How will the Metal Ox energy impact you this year?

Time flies. We are moving into another Chinese New Year soon. This year, the Spring Festival falls on 12 February 2021. The actual spring starts on 3 February 2021 according to the Chinese Solar Calendar. The Chinese will welcome spring and all it represents: planting, abundance, new beginnings and fresh starts.

Celebrations traditionally run from Chinese New Year eve until the Lantern Festival on the 15th day of the Lunar month. A reunion dinner is held on the eve of the Chinese New Year. Family members will come together for the celebration. It is considered the most important reunion meal of the entire year.

In Malaysia, the reunion dinner will start off with a famous Chinese New Year dish that is called the *Yu Sheng* or “prosperity toss.” All diners at the table will stand up and proceed to toss the shredded ingredients of the *Yu Sheng* into the air with chopsticks while shouting out various auspicious wishes. Check out page 4 for auspicious directions for tossing the *Yu Sheng* this year. Make sure that you are standing with your back to the auspicious

direction to make the toss and say your auspicious wishes out loud.

We will be introducing the Bazichic Abundance Planner for 2021, but you can still find out which direction to use to usher in the auspicious Gods on page 6. The God of Wealth brings wealth. The God of Nobleman enhances your Nobleman Luck, while the God of Happiness brings harmony and an overall feeling of fulfilment.

Our Annual Chinese Astrology forecasts are based on the birth year Zodiac. However, as you may already know, in Bazi there are four more Chinese Astrological Signs corresponding to your luck cycle, month, day and hour of birth.

So, although this forecast is based on the birth year Zodiac, we've included bonus information on what each sign means when it appears on the hour, day, month and luck pillars. So, don't forget to check that out too.

Here's what's in store for the 12 signs of the Chinese Zodiac in 2021.

Overview

Usually, whenever the Grand Duke resides in a zodiac sign, the person with the zodiac will experience a challenging year. Although there will be some hiccups now and then, those born in the year of the Ox can rest assured that they will still enjoy a peaceful year. Oxen only need to tread with care on interpersonal relationships and manage their emotions and temperament.

There is only one auspicious star in the Ox sign,

the Elegant Seal Star. This star brings creativity and innovation. It bodes well for people in the field of research and development or those working as authors, scientists, economists, analysts, strategists and businesspeople who deal with or own intellectual property rights. They will see a breakthrough in their work. The star brings them rewards and recognition.

The Elegant Seal also represents solitude. Its presence together with the presence of the

Broken Star mean that the Oxen will attract petty people, petty issues and interpersonal relationship problems. Their success will be hindered by petty people. This is because Oxen will seek to be alone and avoid people. They do not like to explain themselves which often leads to misunderstandings.

The Grand Duke will bring out the leader in the Oxen as they face up to challenges. The negative impact of the Grand Duke will be lessened in the Ox sign. As long as Ox people pro-actively deal with the problems they encounter and find a solution to resolve them, they can become good leaders. People will respect and look-up to them.

Career and Wealth

In terms of career, the Ox sign should work diligently. They need to abide by company rules and regulations and follow instructions closely. This will not be a problem, as the Elegant Seal Star indicates that the Oxen will understand and work well with information.

At work, the Oxen must communicate their work and intention carefully to avoid miscommunication and misunderstandings. This will reduce disputes in the workplace.

Ox people in the field of research and development or those working as authors, scientists, economists, analysts, strategists and businesspeople who deal with or own intellectual property rights will do well. They will gain a good reputation and will be considered an expert in their field.

Businesspeople will need to budget carefully in 2021 as there will be many revenue leakages. Sales will be slow due to acute competition. They need to be innovative in their product development and business operations to earn the trust of consumers.

Relationship

The presence of the Elegant Seal and Broken Stars indicates that Ox people will tend to be stubborn and have a need to be right. Their egos will cause them to feel threatened whenever there is a difference of opinion. Ox people will prefer to work alone. This will cause many

interpersonal relationship problems with the people around them. Although the Ox people will have the right answer most of the time, they should remain humble and polite.

Single Oxen will not feel lonely because they prefer to be solitary. However, married Oxen will be easily misunderstood by their spouses because of their desire for solitude and quiet. The Oxen need to communicate more with their loved ones.

Safety and Health

Safety and health prospects are not good for the Ox. Ox people will be prone to contagious diseases due to their weak immune systems. They will also tend to lose money due to health issues. The Sword Edge Star indicates that Ox people will be prone to injuries and blood-related accidents.

Those born in the year of the Rabbit will enjoy a fulfilling year if they tread carefully. There are many inauspicious stars, but none pose any great threat. Rabbits born in Autumn and Winter are more susceptible to the negative influences of the inauspicious stars.

The Sky Bright Star represents success to

the Rabbit people. The star brings out the determination and persistence of a person. Success will come from the Rabbit's hard work and determination to overcome challenges. The star also brings wealth opportunities and fame. This bodes well for Rabbit students who will be sitting for exams and athletes who are training for competition.

Of all the inauspicious stars, Rabbits need to be most wary of the influence of Calamity *Sha* and Separating Edge. Often, the Calamity *Sha* brings unexpected man-made disasters that can be avoided if Rabbits are able to stay mindful and alert. The Separating Edge brings discord. To avoid interpersonal relationship problems, Rabbits must stay humble and polite. Always state and explain your messages clearly.

Career and Wealth

The Rabbit will meet with a lot of distraction in their work. Problems will crop up unexpectedly and Rabbit people will be required to resolve it. There will also be delays. Rabbit people will still enjoy success if they stay focused and work diligently. They should always allocate more time for preparation and to deal with the unexpected. The Sky Bright Star indicates that the Rabbit people have the ability and determination to overcome their troubles.

The Separating Edge Star indicates that there is a likelihood of restructuring and retrenchment. Rabbit people who encounter these problems will be able to quickly come to terms with reality and move on to a better opportunity. The Sky Bright Star brings this positive influence. Rabbits will not wallow in sadness or let negative situations get them down for too long. They know there will be plenty of opportunities if they move fast enough to grab it.

Relationship

At work, Rabbit people need to be humble and diplomatic. They also need to be more sociable. Every now and then, they should go for coffee with their co-workers and bosses. The Sky Bright brings out the solitary side of the Rabbit people. Meanwhile, the Separating Edge brings discord, petty people and petty issues. This does not bode well for the Rabbit's career. While their bosses acknowledge their hard work and contribution, they also want to know whether Rabbits can work with and manage people before offering them a better role.

This is a happy time for single Rabbits who are enjoying the freedom of being single. The Sky Bright Star brings many positive and exciting events. However, single Rabbits who are looking for love will not meet anyone suitable this year. Married Rabbits must compromise their principles and adjust their mindset as well as habits to keep the marriage happy and harmonious.

Safety and Health

Overview

Those born in the year of the Dragon are going to experience a mixed year. Fortunately, there will be more ups than downs.

The Moon Star represents the Nobleman to the Dragon people this year. Dragon people will receive help from the fairer sex. Besides bringing help to the Dragon people, the star also brings wealth opportunities, especially in the form of women-related products and services such as cosmetics, beauty products and clothing. The star bodes well for Dragon students who will be sitting

for exams, especially those studying literature, communications and science. The star is also good for those who want to pick up metaphysics or spiritual knowledge. Being more intuitive and analytical, Dragon people will achieve academic excellence.

The Heavenly Horse brings a lot of travel and income from overseas. The star will help the Dragon to tap into the overseas market. The star also indicates that there will always be urgent matters that need the Dragon people's immediate attention. Dragon people need to learn to identify

and prioritize what is important. If not, they will just be busy all year while achieving nothing.

