-19 preventive measures.

As news of the India COVID-19 tsunami hit, you might be thinking of getting an oxygen generator for your home in view of the rising COVID-19 cases in your own country. This is a positive action. Bravo! However, you then talk yourself out of it. You ask yourself, what if after purchasing the generator, your family will not need to use it after all. This is a waste as the machine can be quite expensive. There are many ‘what-ifs’ going through your mind. Or, you are only now registering for vaccination. However, you are still thinking of the bad side effects of all the vaccines. In the meantime, the number of COVID-19 cases has already spiked to another record high.

Is your zodiac sign one that will easily get depressed in 2021? The following zodiac signs will tend to mismanage their emotions, so do stay mindful. A healthy snack can also help you to stay positive (refer to Eat your way to Positive Thinking on page xxx).

## Resources

Those who are hit the hardest by the pandemic are the ones who have mismanaged their finances. This pandemic is especially hard on those who over-expanded their credit during the good times and now must pay for it. Businesses are closing because of cash flow problems. A lot of people became burdened by loans when they suffered a pay-cut or when they were laid off. They are hoping for more loan moratoriums or monetary assistance from the government.

Mismanagement of resources are problems that can be easily overlooked or ignored during good times. Its severity is often realized too late. At this point, we can only try to resolve the problem. You might want to ask in the future:

“Is it a good idea to take a 100% loan?” when taking a loan for the next round.

“Do I want to take another long-term loan to buy another house?” even though it is for investment purposes.

“Can I do without certain things in life?”, like another handbag or another pair of shoes.

Besides money, health is also an important resource. Have you taken good care of your health? When was the last time you exercised? Do you get enough sleep every day?

Here are the zodiac signs that are prone to mismanaging their resources this year.

As we know we are in different boats in this COVID-19 storm. Some zodiac signs may have more than one management problems as shown in the three tables. Everyone will go through different experiences. By being aware of our shortcomings due to the influence of the yearly energy, we can manage our thoughts, emotions, time, and resources better.

# EAT YOUR WAY TO POSITIVE THINKING

**R**esearch has shown that our daily diet not only affects our physical health but also the way we feel. Improving your diet will also improve your mood and give you more energy. This is because certain foods contain nutrients that help your brain to create and release chemicals that can impact your mood, attention and focus. Some food can also zap your energy.

Hence in the traditional Chinese medicinal (TCM) practice, healthy food is regarded as medicine. Similar to Chinese Metaphysics, the Five Elements play an important role in TCM practice. In TCM studies, the five organs, i.e., the liver, heart, pancreas (including the spleen), lung, and kidney, are categorised according to the Five Elements; Wood, Fire, Earth, Metal and Water. Each of these organs is related to an emotion according to the Five Elements.

External forces and the events that happen around us will affect every person differently. This is because each person's Bazi Chart contains different combinations of the Five Elements. As reported in the news, the COVID-19 pandemic had also affected people emotionally, impacting their mental health. The most widely reported and expressed emotions in the news and media during the pandemic are anger (Wood), rage (Fire) and depression (Metal). However, not everyone will react in the same way as we are not in the same boat.

If you would like additional ways to stay positive during this pandemic, you can try to use your diet to help stabilise your emotions. Check out the below to identify the best foods to help with your current emotional state.

# How To Stay Calm, Happy and Positive

We have mentioned in the earlier article on page 5, that awareness is important to better manage our thoughts, emotions, time, and resources. In Feng Shui studies, you can use the annual Qi influence to identify locations that can help you stay calm, happy and positive while you try to manoeuvre out of this tough time.

Here is a quick rundown on harnessing the positive Qi in auspicious sectors.

## 歲德神 Duke Virtue

### 歲德合神 Duke Virtue Combo

In 2021, **Duke Virtue in the South 1 sector or Duke Virtue Combo in the West 3** will help you ward off negative thoughts. You can sit in this sector when you contact your support group, family or buddies. Share your feelings and your thoughts with them. It is best to do it on a 'Remove Day' (refer to the Good Date Planner in eTongShu to find a 'Remove Day'). You can also look-up an auspicious time, such as the Nobleman Hour, to have a heart-to-heart talk with your support group, family or buddies at the South 1 or West 3 sector. Refer to the Abundance Planner to find the hour of the Nobleman Star.

Video chat friends and family at South 1 or West 3 sectors.

## 龍德星 Dragon Virtue Star

In 2021, the **Dragon Virtue in the Southwest 3 sector** can help you clear obstacles and challenges. You can sit in this sector to prepare your resume if you are hunting for a job. You can also sit in this sector to contact the relevant parties to resolve your problem or get approvals for

loans or grants. The best day to do it is on an ‘Open Day’ (refer to the Good Date Planner in eTongShu to find an ‘Open Day’). You can also find an auspicious time, such as Green Dragon Hour to clear your obstacles at the Southwest 3 sector. Refer to the Abundance Planner to find the hour of the Green Dragon Star.

Work at South 1 or Southwest 3 sector.

### 太陽 The Sun

In 2021, the **Sun Star in the Northeast 3 sector** can help you stay mentally positive. You can take a nap in this sector, read a motivational book or listen to soothing music. The best day to do this is on a ‘Stable Day’ (refer to the Good Date Planner in eTongShu to find a ‘Stable Day’). You can also look-up an auspicious time, such as the hour of the Bright Hall Star to carry out your activities at the Northeast 3. Refer to the Abundance Planner to find the hour of Bright Hall Star.

Grab a book and read at Northeast 3 sector

Cook your favourite recipe at Northeast 3 sector.

Paint a picture at Northeast 3 sector

Practise an instrument at Northeast 3 sector.

## 福德 Fortune Virtue

In 2021, the Fortune Virtue Star in the Northwest 1 sector brings good health, happiness and peace of mind. You can take a nap in this sector or do simple exercises. You can start these activities on a ‘Success Day’ (refer to the Good Date Planner in eTongShu to find ‘Success Day’). You can also look up an auspicious time, such as the hour of the Life Generating Star, to carry out your activities at the Northwest 1. Refer to the Abundance Planner to find the hour of Life Generating Star.

