# How will the Earth Dog Energy impact you this year?

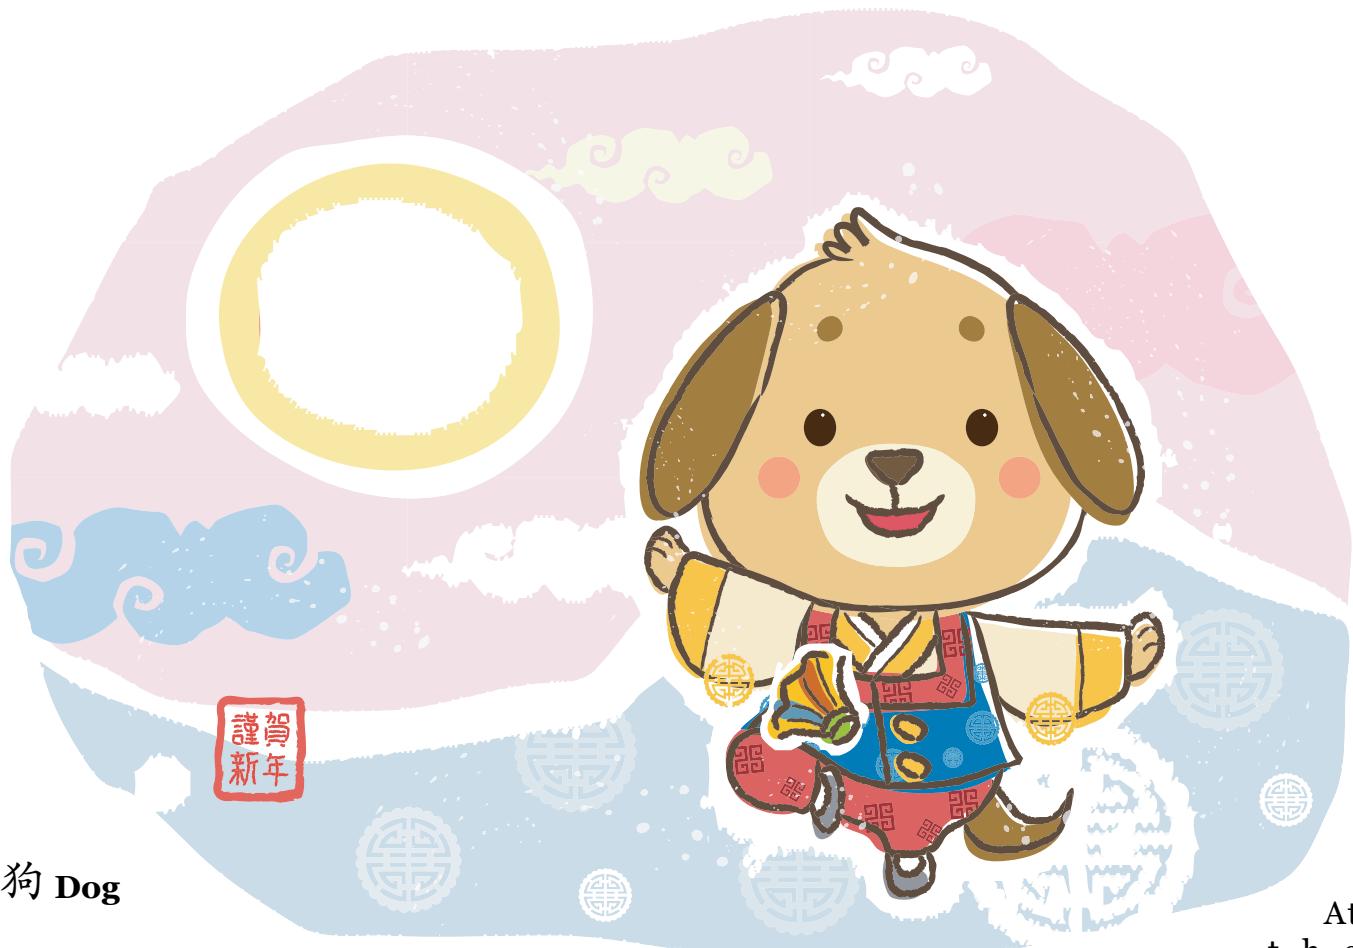

The Chinese New Year celebration is also known as the Spring Festival. Celebrations traditionally run from Chinese New Year eve until the Lantern Festival on the 15th day of the Lunar month. It is the most celebrated festival for Chinese around the world. The festival is a time to honour the deities as well as ancestors. The most popular activity is ushering in the God of Wealth to the home so that the family will be able to enjoy prosperity throughout the year.

Did you know that besides the God of Wealth, you can also usher in the God of Nobleman and God of Happiness? Stay tuned to our Facebook page to find out which direction to use to usher these two Gods. The God of Nobleman enhances your Nobleman Luck, while the God of Happiness brings harmony and an overall feeling of fulfilment.

Our Annual Chinese Astrology forecasts are based on the birth year Zodiac. However, as you may already know, in Bazi there are three more Chinese Astrological Signs corresponding to your month, day and hour of birth.

So although this forecast is based on the birth year Zodiac, we've included bonus information on what each sign means when it appears on the hour, day and month pillars. So don't forget to check that out too.

Here's what's in store for the 12 signs of the Chinese Zodiac in 2018.

伏屍 Hidden Corpse

### Overview

Those born in the year of the Dog will have mixed fortunes in 2018 mainly due to the influence of the Grand Duke. The Elegant Seal star will be present in the Dog sign in 2018, bringing clarity to Dog people in their thinking and understanding. Dog people will find themselves more creative and innovative in 2018. The star appearing alongside the Grand Duke denotes quality leadership skills in Dog people next year. They will lead by example and able to resolve problems through strategic thinking.

At the same time, the Grand Duke, Sword Edge and Hidden Corpse stars appearing together denotes obstacles and challenges. The Sword Edge star denotes troubles because of illegal activities or fighting. While the Dog sign is brave and courageous, they must use this characteristic in a positive way.

The Hidden Corpse star brings negative influence on the Dog sign. Dog people are discouraged from long distance travel.

Dog people should remain positive and deal with matters rationally to ensure that any change will go smoothly and end well.

### Career and wealth

The Dog sign can still welcome a fulfilling year career-wise if they plan strategically. The Grand Duke is a star of leadership. The Elegant Seal star enhances the quality of the Grand Duke's effect. Single Dog people will feel lonelier in 2018. There is no romantic star shining on them. It is also unwise to rush into romantic relationships as they are not in the best state of mind. They should take this time to understand themselves better and know what they want from a relationship. Wait for a better year to start a committed relationship.

For Dog people who are already in long-term relationships, keep a check on your emotions at all times. The Hidden Corpse star denotes fragile relationships for the Dog people.

The Dog sign will have continuous support from their family members, close relatives and friends in 2018. Discuss your problems with them to seek advice and release stress.

## Safety and Health

The energy brought in by the Moon enhances not only your charisma, networking power and thinking power. It will be an excellent source of new perspectives and ideas to help in career and personal development. Discussing common challenges and opportunities opens the door to valuable suggestions and guidance from Noble People, especially ladies. These auspicious stars coming together ensure that all challenges will be resolved.

The National Treasure star indicates that work and contribution will be recognized and valued especially in monetary terms. Ox people need to put in more effort, and work smartly to tap into this star.

There are also negative stars in store for the

Ox people. The Hook star indicates lingering problems. Therefore, it is important that Ox people do not indulge in petty gossip with colleagues or friends.

The Disaster Sha is also known as the Year Sha. It denotes obstacles and setbacks. Of all the inauspicious stars, the Broken Star brings along the strongest impact. It denotes separation or complete destruction of contracts, plans, relationships or family. Therefore Ox people should pay attention to details and communicate carefully with people and family to lessen the impact of this star.

### Career and Wealth

In terms of career, the Dog year comes with important events that will keep the Ox people happy if not truly satisfied. The National Treasure star ensures that Ox people's good work and contribution will pay off. Ox people have to put in more effort. You may find your workload heavier in 2018. Do not lose heart because this means that your work will be noticed by the right people.

Ox people should stay put and not change jobs even if they find their work becoming tougher. The negative effect of the Broken Star is not conducive to changes no matter how much you feel like making a change. Be mindful and check every document diligently if your work involves legal documents and contracts.

Ox people will have more money for splurging, thanks to the National Treasure star. So work hard and play hard. Try to save for a rainy day too as the Dog year indicates higher inflation levels that eat away at buying power. Put your money in long-term low risk investments.

### Relationship

Ox people will tend to get along well with co-workers and bosses especially if they are ladies. Similar to 2017, single Oxen have little opportunity to meet anyone due to their busy schedules. All is quiet on the romantic front. Your family will be your strength and support this year. Even so, do not stop being sociable because there will be opportunities to meet plenty of good and helpful friends. Go out for coffees or drinks after work to

meet new friends. Join gatherings or groups with common interests. This will help you de-stress.

### Safety and Health

Overall health prospects are good for Ox people. 2018 can be a stressful year for Ox people due to the Piercing Rope effects. Always stay positive. The bad economy and accompanying changes in company policies will affect a lot of people. You will be free from these troubles. However, Ox people need to be mindful of their safety. Disaster Sha, Sky Sha and Great Assembly all indicate injury or even natural disasters. Avoid extreme sports or tough exercise routines. Avoid vacations at countries prone to earthquakes and typhoons.

The Ox on your Month Branch indicates good reputation and recognition. Expect some extra income and benefits from your contribution and work.

### Overview

Those born in the year of the Tiger are going to experience a quiet year. There are only two auspicious stars shining on them.

