How will the Earth Pig impact you this year?

The Chinese New Year celebration is also known as the Spring Festival. Celebrations traditionally run from Chinese New Year eve until the Lantern Festival on the 15th day of the Lunar month. A reunion dinner is held on the eve of the Chinese New Year. Family members get together for the celebration. It is considered the most important reunion meal of the entire year.

In Malaysia, the reunion dinner will start off with a famous Chinese New Year dish that is called the “Yu Sheng” or “prosperity toss.” All diners at the table will stand up and proceed to toss the shredded ingredients of the Yu Sheng into the air with chopsticks while shouting various auspicious wishes out loud. Check out page 4 for auspicious directions for tossing the “Yu Sheng” this year. Make sure you stand with your back to the auspicious direction to make the toss and say your auspicious wishes.

To find out which direction to use to usher in the auspicious Gods, grab a copy of our 2019 Bazichic eTongShu. The God of Wealth brings wealth. The God of Nobleman enhances your Nobleman Luck, while the God of Happiness brings harmony and an overall feeling of fulfilment.

Our Annual Chinese Astrology forecasts are based on the birth year Zodiac. However, as you may already know, in Bazi there are three more Chinese Astrological Signs corresponding to your month, day and hour of birth.

All in all, Dragons can look forward to a peaceful year. Those who are going through a good luck cycle will pass through all challenges and come out on the winning end. The Monthly Virtue brings Noble people. It is believed that this star brings blessings from maternal ancestors. This star indicates that the Dragon sign will enjoy some peaceful times, reasonably good fortune and good health. The more kindness you extend to others, the more help you will receive. For students, the star brings academic excellence. In the old days, this star is known to bring success to scholars sitting for the

imperial exams.

The presence of Pommelled Saddle Star brings stability to the Dragon sign's daily life. Even though it is a minor star, Pommelled Saddle brings many benefits. It brings help from Noble people and mentors. For students, the star indicates that their ability to understand complex information and theories will move up a notch. Similar to Monthly Virtue, the star is known to bring good grades to scholars sitting for the imperial exams.

With the presence of the Red Matchmaker, Dragon people will look more charming and beautiful. The star brings out the fun-loving and child-like quality of the Dragon sign. Dragon people will be more attractive and lovable to the opposite sex. The presence of both the Pommelled Saddle and Red Matchmaker brings fame and popularity to the Dragon sign.

With just three minor inauspicious stars, Dragon people will do well if not great. There will be little to zero obstacles. The Death Charm brings unexpected challenges. The negative effect of Death Charm can be deflected by the positive influence of the Monthly Virtue Star.

Lesser Consumer indicates that Dragon people will be tempted to spend. There is always something that catches the eye such as the latest iPhone, new fashion or trinkets. It is okay to reward yourself from time to time, but it is another matter to shop compulsively.

Red Chamber brings many admirers for the Dragon sign. In the old days, this star is considered negative because it is inappropriate for ladies to have too many avid and open admirers. It brings negative comments and gossip from petty people.

Career and Wealth

Whether Dragon people are white-collar workers climbing the corporate ladder, athletes aiming for the top or soldiers trying to move up the ranks, Pommelled Saddle indicates good career prospects. There is a chance of a promotion too. The star bodes well for Dragon people career-wise. Pommelled Saddle indicates steady changes in work. Noble people and mentors will guide Dragon people through the changes that are happening in their careers. They will be better off after these experiences.

Dragon people will gain recognition and good reputation for their efforts and contributions at work. The presence of both the Pommelled Saddle and Red Matchmaker brings fame, especially to those in the entertainment industry.

Lesser Consumer in the Career Palace may indicate that Dragon people are happy to treat their colleagues and superiors to meals and tidbits. In general, Dragon people will enjoy steady income and smooth careers in 2019.

Relationship

The Dragon sign is visited by the Red Matchmaker and Red Chamber this year. For single Dragons, this year is going to be filled with love, passion and romance. Whirlwind romances will quickly lead to marriage. Those already in long-term relationships will surely tie the knot. For married Dragons, you must stay steadfast and loyal to your spouse. A 'third party' will surely break your relationship.

The presence of the Monthly Virtue Star indicates that family relationships remain stable. They will be your source of emotional support and help.

Safety and Health

The Dragon's health will be affected negatively this year. You need to have a full physical check-up before the start of 2019 to ensure that all is well. A healthy diet and regular exercise is a must. Dragon people should not travel to countries experiencing hygiene issues or epidemics.

Special Tips

Someone with a Dragon sign on the Year Branch may find themselves becoming more popular. If you are single, this is the right time to find love.

If the Dragon is on your Month Branch, you will do well in your career. Although there are some changes that require some adjustments, you will find that everything will run smoothly.

A Dragon sign on the Day and Hour Branch indicates higher sex drives. It is not a bad thing. However, if you feel that you've lost control of your sexual behaviour, especially if your behaviour causes problems for you or others, you need to seek help.

Overview

The Snake sign is heading towards some challenges. Snakes who are going through a good luck cycle will pass through all these challenges and come out on top. For Snake people who are going through a negative luck cycle, resilience and positivity will help you get through the year of the Pig.

The Sky Bright Star is about rationality, creativity and being analytical. It brings wisdom. While it does not bring help, the star indicates that Snake people can solve their problems if they put their mind to it. The star also brings fame through one's knowledge and talents. This star bodes well for Snake people who are public speakers, sales people, gurus, lecturers and entertainers such as singers, actors, MCs or DJs.

The Month Emptiness is actually a neutral star. It is a good star for those who want to

cultivate the mind and spirituality. This star is good for Snake people who want to take time for self-reflection. Month Emptiness doesn't help to mitigate troubles. This star brings clarity. It helps one understand that all good or bad events will come to an end and that the same cycle will start again. Month Emptiness teaches you to be detached emotionally and to go with the flow.

The Sky Horse brings travel luck to the Snake sign. On the bright side, travelling can lead Snake people to more opportunities. It changes the Snake's fortune somewhat for the better. However, travelling will also cause Snake people to spend more money.

The presence of both the Year Breaker and the Obstacle Stars indicates that there will be hindrances, obstructions and unexpected challenges ahead. Snake people should not meet challenges and obstacles head on. Be more resourceful, flexible and willing to do

things out of your comfort zones.

The Great Consumer and Leopard Tail Stars denote unexpected expenditure and loss of wealth. Snake people can mitigate these effects by making donations and by refurbishing ancestral graves. Putting money away in the form of land and property will also help to lessen the negativity of these two stars.

Career and Wealth

While the Snake sign should maintain a low profile and work diligently during this challenging time, it will be difficult to stay totally below the radar. The Sky Bright Star brings the limelight to the Snake sign. Employees should work hard, contribute more and complain less. Always abide by company rules and policies.

The company you work for is likely to be affected by the challenging economy. Be grateful that you still have a job. Changes in consumer behaviour and belt-tightening may have a direct impact on your business and income. Businessmen need to come up with ideas on how to retain customers. Be ready to pump in additional capital due to the Great Consumer Star effect.

For Snake people who are in the entertainment line, you will do well compared to Snake people in other industries. The Great Consumer Star works in favour of famous Snake actors, actresses, singers, models and brand ambassadors as your spending or use of certain brands can come in the form of sponsorships.

Relationship

The Sky Sadness Star doesn't bode well for Snakes in or out of relationships. You will tend to be emotional and pessimistic. If you are not careful, toxicity will develop in your marriage. Single Snakes are not in the right frame of mind to start a relationship. Their sensitive mood will drive potential partners away.

While family and friends are supportive of Snake people, they are not up to accepting help or good advice. When going through a tough period, Snake people prefer to remove anything that does not make them feel good. Snake people need to be mindful so as not to lose the support of the people who genuinely care for them.

Safety and Health

Overall, Snake people are in good health. However, their safety is at risk. Snake people will tend to get cuts and injuries easily. Handle sharp objects with care. Find time to rest and relax to balance your mood and maintain a positive mindset.

Special Tips

If the Snake sign is in the Year Branch, a small donation every month will help you dissolve the Great Consumer effects.

If the Snake is on the Month Branch, keep calm and always think carefully before you act in any difficult situation. Your intelligence will help you solve a lot of problems in 2019. It is not a time to be emotional.

The Snake sign on the Day Branch indicates that you will be spending more time on your family and children. You will be a supermom or superdad.

If you have a Snake on the Hour Branch, you have higher levels of energy and a connection with higher powers. Anything you come to think of or wish for will be answered. But this is not a year to build castles in the air. Be practical about what you wish for.