The *Tang Fu* brings stability and a smooth journey. It reduces the impact of the inauspicious stars on the Dragon sign. The star also indicates the presence of powerful Noble people, especially from government departments, the police or the military and people with special titles.

Career and Wealth

Whether the Dragon people are white-collar workers climbing the corporate ladder, athletes aiming for gold or soldiers trying to move up the ranks, the *Tang Fu* Star indicates good career prospects through good connections. Dragon people may be transferred to new roles with good prospects with help from authoritative and powerful people who are placing people in strategic positions. Similar to the effect of the Three Stages Star last year, the *Tang Fu* will cause the Dragon people to be perceived as the supporters of these powerful people.

The Heavenly Horse brings an increase in income to the Dragon people, especially income from overseas. Businesspeople will see an increase in sales and revenue. Businesses in the field of logistics, import and exports, on-line stores and transportation will see a breakthrough. However, employees will see their income remaining the same or being adjusted up slightly. The presence of the Heavenly Horse Star bodes well for businesspeople who plan to expand overseas. More people will get to know and trust their products and services.

Dragon people who are in businesses that are related to intellectual property, goods and services for women, metaphysics, spirituality, private investigations, magic shows, and exhibitions of rare and mysterious items will see good profits.

However, Dragon businesspeople may be affected by natural disasters, accidents, and health risks. Dragon people need to factor all these into their costs.

Relationship

At work or in business, the Dragon people will be able to work harmoniously with the people around them. While Dragon people do not go out of their way to please others, they will be

generally well-liked because of their efficiency and honest characters. Bosses see them as potential supporters and are willing to mentor them.

Similar to the Rat year, the Dragon sign will prefer solitude this year. Single Dragons will enjoy their single status. Single Dragons will also focus less on getting into a romantic relationship. Dragons who are already in courtship will find that they have little time for their partners. They need to make extra effort to maintain their relationships. Married couples will agree to let each other pursue and enjoy their own activities. Despite less time together, they understand each other's needs and respect their spouse's personal space and time.

Safety and Health

The Dragon people's health and safety will be at risk this year. They will be especially prone to injuries, accidents and will have a weak immune system. If they are required to travel constantly, Dragon people will need to constantly monitor their health. Make sure that you take up travel insurance every time you travel abroad. Check the weather forecast and the safety advisory for your destination. Dragon people who need to handle sharp objects, especially those dealing with manufacturing machinery, must always adhere to safety regulations to prevent accidents.

The Dragon Sign in the different Branches

Luck Cycle: You will be able to meet many Noble people if you are more sociable this year.

Year: Be alert to falling objects when walking under construction areas or apartments. You will feel reckless and long to go looking for adventures. Adhere to the safety and health regulations to avoid getting hurt.

Month: You will meet with many helpful female supervisors, bosses or colleagues.

Day: You and your love partner will go for a fun and adventurous holiday. Be aware of your surroundings while travelling to avoid danger.

Hour: Your young female staff will be your Noble people. You desire to look good in front of people. So, you will likely take up a hobby to improve your image.

Overview

Adventurous Goats can look forward to some excitement in 2021. However, peace-loving Goat zodiacs will find it a challenging year. Even though the Goat zodiacs are in for some challenges, they can still have a fulfilling year if they tread carefully. This is because the Earth Relief Star is residing in the Goat sign's Life Palace.

The Earth Relief Star is a Nobleman Star. The star indicates that the Goat people will receive help, resources, advice and

information to resolve the problems they encounter. The star's positive influence will help Goat people turn negative events into good tidings.

The presence of the Month Emptiness Star also mellows down the effects of the many inauspicious stars residing in the Goat sign's Life Palace. In this sense, it works in favour of the Goat zodiac. The Month Emptiness is known to bring everything back to its beginning state or starting point. Which is not a bad thing when things go wrong.

The Month Emptiness Star will also have a calming effect on the Goat people. Goat people will be more conscious of their safety and more protective of their emotional well being. Goat people will focus more on spirituality.

The negative effects of Obstacles, Moon Sha and Sky Sadness can be easily deflected by the influence of the Earth Relief Star and Month Emptiness. Of all the inauspicious stars, Goat people need to beware of the influence of the Year Breaker and Great Consumer. The Year Breaker indicates unexpected events that can hinder one's progress. Great Consumer indicates a loss of wealth. The presence of these two stars can indicate injuries, accidents, overspending, redundancy, divorce and separation. All these can lead to a loss of wealth or unexpected expenses.

Career and Wealth

Whether you are an employee or in business, the Goat zodiac will face some challenges in their career in 2021. For businesspeople, they must budget for extra cash to prepare for unexpected expenses or a bigger tax bill. This year, businesspeople should focus on maintaining their existing market to survive. There will be revenue and sales, but the income earned will only be enough to cover all the expenses. Money flows in only to flow out again.

For those who are employed, work diligently. Do not complain about your job. Get your finances in order. Goat people who also have the Ox and Dog signs in their Bazi Chart are more likely to experience job loss. So be prepared mentally and emotionally. Keep an eye on the job market, even if you have a stable job. This will make you more aware of the changes in market needs and learn the new skills required by the market. This way Goat people will be more prepared for unexpected events.

Relationship

The Leopard Tail Star indicates interpersonal relationship problems. Goat people will attract petty people and petty issues.

Fortunately, the Goat people will be able to maintain a calm demeanour when dealing with such people.

People with spouses or in courtship will be sensitive to their partners' needs. Goat people will know to leave their partners alone to sort out their troubles if they do not request for help. All will be peaceful for the Goat people. For single Goats, you will not be in the right position to be in a serious relationship. So, enjoy the single life.

Safety and Health

The presence of the Leopard Tail Star will affect the health of the Goat people. They are more prone to falling ill and will be injured easily due to carelessness. Be mindful of where you are going. The Goat zodiac should not do any dangerous activities such as hiking on dangerous trails, sky diving or going for swims alone.

Technology: A Game Changer

Welcome to 2021, the year of the Metal Ox (辛丑 *Xin Chou*). As predicted in December 2019, the year of the Metal Rat marked a transition of power from the US to China. Unexpectedly, the COVID-19 pandemic made the transition of power more apparent to the world. Not only did COVID-19 accelerate the transition of power between the US and China, but it was also a catalyst for digitalisation and automation in the world. Everyone in the world was forced to take time off to make changes and adjustments towards digitalization and automation.

Metal and Water elements (庚, 辛 and 壬) stand out on the Heavenly Stem. Metal elements are producing inwards towards the Water elements. The Metal element represents the financial market, whereas the Water element represents ideas, arts, customs, intellect and the social behaviour of people. The two elements represent a smooth cycle. At least on the surface, 2021 is looking up for the stock market. However, the real economy is weakened and is still in the recovery stage. Asian countries which were able to contain the spread of COVID-19 will recover faster. China's V-shaped recovery from the pandemic will lift the surrounding Asian economies to a certain extent.

The US and Europe will continue to grapple with ongoing disease outbreaks. The European economies will fare slightly better than the US. The US economy will experience stagnation and decline. The stock market will become more disconnected from the economy in 2021 as

businesses and companies continue to cut cost to show a healthy profit and protect capital. This means more job automation and a continued change in the employment landscape.

The Metal Ox's Heavenly Stem Plate energy has already made its presence felt as early as 28 April 2020, on a Metal Ox day, but the impact was not obvious. The Xin Metal energy spurred a mini bull run. The Ox energy will truly be felt from 24 December 2020. The year 2021 energy is filled with strong Metal, Water and Earth elements. Water meeting Metal results in a producing and sentimental relationship. The presence of strong Earth elements indicates leadership, authority, power and execution issues.