Firstly, the Study Hall star spells good fortune for Tiger people in educational work, research and writing. The star also smiles benevolently on scientists, geologists, historians, journalists and writers. Students will find their studies to be easier. They can look forward to good academic advancement in 2018. The Three Stages star further enhances these positive effects.

The Three Stages star brings opportunities to collaborate in work and partnership. This star bodes well for Tiger people who are ready to expand their businesses.

The Five Ghost was seen in the old days as an indication of spirit

encounters a n d disturbances.

In fact, the Five Ghost stirs up emotional uneasiness as a result of over thinking, lack of security and lack of self-confidence. This can be easily remedied. Be engaged in the now without emotionally reacting to your thoughts.

The Year Charm, Flying Charm and Litigation stars often bring about possible lawsuits and legal entanglements that lead to financial losses and loss of reputation. The Flying Charm star indicates small legal issues such as fines, court summons, speeding tickets, bank legal letters or income tax bills. The Study Hall residing on the Tiger Palace indicates that Tiger people will be able to use their knowledge and intelligence to resolve the legal problems.

## Career and wealth

In terms of career, Tiger people who are working in education, research and development will do better. They should finalize everything before they present their work to the public. Ensure that those who were involved in your work are all informed. This is to avoid them thinking that their hard work is being stolen from them.

Business people should always read the fine print in contracts and legal documents. This may save them from legal troubles ahead.

On the brighter note, the Three Stages star brings good news to Tiger people who are ready to expand their businesses overseas. However, they should execute their expansion progressively and not be in a hurry. Wealth can be stable if they abide by the law.

## Relationship

Tiger people at work should treat their customers, colleagues and immediate superiors better. The Study Hall star together with the Three Stages star denote problems that can be resolved with the help of good relationships.

For single Tigers, wait for a better year to start a fruitful relationship. Instead get to know the person you're interested in better. This may save you from the headaches and unhappiness of incompatibility.

If Tiger people want a peaceful and harmonious home, they should be extra supportive of their family members this year.

## Safety and Health

Tiger people may experience weak health due to stress from work. Tiger people should exercise regularly to maintain their health. Personal safety is at risk for the Tiger sign. The appearance of Earth Sha

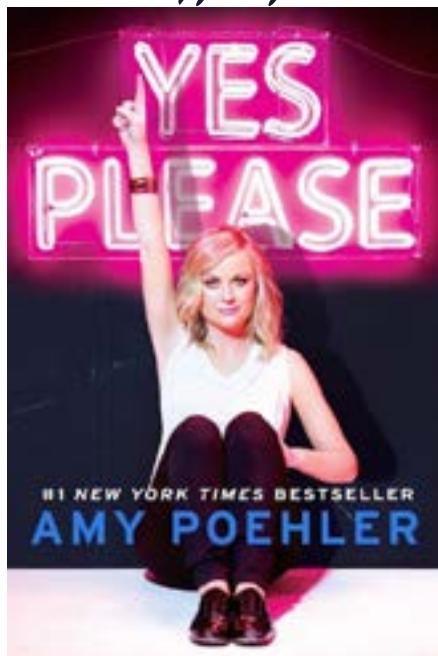

indicates loss of wealth or injury due to natural disasters such as landslides and earthquakes. Take extra care this year. Avoid visiting mountainous countries or countries that are prone to earthquakes. Hiking is a "No-no" for 2018.

## Special Tips

If the Tiger sign is on the Year or Month Branches, you will find the company you work in offering many training opportunities. Take up the training to learn more new things and also network with your colleagues and superiors.

Tiger sign on the Day and Hour Branches indicate that you should take more precautions when it comes to your personal safety. Those with the Tiger sign on these branches should avoid travelling to countries that lack safety facilities and are prone to natural disasters.

*Tigers should read more in 2018. Check-out this fun and easygoing book, "Yes Please" by Amy Poehler*

"Yes Please is a memoir in that it contains some memories, many of which are offered as hard-won-advice seems too preachy, so we'll go with helpful suggestions. (A chapter called 'I'm So Proud of You' should be required reading in high schools.) Also featured are: haiku about plastic surgery, a chapter by Poehler's mother, a satiric birth plan, a chapter by Seth Meyers, an annotated history of 'Parks and Recreation,' a letter from Hillary Rodham Clinton, sex advice, a truly hilarious list of potential books about divorce and a moving account of an apology." – The Los Angeles Times

### Inauspicious Stars

月煞 Moon Sha  
死符 Death Charm

### Overview

Those born in the year of the Rabbit can look forward to good fortune in 2018. The Peach

Blossom star is shining on the Rabbit people. This denotes that Rabbit people are going to be more likeable. This star is especially beneficial for Rabbit people working with people and those who need attention such as actors, singers, brand ambassadors, public relation officers and customer service professionals.

The presence of the Grand Duke Combo star denotes that those in authority will stand by the Rabbit people. Rabbit people will find that applications such as government grants, loans, licenses or certificates of recognition will be approved easily. Students who are applying to prestigious schools or universities or applying for scholarships or study loans will find that everything will work out smoothly for them.

The Moon Sha is similar to the Year Sha but has a weaker impact. It denotes obstacles and setbacks. These can be easily resolved if Rabbit people put in more effort to deal immediately with any issues that arise. The Moon Sha is good for spiritual

pursuits, thus it brings good fortune to those who intend to become monks or nuns.

Monthly Virtue is not a powerful star and will not have a strong influence. This star indicates readily available support and assistance from Noble People. But it works like a karma loop of sort. People will be happy to offer you help, because of your helpful, kind, humble and gentle manner. It could also be someone you have assisted long ago, now offering you a hand. Monthly Virtue can easily dissolve the negative Moon Sha effect. It turns minor negative events into good tidings.

### Career and Wealth

At work, the Rabbit will unknowingly become the boss's pet. Whilst you will find that you may be given some preferential treatment, this does not mean that you can request for a promotion. Work hard! Do not overstep your boundaries and be humble.

In terms of wealth, the Lesser Consumer star denotes that you are in the mood to splurge. Fortunately you have the ability to do so. Rabbit people should think of buying something they like that has the potential to increase in value.

### Relationship

At work, diplomatic Rabbit people will share good relationships with their co-workers and bosses.

A strong Peach Blossom star is shining on the Rabbit people, indicating romance luck. For the single Rabbit, it is a good time to actively seek out a partner. Married Rabbits need to beware and avoid love affairs that will get their marriage into trouble.

For Rabbit people who are already in a steady relationship, they will find that sparks will fly. It is time to consider marriage.

At home, Rabbit people will enjoy a harmonious relationship with their family. They have support and help from their family, close relatives and friends.

### Safety and Health

The Death Charm star brings minor health issues to the Rabbit people. Regular exercise and a good diet as well as having a good habit of eating at regular times will keep you healthy throughout 2018. Rabbit people can look forward to a safe and secure year.

### Special Tips

A Rabbit sign on the Year Branch indicate fewer social invitations and more quiet times.

If the Rabbit is on your Year or Month Branch, you can get away with a lot of things. You can do no wrong in the eye of the authorities. Still it is not a good idea to test the limit of your luck. Enjoy the preferential treatment that comes your way and be thankful.

A Rabbit sign on the Day Branch indicates strong romantic luck. Go all out in search of your soulmate.

If the Rabbit is on your Hour Branch, you can have fun! But beware! You may end up in a love scandal.

月空 Month Emptiness

### Inauspicious Stars

紅艷 Red Chamber  
歲破 Year Breaker  
大耗 Great Consumer  
大虛 Sky Sadness  
豹尾 Leopard Tail  
闌干 Obstacle

### Overview

The Dragon sign is heading towards some challenges. Dragons who are going through a good luck cycle will pass through all these challenges and come out winning. For Dragons who are going through a negative luck cycle, resilience and positivity will help you get through the Dog year.

The Month Emptiness is actually a neutral star. It is a good star for those who want to cultivate

the mind and spirituality. This star is good for Dragon people who want to take time for self-reflection. Month

Emptiness doesn't help to mitigate troubles. This star brings clarity. It helps one understand that all good or bad events will come to an end and that the same cycle will start again. Month Emptiness teaches you to be detached emotionally and to follow the flow.

The presence of both the Year Breaker and the Obstacle stars indicate that there will be hindrances, obstructions and unexpected challenges ahead. Dragon people should not meet challenges and obstacles head on. Being tough and bullheaded will not resolve issues. They should be more resourceful and be willing to do things out of their comfort zones to side step obstacles.

The Great Consumer and Leopard Tail stars denote unexpected expenditure and loss of wealth. Dragon people can mitigate these effects by making donations and by refurbishing ancestral graves. Putting money away in the form of land

and property will also help to lessen the negativity of these two stars.

## Career and Wealth

The Dragon sign should maintain a low profile and work diligently in 2018. Employees should work hard, contribute more and complain less. The company you work for will likely be affected by the challenging economy. Be grateful that you still have a job.

Changes in consumer behaviour and belt-tightening may have a direct impact on your business and income. Businessmen need to come up with ideas on how to retain customers. Be ready to pump in additional capital due to the Great Consumer star effect.

## Relationship

Be diplomatic and communicate clearly. For employees, relationships may be tense with colleagues and superiors due to additional work and communication problems. For businessmen, handle your customers with care. The saying “the customer is King,” is very true for Dragon businessmen.

The Month Emptiness does not bring romance luck to the Dragon people. For singles, it is best to remain single and enjoy your singlehood. You will end up with someone you don't love and who doesn't share your values if you cannot let go of the idea of getting into a relationship.

For Dragon people who are already in a steady relationship or already married, spend more time with your lover. They will be your source of emotional support and help.

Family relationships remain stable. Dragon people will feel lonely at home. Their family members all have their own activities going on. You can pick-up a hobby of your own or join your family members.