Relax at Northwest 1 sector.

Meditate at Northwest 1 sector.

These five sectors can help you stay positive during these tough times.

## Special Shen Sha for Tao Manifesting

**H**ave you ever wondered why what you think will come true some of the time? Or why sometimes, our wishes and manifesting activities are fulfilled easily and at other times they are not? Some attribute this to abundance blocks.

### **What is Abundance then? Why are there blocks to Abundance?**

The word abundance originated from Latin – ‘abundantia’. Abundance simply means having plenty, or a large quantity of something. It is the innate nature of human beings to manifest, grow, create and become more. New things are being constantly invented such as new technologies and new industries. The Universe is constantly creating new things. New stars are constantly born, new trees sprout from seeds, babies come into the world, and new sources of energy are discovered.

However, people often associate money with abundance. When people suffer financially, spiritual healing consultants will attribute it to abundance blocks which relate to many things such as emotions, beliefs, mindset, habits and self-image. Not only that, but they will also relate it to your body, your environment, and your relationships. There are many theories out there on the best way to identify and clear these blocks.

While it is true that every person may have certain issues with wealth management, in Chinese Metaphysics studies, we believe that there are specific times and places for everything. The Chinese term of abundance

is greatly associated with the “五福 Five Blessings.” The Five Blessings include:

1. 壽 – enjoying good health and longevity
2. 富 – wealth
3. 康寧 – a peaceful and happy life (this also means that you have a good affinity with people and interpersonal skill)
4. 倣好德 – a moral and virtuous character
5. 考終命 – a peaceful death

There is a certain energy on certain days that will attract abundance and support your manifesting activities. In the Shen Sha studies, there are many stars that can help you attract abundance in life through manifesting and making wishes. One of these stars is the annual star, 五富 Five Prosperity Star. This star resides at the Monkey zodiac in 2021. Hence, every Monkey (申) day in 2021 contains the Five Prosperity Star. Thus, on a Monkey Day, it will be easier to manifest and make wishes thanks to the influence of the Five Prosperity Star.

You can make your wish with your back to the Chief direction (refer to the Monthly Qi Map or the Jia Day Qi Map for the Chief direction). Besides the annual star, there are also monthly stars that support wishes and manifestation as set out in the table below.

# THE SIXTY PERSONALITY TYPES OF CHINESE ASTROLOGY

The ten basic Personality Types of Bazi are based on one's Self, the equivalent of a Soul. Each Self (also known as the Day Master) is specific, with a distinctive set of characteristics, starting from appearance, through to inherent talents and other abilities, to certain meridians - that also point to strong and weak organs and body parts, specific health issues, etc.

The Ten Selves are based on the Ten Heavenly Stems: basically, Five Elements in the Yin or Yang state. Knowing one's Self is the first and most basic step on the path of self-discovery, because the Self is our true nature, that we have to LIVE.

For example, if you are a Bing Fire person, and you do not like to shine but are instead gloomy, pessimistic, and isolated, you are not only not living to the highest potential of your Self – you are not in tune with the most basic characteristic of your Personality Type!

When talking about Bing individuals, Facebook and Instagram star, MD Mikhail Varshavski, is a great example of a person who really lives their Self. Dr. Mike is an accessible, charming and funny person who laughs easily, and who cares for others. He is generous when it comes to providing advice about health, and he is able to explain complex medical issues with humour and lightness – all attributes of the Bing Fire Self.

His appearance is typical for the Bing people: he is elegant (as a Fire person is), he takes care of himself (goes to the gym), he cares about people, and he likes animals (always taking pictures of his two dogs). He also likes challenges because this is how the Bing Self grows.

## From Ten to – Sixty

Although the Self is the main reference point of Bazi analyses because everything happens to the Self, we do not rely only on the Self to understand one's personality and choices.

To understand all the complexities of an individual's life, we have to evaluate the Self in tandem with the Day Branch and birth season (the main Qi of the birth month). When it comes to Stems and Branches, since these combine with other Stems/Branches in a specific Yin-Yin and Yang-Yang pattern, we will end up with sixty unique pillars known as Jia Zi.

Each of the sixty Jia Zi shows a certain Self sitting on a specific Branch; this unique combination is also the source of the sixty personality types of Chinese Astrology. However, these combinations, or pillars, also differ depending on the season and interactions with other Stems/Branches. Sometimes the strongest Element supports the Self, but other times it does not - which defines the life path of each Self more precisely.

Furthermore, the concept of Sixty Personality Types shows many layers. One of these layers is Ten Gods, because the Self always sits on a certain God: EG, HO, IW, DW, 7K, DO, IR, DR, F or RW. This also defines the Self's interests and abilities, affecting not just the individual's habits, but also the different facets of his or her life - such as romance, family and career. In such a way, the Earth Ox pillar shows the Self *Ji* sitting on the Friend Star. However, Hidden Stems here also show the presence of the Wealth Element - hence it is said that a *Ji Chou* (Earth Ox person) has an inherent affinity with money (wealth abilities). The same goes for *Gui Si* people, *Ji Hai*, and so on.

And while certain individuals "sit" on their Wealth or Friend star, the others "sit" on their Resource, Output, or Influence star. For example, Dr Mike's Bazi chart shows that his Self sits on DO, which makes him a responsible and rule-abiding person.

### Specific Personality Types

Certain Pillars also stand out for other qualities. For example, *Ding Wei*, *Wu Zi*, *Ji Chou*, and *Bing Wu* are part of the group of pillars known for their elegance and impeccable taste. On the other hand, there are totally different types of people, whose Day Pillar belongs to the group known as *Fui Gong*. These individuals are well known not only for their strong vitality – but also for their tough nature and fighting spirit. Furthermore, there are also some pillars that belong to individuals who feel self-sufficient and quite good about themselves. Examples of such pillars are *Ren Wu* – Water Horse and *Ding Hai* – Fire Pig.