What does this mean for Malaysia? Malaysia will continue to experience the ongoing political crisis as the opposition fights for power. Malaysians looking for stability during a pandemic will most probably support the current government. At the point of writing, the 2021 Budget which was scheduled to be tabled on 6 November will be passed. This, despite rumours that the current government lacks majority support to pass its Budget. Malaysia will likely be headed for a recovery in 2021 despite the unstable political landscape. Any type of transition of power will go smoothly without major protest from the citizens as they are more concerned about surviving the pandemic and sustaining their livelihood.

Recovering from the pandemic

The pandemic has accelerated the global recession and caused many countries and their people to fall into poverty. The bottom income group is the hardest hit by this pandemic.

Europe and the US will continue to experience a recession in the year of the Metal Ox due to ongoing riots, crimes arising from poverty, the ongoing pandemic crisis, Islamic unrest and financial troubles in the banking sector. US policies against China and its political crisis will continue to lead to its own isolation further limiting its economic recovery.

Asian countries will be lifted along by China's speedy economic recovery. China's economy is already back to pre-pandemic levels at the time of writing.

In 2021, 5G (Water and Metal elements activated by the Fire element) will finally make an impact, and China will be at its epicentre. Many businesses and companies, especially those in the service industry, will see digitalization as a way to recover from the recession and to overcome the inconveniences brought on by the COVID-19 pandemic. In China, the government has supported the rapid rollout of 5G across the country in many areas. China's experimentation and adoption of 5G-enabled business models and 5G-led innovation will be an eye-opener for other countries and enterprises. As more countries and businesses become clear on the need to automate and digitalize their business operations, they will follow in China's footsteps to implement and adopt automation where 5G becomes a crucial asset.

While the US and some major European countries are fighting the war against China on 5G controls and implementation, Asian countries, governments and businesses, especially those in Southeast Asia will quickly adopt the 5G-led technology following in China's footsteps. A lag in 5G rollout will lead to a gap in economic recovery and eventually cause a wider gap in economic progress.

The Hurting Officer Star residing in the Government Palace, indicates that governments will face a lot of challenges and obstacles in 2021. The Hurting Officer Star always denotes a rise in opposition or armed resistance to an established government or leader. Countries that are going for elections from December 2020 onwards, will go through a change in government with the opposition party coming into power. The new government taking power will continue to experience political crises internally and externally. Similar to 2020, where the star appeared on the Heaven Stem Plate, this indicates major rioting. The year 2021 will see rioting or attacks, especially in the months of January, May or October.

In the Resources and People Palaces, we see the Rob Wealth Star meeting the Wealth Star. This indicates that unemployment will be on the rise as robotics and automation replace human labour. This formation also indicates that unscrupulous parties will use intellectual rights to steal money from unsuspecting victims. More businesses, companies and countries will use intellectual property law to grab hold of other people's money. There will also be widespread copying and pirating. Businesspeople will become more aware of the need to protect intellectual assets.

For Consumers

The strong Fire element further enhanced by the Three Harmony Formation will result in an increase in money supply in the market. As we can see, many governments have been relaxing their fiscal and monetary policies to combat the economic downturn arising from

the pandemic. A lot of subsidies and aid have also been given out to help people during the crisis. With all this stimulus, are consumers willing to spend more? Yes! After almost a year of lockdown and restricted movement, even rational shoppers will go on a spending spree. Rich and well-to-do people will see opportunities to grab hold of cheap assets.

The bottom income group and those facing unemployment will tighten their belts. Most Asian countries are headed for recovery, and consumer confidence will rise by the second half of the year.

For Businessmen

In 2021, businesses will further accelerate the pace of their digital activities, as it becomes clearer that digitalization and automation are necessary to progress ahead. Every sector will be digitalized, it's just to what degree.

Overall, businesses will move toward recovery in Asia even despite the ongoing pandemic. Because of the COVID-19 pandemic, there will be more high-tech business startups as demand for their skills, knowledge and technology will continue to rise. Transportation and logistics will do better than the retail and wholesale industries.

Businesses involving consumer staples will do well. Consumer banking continues to face challenges as new technologies will allow consumers to park their money with e-wallet companies. Banks will face debt collection troubles in the short-term due to the rise in unemployment in the service industry.

The property sector has always been a key indicator of economic recovery. In 2021, this statement may not be entirely accurate. There will be a glut in the commercial and residential property markets. Residential property prices that have been rising for several years will become more affordable due to stagnation. As governments relax monetary policy, this encourages residential property sales. As more companies give their workforce the option to work from home, the outlook for office space rentals is bleak. Big projects that involve the construction of highways and train tracks will be revived as China promotes and pushes the Belt & Road Initiative to secure its economic progress. Despite concerns about rising debts and defaults, China's Belt & Road Initiative will help in reconnecting Asia.

A company with good asset management will still do well in 2021. Companies that temporarily shutdown to protect their capital will reopen their businesses by the second half of 2021. The move to AI technology will be the highlight of most businesses. Similar to 2020, mobile apps will redefine the service and entertainment industries. Mushrooming mobile app development companies will be on the rise.

Employees

We have been highlighting for many years in our yearly forecast that employees need to relearn new skills as the world pushes towards digitalization and automation. The year 2020 brought a shockwave that forced businesses into accelerating this change and the changes will be even more acute in 2021.

In the Resources and People Palaces, we see the Rob Wealth Star meeting the Wealth Star. This indicates that employees will be at risk of losing their livelihoods due to changes in the environment. With a massive move to digitalization, there will be many jobs displaced. These displaced workers need to gain new skills or certifications to re-enter the labour

force in a vastly different capacity. It will take time to close this gap because the education system continues to churn out a workforce with skills that no longer suit the new working environment. In the short-term, crimes such as theft, robbery and violence will be on the rise.

Health

In general, the COVID-19 pandemic will still be ongoing. Another major outbreak in December 2020 is possible as the virus is more active in winter. It will be costly to countries which are complacent or still in denial about the seriousness of the pandemic. It can hamper these countries' economic recovery. There is no denying that the COVID-19 virus is airborne and easily spread in a closed and crowded environment.

Industries

In 2021, nanotechnology will make its presence felt in the world, and China is the leading country in this field. Nanotechnology powered by 5G will become important in the development of many fields especially water, energy, and health.

Industries expected to benefit remain the same as in 2020 such as IT, agriculture, local entertainment and nightlife, motivational training, education, advertising and e-publishing. These industries will see a boost, especially in the early part of the year. People and gurus with knowledge and wisdom in the entertainment line will have their fair share of the limelight.

The industries that will continue to experience trouble are those in the tourism, hospitality and property industries. Sales of residential property will somewhat improve while the shop lots and office space market will continue to be sluggish throughout the year. The construction of highways, roads and train tracks will be revived. The tourism and hospitality industries will see a slight improvement due to domestic demand. After a year of restrictions, people will be eager to go on holidays even within their own country.

In the financial industry, stockbroking and related companies such as unit trusts, investment and trust management companies will do well in 2021. Companies operating online and mobile payments systems similar to PayPal, WeChat Wallet and Alipay will do well too. However, the banking industry and the insurance industry will see many challenges on the collection front.

Events

The Metal Ox continues to see water-related natural disasters such as thunderstorms, cyclones, hurricanes, floods, soil erosion and sinkholes. Forest fires will occur in cold-weather countries in the middle of winter. Certain parts of the world will continue to experience bizarre weather. The aurora or northern lights will likely be visible to the naked eye longer than the usual 30 minutes.