## Safety and Health

The Dragon sign will enjoy stable health. However,

the Sky Sadness star brings emotional stress. Exercise regularly to keep positive.

## Special Tips

Someone with a Dragon sign on the Year Branch may find that they have fewer social invites and more quiet time for themselves.

If the Dragon is on your Month Branch, be more flexible in your work. Follow the flow of good people and all will end well.

A Dragon sign on the Day and Hour Branch indicates higher energy and connection with higher powers. Anything you come to think of or wish for will be answered. But this is not a year to build castles in the air. Be practical about what you wish for.

*Spirituality means taking charge of your emotions, health and well-being.*

- Food-for-thought for Dragon people...
1. What is my connection to the world?
  2. How can I live in the best possible way?
  3. Do things happen for a reason?

# 2018 YEAR OF THE EARTH DOG

## EXTERNAL ENVIRONMENT AT A GLANCE

Welcome to 2018, the year of the Earth Dog (Wu Xu). The Earth Dog energy has already made its presence felt as early as November 2017, on an Earth Dog day. The year 2018 energy is filled with strong Earth and Wood elements. Wood meeting Earth results in a clash and controlling relationship. Fire is also

strong in the midst of the many Wood elements. When the Wood element meets with the Earth Dog, the Chinese Shar-Pei comes to mind. What does this mean? The large head and wrinkled face of the Chinese Shar-Pei looks cute and fierce at the same time. Its face has been compared to the head of a hippopotamus. They are independent, aggressive and willful guard dogs. Their natural instinct is to hunt. We can expect that in 2018, situations, events or people may look intimidating and dangerous. In the face of this environment, you can only act confident and stand-up for your rights, because even if you back down the Shar-Pei will not let you easily.

On the bright side, the strong Fire energy meeting Wood energy indicates continued exponential growth

in technology in every sector. In 2018, there may be an overly large number of students graduating from colleges and universities. This increases the competition in the job market. New graduates and those who work with technology may find it hard to transform their work or knowledge into wealth in 2018 as compared to last year. This Dog Year may prove to be a good training ground for those who are realistic, tough and resilient.

The environment and people are still prone to fire hazards and accidents. On the positive side, we will see less of negative man-made tragedies related to Fire-Metal elements, such as the arsons, shootings and bombings that took place in 2017, in the second half of 2018. The Dog Year brings along the "Bullying Punishment" as indicated by the U.S. throwing its weight around with North Korea through the imposition of more sanctions.

### The Country's External Policy

In return, North Korea threatened South Korea and the United States with "merciless retaliation" over their ongoing joint military drills.

Will the global tension trigger a war in 2018 as predicted by Nostradamus? Highly unlikely as the Metal Element needed for fire power is missing. From time to time there may be a show of firepower, but these are likely to be empty threats. The Bullying Punishment also indicates that people will be easily spurred into brawls. Wrestling, boxing and mixed martial arts may be the in thing in 2018. Since there are two Peach Blossom Stars, a fight may break out between some famous people, creating a

scandal.

### For Consumers

Two missing elements, Metal and Water, which represent wealth opportunities and willpower respectively may be an indication that the consumer boom is coming to an end, at least to the traditional retail market. The Dog Year will see shoppers cut back on their spending sharply. While they may still pay more for quality food due to an increase in prices, they may spend less on non-essentials like clothes and home accessories. Rapid technological change over these few years have also resulted in a shift in consumer behavior. Consumers have become more price sensitive. They are able to

compare the price of goods and services online and buy globally. Meanwhile governments that continue to roll out easy monetary policy to boost consumer spending may see little results in their countries as more and more consumers discover cheaper alternatives in other countries through online shopping.

### For Businessmen

In 2018, traditional businesses especially the retail clothing and home accessories businesses will see stagnation if they do not progress with technology. Water Industries which are related mainly to retail shops and wholesalers, transportation and logistics will be affected badly.

The consumer staples business will be doing well in general. The consumer banking business may face further challenges as technologies allow consumers to park their money elsewhere. At the same time a cut in spending will lead to a decline in credit card usage.

Property development and construction which are related to Wood and Earth Elements will see mixed fortunes. Companies involved in the construction of highways and train tracks have a positive outlook. However, companies building properties for homes and offices will see a glut.

Businesses with production lines that involve water, need to think about how to approach and resolve the global water challenge. Some of these factors include:

1. Conservation and Efficiency
2. Energy-Water Nexus
3. Infrastructure and Investment
4. Recycling and Reuse
5. Technology Innovation

A company with good cash management will still do well in 2018. However, this will not be enough. Companies must be ready to change in tandem with technological changes and the change in consumer behaviour. Companies that are not able to do so may go into decline although it may not be obvious until later in 2019.

## **Employees**

In this environment, there will be a lack of jobs in the market. Retrenchment is on the rise due to the difficult economic environment and advancement in automation technology. At the same time, there are many

graduates competing for jobs. Employees should focus on improving or retraining in skills and knowledge that gear them toward jobs that are not impacted by automation. Students should take the long term view when planning their careers as the long term trend indicates that more and more job functions are likely to be automated. Employees in jobs that require creativity and a depth of knowledge or hands-on and personal contact, are in a much safer position in the foreseeable future.

## **Health**

In general, there is unlikely to be any serious outbreaks of health problems or health epidemics in 2018. The year will see some significant breakthroughs in health care. However, expect your health care costs to rise in 2018.

## **Industries**

Education and knowledge are still the main priorities. In 2018, there will be a subtle shift in academic education towards creativity and innovation. Research and development into education, health and lifestyle improvement will continue.

Industries expected to benefit remain the same in 2018 such as IT, agriculture, local entertainment and nightlife businesses, motivational teaching, education, advertising and e-publishing. Industries that will experience mixed fortunes are those in tourism and hospitality and property. These industries will see a boost especially in the early half of the year. Self-styled gurus with knowledge and wisdom in the entertainment line will have their fair share of the limelight.

Property sales for houses, shophouses and offices will continue to be sluggish in the early half of the year. The construction of highways, roads and train tracks will increase as upgrading and expansion is carried out especially in African and Asian countries. Property prices will continue to increase due to an increase in material costs and a lack of resources. Property investors will see their capital gain on paper only. Investors should look for long-term property investments with rental income.