Welcome to 2019, the year of the Earth Pig (己亥 Ji Hai). The Earth Pig's Heavenly Stem Plate energy has already made its presence felt as early as July 2018 on an Earth Pig day, but the full impact of the Earth Pig will only be felt in November 2018. The year 2019 energy is filled with strong Earth and Water elements. Water meeting Earth results in a controlling and contaminated relationship. The presence of many Fire elements indicates that money is a priority.

What does this mean for Malaysia? In Malaysia, Jho Low rose to notoriety in connection with the 1MDB scandal in July 2018 and he will continue to feature prominently in the Malaysian media. Will Malaysia be able to recover the state funds embezzled from 1MDB? Interestingly, the Bing Fire, which represents Jho Low and the 1MDB funds, appears in the Hour and Month

Stems. Ren Water reflects the two Bing Fire, so it is safe to say that he can be anywhere and is most probably hatching another plan. This also means that the misappropriated 1MDB money is scattered all over the world and will be hard to recover. The Bing Fire is the Rob Wealth Star of Malaysia, which is represented by the Ding You Pillar. It may be hard to catch him, but not impossible. This will not happen in 2019, he may possibly be caught at the end of 2020 or in the beginning of 2021. His location will be betrayed by one of his so-called friends, motivated by money and spite.

In other parts of the world, the “Combine and Clash Relationship” indicates that creative accounting and corruption will be the main concerns in the financial markets. For some countries, the clash is a telltale sign of a recession as governments introduce easy monetary policies to stimulate the economy.

U.S. recession risks are seen to be rising sharply in 2019 and will continue to rise in 2020. Businesses will not be as robust as what is shown in their accounts, especially those businesses that depend on the U.S. market.

The strong Fire meeting Wood energy indicates continued exponential growth in technology in every sector. In 2019, there will be increased competition in the job market due to a mismatch between jobs, salary packages and experiences. There will be a universal adjustment in income in 2019, enforced by governments, to ensure that standards of living are not compromised. The question is, will there be jobs for everyone? Employers will be seeking machinery and technology to

reduce dependency on human resources and the troubles associated with managing employees. This year will continue to be a training ground for developing resilience and grit.

The environment and people will still be prone to fire hazards, natural disasters, diseases and food poisoning. On the positive side, we will see fewer man-made tragedies related to Fire-Metal elements, such as arsons, shootings and bombings. The year of the Pig also brings along a "Combine and Clash Relationship." There will be news of smartphone explosions.

U.S. trade tensions with China are likely to continue to escalate, hampering global economic growth in 2019. China's major

concern is not the threat from the U.S. but climate change and pollution. Water and food will be China's priority and focus from 2019 onwards. The Fire, Metal and Wood element clash also denotes the rise of terrorism.

For Consumers

The strong Fire element together with a weak Metal element indicates a weak currency. The Fire, Metal and Wood element clash indicates a lack of buying power. The Fire and Earth elements, which represent wealth opportunities and willpower respectively, may be an indication that governments will be having difficulty spurring private consumption. The year of the Pig will continue to see shoppers cutting back sharply on their spending. Unlike the previous year, when people were still willing to pay for quality food while spending less on clothes and home accessories, they will cut down on everything in 2019.

Meanwhile, governments that continue to roll out easy monetary policy to boost consumer spending may see little results as more and more consumers tighten their belts. Both retail and online markets will suffer in 2019. With this being said, wealth will rise in the East and set in the West. This means that in general, Asian countries will be better off compared to Europe and the U.S.

For Businessmen

In 2019, new businesses involving sophisticated technology will pop up like mushrooms after the rain. Certain Water Industries will do better than others. For example, transportation and logistics will do better than the retail and wholesale industries.

Businesses involving consumer staples will be doing well. Consumer banking continues to face challenges as new technologies will allow consumers to park their money elsewhere. At the same time a cut in spending will also see a decline in credit card usage.

Property development and construction, which are related to the Wood and Earth elements, will see mixed fortunes. Big projects that involve the construction of highways and train tracks will be reduced. There will be concern about quality and safety as there will be incidences of buildings collapsing. Property companies will be tasked to improve their work quality with new standards being introduced by the government.

Businesses with production lines that involve water and wood need to rethink their approach to resolve the global water and food supply challenge. New businesses will emerge to solve these issues, bringing new water conservation technologies, wastewater recycling technologies, improved irrigation and agricultural practices and energy efficient desalination plants to the market in 2019.

A company with good asset management will still do well in 2019. Companies must continue to make changes in tandem with technological advancement and the change in consumer behaviour. Companies that are not able to do so may go into decline although it may not be obvious until later in 2019.

For Employees

Retrenchment is on the rise due to the difficult economic environment and advancement in automation technology. In this environment, there will be a job and skill mismatch in the market. Similar to 2018, employees should focus on improving or retraining in skills and knowledge that will gear them towards jobs that are not impacted by automation. Students should take the long-term view when planning their careers as the long-term trend indicates that more and more job functions are likely to be automated. Health care related jobs such as home health services, nursing, occupational therapy and physical therapy will continue to grow by at least 30%. These are jobs

that require a certain depth of knowledge, hands-on skills and personal contact. These types of skills and knowledge will continue to be in demand.

Health

In general, there will be serious health problems or health epidemics in 2019. There will be diseases or viruses that attack the lung and respiratory system. The world may be bombarded by food poisoning scares, such as the case of melamine poisoning of infant formula in 2008. Expect health care costs to continue to rise in 2019. There will be improvement in technology in the medical field. A medical checkup and DNA analysis in the near future will be able to predict a person's health issues in their old age when they are still in their youth. Medical treatment which currently focuses on suppressing and curing illnesses will soon be geared towards prevention.

Industries

In 2019, some car companies will be moving toward the sole production of electric vehicles. Solar parks will become prominent to meet the increase in demand for electricity. The world's largest solar park, the Benban Solar Park in Egypt, is expected to be completed by late 2019. Research and development into education, health and lifestyle improvement will continue.

Industries expected to benefit in 2019 remain the same as those in 2018 such as IT, agriculture, local entertainment and nightlife businesses, motivational teaching, education, advertising and e-publishing. Industries that will experience mixed fortunes are those in tourism, hospitality and property. These industries will see a boost especially in the early part of the year. People and gurus with knowledge and wisdom in the entertainment line will get their fair share of the limelight.

Sales of property such as houses, shophouses and offices will continue to be sluggish in the first half of the year. The construction

of highways, roads and train tracks will come to a halt. Property prices will continue to increase due to a lack of raw materials and resources. Property investors will see their capital gain on paper only. Investors should look at long-term investments with rental income when it comes to property investment.

The banking and financial industry will continue to face technological challenges as more consumers park their money with alternative third-party online payment services for easy access and payment. Companies operating online and mobile payments systems similar to PayPal, WeChat Wallet and Alipay will mushroom.

Events

The Earth Pig continues to bring more natural disasters such as earthquakes, tsunamis, floods, soil erosion and sinkholes. Brace yourselves for extreme weather in 2019. Countries with temperate climates will experience extremely cold winters while tropical South East Asian countries, may face thunderstorms and typhoons. South Africa, the Middle East and South America may face droughts. Forest fires will be rampant too. Typhoons and hurricanes will continue to cause havoc this year.

The Earth Pig also brings lung related health issues due to air pollution, haze and forest fires. The Hidden Corpse Star residing in the Pig may bring disease epidemics. Food poisoning scares may be one of main concerns in 2019.

Due to the scarcity of natural resources, especially water and food, there will be more awareness of the need to preserve and protect the Earth's natural resources and beauty. More people and governments will be participating in recycling and conservation efforts. More care and protection will be given to ocean and marine life as the negative effects of ocean pollution on humans become more obvious.

WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2019?

As you can see, the natal chart is complete with all the elements in 2019. Fire, Earth and Water elements dominate the chart. The environment is abundant with money or wealth opportunities but there is a lack of real wealth and purchasing power is weak. Similar to 2018, the asset element is rather weak and being clashed. The Earth element although supported by the Fire element, is rather unstable. This can translate into three possibilities:

1. The Bazi formation indicates creative money management in 2019. For example,

Bitcoin, which is hard to value. It is all up to speculation.

- There will be a shortage of supplies, especially for products related to Metal and Wood elements.
- Interpreted negatively, this can also mean that people will offer or sell empty promises as they did last year. They will just up their game this year.
- On the positive side, people offering future promises or services such as insurance providers, stem cell banks or forecasting services such as market research companies, metaphysics services and weather and environmental forecasting services will do well.
- Creative accounting techniques may be used to siphon money out of companies or countries.
- Social media scams will become more rampant.

How will you benefit from these opportunities financially?