The Metal Ox will continue to bring lung-related health issues and food safety issues. There will be concerns about the safety of food, especially marine and poultry products in 2021.

Due to the scarcity of natural resources, especially water and food, there will be more awareness of the need to preserve and protect the Earth's natural resources and beauty. China and India have taken active measures to conserve and expand forests. This is to reduce soil erosion, air pollution and climate change.

WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2021?

As you can see, the natal chart contains the full set of elements in 2021. The Metal, Water and Earth elements dominate the chart. The environment is teeming with money or wealth opportunities and resources. The asset element, Metal, is on the Heavenly Stem, forming a producing relationship with the Water Element. The Water Element represents sales opportunities. The Heavenly Stems have a smooth cycle from the Year, Month, Day and Hour Stems (i.e Metal Element produces to Water Element). In general, this can indicate that sales of goods and services will increase in 2021, which in turn will produce revenue (Wood) and profit (Fire). The Tiger sign and the Horse sign form half of the Three Harmony Combination. This formation results in the formation of more Fire elements. The Earth element supported by the Fire element is prominent. All these translates into the following possibilities:

- Many governments will continue to implement a relaxed monetary policy to help the economy to recover from the pandemic.
- The economies of many countries will be heading for a recovery.
- With more money available, the stock market is bullish. Prices will run ahead of the economy and will not reflect the actual economic recovery.
- The clash relationship in the Bazi Chart between the Horse and Rat signs indicates a mismatch of jobs and resources. This is the bigger issue of unemployment.

Digitalisation and automation render many jobs redundant but also create new job roles. Unemployment arises not because of a lack of jobs but because of a mismatch in skills.

- The residential property market will improve somewhat. Governments will continue to stimulate the property industry.
- Big construction projects will be revived to further stimulate the economy.
- The hidden combination Bazi formation between the Tiger and the Ox signs indicates hidden agendas, under-the-table deals, bribery, kickbacks, conspiracies and a lot of behind-the-scenes manoeuvring, especially with regard to policies geared towards external parties or countries.
- The general increase in prices of all raw resources, goods and services. However, petrol prices will go down.

On the positive side, people, especially Fire, Water and Wood Day Masters, will have more wealth opportunities despite the slow economic outlook.

How will you benefit from these opportunities financially?

Each of these Five Elements has a function every year:

The Fire element represents wealth to the Metal Ox. Wealth is equivalent to cash-flow.

The Earth element represents willpower or the ability to execute.

The Metal element represents assets.

The Water element represents sales.

The Wood element represents profits.

In 2021, the Metal, Water and Earth elements are prominent in the natal chart. People who have these elements in their Bazi Chart will be able to tap into the influence of 2021 easily.

When the Earth element is prominent in your Bazi Chart, this indicates that you will gain in status and reputation in 2021. You will have the power to make things happen.

2021 creates an environment of easy money because of the Fire elements (partial Three Harmony Formation between Horse and Tiger signs). Sales, which are represented by the Water element, are strong and appear on the Heavenly Stem and on the Day and Hour Palaces. This indicates that people are willing to spend. Businesses will also invest in capital assets and resources that will help them to automate their businesses and reduce costs. Sales will continue to grow in most industries especially from the second half of the year. For employees, there will be job opportunities, but the jobs may not match their skills.

2021 will continue to be a transition point towards a better outlook for the Asian economy, but not for European countries and the US. Besides having the Metal and Water elements in the Bazi Chart, the Earth element must also be prominent in the Bazi Chart, for a person to do well in 2021. The Earth Element brings stability and rationality. The stock market will be volatile and bullish. In terms of investments, people will be able to make quick money in the volatile markets. There will be more mergers and new companies listed on the stock market.

Where the Bazi Chart contains a prominent Metal element, you will gain more resources and assets. Ideas will come easily. Resources and assets will be easily available. These ideas, assets and resources will lead to more wealth opportunities. Those who have a weak Metal element in their Bazi Chart will see their assets increase in value in 2021, while those who have overly strong Metal Elements in their chart will see their asset values decrease. They could also be stuck with redundant stock. For employees, a lack of the Metal element means redundancy. This year will leave the labour force no choice but to re-learn new skills so that they can move to a new job, role or career. Employees' assets are their time, skills and knowledge. You must make full use of your time and knowledge, especially if you have strong Metal elements in your Bazi Chart, or if the Metal element in your chart is either abundant or missing. 2021 brings more new job opportunities but the job market continues to be competitive as a mismatch of skills and salary expectations will continue to be an issue. This year continues to see automation or robotics replacing a lot of jobs in the Metal, Water and Earth industries.

Remote working will be something for employees and employers to iron out in 2021. Bosses and managers will be concerned about productivity, while employees want the option to work from home at least a few day in a week or on a rotational basis. However, this issue will be easily resolved due to the producing elements of Earth, Metal and Water. The willingness to accept change - in policies, tasks, departmental goals, technology or new initiatives, will be key if employees want to maintain their positions in 2021. A lot of people need training in new job skills to adapt to the job market. Changes will continue to abound in the job market.

In general, the Metal element, which represents assets, is strong and well-balanced in 2021. In terms of business, this indicates:

1. No disruption to supply of raw materials.
2. Cost of production of goods and services will be more expensive. Production will be hampered or delayed due to breakdowns or disruptions to operations. Production or operations that depend on online systems will face disruptions to internet connection or hacker attacks.

3. Consumers will be forced to spend more due to an increase in the price of necessities.
4. Companies will give kickbacks, commissions and incentives to entice customers and make more business deals.

For employees, having a strong Wood element in your Bazi Chart can mean that your knowledge and experience will help you to keep your job.