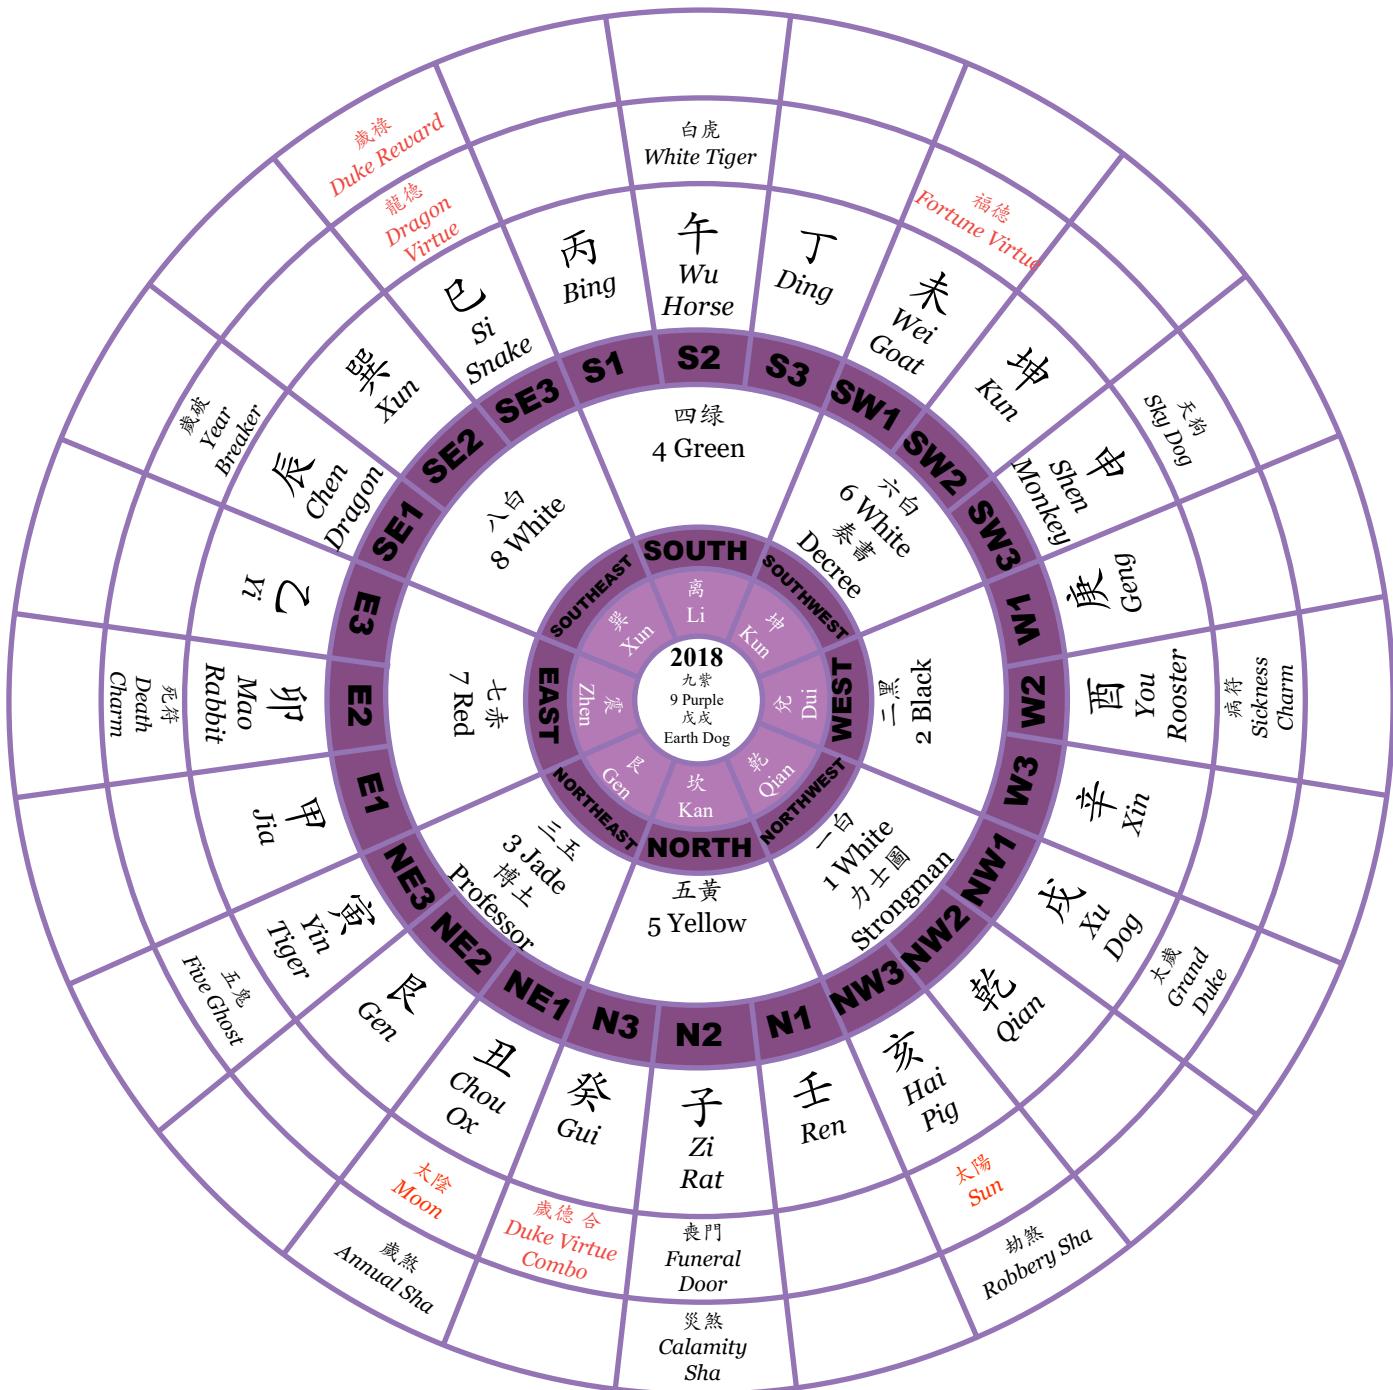

The banking and financial industry will face technological challenges as more consumers park their money at alternative third-party online payment services for easy access and payment. At the same time, banks also face a possible decrease in interest income from borrowing.

## **Events**

The Earth Dog brings more natural disasters such as earthquakes, tsunamis, soil erosion and sinkholes. Brace yourselves for extreme weather in 2018. Countries with four seasons will experience extremely cold conditions during winter while tropical countries may face droughts. Forest fires will be rampant too. Typhoons and hurricanes will cause more havoc this year.

Due to the scarcity of natural resources, especially water, there will be more awareness of the need to preserve and protect the Earth's natural resources and beauty. More people and governments will be participating in recycling and conservation efforts.

# HARNESSING THE YEAR'S POSITIVE ANNUAL STARS

**I**t's time to check-in on the annual Feng Shui outlook again. In general, people have a tendency to focus on Feng Shui afflictions, forgetting

that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is valid due to the overlapping positive and

negative Qi in several sectors. Read on to find out how to tap into these sectors without provoking negative energies such as the Grand Duke, Three

Killings and Five Yellow. The luopan diagram in the previous page shows the location of both positive and negative Feng Shui Auxiliary Stars in 2018.

## Harnessing the Qi of the Auspicious Stars

### Boosting your Immunity against the Annual Afflictions

#### 歲德神 Duke Virtue

If you are worried about annual afflictions stars like the Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

#### Duke Virtue is not present in any sector in 2018.

Entering into the year 2018 on 4 February 2018, you can activate Duke Virtue on a good date where it is a Wu Earth day. Activate a positive sector for a stronger effect. This is because every Wu Earth day in 2018 contains the Duke Virtue star. Thus you have the protection of the Duke Virtue brought in by the Wu Earth day influence.

#### 歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect to the Duke Virtue, the difference being the Yang nature of Duke Virtue while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and

protects external matters such as career, travel and appointments while the Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage. The Duke Virtue Combo can be found in the **North 3** sector of your home in 2018.

However, the Duke Virtue location in North 3 coincides with the Five Yellow sector in the North. What to do now? Keep this area clear of clutter. Avoid ground breaking and renovation in the North sector.

Entering into the year 2018 on 4 February 2018, you can activate Duke Virtue Combo on a good date where it is a Gui Water day at other positive sectors. This is because every Gui day in 2018 contains the Duke Virtue Combo star. Thus you have the protection of Duke Virtue Combo brought in by the Gui Water day influence.

### Positive Bank Account Balances

#### 歲祿神 Duke Reward

Wouldn't it be nice if your accounts are in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the **Southeast 3** sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state of surplus.

In 2018 the Duke Reward location in Southeast 3 coincides with the **No. 8 White Star** at the Southeast sector. At the same time, **Dragon Virtue** also resides at the Southeast 3 sector

bringing in double good effects in terms of wealth.

You can activate the Duke Reward on a good date where it is a Snake day at this positive sector. This is because every Snake day in 2018 contains the Duke Reward star. Thus you have the good influence of Duke Reward brought in by the Snake day influence and from the locational influence.

### Clearing Obstruction

#### 龍德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get us. There are unexpected hiccups and delays. Activating the Dragon Virtue in the **Southeast 3** sector can help clear away these blockages, enhance wealth luck and boost reputation.

The **No.8 White Star** also resides in the Southeast sector bringing wealth luck. Therefore, Southeast 3 is a good sector to activate with a small water feature in 2018.

### Accidental Remedy

#### 太陽 The Sun

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole in her wall, right where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or there is no Duke Virtue sector. Or you may have only gotten around to reading this article now, so you have not yet activated the Duke Virtue

sector to activate immunity. Not to worry, you can still remedy this by activating the Sun Star at **Northwest 3**.

Avoid activating this sector with renovation, groundbreaking, drilling and knocking on the wall since this sector is visited by one of the Three Killing stars – Robbery Sha. However, you can rearrange furniture or activate the Sun Star with a small water feature in this sector.

When you carry out activities in this area, such as reading, chit chatting with family or office work, you will benefit from the influence of the Sun Star.

## Effective Communication

### 太陰 The Moon

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills, but also resolves issues like mis-communication and the ability to talk to the right person. The Moon Star also brings helpful people. This year the Moon Star is located in the **Northeast 1** sector.

You will benefit from the influence of the Moon Star when you carry out activities such as reading, chit chatting with family or office work in this area.

However, the Moon Star overlaps with the Annual Sha of the Three Killings stars in the Northeast 1. This sector also coincides with the **No. 3 Jade Star** bringing arguments, disputes and fights. What to do now? Leave a spacious space for Qi to flow from the Centre to Northeast in the year 2018 which starts on 4 February 2018. This will help you to activate the Northeast sector without touching it. Everything will workout smoothly.

## Happiness and Well-being

### 福德 Fortune Virtue

If you want good health, help from people as well as opportunities, **Southwest 1** is the sector to activate. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness. It coincides with the **No. 6 White Star** at the Southwest sector.

This is another sector that brings in double good effects. Do you want to enjoy the positive effects without water activation?

Tap into the Fortune Virtue Star by leaving a spacious space for Qi to flow from the Southeast sector and South sector to the Southwest sector.

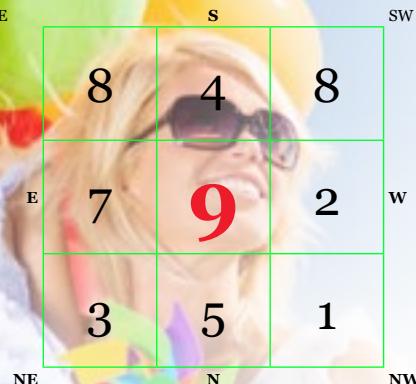

Carrying out activities such as reading, chit chatting with family or office work in this area will allow you to benefit from the influence of both the Fortune Virtue and No. 6 White Star which brings Leadership Luck.

Flip through to our calendar to find out when you should activate the stars in their designated sectors.

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering “What is Feng Shui activation?”. “How do I actually activate a sector?” Refer to page 46 of the December 2013 issue and check out “How to do a Feng Shui Activation”.