Each of the Five Elements has a function every year:

- ✓ Fire element represents wealth to the Earth Pig. Wealth is equivalent to cash-flow.
- ✓ Earth element represents willpower.
- ✓ Metal element represents assets.
- ✓ Water element represents sales.
- ✓ Wood element represents profits.

In 2019, the Fire, Earth and Water elements are prominent in the natal chart. People who have these elements in their Bazi chart will be able to tap into the influence of 2019 easily.

When the Earth element is prominent in your Bazi chart, this indicates that you will gain in status and reputation in 2019. You will have the power to make things happen and get things running.

2019 creates an environment where profit is cut but cash is aplenty because of the Wood element (Tiger sign) being clashed by the Metal element (Monkey sign). Sales, which are represented by the Water element, will also abound. Sales or business deals will be made easily. Business will seem to take a turn for the better in 2019, but real profit and cash will be much lower. Businesses will be able to collect debts owed from the previous year. For employees, this can be translated as retrenchment and restructuring. Business people will try to boost profit and cash in the shortest time possible at the expense of employees, especially professionals and experts in rare fields. For some countries, the clash is a telltale sign of recession as governments introduce easy monetary policies to stimulate the economy. Businesses will not be as robust as they are shown to be in the accounts.

2019 is another bumpy ride before the economy can turn towards a better outlook. However, most governments will try to project a positive financial outlook for their countries and downplay the looming threat of recession to attract more investors. Companies in the Fire industries will experience real profit in 2019. Besides the Earth element, it is important to have the Fire element prominent in the Bazi chart to do well in 2019. In terms of investment, people will make quick money in the volatile market. There will be share buybacks from giant companies or conglomerates.

Where the Bazi chart contains a prominent Metal element, you will have what people lack – resources and assets. Ideas will come easily. Resources and assets will be easily available. But these ideas, assets and resources will not be of the best quality. Those who have a strong Metal element in their Bazi chart will see their assets increase in value in 2019. Profit and cash can be realized. For employees, the lack of the Metal element means redundancy. Employees may be subjected to pay cuts or Voluntary Separation Schemes in such situations. Employees' assets are their time, skills and knowledge. You must make full use of your time and knowledge, especially if the Metal element in your Bazi chart is weak or missing. 2019 continues to see a fiercely competitive job market environment. There will be many new graduates who have the ideal of less work and higher pay. Mismatch of jobs with salary expectations will become an issue for many people seeking work. Employers will not be willing to pay more. This may be a year that sees machinery replacing a lot of jobs in the Fire, Water and Earth industries.

Employees need to sustain their positions by offering more than their work experience. The willingness to accept change - in policies, tasks, departmental goals, technology or new initiatives, is necessary. A lot of people need training in new job skills to adapt to the job market. Accept change as a challenge in 2019. At work, be diplomatic when voicing out your ideas and views. It will be too easy to trigger unhappiness in the work place due to a difference of opinions and ideals. Good interpersonal skills and good connection with fellow colleagues and immediate superiors or bosses will be important for survival.

In general, the Metal element, which represents assets, is weak and in a clash position in 2019. In terms of business, this indicates that:

1. Companies may face a shortage of raw materials or supplies.
2. Production of goods and services will be cut resulting in a shortage of inventory.
3. Consumers will tighten their belts and buy lower value products even though they have cash.
4. A lot of assets become redundant.
5. There is also the possibility that companies will employ creative accounting techniques such as:

- a. giving loans to companies owned by directors or promoters to siphon off cash, or carrying out demergers or restructurings as a way to cook up profits.
- b. shifting expenses or depreciation to later dates to manage earnings
- c. creating separate legal entities that can house liabilities or incur expenses that the parent company does not want to have on its financial statements.

For employees, having the Metal element in your Bazi chart can mean that your knowledge and experience will help you keep your job but you may need to go for retraining.

Sales will come from the Water element in 2019. If the Water element is prominent in your Bazi chart, you may be good at sales this year. Sales in 2019 will easily turn into profit and cash especially if you have the Fire and Water elements in your Bazi chart.