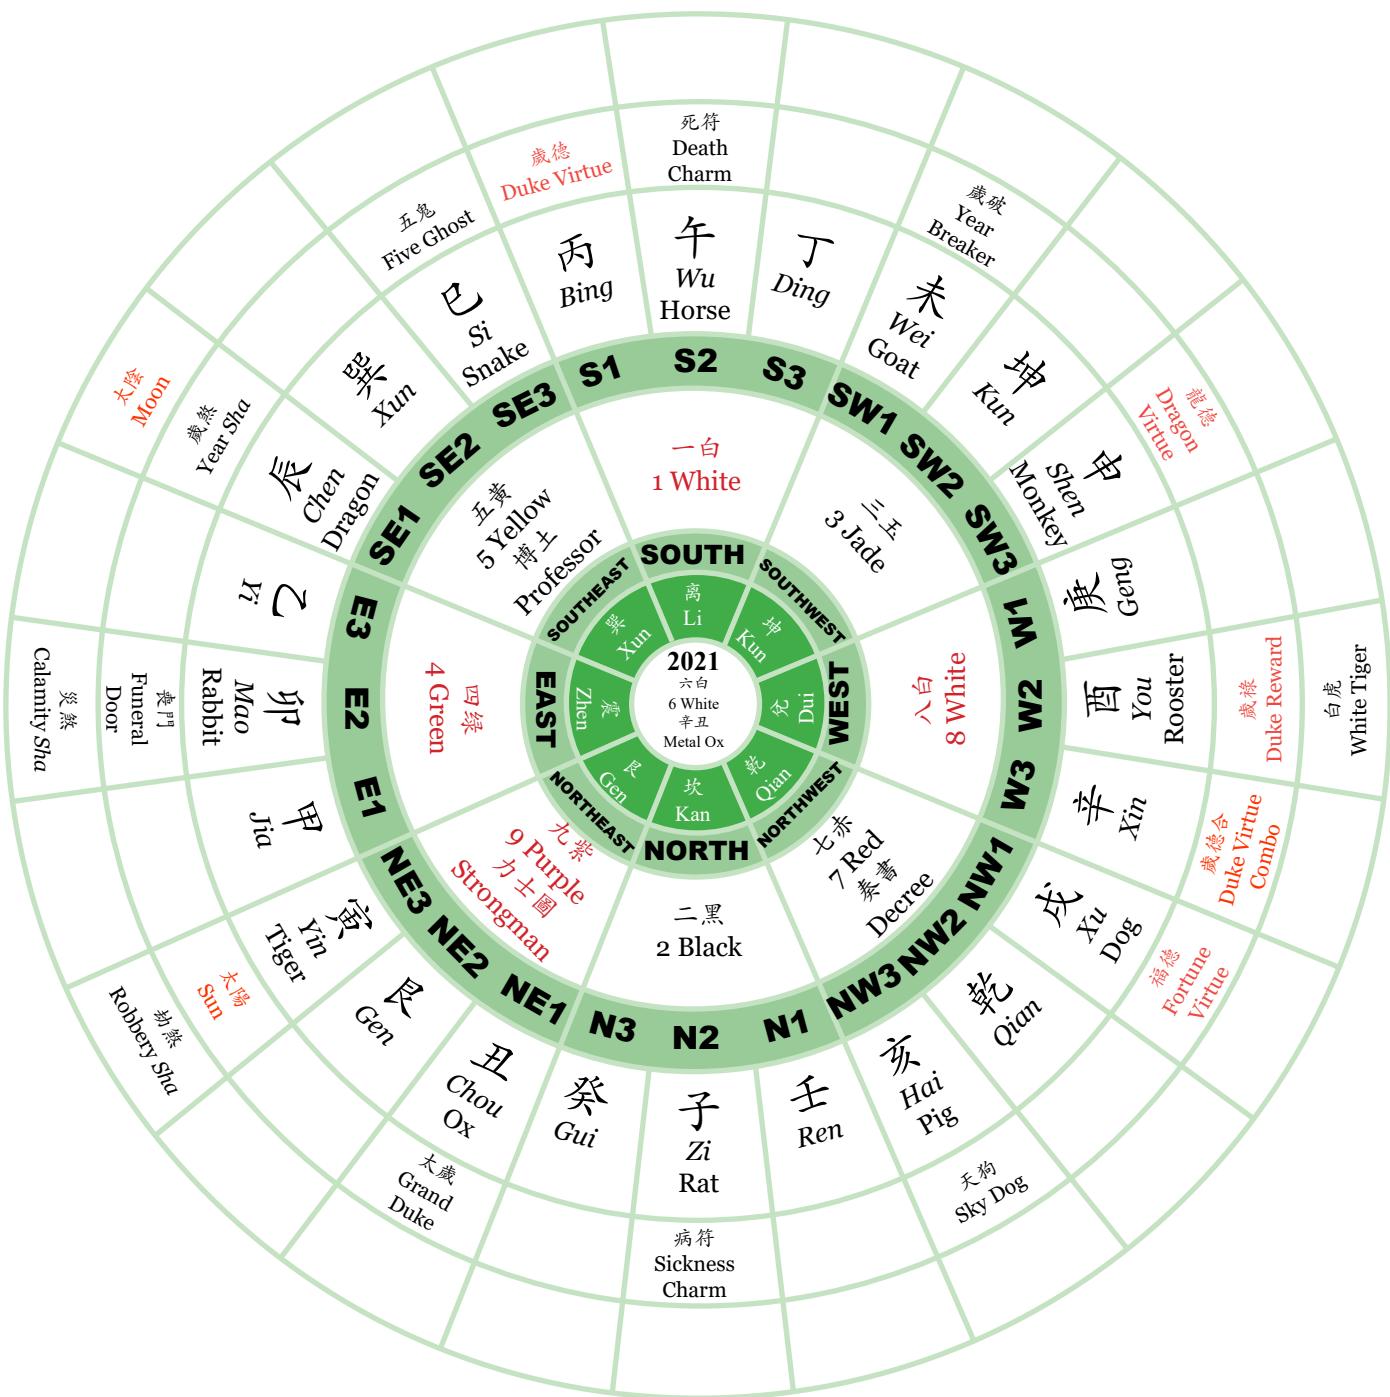

Sales will come from the Water element in 2021. If the Water element is prominent in your Bazi Chart, you will experience acute competition. If the Water element is perfectly balanced in your Bazi Chart, sales in 2021 will easily turn into profit and cash, especially if you have the Earth and Metal elements in your Bazi Chart. For employees, this can translate into a promotion. For businesses, this denotes an increase in sales.

If you have the Wood element on your Year Stem, good presentation of your products and services may bring you more sales. When a Water element is found on the Year Stem, the best way to increase your sales is by word of mouth. When you have the Metal element on the Year Stem, attract others to you with proven data and information as well as interesting marketing materials. When you have the Earth element on the Year Stem, maintain a good reputation. Your good name will help you sell. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When the Fire element is found on the Year Stem, sales will come to you easily. Sell by showing the intangible value of your products and services.

The Earth element represents willpower. For businesspeople, it translates into the ability to execute so that at the end of the day, you can turn your sales into profit and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where the Earth element is prominent or strong in your Bazi Chart with the presence of Metal, Water or Fire elements, you will find that your work will flow easily in 2021. Lacking the supporting elements of Metal, Water or Earth elements in your Bazi Chart, you will find 2021 to be a challenging year. You will experience a lot of frustration. However, the Wood element will bring balance and harmony in 2021. It will even out the rocky paths arising from an environment that is challenging and lacking. This is especially good for those who have the Rat, Monkey, Rooster and Ox signs in their Bazi Charts. This is because each of these signs has an auspicious Authority Star with them – the Grand Duke Combination in the Rat, the Emperor Star and Dragon Virtue in the Monkey, the Thriving and the General Star in the Rooster and the Grand Duke in the Ox.

Be prepared to adapt to changes and challenges. There will be many learning opportunities and Noble people offering help. Be open to accepting help and new perspectives. While the year of the Metal Ox may not be all rosy, it will be less bumpy. Be productive. It will help you feel happier, engaged, and give you a sense of achievement and fulfillment in 2021.

Harnessing the Year's Positive Annual Stars

It's once again time to check-in on the annual Feng Shui outlook. In general, people tend to focus on Feng Shui afflictions, forgetting that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is

valid due to the overlapping positive and negative Qi in several sectors. Read on to find out how you can tap into these sectors without provoking negative energies such as the Grand Duke, Three Killings and Five Yellow.

The *luopan* diagram in the previous page shows the location of both positive and negative Feng Shui Auxiliary Stars in 2021.

Harnessing the Qi of the Auspicious Stars

Boosting your Immunity against the Annual Affliction

歲德神 Duke Virtue

If you are worried about annual affliction stars like the Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So, if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is present in the **South 1** sector in 2021. The No. 1 Nobleman Star residing in the South sector further enhances the effects of Duke Virtue.

Entering the year 2021 on 3 February 2021, you can activate Duke Virtue on a good date that falls on a *Bing* Fire day in the South 1 sector or any other positive sector for a stronger effect. This is because every *Bing* Fire day in 2021 contains the Duke Virtue star. Thus, you have the protection of the Duke Virtue brought in by the *Bing* Fire day influence.

歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect as the Duke Virtue, the difference being the Duke Virtue is Yang in nature while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and protects external matters such as career, travel and appointments while the Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage.

The Duke Virtue Combo is present in the **West 3** sector in 2021.