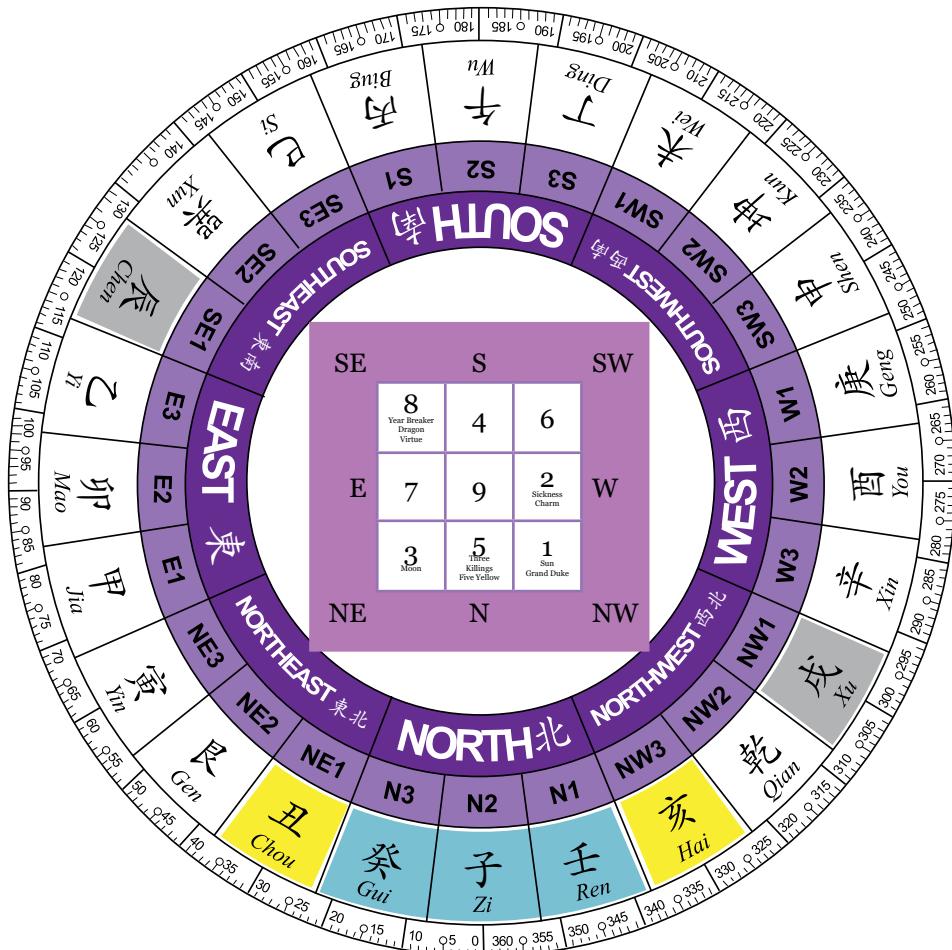

### Did you know...

Happiness energy will vibrate from the centre of your home in 2018. Ensure that the centre of your home is clear of clutter and has a big space to let the Qi settle harmoniously. The centre is vital to keeping the home harmonious in 2018.

**T**his is the sixth year we are writing about the annual Feng Shui afflictions. For those who are new to Feng Shui practices, the focus is often on boosting their life aspirations such as wealth, health, career and so forth. While these enhancements are good, you must also avoid killing and destructive energies around you in your home and work place. These energies change directions and locations annually, and this change coincides with Li Chun on 4 February 2018.

The major annual afflictions you must be aware of are the 太歲 Grand Duke, 五黃 Five Yellow, 三煞 Three Killings and 歲破 Year Breaker. The Sha Qi to note are the Sickness Star 2, Bull Fight Sha 3 and Quarrelsome Star 7. Start by identifying the locations of the major Feng Shui afflictions for the coming year and 'AVOID' major activities here.

To 'AVOID' means not to carry out important activities such as renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

### 太歲 Grand Duke

In 2018, Grand Duke sets foot in the **Northwest 1** sector of your home or office. You do not want to irritate the Grand Duke by renovating this area. This inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For business people it can potentially lead to a loss of income and wealth.

### 五黃 Five Yellow

Five Yellow enters the **North** sector in 2018. This star is a harbinger of bad influences. Avoid any major work, renovation, drilling and even the movement of furniture in this sector. The best remedy is to have an open vast spacious area in the Northeast sector to counter the negative Qi.

The sector is further impacted by the presence of the Three Killings. The Three Killings also falls into the North sector in 2018. It doubles up the negative influence of Five Yellow by bringing in more chaos and problems.

### 三煞 Three Killings

In general the Three Killings is located in the **North** sector in 2018. However to pinpoint the exact location, Three Killings is actually located at **Northwest 3, North 2** and **Northeast 1**. This is because Three Killings comprises three inauspicious stars, namely 歲煞 Annual Sha at Northeast 1, 災煞 Calamity Sha at North 2 and 劫煞 Robbery Sha at Northwest 3. As its name implies, Robbery Sha brings robbery, injury and loss of money. Calamity Sha causes accidents, mishaps and illness whilst the Annual Sha creates obstacles and setbacks. Some have poetically categorised the three misfortunes as loss of wealth, loss of a loved one and loss of one's reputation. You want to leave these sectors in peace and quiet especially in 2018. It is important not to undertake any major renovations or groundbreaking work here.

*Out of the three sectors impacted by the Three Killings, Robbery Sha at Northwest 3 is useable because the Sun Star also resides in this sector. The Sun Star brings good influences. It is able to turn bad tidings into good ones. Northwest 3 sector is especially beneficial to investors. This sector brings the positive influence of the Sun Star and No. 1 White Star. Both stars brings assistance from Noblemen.*

## 歲破 Year Breaker

The Year Breaker is also known as the ‘wrath of the Grand Duke’. It comes to the **Southeast 1** sector this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is usually associated with a loss of wealth.

**Steer clear of this area.** Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

## Sickness Charm

The Sickness Charm resides at the **West 2** sector in 2018. As the name implies, it has a similar effect to that of the No. 2 Illness star. Elderly people or people who have the Rooster sign in their Bazi Chart should avoid staying in the West room because of the Sickness Charm and Illness Star 2 in this sector.

## Annual Flying Star No. 2 - Illness Star

The No. 2 Illness Star brings illness to the occupants of a house. It comes to the **West** this year. This sector is experiencing a double whammy because the Sickness Charm also resides in this sector. Ensure that the West sector of your home is spacious and clear of clutter. This will mitigate the Illness star effect. Doing this will also enhance the property investment luck of the occupants of the house.

Positive features such as a bright hall, healthy green mountains or meandering hills bring out the good influence of No. 2 Illness Star.

Those who work in the property sector will benefit from using the West sector.

## Annual Flying Star No. 3 - Jade Star

The No. 3 Jade Star triggers aggressiveness, stubbornness and competitive behaviour among the occupants of a house. It is known as the ‘Bull-Fight Star’. With the influence of this star, occupants are easily provoked into fights. The star also brings about legal lawsuits, office politics and conflicts. It comes to the **Northeast** this year. This sector is going to experience a double whammy because the Annual Sha of the Three Killings is residing in the same sector this year.

**Steer clear of this area.** Do not do any renovation, groundbreaking work, drilling and knocking on the wall, or even rearrange furniture in this sector.

Fortunately, the Moon Star also falls into the **Northeast 1** sector in 2018. It mellows down the negative influence by bringing Nobleman help and assistance.

## Annual Flying Star No. 7 - Red Star

Annual Flying Star No. 7 Red Star is known as the ‘Quarrelsome Star’. This star can cause problems such as peach blossom troubles, scandals, assaults, violence and robbery, high risk of burglary, deception, theft and back stabbing. This star is especially bad for celebrities, writers, artists, those working in public relations and students in 2018. It comes to the **East** sector in 2018.

**Steer clear of this area.** Do not do any renovation, groundbreaking work, drilling and knocking on the wall, or even rearrange furniture in this sector.

# The Signs of Love in 2018

Is 2018 a year conducive for romance and love?

The 2018 Bazi Chart (refer to page 31) shows a Peach Blossom star appearing at the Day and Hour Pillars, followed by a Growth star at the Month Pillar. The Horse and Rabbit signs which represent the Peach Blossom stars actually erase out the Peach Blossom influences. In the Year of the Dog, attractive and fun people are all around but there is just no romantic spark pulling people together. It is the perfect ingredient for one night stands with no strings attached. Everyone goes their own way the next morning.

Real romance may come from the transition of good friendship to a romantic relationship. If you are the down-to-earth type, you may be attractive to friends of the opposite sex. However, if you are the thrill-seeking party type, you may want to slow down a bit.

Still, let's see if the external forces will offer you a chance for happily-ever-after.

## Romantically-inclined Day Masters

The year's romantic energy smiles on the Wood and Metal men as well as Water ladies. For Yi Wood Day Masters, they are better off if they are already in a steady relationship. Jia Wood Day Masters have many opportunities to meet an intelligent and quiet but strong spirited woman. Mr. Steady Man has more romantic chances this Dog Year. He is slow and cautious to take authority and make decisions. Ambitious women may see them a bit "wishes-washy". Think of Tom Hanks as Forrest Gump?! He is like the proverbial "boy next door" with his laugh, charm, and that adorable twinkle in his eye. He radiates calmness and tranquillity and has a great sense of humour too. Time is needed to see his worth.

This type of energy is the best for those who

seek stable and long-term relationships. Fun party girl may find 2018 to be rather slow and boring.

The steady and happy-go-lucky Geng Metal men will see more chances with the Wood ladies than glamorous Xin Metal men. The theme of this year's romance is "slow and steady wins the race". It is a year to take things slowly. Pursue a serious relationship with more realistic expectations in 2018.

## Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. You have another chance – the zodiac of your Day Branch. If you have a Rabbit, Dragon, Snake or Pig on the Day Branch, you are likely to meet someone you like. However, you will have to make the first move and do the pursuing because the person you have an eye on may not share your feelings yet.

Having these signs on the Year and Month Branches indicates external romantic luck too. Usually this means the members of the opposite sex are attracted to you, but you may or may not share their feelings.

Besides these signs, those who have the Tiger or Horse signs on any of the Earthly Branches have hidden Peach Blossom luck too. What does hidden Peach Blossom mean? It means that you have secret admirers. So pay attention to the people who are in your surroundings and how they treat you. If you want to enjoy a romantic relationship, you need to do some digging.

This Bazi Chart shows where your Day Master and Day Branch are located.

## **Heavenly support**

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in.