In addition, to fully understand one's personality, talents, and life path, we have to use Shen Sha.

Shen Sha are specific Stars that bring unique qualities to one's personality and life. For example, sometimes the Self sits on an Intelligence Star - a sign of quick thinking and fast learning. When the Self sits atop a Nobleman Star, this points to a person who will help others on many occasions: with advice or by just being present and listening.

On the other hand, when the Self sits on a Loneliness Star, that indicates that a person might feel lonely, regardless of the presence of others in their lives (in such a way, this Star can negatively affect one's relationships).

### The Static vs. Dynamic

Luck is about the cycles and changes.

Some years bring opportunities, happenings, or people we need, positively affecting our health, relationship, and wealth. However, some other years deliver challenges and changes, like with clashes, harms, and specific combinations – or due to the appearance of *Fu Yin*, *Fan Yin* and *Kong Wang*.

When it comes to one's long-term luck, it is certain that a person will meet their Nobleman at least once in twelve years – when they will receive help, support, or spiritual guidance. In the same time span, an individual will meet their Sky Horse, Intelligence Star, etc.

– and these Stars will influence the way they feel and think, giving birth to a desire to travel or the sudden wish to master some new knowledge. For example, 2022 is the *Yin* (Tiger) year, and it brings the Intelligence Star to *Ren* Self individuals, but it is also a Sky Horse year for those born on the Monkey, Rat and Dragon days!

In the same manner, from 2020, Metal Self people (*Geng* & *Xin*) are due to enter the three years of Wealth luck, which typically bring wealth opportunities...

## Show me your Badge!

A video clip of a woman not wearing a mask went viral recently. Her name is Kimberly Phoon Chiu Yoke. It can be seen in the video that she refused to put on a mask even though a safe distancing ambassador (SDA) at Marina Bay Sands advised her to do so. She was already going on trial on 24 May 2021 over a separate charge of failing to wear a mask at the Newton Hawker Centre on 8 May 2020, during the circuit breaker period imposed to restrict movement and activities to curb the spread of COVID-19.

She is well-educated and does not seem like a closed-minded person. She has worked in many big corporations as an advisor related to legal matters. We can safely say that she knows the law. She should be able to understand the need for a mask as prevention and protection against COVID-19.

### So, why do such people flout the law so openly?

I have selected a current Bazi Chart (24th May 2021, 5.18 PM) to do a forecast to find out why. At a glance, you will feel that this is a luck chart. Why? There is this formation called The Human Noble under the Three Auspicious Nobles. With this Three Noble Formation, these people will always get out of trouble with the help of powerful Noble people.

Most people feel that they are lucky if they could get away with illegal parking, speeding or running a red light. However, people will abide by the law if they know police officers or law enforcers are around. Most people will apologize if their wrongdoings are pointed out.

A careful study of the chart shows many Resources Stars in combination relationships with each other to form more Resources Elements. This indicates that such people are well educated.

Whether a person is righteous and law-abiding is governed by the Influence Stars, Direct Officer and Seven Killing. The Bazi Chart shows a strong Direct Officer Star but there are many Water Elements around. The Ji Earth which represents the Direct Officer is not in a healthy state. People with such a formation will use their knowledge to their advantage.

They will find loopholes and work around the rules and regulations.

One of the Direct Officer Stars resides in the Hour's Heavenly Stem beside the Day Master. When this position is expressed negatively, it indicates that this person will achieve status in life and become arrogant. So, there is a tendency to act superior to others, especially if they feel that you are not at par with their level or not knowledgeable. They use their knowledge and power to bully others or get away with doing the things they want.

With this Three Noble Formation where one of the Stem is the Rob Wealth Star, these people are used to getting their own way. Their friends and acquaintances behave in such a superior manner too. They are so used to getting away with manipulating loopholes to their advantage.