Entering the year 2021 on 3 February 2021, you can activate Duke Virtue Combo on a good date that falls on a *Xin* Metal day in any

positive sector. This is because every *Xin* Metal day in 2021 contains the Duke Virtue Combo star. Thus, you have the protection of Duke Virtue Combo brought in by the *Xin* Metal day influence.

Positive Bank Account Balances

歲祿神 Duke Reward

Wouldn't it be nice if your accounts are always in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the **West 2** sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state of surplus.

In 2021, the Duke Reward location in **West 2** coincides with the No. 8 White Star in the West sector. Businesspeople who want to ensure that their business cash flow remains positive can activate the West sector with water. The No. 8 White Star resides in the West sector, bringing in double good effects in terms of wealth.

You can activate the Duke Reward on a good date that falls on a Rooster day in the West sector or any other positive sector. This is because every Rooster day in 2021 contains the Duke Reward Star. Thus, you have the good influence of the Duke Reward Star brought in by the Rooster day influence and from the locational influence.

Clearing Obstruction

龍德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get you. There are unexpected hiccups and delays. Activating the Dragon Virtue in the **Southwest 3** sector can help you clear away these blockages, enhance your wealth luck and boost your reputation.

The No. 3 Green Star is also in the Southwest sector, bringing arguments and disputes. The Year Breaker Star is also in the Southwest 1 Sector, bringing obstacles and potential loss of wealth. What to do now? It is good to de-clutter the **Southwest** sector to make sure that it is spacious. Leave a spacious space for Qi to flow from the South, Southwest and West sectors in

the year 2021 which starts on 3 February 2021. This will help you to activate the Southwest sector without touching it. Everything will work out smoothly.

Accidental Remedy

太陽 The Sun

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may decide to drill a hole in her wall, right where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or there is no Duke Virtue sector. Or you may have only gotten around to reading this article, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating the Sun Star in **Northeast 3**.

The Grand Duke Star also resides in the Northeast 1 sector bringing mishaps and obstacles. You need to activate the Sun Star precisely at Northeast 3 with a small water feature in 2021 without triggering the negative effects of the Grand Duke.

Otherwise, you can activate the Sun Star on a good date that falls on a Tiger day in any other positive sector. This is because every Tiger day in 2021 contains the Sun Star. Thus, you have the good influence of the Sun Star brought in by the Tiger day influence without fear of triggering the Grand Duke.

Effective Communication

太陰 The Moon

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills but also resolves issues like miscommunication and the ability to talk to the right person. The Moon Star also brings helpful people. This year the Moon Star is located in the **Southeast 1** sector.

You will benefit from the influence of the Moon Star when you carry out activities such as

reading, chit-chatting with family or office work in this area.

However, the Moon Star's location in Southeast 1 coincides with the No. 5 Yellow Star which brings calamity, loss of wealth and injury. What to do now? Leave a spacious area empty in the Southeast sector.

Entering the year 2021 on 3 February 2021, you can activate the Moon Star on a good date that falls on a Dragon day in any positive sector. This is because every Dragon day in 2021 contains the Moon Star. Thus, you have the positive effects of the Moon Star brought in by the Dragon day influence.

Happiness and Well-being

福德 Fortune Virtue

The Fortune Virtue Star brings good health and help from people as well as opportunities. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness. The star resides in the **Northwest 1** sector. It coincides with the No.7 Red Star in the Northwest sector, bringing gossip, disputes and backstabbing. Avoid any form of activation. Leave the Northwest sector spacious to dissipate the negative effects of the No.7 Red Star.