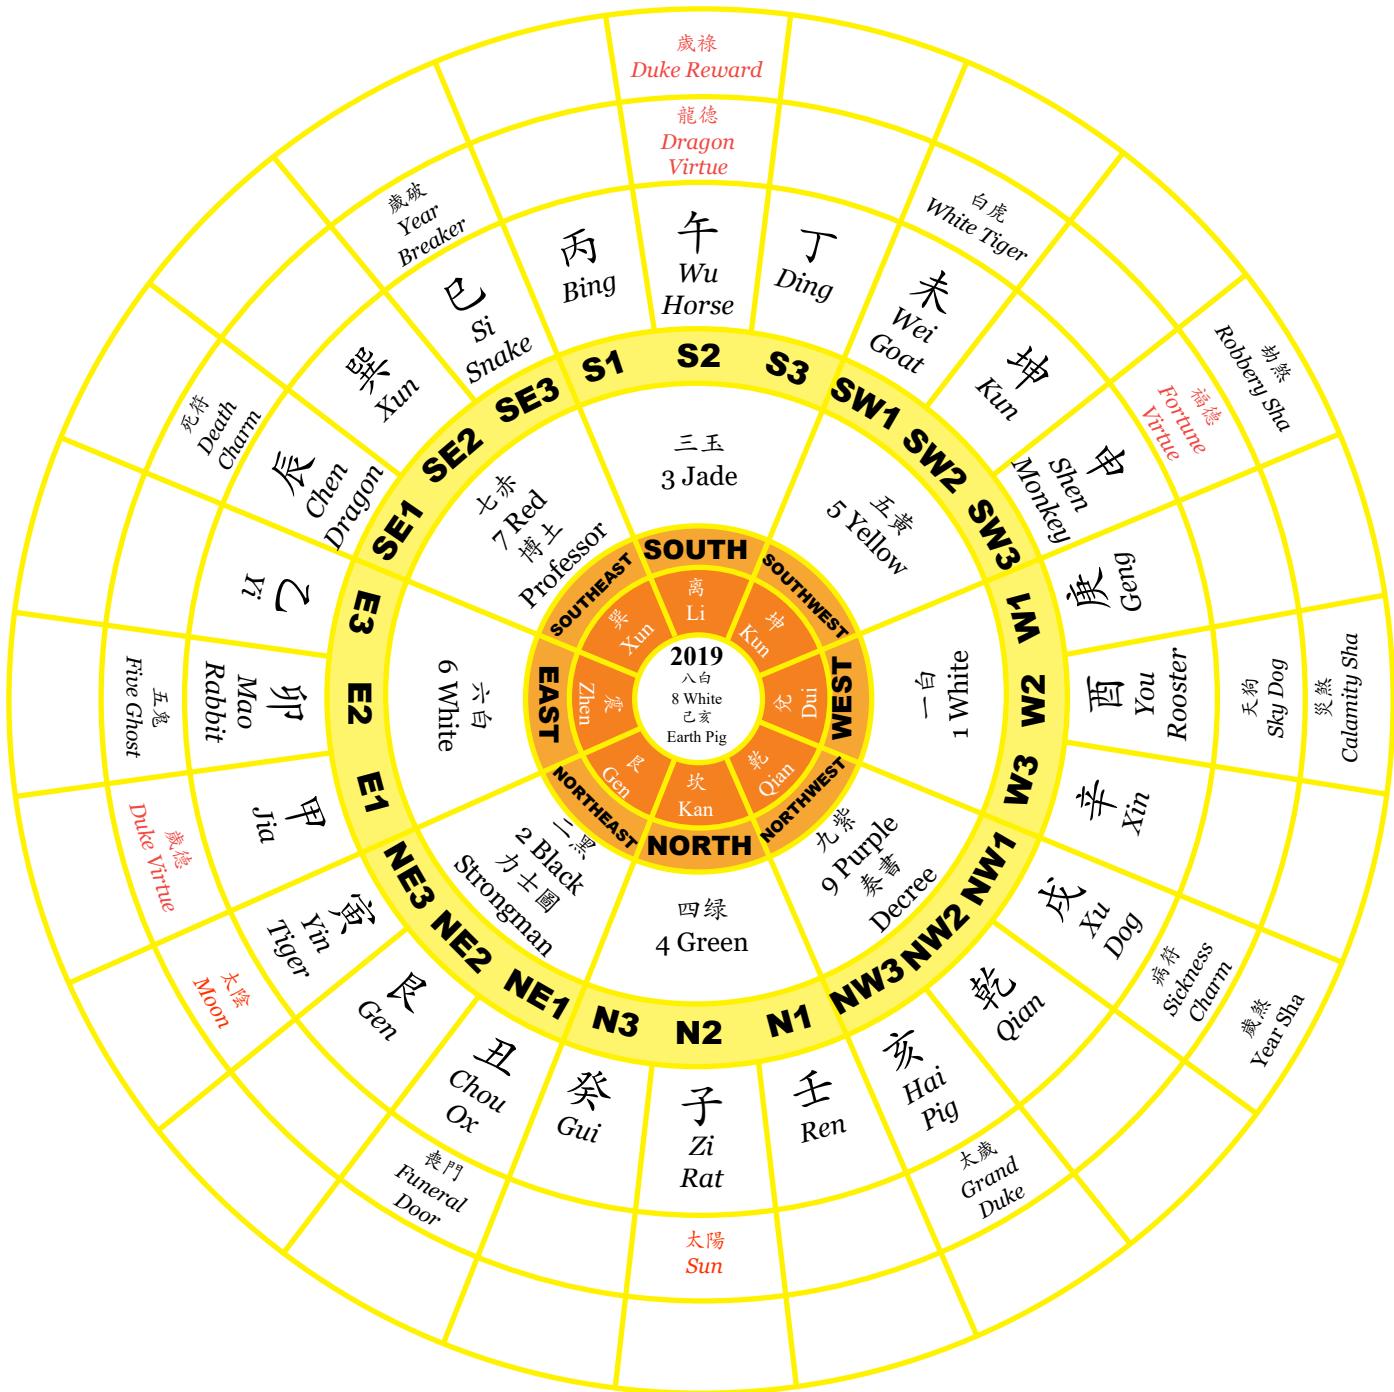

How to sell better in 2019? If you have the Wood element on your Year Stem, good presentation of your products and services may bring you more sales. When a Water element is found on the Year Stem, the best way to increase your sales is by word of mouth. When you have the Metal element on the Year Stem, attract others to you with proven data and information as well as interesting marketing materials. When you have the Earth element on the Year Stem, maintain a good reputation. Your good name will be important in helping you sell. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When the Fire element is found on the Year Stem, sales will come to you easily. Sell by showing the intangible value of your products and services.

The Earth element represents willpower. For business people, it translates into the ability to execute so that at the end of the day, you can turn your sales into profits and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where the Earth element is prominent or strong in your Bazi chart and Fire or Water elements are present, you will find that your work will flow easily in 2019. Lacking the supporting elements of Earth, Fire or Water elements in your Bazi chart, you will find 2019 to be a challenging year. You will experience a lot of frustration.

The Wood and Metal elements will bring balance and harmony in 2019. They will even out the rocky paths arising from an environment that is challenging and lacking. This is especially good for those who have the Tiger, Rabbit, Pig and Horse signs in their Bazi chart. This is because each of these signs has the auspicious Authority Star with them - the Emperor, Dragon Virtue and Thriving Stars in the Horse, Grand Duke Combination in the Tiger, the General Star in the Rabbit and the Grand Duke in the Pig.

Besides these, be flexible and adaptable to changes. There is no time for you to think as the two Travel stars (Monkey and Tiger signs) clash with each other. Get your planning done before the start of the Earth Pig year. Wealth, assets and cash define success for the majority people but is it real? The definition of success depends on you. Being honest and upright will not bring you a lot of money in 2019 but will ensure that you stay out of trouble.

HARNESSING THE YEAR'S POSITIVE ANNUAL STARS

It's time to check in on the annual Feng Shui outlook again. In general, people tend to focus on Feng Shui afflictions, forgetting that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is valid due to

the overlapping positive and negative Qi in several sectors. Read on to find out how to tap into these sectors without provoking the negative energies of the Grand Duke, Three Killings and Five Yellow.

The luopan diagram on page 38 shows the location of both positive and negative Feng Shui Auxiliary Stars in 2019.

Harnessing the Qi of the Auspicious Stars

Boosting your Immunity against the Annual Affliction

歲祿神 Duke Virtue

If you are worried about annual affliction stars like the Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So, if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is present in the **East 1** sector in 2019.

Entering the year of the Earth Pig on 4 February 2019, you can activate Duke Virtue on a good date where it is a Jia Wood day at the East 1 sector or any positive sector for a stronger effect. This is because every Jia day in 2019 contains the Duke Virtue Star. Thus, you have the protection of the Duke Virtue brought in by the Jia Wood day influence.

歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect to the Duke Virtue, the difference being the Yang nature of Duke Virtue while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and protects external matters such as career, travel and appointments while the Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage. The Duke Virtue Combo is not present in any sector in 2019.

Entering the year of the Earth Pig on 4 February 2019, you can activate Duke Virtue Combo on a good date where it is a Ji Earth day at any positive sector. This is

because every Ji day in 2019 contains the Duke Virtue Combo Star. Thus, you have the protection of Duke Virtue Combo brought in by the Ji Earth day influence.

Positive Bank Account Balances

歲祿神 Duke Reward

Wouldn't it be nice if your accounts are in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the **South 2** sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state of surplus.

In 2019, the Duke Reward location in South 2 coincides with the No. 3 Bull Fight Sha in the South sector. Business people who want to ensure that their business cash flows remain positive can activate the South 2 sector by placing healthy plants in that sector. At the same time, Dragon Virtue also resides at the South 2 sector bringing in double good effects in terms of wealth. Your sales team will be selling ice to eskimos.

Activating South 2 at home is not advisable. It creates disharmony amongst the occupants.

You can activate the Duke Reward on a good date where it is a Horse day at this positive sector. This is because every Horse day in 2019 contains the Duke Reward Star. Thus, you have the good influence of Duke Reward brought in by the Horse day influence and from the locational influence.

Clearing Obstruction

龍德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get us and there are unexpected hiccups and delays. Activating the Dragon Virtue in the **South 2** sector can help you clear away these blockages, enhance your wealth luck and boost your reputation.

The No. 3 Bull Fight Sha also resides in the South sector bringing arguments. Therefore,

it is good to de-clutter the South 2 sector to make it spacious. Place healthy plants in this sector on an auspicious day before 4 February 2019.

Accidental Remedy

太陽 The Sun

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole in her wall, right where your Grand Duke is sitting. There could be a pylon hovering outside this sector of your home, or there is no Duke Virtue sector. Or, you may have only gotten around to reading this article now, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating the Sun Star at **North 2**.

The No.4 Green Star also resides in the North sector bringing academic and romance luck. Therefore, North 2 is a good sector to activate with a small water feature in 2019.

Effective Communication

太陰 The Moon

Communication is important for everyone, especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills, but also resolves issues like mis-communication and the ability to talk to the right person. The Moon Star also brings helpful people. This year the Moon Star is located in the **Northeast 3** sector.

You will benefit from the influence of the Moon Star when you carry out activities such as reading, chit chatting with family or office work in this area.

However, The Moon Star's location in Northeast 3 coincides with the No. 2 Black Star bringing illness. What to do now? Leave a spacious space for Qi to flow from the Centre, North and East to the Northeast sector in the year of the Earth Pig which

starts on 4 February 2019. This will help you to activate the Northeast sector without touching it. Everything will workout smoothly.

Happiness and Well-being

福德 Fortune Virtue

Fortune Virtue Star brings good health and help from people as well as opportunities. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness. The star resides at the **Southwest 3** sector. It coincides with the Five Yellow Star at the Southwest sector.

Do you want to enjoy the positive effects without triggering the Five Yellow? Tap into the Fortune Virtue Star by leaving a spacious space for Qi to flow from the Centre to the Southwest sector.