### **One day, your luck will run out ...**

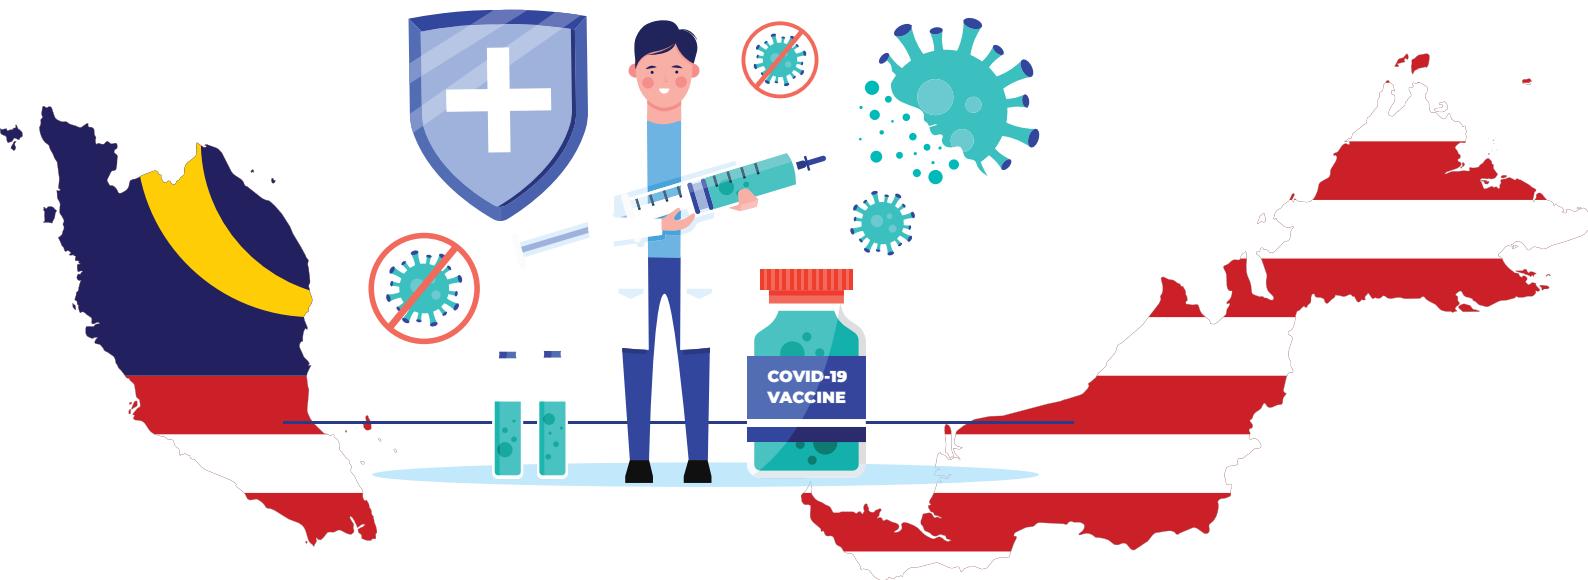

A Google search only showed Kimberly Phoon's month and year of birth. She was born in July 1967.

Her Month and Year Pillar are in a Heaven and Earth clash with this Annual Pillar. Well, there are many more people like her refusing to wear masks in public. However, the Heaven and Earth clashes helped her shoot to notoriety. A meme, "Show Me Your Badge?" was quickly created based on her remark in the viral video, "You Have No Badge, Why You Ask Me." The meme became a hot topic online.

She was seen smiling with her mask off outside the court. Maybe she thinks that she can just get away with a small fine.

# Malaysia: COVID-19 Outlook in the coming Months

If you are in Malaysia, you will understand why there is currently a Movement Control Order (MCO) 3.0 in effect. The MCO is supposed to be equivalent to a full lockdown where only essential businesses and hospitals are running. Besides the MCO, Malaysia has preventive measures known as Enhance Movement Control Order (EMCO), Conditional Movement Control Order (CMCO) and RMCO (Recovery Movement Control Order) to address different stages of the pandemic.

One year down the road, Malaysia is still vacillating between these stages. Many versions of MCO have been created. In the recent MCOs, the economy is still running fully. Only certain sectors and businesses, such as schools, recreational centres, parks, cinemas, exhibitions, and pubs, are not allowed to open. For businesses that are still running and people who are still working, there is a list of

standard operating procedures (SOP) to follow. Other than this, life is as normal as can be. The restrictive measures of the MCO 3.0 are very much relaxed, like an RMCO. The difference is that the number of COVID-19 cases is extremely high, whereas RMCO is supposed to be applied when COVID-19 cases have declined to a low level.

If you have been to my 2021 Annual Feng Shui and Astrology Seminar on Zoom last year, I mentioned that Malaysia will be the worst off among the South East Asia countries affected by the Five Yellow Star because of political instability and inefficiency.

Malaysia recorded 185.3 new Covid-19 cases per million people on 23 May 2021, based on a rolling seven-day average, exceeding numbers recorded by India (184.99) and the US (76.31). When it comes to actual daily new Covid-19 cases reported per population (not

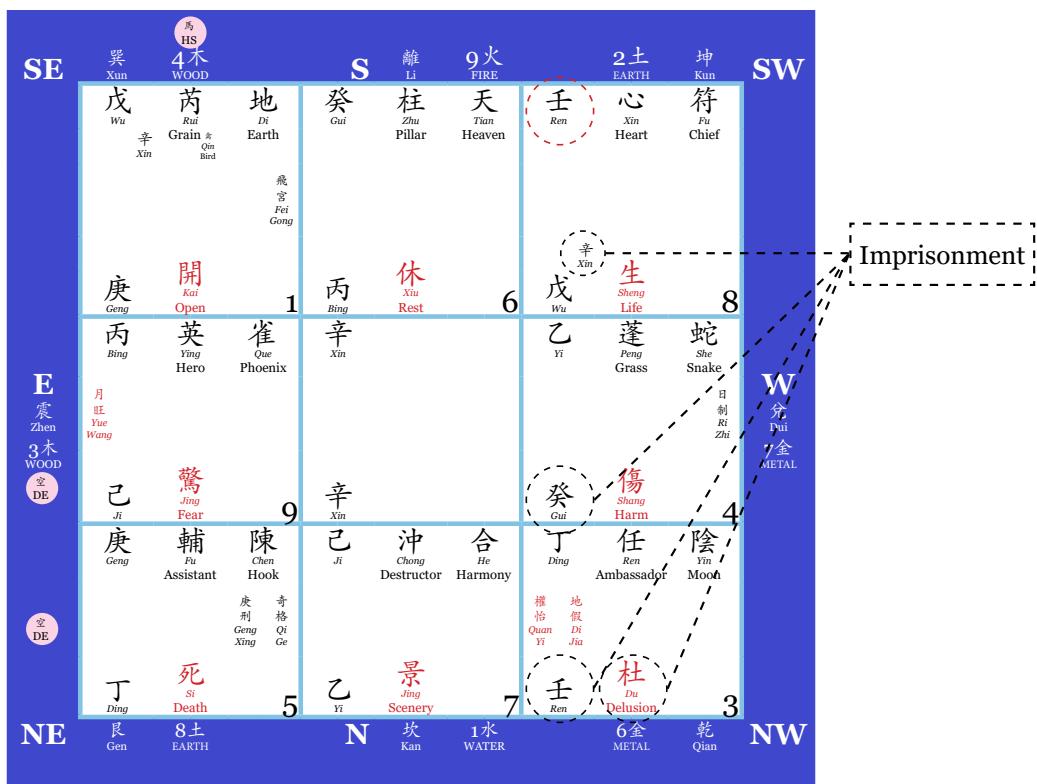

based on a seven-day average) Malaysia has surpassed India since 20 May 2021, recording 210.28 new infections that day compared to 188.08 cases in India and 91.06 new cases in the US. The data is reported by CodeBlue on 24 May 2021.