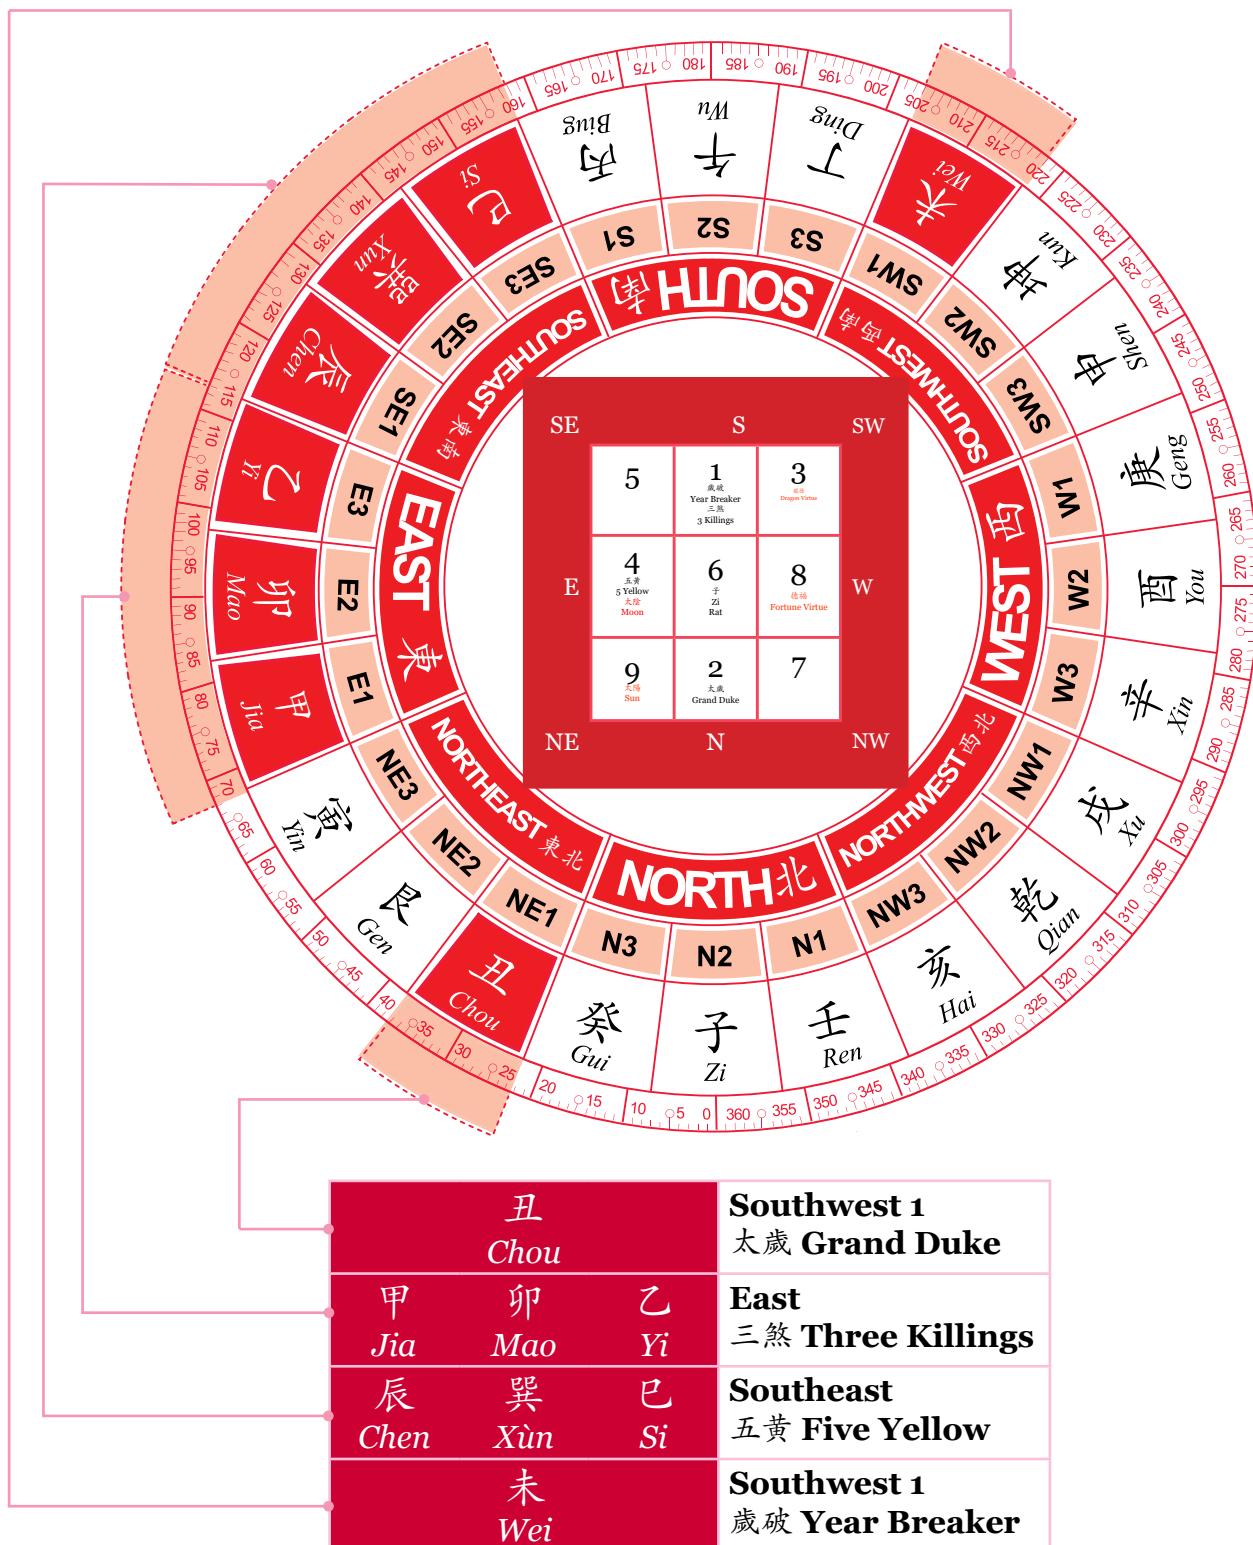

Entering the year 2021 on 3 February 2021, you can activate the Fortune Virtue Star on a good date that falls on a Dog day in any positive sector. This is because every Dog day in 2021 contains the Fortune Virtue Star. Thus, you have the positive effects of the Fortune Virtue Star brought in by the Dog day influence without triggering a negative effect in the Northwest.

Flip to our calendar to find out when you should activate the stars in their designated sectors.

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering "What is Feng Shui activation?". How do we activate a sector? Refer to page 46 of the December 2013 issue and check out the article "How to do a Feng Shui Activation".

AVOIDING THE FENG SHUI

AFFLICTED SECTORS IN 2021

This is the ninth year we are writing about the annual Feng Shui afflictions.

For those who are new to Feng Shui practices, the focus is often on boosting their life aspirations such as wealth, health, career and so forth. While a focus on enhancements are good, you must also avoid the killing and destructive energies in your home and workplace. These energies change directions and locations annually, and this change coincides with *Lichun* on 3 February 2021.

The major annual afflictions you must be aware of are the 太歲 Grand Duke, 五黃 Five Yellow, 三煞 Three Killings and 歲破 Year Breaker. The *Sha Qi* to note are the Sickness Star 2, Bull Fight *Sha* 3 and Quarrelsome Star 7. Start by identifying the locations of the major Feng Shui afflictions for the coming year and 'AVOID' major activities here.

To 'AVOID' means not to carry out important activities such as renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

太歲 Grand Duke

In 2021, the Grand Duke sets foot in the **Northeast 1** sector of your home or office. You do not want to irritate the Grand Duke by carrying out renovations in this area. This inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For businesspeople, it can potentially lead to a loss of income and wealth. Fortunately, it coincides with the No. 9 Purple Star at the North sector which somewhat mellows out the negative effects of the Grand Duke.

五黃 Five Yellow

Five Yellow enters the **Southeast**

sector in 2021. This star is a harbinger of bad influences. Avoid any major work, renovations, drilling and even the movement of furniture in this sector. The best remedy is to have an open vast spacious area in the Southeast sector to counter the negative Qi.

The location of Five Yellow coincides with the Moon Star at the Southeast 1 sector. This star lessens the negative impact of the Five Yellow in the East. Ensure that there is a spacious area for Qi to flow from the Southeast to the Southern sector.

三煞 Three Killings

In general, the Three Killings is located in the **East** sector in 2021. However, to pinpoint the exact location, Three Killings is located at **East 2, Southeast 1** and **Northeast 3**. This is because Three Killings is comprised of three inauspicious stars, namely 歲煞 Annual *Sha* at Southeast 2, 災煞 Calamity *Sha* at East 2 and 劫煞 Robbery *Sha* at Northeast 3. As its name implies, Robbery *Sha* brings robbery, injury and loss of money, Calamity *Sha* causes accidents, mishaps and illnesses whilst the Annual *Sha* creates obstacles and setbacks. Some have poetically categorized the misfortunes as the three types of losses, namely loss of wealth, loss of a loved one and loss of one's reputation. You want to leave these sectors in peace and quiet especially in 2021. It is important not to undertake any major renovations or groundbreaking work here.

The Three Killings coincides with the No.4 Green Star in the East sector in 2021. The star indicates that the occupants of the house need to stay rational and use their knowledge and skills to resolve problems during challenging times.

It is safe to activate the Robbery *Sha* at Northeast 3 in 2021 as it coincides with the Sun Star that brings out the positive effects of Robbery *Sha*. However, those with the Tiger and Monkey signs should avoid activating the Northeast 3 sector.

The Three Killings location coincides with the Moon Star in the Southeast 1 sector. The Moon Star brings powerful people and resources to resolve problems during unfortunate times. Thus, it is safe to activate the Annual Sha in Southeast 1 in 2021.

歲破 Year Breaker

The Year Breaker is also known as the ‘wrath of the Grand Duke’. It comes to the **Southwest 1** sector this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is usually associated with a loss of wealth.

Steer clear of this area. Do not carry out any renovations, groundbreaking work or drilling and hammering on walls. Don’t even rearrange the furniture in this sector.

Sickness Charm

The Sickness Charm resides in the **North 2** sector in 2021. As the name implies, it brings illness to the occupants of a house. Elderly people should avoid occupying the North room because of the Sickness Charm in this sector.

The Sickness Charm coincides with the No. 2 Illness Star at the North sector, doubling the negative impact in the North sector. Triggering the North sector will bring health problems. Ensure there is a spacious area for Qi to flow from the Northwest to the North sector to lessen the impact of the Sickness Charm.

Annual Illness Flying Star 2

The No. 2 Illness Star brings illness to the occupants of a house. It comes to the **North** this year. Ensure that the North sector of your home is spacious and clear of clutter. This will somewhat mitigate the Illness Star’s effects.

This location coincides with the Sickness Charm at North 2. It brings a double whammy effect to the North sector. Ensure there is a spacious area for Qi to flow from the Northwest to the North sector.

Steer clear of this area. Do not carry out any renovations, groundbreaking work or drilling and hammering on walls. Don’t even rearrange the furniture in this sector.

Annual Flying 3 Jade Stars

The No. 3 Jade Star triggers aggressiveness, stubbornness and competitive behaviour among the occupants of a house. It is known as the ‘Bull-Fight Star’. With the influence of this star, occupants are easily provoked into arguing and quarrelling. The star also brings about lawsuits, office politics and conflicts. It comes to the **Southwest** this year.