So, will the path to true love be smooth? If you have the Snake and Pig in your Month and Year Branches, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If either one of the zodiac signs, Snake and Pig appears on the Year Branch then you should socialize more! Go out, travel, be adventurous and make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out at the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. If you are still single and have not met anyone yet, you can send a message to the Universe seeking the guidance of 六合 Harmony Deity by using the 法奇門 Fa Qi Men technique. On 4 March 2018 after 01:30, take some quiet time to sit facing Southwest. Calmly, in your mind ask the Universe for guidance about your special someone. Lastly, you can seek the advice of a person who has Ox in his or her chart.

# 2018 Cultivate a Relationship Rooted in Friendship

Transitioning from friendship to love can be tricky. If one party does not feel the same way it could spell the end of the friendship. No one wants to lose their best friend! 2018 is a good year to give it a try and transform your friendship into a long lasting romantic relationship. This year, not many people will be getting into romantic relationships, not even a short one. The steady energy is very good for people who are looking for lasting love. Otherwise, you can stay single for another year and have fun. Check out the December 2016 issue to find out the rewards and fun of staying single. For those who hope for more from their relationship with their best friend, here are some signs that indicate that you can actually be more than friends.

## You Daydream About Your Best Friend!

If you're zoning out about your friend at work and always thinking of him or her

when you are apart, you have feelings for your friend. Romantic fantasies about your best friend are a huge giveaway that you feel more than just friendship in your mind and your heart.

## He or She looks At You Weird!

Strong eye contact or a certain glint in their eye that results in a vibe that feels almost unsettling, even if you're not reciprocating, can mean that your best friend wants to become more than friends. Take note if he or she also goes out of the way for you more than necessary. Pay attention to these signs... thoughtfulness that feels almost surprising! They listen and remember things that you have said that even you have forgotten. They are always supportive during good and bad times.

## You Can't Wait To See Them!

If your friend always asks you out and calls or messages you at all hours of the day

(and secretly you feel the same way too), you know for sure that your friend wants something more.

### Your Friendship Changes In Subtle Ways

Along the way, your thoughts and feelings about this friend have changed. You enjoy being alone with him or her rather than going out with the group of friends both of you hang out with. You see qualities in him or her that others don't see. You feel a little bit threatened and jealous when she or he pays more attention to other people especially members of the opposite sex. He or she becomes the first one you talk to in the morning and the last person you want to speak to at night. Most importantly, you feel the butterflies in your stomach whenever you see him or her.

### Changes In Body Language!

Although he or she has yet to make an actual move on you, his or her body language has changed. They have more body contact with you, and if you secretly have feelings for them, you feel that it is natural. A quick hug becomes longer. Besides accidentally touching each other more often, he or she may touch you flirtatiously too. Proximity is a great indicator. If both of you are touching a lot and are cosy with each other, take note. It is a positive sign of 'more than friends'.

### Sharing Hopes And Dreams Together!

You and your friend have a lot in common. Both of you share the same hopes and

dreams in terms of getting married, having a family and building a life together with someone. Speaking about your potential future together will further strengthen your bond.

Love relationships that take-off from platonic friendships have the potential for greater longevity, depth and strength. So if you have feelings for your best friend, this may be your chance to take things further.

# WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2018?

financially?

Each of the Five Elements has a function each year:

- ❖ Metal element represents wealth for the Earth Dog year. Wealth is equivalent to cash-flow.
- ❖ Earth element represents profits or losses.
- ❖ Fire element represents sales.
- ❖ Wood element represents assets.
- ❖ Water element represents willpower.

In 2018, the Earth, Wood and Fire elements are prominent in the natal chart. People who have these elements in their Bazi chart will be able to tap into the influence of 2018 easily.

When the Earth element is prominent in your Bazi chart, this indicates that you will have plenty of profit in 2018. 2018 creates an environment where there is plenty of paper profit but lack of cold, hard cash because of the missing Metal element. Sales, which are represented by the Fire element, will abound. Sales or business deals can be made easily. But, many businesses are going to face credit and debt collection problems. For employees, this can be translated as working lots of overtime without much compensation. In short, you will work more and receive less. A pay cut is also possible.

**A**s you can see, the natal chart contains two missing elements in 2018. Scarcity seems to be the theme for this Dog Year. The Metal and Water elements are hidden. The environment lacks wealth opportunities. This can be translated to lack of sales, business and job opportunities. Similar to 2017, there are no actual assets because they are all hidden away. This can translate into three possibilities:

- ❖ The rich and well-to-do are holding on to their assets, unwilling to sell as they see that assets are more valuable than cash in 2018.
- ❖ People are selling future assets.
- ❖ Interpreted negatively, this can also mean that people are offering or selling empty promises.

How will you benefit from these opportunities

With missing elements, especially the wealth element, real buying power will be eroded. The Metal element represents profits or losses. Most companies will experience losses in 2018 or only paper profit. Besides the Metal element, it is important to have the Fire element prominent in the Bazi chart to do well in 2018. In terms of investments, be prepared to hold your investments for more than a year. Look for investments that have long-term capital-gains or look for defensive investments.

八字 Bazi Chart				
時 Hour	日 Day	月 Month	年 Year	
癸 Guǐ Yin Water	丁 Dīng Yin Fire	甲 Jiǎ Yang Wood	戊 Wú Yang Earth	天干 Heavenly Stems
卯 Mǎo Rabbit Yin Wood	卯 Mǎo Rabbit Yin Wood	寅 Yīn Tiger Yang Wood	戌 Xū Dog Yang Earth	地支 Earthly Branches
乙 Yǐ IR 偏印	乙 Yǐ IR 偏印	戊 Wú HO 傷官	甲 Jiǎ DR 正印	丙 Bīng RW 劫財
丁 Dīng F 比肩	戊 Wú HO 傷官	辛 Xīn IW 偏財		藏干 Hidden Stem

Where the Bazi chart contains a prominent Wood element, you will have what people lack – resources and assets. Ideas will come easily. Resources and assets will be easily available. Those who have a strong Wood element in their Bazi chart will see their assets increase in value in 2018, although it may not translate to profit and cash yet. For employees, the lack of the Wood element means redundancy. Employees may be subjected to pay cuts or Voluntary Separation Schemes in such situations. Employees' assets are their time, skills and knowledge. You must make full use of your time and knowledge, especially if the Wood element in your Bazi chart is weak or missing. The job market in 2018 will be competitive. There will be many new graduates who are willing to work at low salaries to compensate for their lack of

experience.

Besides experience, employees need to sustain their position by offering more. The willingness to accept change is necessary whether or not it is about policy, tasks, departmental goals, technology or any other initiatives. If you can adapt quickly and work hard you will be appreciated. Accept change as a challenge in 2018. At work, be diplomatic when voicing your ideas and views. It will be too easy to trigger unhappiness in the work place due to a difference of opinions and ideals. Good interpersonal skills and good connection with fellow colleagues and immediate superiors or bosses will be important for survival.

In general, assets, represented by the Wood element, are abundant in 2018. In terms of business this indicates that:

1. Companies may be over-capitalized, purchasing long-term assets such as machinery, land and building that cannot produce immediate cash-flow.
2. Production of goods and services in excess of demand which results in excess inventory.
3. Excess inventory at hand as consumers tighten their belts and buy less.
4. There is also the possibility that companies' balance sheets will show higher asset value compared to the real value due to changes in project profitability.

For employees, having the Wood element in your Bazi chart, can mean that your knowledge and experience will help you keep your job but you may need to contribute more and accept less.

Sales come from the Fire element in 2018. If you have a prominent Fire element in your Bazi chart, you may be good at sales this year. Sales in 2018 will easily turn into profit and cash especially if you have the Metal and Water elements in your Bazi chart.

If you have the Earth element on your Year Stem, good presentation of your products and services can bring you more sales. When the Fire element is found on the Year Stem, the best way to increase your sales is through word of mouth by friends, family and acquaintances. When you have the Wood element on the Year Stem, attract others to you with proven data and information as well as interesting marketing materials. When you have the Water element on the Year Stem, maintain a good reputation. Your good name

will be important in helping you sell. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When the Metal element is found on the Year Stem, sales will come to you easily. Sell by showing the intangible value of your products and services.

The Water element represents willpower. For business people, it translates into the ability to execute so that at the end of the day you can turn your sales into profits and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where the Water element is prominent or strong in your Bazi chart with the presence of Earth, Fire or Wood elements, you will find that your work flows easily in 2018. Lacking the supporting elements of Earth, Fire or