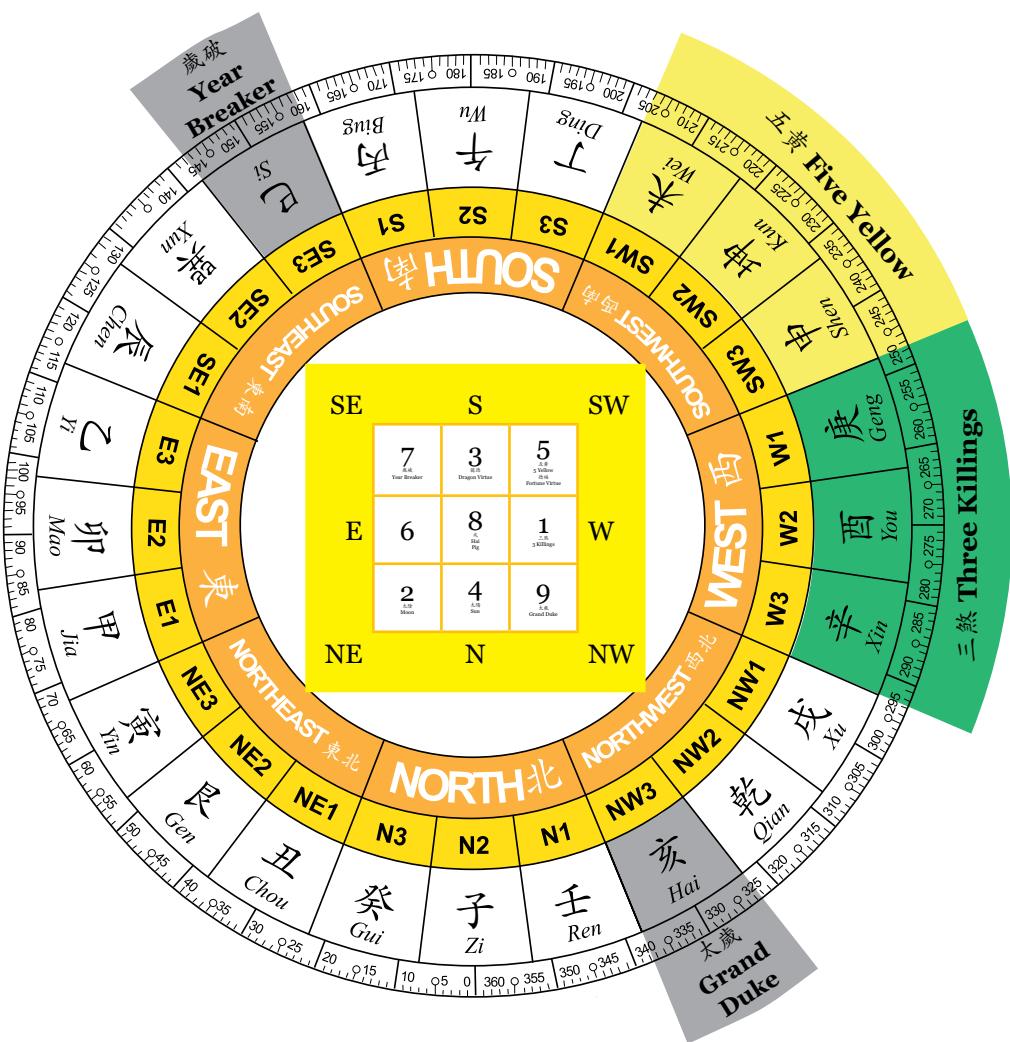

Carrying out activities in this area such as reading, chit chatting with family or office work will allow you to benefit from the influence of the Fortune Virtue without the negative effects of Five Yellow.

Flip to our calendar to find out when you should activate the stars in their designated sectors or purchase our 2019 eTongshu to plan the Feng Shui activation for the year ahead.

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering "What is Feng Shui activation?". How do I actually activate a sector? Refer to page 46 of the December 2013 issue and check out the article titled, "How to do a Feng Shui Activation".

AVOIDING THE FENG SHUI

AFFLICTED SECTORS IN 2019

三煞 Three Killings	东 East
	庚 Geng W1 西 You W2 辛 Xin W3

五黃 Five Yellow	西南 Southwest
-----------------------	---------------------

歲破 Year Breaker	巳 Si
------------------------	-------------

太歲 Grand Duke	亥 Hai
----------------------	--------------

This is the seventh year we are writing about the annual Feng Shui afflictions.

For those who are new to Feng Shui practices, the focus is often on boosting life aspirations such as wealth, health, career and so forth. While these enhancements are good, you must also avoid the killing and destructive energies in your home and work place. These energies change directions and locations annually, and this change coincides with Li Chun on 4 February 2019.

The major annual afflictions you must be aware of are the 太歲 Grand Duke, 五黃 Five Yellow, 三煞 Three Killings and 歲破 Year Breaker. The Sha Qi to note are the Sickness Star 2, Bull Fight Sha 3 and Quarrelsome Star 7. Start by identifying the locations of the major Feng Shui afflictions for the coming year and 'AVOID' major activities here.

To 'AVOID' means not to carry out important activities such as renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

太歲 Grand Duke

In 2019, Grand Duke sets foot in the **Northwest 3** sector of your home or office. You do not want to irritate the Grand Duke by carrying out renovations in this area. This inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For business people it can potentially lead to a loss of income and wealth. It coincides with the No. 9 Purple Star at the Northwest sector that brings investment luck, romance and popularity. It mitigates some of the Grand Duke negativity.

五黃 Five Yellow

Five Yellow enters the **Southwest** sector in 2019. This star is a harbinger of bad influences. Avoid any major work, renovation, drilling and even the movement of furniture in this sector. The best remedy is to have an open vast spacious area in the Southwest sector to counter the negative Qi.

The Five Yellow location coincides with the Fortune Virtue Star at the Southwest 3 sector. The star lessens the negative impact of the Five Yellow in the Southwest. Ensure a spacious area for Qi to flow from the Centre to the Southwest sector.