Despite our Prime Minister reiterating many times that there will not be another full lockdown, will Malaysia be heading in that direction? It looks like it! There are three Stems and a Door that represent imprisonment which can translate into a lockdown.

The Ren Palace represents the current situation in Malaysia. The Life Door represents business activity. The presence of this Door indicates that businesses are still active. There is Xin Metal in the Earth Stem which is considered weak because it originates from the Centre Palace. So, there will be a full lockdown in some areas.

Looking at the next Palace after

Qi Men Chart: 24th May 2021 10:04 P.M.

the Ren Palace, the Harm Door tells us that Malaysia's pandemic situation can turn chaotic. New COVID-19 cases are likely to exceed 7,000 (close to 8,000 cases). The Malaysian health care system will collapse. People will suffer the most during this period. Unrest may break out as more people become angry. A full lockdown is looming.

Moving forward to the Delusion Palace, Malaysia may go into a full lockdown for 3 weeks or until the new Covid-19 cases recede below 7,000 cases per day. The Delusion Door and the Ren Stem together indicate a full lockdown.

Moving out of the 3 week-long lockdown, will new Covid-19 cases reduce? Or are Malaysians already getting used to the high number of daily Covid-19 cases. The Scenery Door Palace shows that the total number of COVID-19 cases will double.

### Will the vaccines help to contain the virus in Malaysia?

The Heavenly Heart Star represents the doctor or medication. Hence, the Heavenly Heart Star is used to represent the vaccines. The vaccines are in the same Palace as the Ren Stem. Hence this indicates that vaccines are available in Malaysia. The negative Heaven and Earth combination indicates that the rollout of the vaccines to the people are met with obstacles and delays due to bureaucracy. Businesspeople are made to pay for the vaccine where it should be free.

The Heavenly Grain Star which represents COVID-19 resides in the Southeast Palace. The Horse Star indicates that the virus will spread faster. With the negative Heaven and Earth Stem combination, it can further wreak havoc on the people. This Palace clashes into the Heavenly

Heart Star. This indicates that the rollout of the vaccines cannot curb the spread of COVID-19. This can be attributed to the delays and inefficiency of distributing the vaccines. Some of the vaccines are also not able to battle the new mutated strain of COVID-19.

### Death Toll

The Death Door Palace contains the figures 5 and 6. Make a guess! What will be the total death record by December 2021 and January 2022?

### On a Positive Note.

The Heavenly Grain Star in the Southeast direction is in a weakening position. I'm hoping that this indicates that the virus will burn itself out after the Grand Duke (Xin Stem) period. The timing is roughly around October and November 2021.

# 地母經 (*De mu jīng*) The Earth Mother Scripture

Following up on the article on the predictions of the Earth Mother Scripture in the March 2021 Issue of Bazichic, we want to see how well the Earth Mother Scripture has predicted the events of the year so far. I don't think a lot of the predictions materialised. >.<

## Earth Mother Scripture Entry for the Year of the Metal Ox:

太歲辛丑年，疾病稍紛紛。

In the year of Grand Duke Metal Ox, diseases will appear on and off.

吳越桑麻好，荊楚米麥臻。

In the Southern States of Wu and Yue, mulberry and hemp grow, in the Jing Mountain in Chu, rice and wheat arrive.

春夏均甘雨，秋冬得十分。

Adequate rain in the spring and summer, autumn and winter will gain ten times.

桑葉樹頭秀，蠶姑自歡欣。

Mulberry leaves and stems grow, Silkworm maid rejoice.

人民漸蘇息，六畜瘴逡巡。

People regain their vitality, domestic animals linger.

### Prediction:

辛丑牛爲首，高低甚可憐。

At the start of the Year of the Metal Ox, both the higher and lower classes suffer.

人民留一半，快活好桑田。

Half the people remain, happily caring for the mulberry fields.

## Applying the predictions of the Earth Mother Scripture to 2021

### Events predicted in the Earth Mother Scripture

In the year of Grand Duke Metal Ox, diseases will appear on and off.

### Prediction for 2021

The spread of COVID-19 appears to be unstable. Sometimes it appears to be under control while at other times confirmed cases continue to increase.

**June 2021 Update:** Indeed, we are seeing more mutated strains of COVID-19 appearing. The virus spread like wildfire in countries that became careless about safety measures and this caused many deaths and emergencies. India suffered greatly. Japan and most of the South East Asian countries began to lock down their countries following this fourth wave of COVID-19.

In the Southern States of Wu and Yue, mulberry and hemp grow, in the Jing Mountain in Chu, rice and wheat arrive.

It will be a good year for the farming, poultry and plantation industries especially those located in countries in the South. People will begin to accumulate resources and make plans to start new businesses.

**June 2021 Update:** It's still too early to tell whether the agricultural and poultry industries will experience a good harvest or not. During a crisis, people tend to hoard food. So far, only the agriculture, poultry and some food industries are still doing well despite the pandemic. However, restaurants and cafés which depend on walk-in customers also suffered during the lockdown.

Adequate rain in the spring and summer, autumn and winter will gain ten times.

Good weather and no natural disasters.

**June 2021 Update:** This is not true. Iran, Afghanistan, South Africa, Algeria and Yemen experienced flooding and heavy rain which washed away farmland, destroyed homes and infrastructure, causing landslides and death. Two tornadoes hit China. One in the city of Wuhan and the other in the town of Shengze, killing several people and injuring more than 400.

## Events predicted in the Earth Mother Scripture

Mulberry leaves and stems grow, Silkworm maid rejoice.

People regain their vitality, domestic animals linger.

At the start of the Year of the Metal Ox, both the higher and lower classes suffer.