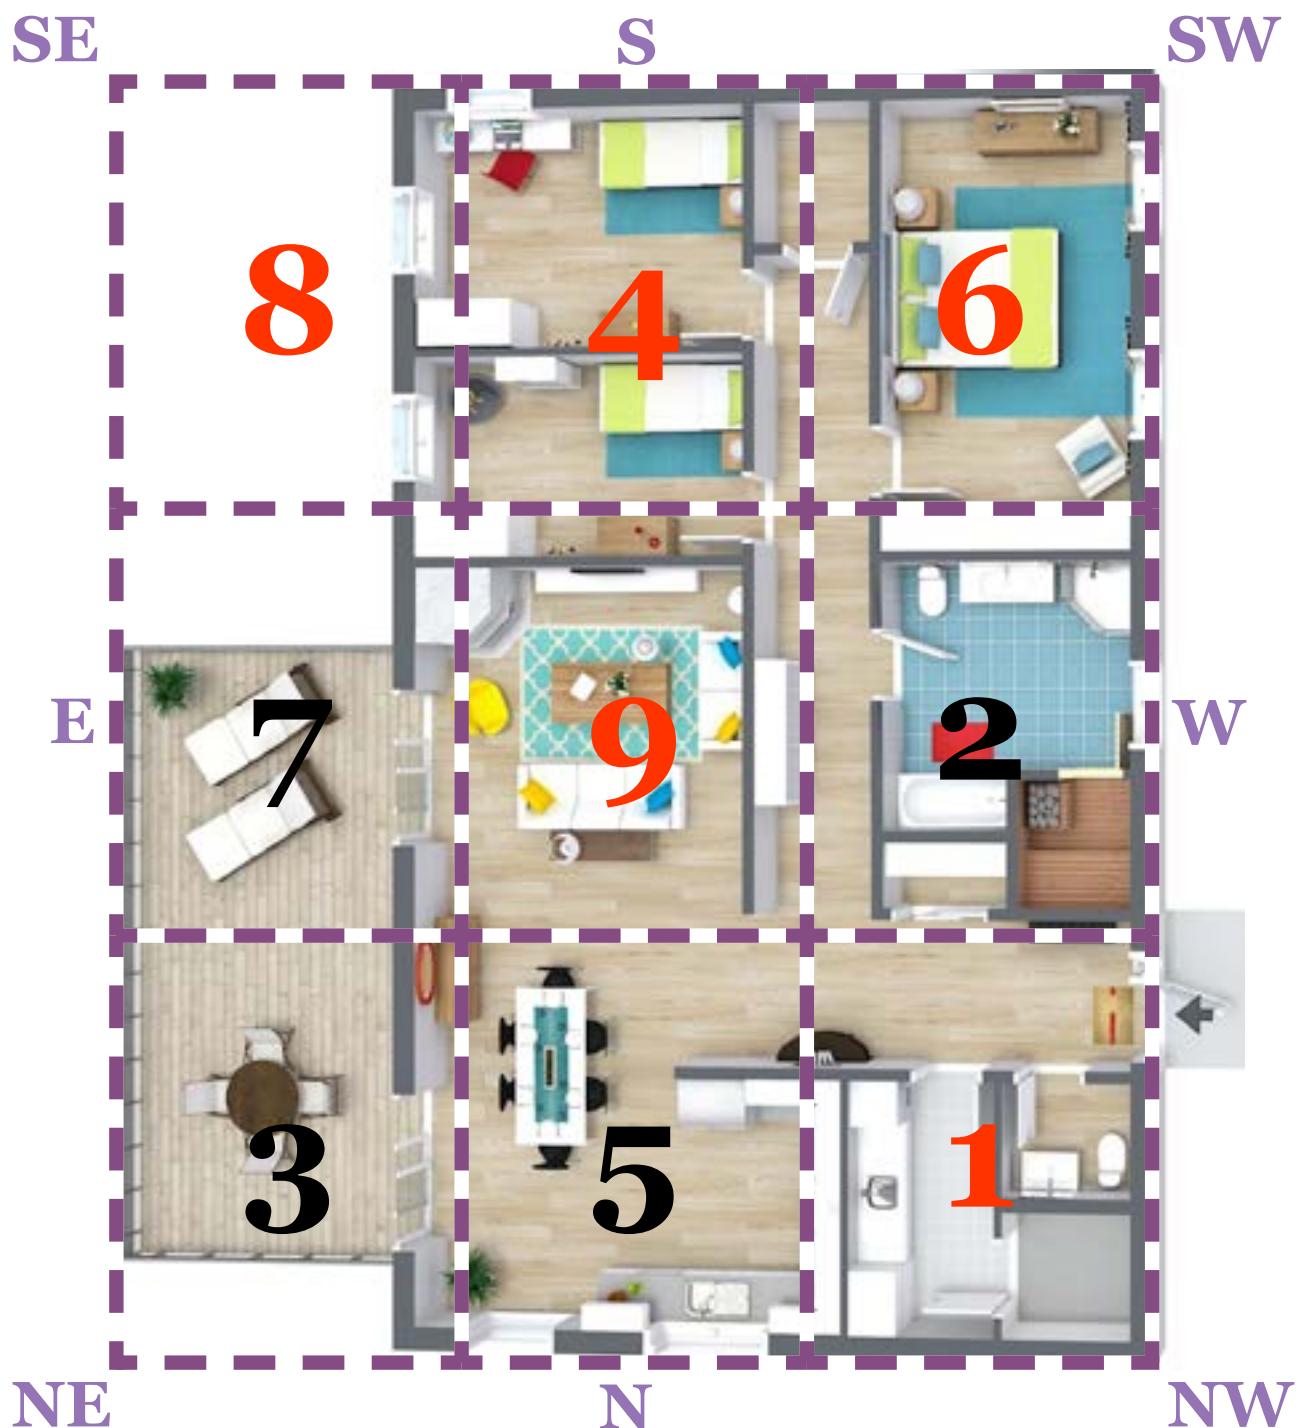

Wood elements in your Bazi chart, you will find 2018 to be frustrating and challenging. These elements help you tap into opportunities. The Water and Metal elements bring balance and harmony in 2018. They even out everything that is challenging and lacking in the environment. This is especially good for those who have the Rabbit, Snake and Horse signs in their Bazi chart. This is because each of these signs has the auspicious Authority Star with them. The Emperor star, Dragon Virtue and Lu Xun is in the Snake, Grand Duke Combination is in the Rabbit, and the General star together with Goat Blade is in the Horse.

Besides these, be flexible and adaptable to changes. Be honest and upright to maintain your success in 2018.

# FLYING STAR INFLUENCES ON EIGHT TYPES OF HOUSES IN 2018

The following is an overview of the impact of the Flying Stars on houses based on the location of front doors.

## Main Door in the North Sector

### Overview

The No.5 Yellow Star resides in the North sector bringing negative affliction. A main door in the North sector brings accidents, mishaps, danger, health problems and obstacles to the occupants of the house.

Negative features such as pylons, lamp posts, forked roads, water or sharp features facing the main door at the North sector will worsen the negative influence. Be alert and take care of your safety.

If the main door faces a bright hall such as a playground, garden or a big car park, it will bring benefit to business people and those working in property

development.

### People Affected

People born in the Ox, Horse, Goat, Monkey, Dog, Pig and Rat years living in such a house run a higher risk of robbery, accident and injury, while people born in the Rooster year will be prone to illness. The Horse and Goat signs will be surrounded by petty gossip, back stabbing and scandal. Rabbit and Dragon signs may experience loss of wealth. The middle son of the family, people working on the sea, river or lake and Gua 1 people are also likely to be affected by the No.5 Yellow Star affliction.

### Months to look-out for

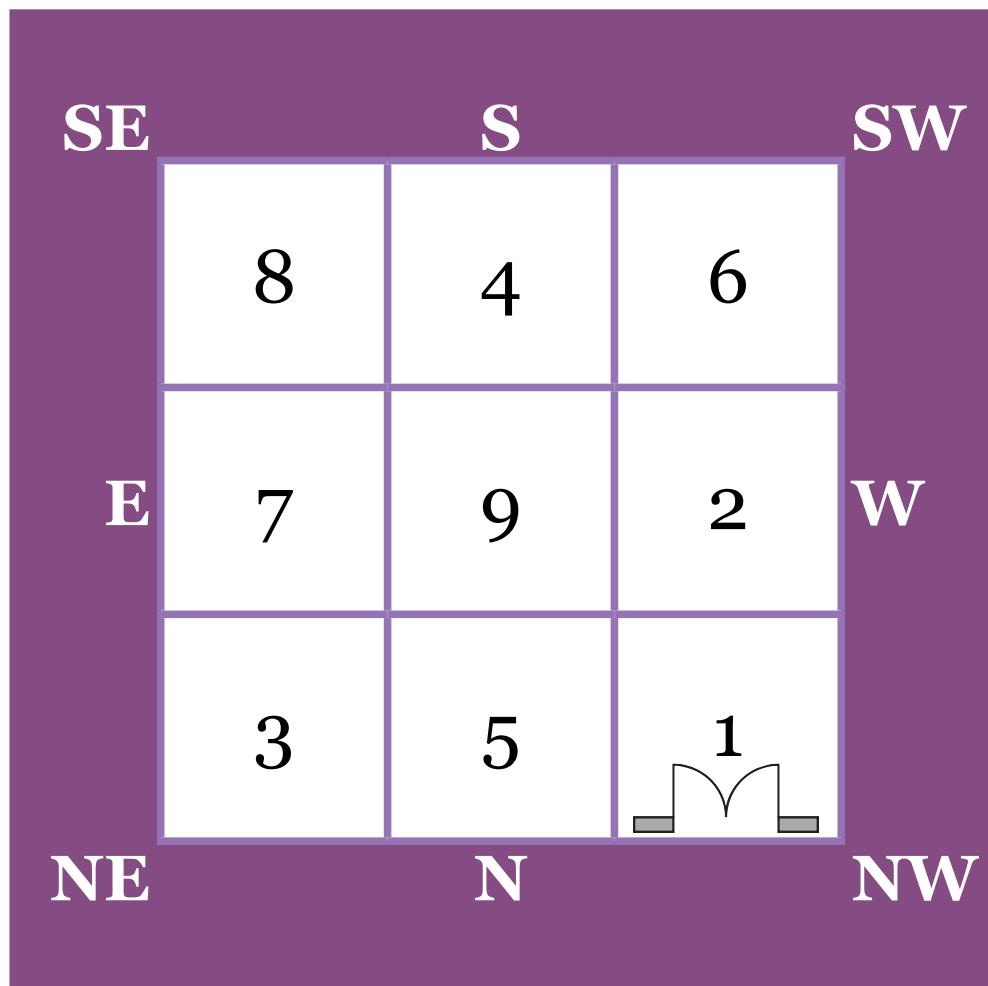

The months that are badly

afflicted by the No.5 Yellow Star are May, July, September and October.

### Mitigation

Use an alternate door to enter and exit your home. If this is not viable, de-clutter the areas around your main door. Ensure that there is a mini bright hall immediately outside and inside the main door. Placement of salt water with six metal coins by the main door can slightly neutralize the bad effects.