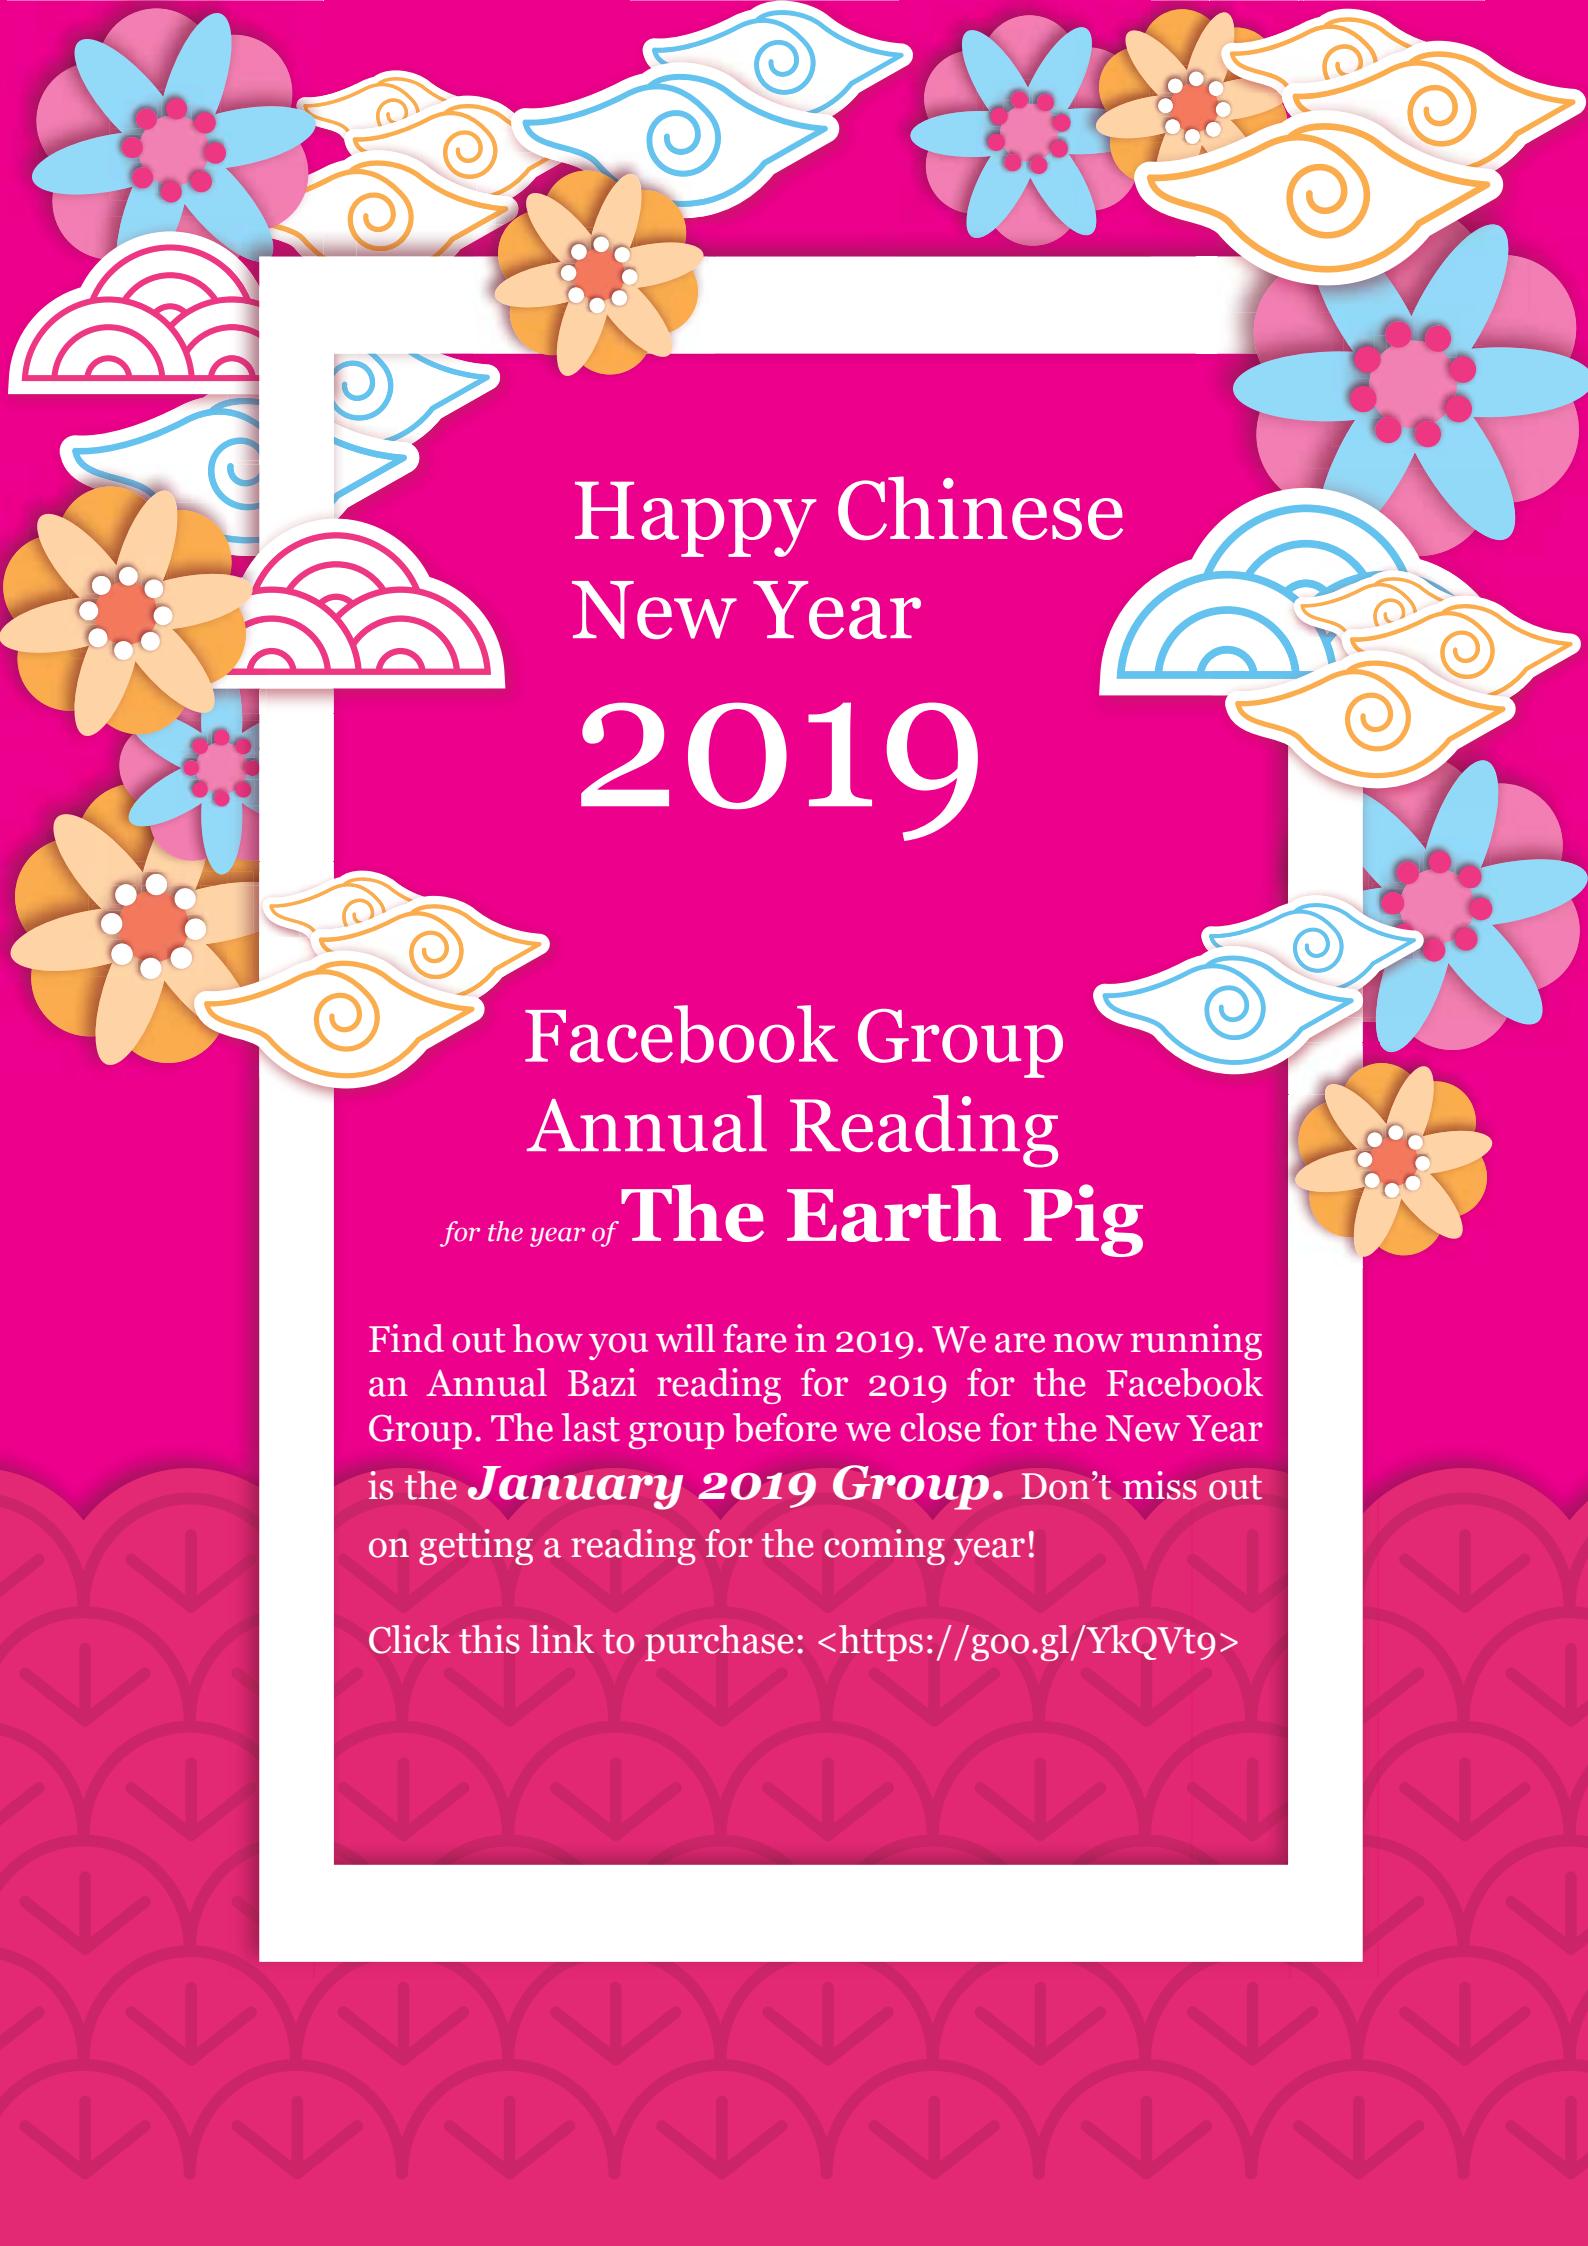

三煞 Three Killings

In general, the Three Killings is located in the **West** sector in 2019. However, to pinpoint the exact location, Three Killings is actually located at Northwest 1, West 2 and Southwest 3. This is because Three Killings is comprised of three inauspicious stars, namely 歲煞 Annual Sha at Northwest 1, 災煞 Calamity Sha at West 2 and 劫煞 Robbery Sha at Southwest 3. As their names imply, Robbery Sha brings robbery, injury and loss of money, Calamity Sha causes accidents, mishaps and illness whilst the Annual Sha creates obstacles and setbacks. Some have poetically categorised the misfortunes as 3 types of losses, namely loss of wealth, loss of a loved one and loss of one's reputation. You want to leave these sectors in peace. It is important not to undertake any major renovations or groundbreaking work here.

The Three Killings location coincides with the No. 1 White Star at the West sector. The star brings help from Noble people during unfortunate times. Thus, it helps to lessen the negative impact of Calamity Sha and Annual Sha.