## Prediction for 2021

Industries and businesses start to improve. People will regain a positive outlook.

**June 2021 Update:** The overall economy and many businesses that were affected by the pandemic have not seen any recovery yet.

People start to gain confidence and have new hope. Domestic animals will suffer from a disease outbreak.

**June 2021 Updates:** People were hopeful when vaccines started to roll out in early 2021. However, bad news about the vaccines' side effects, delay in vaccine distribution, break-out of the fourth wave of COVID-19 and new lock downs have made people angry, weary, and depressed.

South Africa and Asian countries such as Japan, South Korea and India are also confronting the worst bird flu outbreak in years.

At the start of the year, everyone will suffer.

**June 2021 Updates:** Half of the year has gone by, and many people have suffered. In the scripture, the last line for the Metal Rat Year states "In three winters, more graveyards will be seen in the hills." (更看三冬里，山头起墓田。) Based on this, I have optimistically counted December 2019 as the first winter since most Chinese presume that it is a new year after the Winter Solstice. Based on this, December 2020 was the second winter. Hopefully, we are halfway through the third winter.

Yes, there are many graveyards in the hills. In fact, some countries are experiencing a graveyard crisis. The bodies of victims of COVID-19 were seen floating in the Ganges and Runj rivers in India. The bodies were believed to be immersed in the river by their loved ones as there is not enough wood for cremation or space for burial.

## Events predicted in the Earth Mother Scripture

Half the people remain, happily caring for the mulberry fields.

## Prediction for 2021

2021: Half of the people who survive the pandemic will see new hope and flourish.

**How will the year end in 2021? We are still hopeful.**

After one and a half years, we still have not returned to our normal lives. Analysts and scientists have estimated that the world will only be back to normal in 2024, depending on the vaccine roll-out and its effectiveness. Considering this factor, my guesstimate may be wrong. What if this is only the second winter of the pandemic? Given so many unknowns, what will the world be like a year from now? What does the Earth Mother Scripture have to say about the Year of the Water Tiger?

### Earth Mother Scripture Entry for the Year of the Water Tiger:

太岁壬寅年，高低尽得丰。

春夏承甘润，秋冬处处通。

蚕桑熟吴地，谷麦益江东。

桑叶不堪贵，蚕丝却半丰。

更看三秋里，禾稻穗重重。

人民虽富乐，六畜尽遭凶。

#### Prediction:

虎首值岁头，在处好田苗。

桑柘叶下贵，蚕娘免忧愁。

禾稻多成实，耕夫不用忧。

In the year of Grand Duke Water Tiger, everyone looks forward to abundance.

In all four seasons, moist and sweet breeze invigorated the fertile land.

The silkworms are matured in the land of Wu, Jiang Dong profited from grains and wheat.

Mulberry leaves are too expensive, silk is half abundant.

Looking forward to Autumn, the ear of rice is heavy.

Although people are fortunate and happy, domestic animals suffered.

At the start of the Year of the Water Tiger, it is time to seeds the fertile fields.

Mulberry leaves become less expensive; silkworm maids are free of worries.

When grains and wheat are ripe, farmers need not worry.

**According to the description above, 2022 is a much better year than 2020 and 2021. We are still drafting the eBook -Earth Mother Scripture. A draft copy will be put up soon. Stay tuned.**

## CORE CHARACTERISTICS (THE FOLLOWER STRUCTURE)

Some Bazi natal charts are heavily skewed towards one or two Elements out of the Five Elements. In Bazi studies, we call these Special Structures. There are four types of Special Structures in Bazi studies. In the old days, these four Special Structures were known as the Noble Charts. A person with this type of Special Structure will live a noble and successful life. But will they? The premise that people with Special Structures will be noble and have a noble life is now subject to debate.

In this issue's Bazi 101, we want to explore the Follower Structure. When one or two prosperous elements are skewed against the Day Master and the Bazi Chart has no element to support the Day Master, then the Follower Structure is formed. The natal chart is born when the season element is prosperous and weakens the Day Master. Based on the Five Elements, we can further classify the Follower Structure into:

### 1. Follow-the-Leader

The natal chart is born in a season where the Influence Element is in a prosperous position. There is no element to control the Influence Star. The two elements that support the Day Master, the Companion and Resource Stars, are missing. People with the Follow-the-Leader Structure will suffer from bad fortune when going through the Output Element luck cycle.

### 2. Follow-the-Wealth

The natal chart is born in a season where the Wealth Element is in a prosperous position. There is no element to control the Wealth Star. The two elements that support the Day Master, the Companion and Resource Stars, are missing. People with the Follow-the-Wealth Structure will suffer from bad fortune when going through the Companion Element luck cycle.

### 3. Follow-the-Son

The natal chart is born in a season where the Output Element is in a prosperous position. There is no element to control the Output Star. The two elements that support the Day Master, the Companion and Resource Stars, are missing. People with the Follow-the-Son Structure will suffer from bad fortune when going through the Resource Element luck cycle.

The Follower Structure chart does well in a supporting role or as the second-in-command. Not that they do not have the knowledge, experience or expertise to be a leader, but it is more fortunate for them to have a Nobleman to weather the storm for them.

## FACE READING: DO YOU WANT TO LOVE OR BE LOVED?

**E**veryone wants to be loved, but in different ways and at different intensities. Some need constant close contact and expressions of love from their partners. Others want a bit of space.

So, how do you want to be loved? Or are you more comfortable giving love?

Besides the eyes, lips are good indicators of a person's emotions. Your lips may tell a story of your loving nature.

People with thick upper lips usually need to feel wanted and appreciated. They are sentimental and emotional. This sometimes stems from their insecurity. Hence, they tend to shower their partner with a lot of love. They are the first to hug their partners, and will often cling to their partner's arms. They tend to show their emotions openly and will throw a tantrum when they are upset. People with thick upper lips express their love and emotions easily. People tend to mistake them as more loving. In fact,

they want to be loved more than they want to give love.