## Main Door in the Northwest Sector

### Overview

The No.1 Nobleman Star resides in the Northwest sector bringing help, assistance and mentorship luck to the occupants. The No.1 Nobleman Star represents a secondary wealth star. The main door in the Northwest sector is greatly enhanced if there is a natural water feature such as a lake or river.

The house benefits employees especially those involved in education, research and publication. This star brings good influence in terms of career opportunities, job promotion, increments and good status.

### People who benefit

In general, this house is good for all employees, investors and

business people. The house is extra beneficial to people born in the year of the Ox, Rabbit, Snake, Horse, Goat, Pig and Rat. Tiger, Dragon, Rooster and Dog people living in this house will see a more stable year. The star favours the father, man or Gua 6 person of this property.

### Months to look-out for

The months that are good and further enhanced by the No.1 Nobleman Star are February, March, April, June, August, November and December.

The months of February and November favour relationship matters if the outside of the main door has a bright hall such as a playground, garden or a big car park. Sales people will do

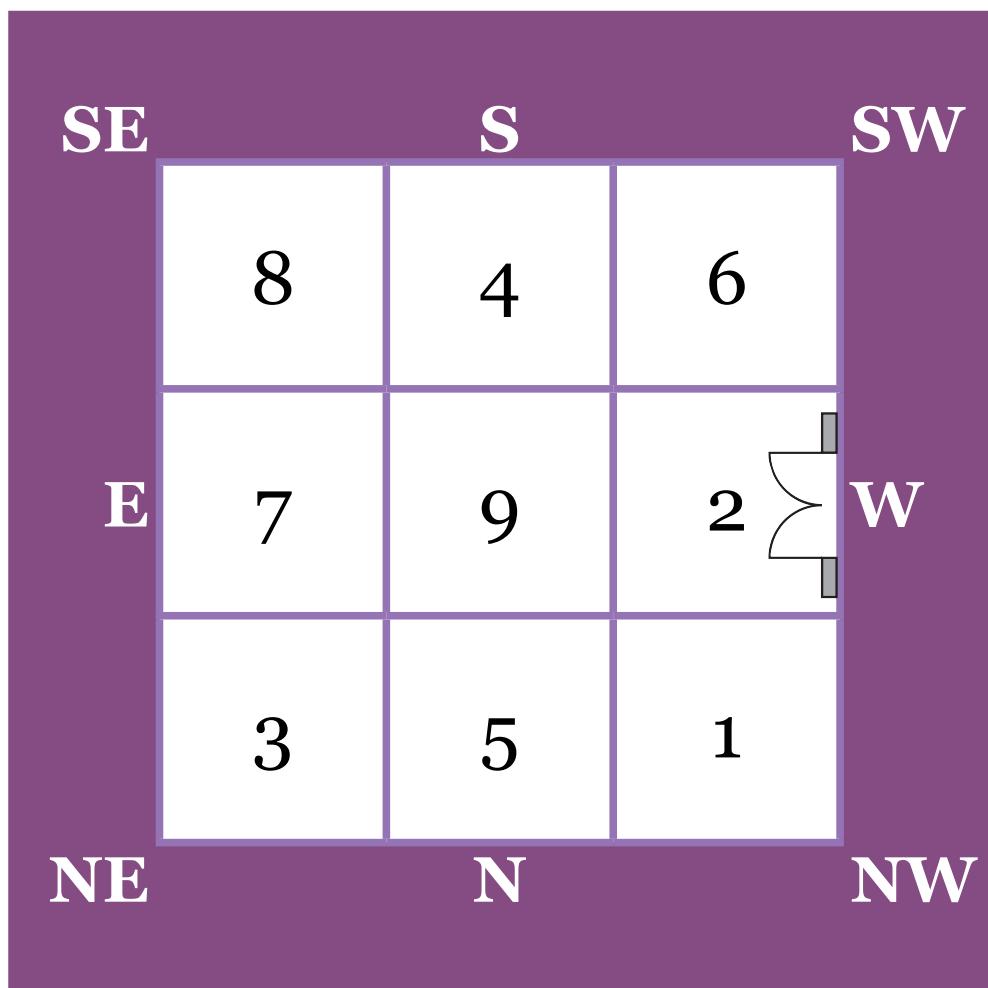

well too.

The month of August sees opportunity in business collaboration and partnership. This is also a good month for investing. Zodiac signs that can benefit from joint-ventures are Tiger, Rabbit, and Horse.

### Further Enhancement

Put a small water feature with eight crystals or stones near the main door. Ensure that the main door is free from clutter inside and out. This sector can be enhanced by Yang energy features such as a fan, radio and moving objects. A mini bright hall in the area immediately outside and inside the main door further enhances the star in this sector.

## Main Door in the West Sector

### Overview

The No.2 Black Star resides in the West sector triggering health problems among the occupants of this house. This sector is experiencing a double whammy because the Sickness Charm also resides in this sector. If occupants have weak immune systems or already have existing illnesses, the health problems will be more prominent in 2018. Married Horses should stay loyal to their spouses. Singles have many opportunities to meet the right partner. Take care of your health. Your immune system is rather weak.

### **Goat**

Goats may experience mixed fortunes this month. Stay calm when meeting obstacles at work. Deal with the matter and not the people. Goats who work in the property field will see some increase in wealth. Always save for a rainy day. This month you need to take extra precautions with regard to your safety.

### **Monkey**

Businessmen can expect extra profit while employees may see an increase in their salary and receive bonuses. Monkeys should settle problems amicably. Avoid arguments or else you will miss out on the positive events happening this month.

### **Rooster**

month where everyone starts their New Year's Resolutions and their career and business game plans. With the presence of the Study Hall star, the path to your goal becomes clearer as you get more information and gain more experience. The presence of the Three Stages star brings good networking, communication and connection opportunities.

On a less rosy note, if the month's Qi does not favour you, you may face monetary losses due to legal problems, fines, court summons, speeding tickets, bank legal letters or income tax bills.

If the month's Qi is unfavourable to you, especially those born in the year of the Snake and Monkey, you will be prone to injuries due to falling objects. Avoid walking near construction areas.

This month's energy favours those who have the following zodiacs: Tiger, Pig, Horse and Dog.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi

Yin Wood), you will be invited to gatherings and celebrations. Your networking luck is strong. You may meet the right people who can help in your career.

Fire Day Masters (丙 Bing Yang Fire and 丁 Ding Yin Fire), you are in a relaxed and jolly mood this Spring season. You are looking forward to the Chinese New Year celebrations. Stay focused. There is still much to be done before the holidays.

Earth Day Masters (戊 Wu Yang Earth and

己 Ji Yin Earth), be a law abiding citizen. Follow all the rules and regulations.

Metal Day Masters (庚 Geng Yang Metal and 辛 Xin Yin Metal) will see good wealth luck. Be law abiding citizens. If not, part of your wealth luck will go to government coffers.

Water Day Masters (壬 Ren Yang Water and 癸 Gui Yin Water), be careful of how you convey your messages and instructions to avoid misunderstanding and unhappiness.

### Tiger

Tigers will be susceptible to scams. Do not be greedy. Do not believe and take up offers that are too good to be true. At the same time, stay calm and do not act brashly. Let other people take the lead now. Your time to shine will come.

### Rabbit

Good fortune shines on the Rabbit sign. Whatever you decide to do, higher powers will stand by you. So trust yourself and take action. Be sociable and network to make more friends. You will meet many Noble people that can point you in the right direction and help you to achieve your goal faster.

### Dragon

A heavy workload falls into the Dragon people's laps this month. You will not be in a jolly mood this Chinese New Year. Do not let your mind wander off. There is still work to do. Stay focused. You will finish in time to enjoy the holiday season if you plan properly and work efficiently.

### **Snake**

The 1st month of the Chinese New Year is a good start for Snake people who want to embark on new ventures or on an expansion. Nevertheless, you have to plan carefully and carry out your plans properly. Employees have to foster good interpersonal relationships with their customers, colleagues and bosses.

### **Horse**

The Horse will experience mixed fortunes in the Tiger month. Wealth will come mainly from your hard work. For business people, your profits will increase. For employees, you may enjoy stable income with some increments. The month is not conducive for joint ventures and investments.

### **Goat**

The Goat sign can look forward to better work flow and wealth luck at the start of the year. Expect some minor hiccups such as delays in documentation, gossip and minor injury. Apart from this, everything is looking good for Goats.

### **Monkey**

A busy month is in store for you. The Monkey sign will find that they need to travel more, especially those who work in sales. Monkey people will feel overworked and tired. Although you will be compensated with extra income, make sure you get enough rest.

### **Rooster**

Roosters need to take good care of their health. Keep to a good diet and exercise regularly to maintain a healthy mind and body. Do not visit sick people or hospitals. Your immune system is weak and you will easily fall sick due to contagious illnesses.

### Dog

Dog people's leadership will be tested. The outcome will depend on your action. Do not act rashly. This is the time to upgrade your knowledge and skills. Be a good example to others. There are plenty of Noble people around to offer you assistance.

### Pig

Pig people can look forward to a quiet and peaceful month. Cherish and seize this opportunity to do the things you like such as going for a long holiday, taking up a new hobby or just relaxing. Good news is coming your way. Overall, it is a good month for the Pig sign.

### Rat

Be cautious of how you convey your messages and words to people. The month's energy brings misunderstanding, argument and miscommunication. Proper planning and action will smooth out the path for Rats. This is not a month to invest, speculate or gamble. These activities can lead to a loss of wealth.

### Ox

While Ox people will experience good fortune in 2018, your luck may still be erratic in the 1st month of the Dog year. You will find petty people trying to stir-up trouble and plenty of office politics. Stay positive, be patient and work diligently. Ignore the negative and focus on what is important. All will be well.