歲破 Year Breaker

The Year Breaker is also known as the 'wrath of the Grand Duke'. It comes to the **Southeast 3** sector this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is

usually associated with a loss of wealth.

The sector is further impacted by the presence of the No. 7 Red Star. The No. 7 Red Star also falls into the Southeast sector in 2019. It compounds the negative influence of Year Breaker by bringing more monetary losses and bad reputation.

Steer clear of this area. Do not do any renovation, groundbreaking work, drilling and hammering on walls, or even rearrange furniture in this sector.

Sickness Charm

The Sickness Charm resides at the **Northwest 1** sector in 2019. As the name implies, it has a similar effect to that of the No. 2 Illness Star. Elderly people should avoid staying in the Northwest room because of the Sickness Charm and Grand Duke in this sector.

Annual Illness Flying Star 2

The No. 2 Illness Star brings illness to the occupants of a house. It comes to the **Northeast** this year. Ensure that the Northeast sector of your home is spacious and clear of clutter. This will mitigate the Illness Star's effects. Doing this will also enhance the property investment luck of the occupants of the house.

This location coincides with the **Moon Star at Northeast 3**. The star lessens the negative impact of the No. 2 Illness Star in the Northeast. Ensure a spacious area for Qi to flow from the Centre, North and East to the Northeast sector.

Positive features such as a bright hall, healthy green mountains or meandering hills bring out the good influence of No. 2 Illness Star and Moon Star.

Those who work in the property sector will benefit from using the Northeast sector.

Annual Flying 3 Jade Stars

The No. 3 Jade Star triggers aggressiveness, stubbornness and competitive behaviour among the occupants of a house. It is known as the 'Bull-Fight Star'. With the influence of this star, occupants are easily provoked into arguing and quarreling. The star also brings about lawsuits, office politics and conflicts. It comes to the South this year. Fortunately, the sector coincides with Dragon Virtue Star at South 2. It mellows down the negative influence by bringing Nobleman help and assistance.

Steer clear of this area. Do not do any renovation, groundbreaking work, drilling, knocking and hammering on walls, or even rearrange furniture in this sector.

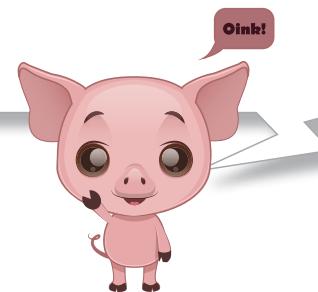

Annual Flying 7 Red Star

Annual Flying 7 Red Star is known as the 'Quarrelsome Star'. This star can cause problems such as peach blossom troubles, scandals, assaults, violence, robberies and burglaries, deception, theft and backstabbing. This area is especially bad for celebrities, writers, artists, those working in public relations and students in 2019. It comes to the Southeast sector in 2019.

This sector is going to experience a double whammy because the Year Breaker is residing in the same sector this year.

Steer clear of this area. Do not do any renovation, groundbreaking work, drilling and hammering on walls, or even rearrange furniture in this sector.

Feng Shui Tips: The Dog and Pig signs should avoid sleeping in the Northeast and Northwest 1 room in 2019.

The Signs of Love in 2019

Is 2019 a year conducive for romance and love?

The 2019 Bazi Chart (refer to page 31) shows a Peach Blossom star appearing at the Hour Pillar, followed by two Growth stars at the Day and Month Pillars. The Horse sign which represents the Peach Blossom star, indicates whirlwind romances full of fun and adventure. In the Year of the Pig, attractive and fun people are all around and there are bright romantic sparks pulling people together. It is the perfect ingredient for whirlwind romances.

Everyone in this kind of relationship has a “dreamy expectation” of their partner. Chemistry fuels compatibility in this short-term relationship. But will this kind of relationship last and turn into a real fairy-tale where everyone lives happily ever after? The star that enhances commitment is weak.

If you are the thrill-seeking partying type and want no commitment, the external forces are on your side. For people looking for real romance built on love, commitment, understanding, communication and patience, you will need to put in more effort for the whirlwind romance to turn into lasting love.

Still, let's see if the external forces will offer you a chance at happily-ever-after.

Romantically-inclined Day Masters

The year's romantic energy smiles on Wood and Water men as well as Metal and Water ladies. Water and Wood Day men have many opportunities to meet a happy-go-lucky,

independent and strong spirited woman. For Gui Water Day men, while it is fun at first, they will have a hard time keeping up with this adventurous lady. Mr. Adventurous Man has more romantic chances this Pig Year. He has a wry sense of humour, deep knowledge in obscure fields or subjects such as ancient civilizations, knows many languages, and has a fear of snakes. Think of Harrison Ford as Indiana Jones or Sean Patrick Flanery as the younger version of Indiana Jones! Ambitious Metal women may be swept off their feet. He is both a brainy scholar and daring adventurer, and he is always on a quest for something. He has charm and an adorable twinkle in his eye that hides a perverse dark side. His unique character will pique your interest, and make you want to know more about him. Women are attracted to him like moths to a flame. However, in reality the man may actually turn out to be a “wishy-washy boy next door” for Water women.

This type of energy is not for stable and long-term relationships. If you are one of those who love adventure and are a risk-taker, you may be able to make this type of relationship long-lasting.

The adventurous and happy-go-lucky Water and Wood men as well as brave Ren Water and Metal ladies will have more chances than flighty Gui Water ladies. The theme of this year's romance is “You are my greatest adventure.” It is a year to be brave. Pursue thrilling relationships with an open mind in 2019.

Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. You have another chance – the zodiac of your Day Branch. If you have a Rabbit, Dragon, Dog or Rat on the Day Branch, you are likely to meet someone you like. However, you will have to make the first move and show your adventurous side because the person you have your eye on will not wait.

Having these signs on the Year and Month Branches indicates external romantic luck too. Usually this means that members of the opposite sex are attracted to you, but you may or

may not share their feelings.

Besides these signs, those who have the Tiger or Monkey signs on any of the Earthly Branches have hidden Peach Blossom luck too. What does hidden Peach Blossom luck mean? It means that you have secret admirers. So, pay attention to the people around you and how they treat you. If you want to enjoy a romantic relationship, you need to do some digging. With the influence of external forces, you do not have to dig too hard because the energy in 2019 brings openness.

The Bazi Chart on page 39 shows where your Day Master and Day Branch are located.

Heavenly support

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in.

So, will the path to true love be smooth? If you have the Dragon and Dog in your Month and Year Branches, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If either one of the zodiac signs, Dragon and Dog, appears on the Year Branch then you should socialize more! Go out, travel, be adventurous and make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. If you are still single and have not met anyone yet, you can send a message to the Universe seeking the guidance of 六合 Harmony Deity by using the 法奇門 Fa Qi Men technique. On 15 February 2019 at 5.30 a.m., take some quiet time to sit facing Southwest. Calmly, in your mind ask the Universe for guidance about your special someone. Lastly, you can seek the advice of a person who has a Tiger in his or her chart.

2019 Transform a short-term relationship into lasting love

The external forces do not support a long-term relationship this year. It will be tricky to maintain a relationship beyond 6 months in 2019. Falling in love can be a wild and woolly ride especially when you are head over heels in love. Fireworks are going off in your neurotransmitters, setting off feelings of euphoria, pleasure, craving, recklessness, and obsession. You are literally flying high and walking on air. This feeling cannot last. It will mellow down over time. This year, "the crash" will hit faster if there is no adventure and fun to fuel it.

You can choose to stay single for another year and have fun if romance luck does not shine on you. Check out the December 2016 issue to find out the rewards and fun of staying single. For those who are hoping for this adventurous and fun romance to last, here is some

advice.

1. Surprise your partner!

Do something out of the ordinary and surprise your partner. It must be a thoughtful act that will embed you in his or her memory or remind him or her of you such as a playlist of favourite songs or a nicely designed lunch box.

2. Communicate every day!

Do you remember how at the start of a romance, you are always chatting and texting each other on the phone about anything and everything. Continue to talk and chat to each other, sharing all the details of your lives. However, always end on a positive note because as time goes by, these conversations may end up filled with complaints. This will have a negative effect on your relationship.

3. Make sure that love stays blind!

To a certain extend this statement is true and can help you retain a long-lasting relationship. Everyone wants a perfect partner but no one can meet this expectation 100%. Research has shown that happy long-term couples have the ability to sustain “positive illusions” about their partner. They remain content with each other because they continue to see their partner as attractive, funny, kind, and perfect for them. This happened to a couple who fell in love at college. They were both slim, fit, energetic, vibrant and happy then. Twenty years down the line they are still as loving. However, both of them have doubled in size. Yet the man still feels that his wife hasn't changed a bit. You may say that this is a form of self-deception. However, seeing the positive in your partner and overlooking minor negative qualities will enable couples to overcome rough spots and changes in their relationships.