People with thick lower lips have a strong character and are independent and self-motivated. They want physical gratification more than emotional love. They love admiration and attention. Hence, they tend to be undecided when it comes to serious relationships. This is because they want love and attention but do not want to be responsible in a serious relationship.

When the upper and lower lips are well-balanced, you have a confident person with good EQ (emotional intelligence). They express their feelings well and show a healthy loving nature. They will not suffocate their partners emotionally. They are willing to give their partners enough space and freedom to do their own things. In the relationship, they are the ones who express love because they are confident in themselves and their partner.

# The Tao of Manifesting

## Matching the Qi Men Chart to our Wishes

In all our articles about Fa Qi Men, we have mentioned that to get your wishes fulfilled, one has to get into an “alpha state of mind”. We have also given tips and methods on how to get into this state. If we can best match the Qi Men Chart to what we wish for, the wish will be easier to fulfil.

### So, how to best match the Qi Men Chart?

The Qi Men Chart is made up of the Stems, Doors, Stars and Deities. These four signs represent certain aspects of our wishes. If we can best match them to the activities, subjects or matters relating to our wishes, it will be easier to fulfil our wishes.

In this issue, we look at what aspect of wishes the Stars represent. Stars can be used to represent the characteristics of the environment, objects or people.

#### 天蓬 Heavenly Grass Star

The direction of the Heavenly Grass best matches wishes that are related to financial matters and water-related businesses or objects. For example, Heavenly Grass can be selected in the Qi Men Chart if you wish to own a yacht, or you want to crowdfund to start a business. You can place water features in the area where you meditate and make your wishes.

### **天任 Heavenly Ambassador Star**

The direction of the Heavenly Ambassador best matches wishes that are related to financial matters, assets, businesses, property matters and intellectual property. For example, Heavenly Ambassador can be selected in the Qi Men Chart if you wish to own your dream house, or if you want a loan to be approved. You can place some crystals in the area where you meditate and make your wishes.

### **天冲 Heavenly Destructor Star**

The direction of the Heavenly Destructor best matches wishes that are related to starting something new and surprising others. Heavenly Destructor can also be associated with wood-related matters. The energy of the Heavenly Destructor is likened to a strong, sudden and loud drumming noise. It always catches people unexpectedly. For example, Heavenly Destructor can be selected in the Qi Men Chart if you wish to surprise others, or if you want to own a sports car. You can place some big plants in the area where you meditate and make your wishes.

### **天辅 Heavenly Assistant Star**

The direction of the Heavenly Assistant best matches wishes that are related to knowledge, studies, research, fashion and wood-related businesses. For example, Heavenly Assistant can be selected in the Qi Men Chart if you wish to enter a well-known university or pass an exam. You can place some beautiful flower plants in the area where you meditate and make your wishes.

### **天芮 Heavenly Grain Star (天禽 Heavenly Grain Star)**

The direction of the Heavenly Grain best matches wishes that are related to assets, property and businesses that sell staple goods. Heavenly Grain is associated with entities and objects that have a long history, such as businesses, industries, organizations, companies and antiques that have been around for a long time. For example, Heavenly Grain can be selected in the Qi Men Chart if you wish to inherit an heirloom or own a piece of land. You can place some rock salt lamps in the area where you meditate and make your wishes.

### **天柱 Heavenly Pillar Star**

The direction of the Heavenly Pillar best matches wishes that are related to winning a legal case or a match, intellectual property related to the patents of inventions and metal-related businesses such as machinery or watches. For example, Heavenly Pillar can be selected in the Qi Men Chart if you wish to win a debate or a song contest. You can place some metal lamps in the area where you meditate and make your wishes.

### **天心 Heavenly Heart Star**

The direction of the Heavenly Heart best matches wishes that related to defence, discipline, good relationship or good health. For example, Heavenly Heart can be selected in the Qi Men Chart if you wish to recover from an illness. You can place seven-star lamps or symbols of longevity in the area where you meditate and make your wishes.

In the next issue, we look at how to match the direction of the Deities to our wishes.

The month of the Horse brings uncertainties. There will be many ups and downs. The same goes for the stock markets. The Ox, Horse and Rat signs will feel that they are on a roller coaster ride.

The presence of the Monthly Virtue Star reduces the effects of the inauspicious stars. Kind and generous people will receive help when they encounter obstacles or chaos.

The month of the Monkey is graced with the auspicious presence of the Emperor Star, Dragon Virtue, Five Prosperity and Sky Happiness Stars. People will start to see the silver lining in the dark clouds. There will be new hope for countries suffering from the pandemic in 2021 especially in the Southwestern countries. Meanwhile, countries that have controlled the spread of the COVID-19 virus will have recovered and are on the path toward

economic recovery.

People who suffer from stress and depression will feel much better this month thanks to the effects of the Five Prosperity and Sky Happiness Stars. These two stars bring hope, happiness and stability.

While the auspicious stars bring positive effects, the Death God brings sad news. This news can be related to the huge death count and Covid-19 cases arising from the pandemic or war. This month also sees legal cases arising from disputes over inheritances, wealth, assets, and intellectual property rights. There will be unscrupulous people trying to use legal means to gain control over other people's assets and property. Governments will impose more restrictions to battle COVID-19. People will get summons or fines as they unknowingly break the new laws.

If the month's Qi is unfavourable to you,

especially those born in the year of the Tiger and Pig, you will be prone to legal problems such as getting a fine, a ticket or a summons.

This month's energy favours those who have the following zodiacs: Monkey, Dragon, and Rat.

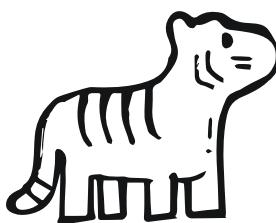

Wood Day Masters (甲 *Jia* Yang Wood and 乙 *Yi* Yin Wood), your knowledge and expertise will be sought after. It can be a hectic month for you. You will feel satisfied and fulfilled when you put your knowledge to good use.