4. Is it love or duty?

Love and duty are both equally important and serve as motivation. However, love just makes everything more joyful. When a friend calls you to pick her up because she is stuck after her car broke down, you may go out of duty reluctantly. However, if your lover calls you to pick her up, you will be there even though it is the dead of the night. You will be happy to do her bidding without feeling inconvenienced. So, don't let love die to be replaced only by feelings of duty. This way, you will be happy to continue to overcome obstacles and make sacrifices for each other without feelings of resentment.

Love can take-off from anywhere. Be brave and take a chance! If it does not work out you can always try again next year. Live life with no regrets.

CORE CHARACTERISTICS (乙 YIN WOOD DAY MASTER)

There are altogether Ten Gods arising from the two different polarities (Yin and Yang) of the Five Elements' interaction with the Day Master. Each of these Five Elements can support, destroy, control, or exhaust one another. In the previous issues, we have shown the characteristics of the Ten Gods. Moving forward, we will be exploring how we can derive the core character or structure of the Bazi Chart based on the interaction of the Earthly Branch Element of the Month Pillar with each Day Master.

In this issue's Bazi 101, we want to explore the core character of the Yin Wood (乙 Yi) Day Master born in different months. The core character of these Yin Wood Day Masters is derived from the element in the Earthly Branch of the Month Pillar (refer to Table 1 below). There are altogether twelve Earthly Branches representing twelve months. Each Earthly Branch contains one to three Elements known as the Hidden Stems.

The Hidden Stem represents the main Qi and sub Qi of each Earthly Branch (refer to Table: The Seasons and Earthly Branches on page 99 to find

out more about the Elements inside each of the Earthly Branches).

When the sub Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this sub Qi. The person's core character is represented by the Ten Gods of this sub Qi.

When the main Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this main Qi. The person's core character is represented by the Ten Gods of this main Qi.

If neither the no main Qi or sub Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart follows the main Qi. The person's core character is represented by the Ten Gods of this main Qi.

This could take the form of other people’s work being offloaded to you, being forced to take-up a Voluntary Separation Scheme or your company moving

to another state, leaving you without a job if you don’t follow suit. Goat, Dog and Ox signs are more vulnerable to such events.

Whatever problems you may encounter, the Nobleman and Moon Stars indicate that you will be able to find solutions to your problems. The National Treasure Star brings wealth opportunities. Business people who deal with and resolve problems quickly will be able to tap into these wealth stars easily.

The month may see many deals, contracts, sales and agreements being cancelled due to poor economic conditions. Business people need to be more careful when taking up deals that require a large capital outlay.

The presence of many inauspicious stars indicates more road accidents, machinery related accidents and natural disasters. This month is more prone to landslides, earthquakes and tsunamis triggered by

earthquakes.

If the month's Qi is unfavourable to you, especially those who have the Goat or Horse at the Hour and Year Pillar, be careful of accidents and injury.

The first month of the year of the Pig is graced with the auspicious Grand Duke Combo Star. The star brings good influence to those applying for licences, government grants, subsidies, bank loans, scholarships and permanent residences or citizenships in another country. Any type of application that needs approval from the authorities will be granted easily. The Moon Star enhances the Grand Duke Combo

influence. People will tend to be more helpful and friendly.

Similar to January, this is a month where you should get moving on your plans. This is the month where everyone starts their New Year's Resolutions and their career and business game plans. With the presence of the National Treasure Star, the path to your financial goals becomes easier as the environment and markets present many opportunities, resources and Noble people. The presence of the National Treasure Star brings wealth opportunities through one's knowledge and skills.

On a less rosy note, if the month's Qi does not favour you, you may face monetary losses due to legal problems, fines, court summonses, speeding tickets, bank legal letters or income tax bills.

If the month's Qi is unfavourable to you,

especially those born in the year of the Snake and Monkey, you will be prone to injuries caused by car accidents, sharp metal objects or machinery. Be more careful if you work in a factory that uses a lot of machinery.

This month's energy favours those who have the following zodiacs: Tiger, Pig, Horse and Dog.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood), you will tend to be more argumentative due to your high expectations and your anxiety to show off your contributions and talents. Be diplomatic to avoid alienating others.

Fire Day Masters (丙 Bing Yang Fire and 丁 Ding Yin Fire), your networking luck is strong. You will be invited to celebrations, gatherings and many social functions. However, the month's networking luck may

not bring you any immediate benefits. Think long-term and build genuine friendships.

Earth Day Masters (戊 Wu Yang Earth and 己 Ji Yin Earth), this is a good month to study metaphysics if you have the interest. This is also a good month to go for pilgrimages or spiritual retreats.

Metal Day Masters (庚 Geng Yang Metal and 辛 Xin Yin Metal), be a law-abiding citizen. Follow every rule and regulation. Work hard, a job promotion is around the corner.

Water Day Masters (壬 Ren Yang Water and 癸 Gui Yin Water), there are an abundance of wealth opportunities. Be prepared to work hard if you want to grasp as many of these opportunities as you can.

Tiger

The Tiger sign will be lucky in love this month. The Peach Blossom Star is shining on the Tiger people. The star brings romance and love. Join as many parties as you can to find your soul mate. Give blind dates a shot. Married couples need to improve on their communication with each other. Even trifling matters may trigger serious conflicts. Tiger people will tend to be spendthrifts this festive season. Budget for extra spending this month.

Rabbit

The romance star shines on the Rabbit sign. Single Rabbits will likely meet someone special through gatherings with friends. Ask your friends to bring more people to your get-togethers, especially people of the opposite sex. Rabbit people must be careful and be aware of their surroundings. They will be prone to accidents and injuries.

Dragon

The month bodes well for Dragon businessmen or investors. There are many wealth opportunities. Some unique business opportunities may also be presented to them. This can be the chance to make a big fortune. Do not lend money to friends unless you are prepared to not recover the money.

Snake

Snake people need to lie low this 1st month of the Chinese New Year. Do not make major changes, start a new venture or embark on an expansion plan. Employees have to foster good interpersonal relationships with their customers, colleagues and bosses. Do things carefully and systematically to avoid errors. Do not embark on a long journey or go on an overseas trip.

Horse

The Horse will experience good fortune in all aspects this Tiger month. However, they still need to tread carefully to ensure that they enjoy continuous good luck. At work, follow the majority. Foster good relationships with superiors and colleagues. Avoid dangerous activities such as bungy jumping, parachuting and skiing. Go for a complete health examination to ensure that you know the status of your health.

Goat

The Goat sign can look forward to a stable and peaceful month at the start of the year. For adventurous Goat people, this can be a boring month. Do not complain. Put in more effort at work so that you will not miss a job promotion in February. Goat ladies will be able to find a partner if they make the effort.

Monkey

A busy month is in store for you. Monkey people will feel overworked and tired. Make sure you get enough rest. In general, Monkey people will enjoy harmonious relationships with family, friends, colleagues and people around them. The Monkey sign needs to be careful and alert to avoid snatch theft.

Rooster

Rooster people who are in management positions need to be careful about who they employ. Do not employ illegal workers or else you will face legal problems and fines. If your company is in the middle of restructuring, make sure all employees are compensated according to the Labour law. Rooster employees will enjoy stable luck.

Dog

Dog people's competence and excellent work will be recognized. However, this will bring out jealous and insecure colleagues who will bad-mouth them or try to steal their work. Keep confidential work private. Keep a low profile and do not get involved in office politics.

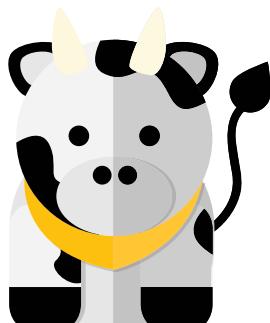

Pig

Pig people can look forward to a quiet and easy month. Obstacles will be resolved easily with the help of Noble people. At work, their initiatives will be appreciated by superiors and colleagues. Cherish and seize this opportunity to do the things you like such as going for a long holiday, taking up a new hobby or just relaxing.

Rat

The Rat sign, especially businessmen and investors, need to be cautious about their finances. Avoid getting into high-risk and high-profit schemes. The scheme will most likely turn out to be a scam. Take all aspects into consideration and analyze investments or projects rationally. If possible postpone important major financial decisions to a better time.

Ox

Apart from health, all things will run smoothly for the Ox people. Ox people should eat healthy and light meals to avoid stomach-related health problems. Always keep a sweater on hand to keep warm as you will be prone to colds, coughs and the flu. See the doctor immediately when you feel the slightest discomfort. Exercise regularly.