Fire Day Masters (丙 *Bing* Yang Fire and 丁 *Ding* Yin Fire), this is an extremely competitive month. You will find either your ideas and creativity stolen or pirated or there are better ideas and creations out there.

Earth Day Masters (戊 *Wu* Yang Earth and 己 *Ji* Yin Earth), will have many good ideas that can be turned into wealth opportunities. Do all you can to hold on to these opportunities.

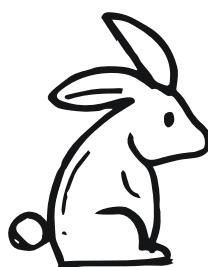

Metal Day Masters (庚 *Geng* Yang Metal and 辛 *Xin* Yin Metal) especially those born in the year of the Tiger or Pig, need to be law-abiding citizens. You will be easily drawn into legal problems. You will also tend to accidentally break the law because you are not aware of new regulations.

Water Day Masters (壬 *Ren* Yang Water and 癸 *Gui* Yin Water), wealth luck is strong. It will be a hectic month for you especially if you are a salesperson, but you will be rewarded handsomely.

### Tiger

The Tiger sign will need to stay focused on what's important this month. They will easily get distracted by unexpected problems. Communication and patience are key to resolving problems.

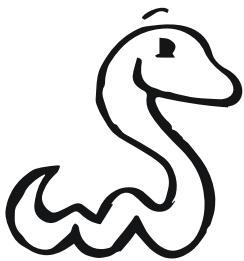

### Rabbit

The Rabbit sign can look forward to a fortunate month. The external vibe will make it easy for them to accumulate wealth. However, Rabbits will find themselves saddled with a hectic schedule and a heavy workload. Rabbits need to plan out their day properly to reduce stress and burn-out.

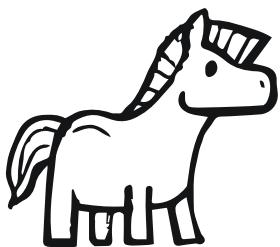

### Dragon

Dragon people can look forward to a month of good fortune. Everything will run smoothly for them. What they wish for will mostly come true. They will also achieve their goals this month.

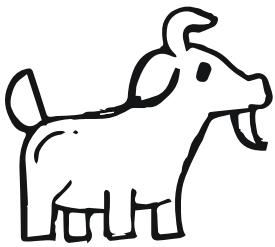

### **Snake**

Snake people will be feeling optimistic and lucky this month. Everything will go well for them. The Snake sign should stay humble and avoid being too smug about their good fortune. This will drive their friends and Noble people away.

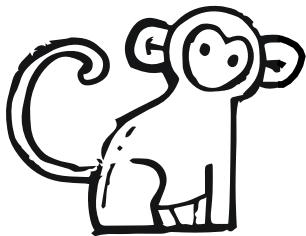

### **Horse**

This is a good month for the Horse people to plan out their finances. Look out for low-risk investments. Your hard work and effort will also be seen and recognized by the right people.

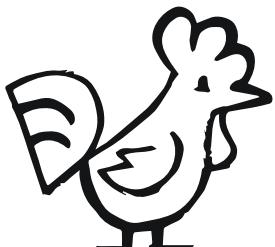

### **Goat**

Some Goats will do well while others will go through a tough month. Goats with a positive attitude who actively pursue what they want will see success. On the other hand, Goats with a passive attitude will be vulnerable to external forces such as changes to the economy or corporate takeovers.

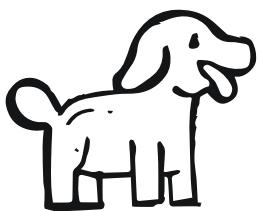

### **Monkey**

Good luck is shining on the Monkey sign. Monkey people can look forward to a great month. Their good work will be recognized by their bosses. They will also enjoy harmonious relationships with the people around them. The Monkey sign will enjoy good income from their hard work and contribution. However, Monkeys who like to gamble or speculate on stocks will face losses.

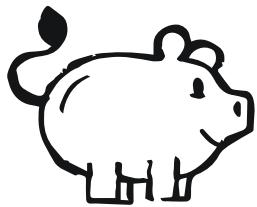

### **Rooster**

Rooster people can look forward to a peaceful and stable month. Students will do well in their studies. Everything will work out for them. However, Rooster people need to be alert to scams. They should stay prudent when it comes to money matters.

### Dog

August bodes well for Dog entrepreneurs. Dog people in business will have partners or bankers who will bail them out of their financial difficulties. Thus, they will be able to revive their businesses, and some may even generate a reasonable profit. Dog people may suffer from gastric or come down with the flu. They should avoid fast foods and oily foods. Remember to keep an umbrella or a jacket on hand as the weather changes.

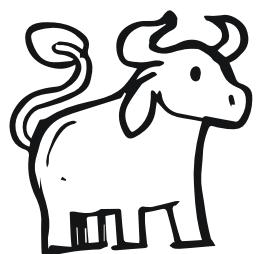

### Pig

Elderly people should stay alert to recurring diseases. Apart from taking the medicine prescribed by the doctor, their health will improve when they get enough sleep, exercise regularly and cultivate a positive mental state. Younger Pig people will do well in their career, relationships and wealth this month. However, the Pig sign needs to stay alert to scams. They will also easily be drawn into fights and disputes due to jealousy and misunderstanding.

### Rat

Rat people can look forward to a smooth sailing month. Their effort and hard work will be recognized by their superiors. They will enjoy a stable career and a good income. Rat people will also have a good affinity with people. Even their weirdness will be accepted and overlooked by people this month.

### Ox

Oxen will encounter problems in their career. They will get entangled in all kinds of trivial matters that will bog them down. They will feel exhausted from all the stress. Get enough sleep so that you are in a good mental state to deal with day-to-day matters.