The sector coincides with the Dragon Virtue and Year Breaker Stars in the Southwest, making the Southwest a doubly afflicted sector. Dragon Virtue somewhat mitigates the negative energy, but it is best not to disturb this sector.

Steer clear of this area. Do not carry out any renovations, groundbreaking work or drilling and hammering on walls. Don’t even rearrange the furniture in this sector.

Annual Flying 7 Red Star

Annual Flying 7 Red Star is known as the ‘Quarrelsome Star’. This star can cause problems such as peach blossom troubles, scandals, assaults, violence and robbery, burglary, deception, theft and backstabbing. This area is especially bad for celebrities, writers, artists, those working in public relations and students in 2021. It comes to the **Northwest** in 2021. Ensure that there is a spacious area for Qi to flow from the West to the Northwest sector to bring out the positive quality of Star 7.

The Fortune Virtue Star resides at Northwest 1 coinciding with the No.7 Red Star. This sector is still usable. Do not carry out any renovations, groundbreaking work or drilling and hammering on walls. Don’t even rearrange the furniture in this sector.

The Signs of Love in 2021

Is 2021 a year conducive for romance and love?

The 2021 Bazi Chart (refer to page 50) shows a Peach Blossom Star appearing in the Day and Hour Pillar, followed by a Graveyard Star and a Growth Star in the Year and Month Pillars respectively. The Rat and Horse signs which represent the Peach Blossom Stars are in a clashing relationship. This indicates that whirlwind romances will start off with misunderstandings, mishaps and distrust. While romantic opportunities are aplenty in 2021, will the romance last? Couples who are more willing to resolve their misunderstandings and forgive past grievances will likely see their relationship survive this challenging time.

The essence of Romance in the year of the Metal Ox seems to run along the lines of the comedy “Accidental Love.” The guy who bumps into your car, may ask for your phone number for romantic reasons. You may suddenly see the attractive side of the person you’ve been butting heads with. You may even find the frenemy that you are always bickering with, attractive. Romance will come and go unexpectedly.

Will this kind of relationship last and turn into a deep and fulfilling love? For some, it will grow into a beautiful love story with a happy ending. For others, the relationship may fizzle out for various reasons - wrong timing, character clash or opposing ideologies.

For those who have a serious personality, it will be extremely hard to accept this kind of

romance in their lives. It can leave a lot of bitterness and resentment if the relationship does not work out in the end. For those who are light-hearted and always looking at the brighter side of life, they will find that these whirlwind romances will bring many eye-opening moments. Even if the relationship does not last, it will leave them with many humorous memories.

Still, let's see if the external forces will offer you a chance for a happy and fulfilling relationship.

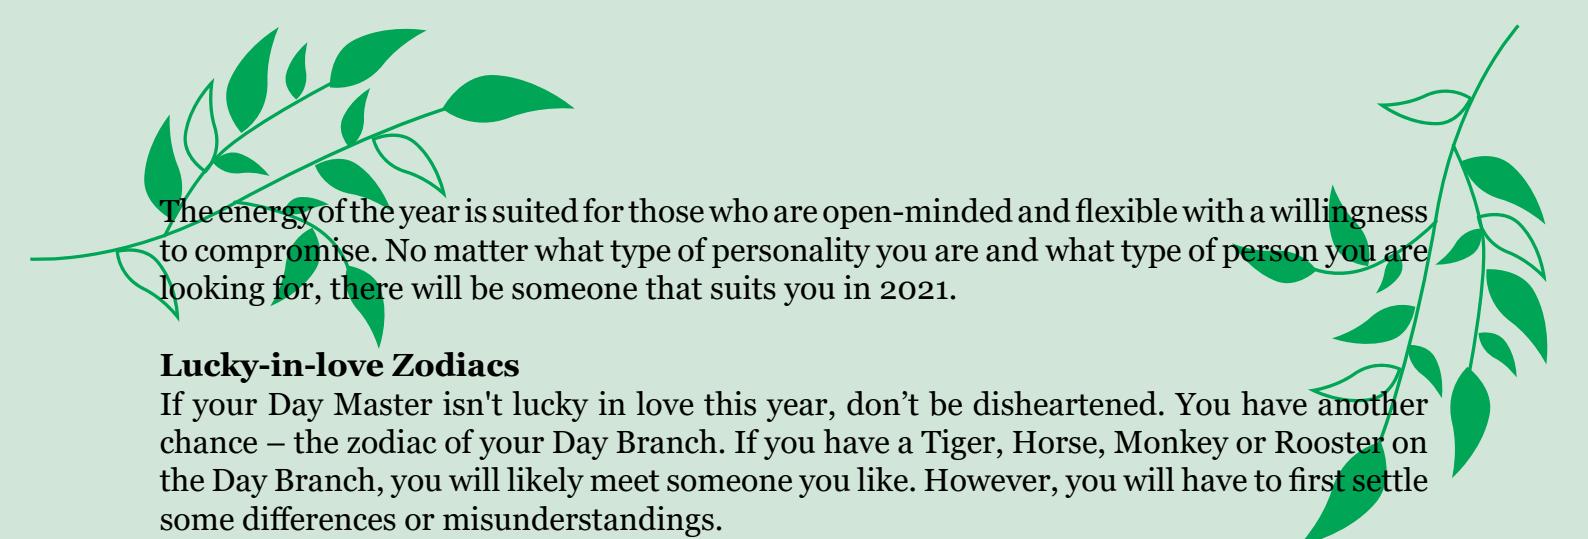

Romantically inclined Day Masters

The year's romantic energy continues to smile on the Fire and Earth Day men as well as the Wood and Fire Day ladies. Fire and Earth Day men will have surprising encounters with eloquent, independent and strong-spirited women or a woman who isn't afraid to speak her mind. Wood and Fire ladies will find their bickering with certain men turning into interesting moments. Relationships will tend to start-off based on both mutual admiration and irritation. At least, he will appear to be so in 2021. With the clashing Rat and Horse signs, there will be plenty of romantic sparks this Ox Year.

While some relationships are starting off on the wrong foot, this year, the romantic energies can turn negative and dangerous for some. There are unscrupulous people using love to scam money out of their victims. Those seeking Mr Right or Ms Right should stay alert. You should be suspicious when someone declares their love and begins discussing a life together after a short acquaintance.

With the effect of the Metal Ox, some women and men will be put off romantic opportunities because of a difference in lifestyle, goals, principles, race and religion. After dating a short while, these conflicts will become more apparent. On the positive note, the Metal Ox that initially causes conflicts between couples, will trigger attraction and admiration when the misunderstandings between the couple are settled.

The energy of the year is suited for those who are open-minded and flexible with a willingness to compromise. No matter what type of personality you are and what type of person you are looking for, there will be someone that suits you in 2021.

Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. You have another chance – the zodiac of your Day Branch. If you have a Tiger, Horse, Monkey or Rooster on the Day Branch, you will likely meet someone you like. However, you will have to first settle some differences or misunderstandings.

Having these signs on the Year and Month Branches indicates external romantic luck. Usually, this means that the members of the opposite sex are attracted to you, but you may or may not share their feelings.

Besides these signs, those who have the Snake and Dog signs on any of the Earthly Branches have hidden Peach Blossom luck. What does hidden Peach Blossom luck mean? It means that you have secret admirers. So, pay attention to the people around you and how they treat you. If you want to enjoy a romantic relationship, you need to do some digging. With the influence of external forces, you do not have to dig too hard because the energy in 2021 brings openness.

This Bazi Chart shows where your Day Master and Day Branch are located.

Heavenly support

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in.

So, will the path to true love be smooth? If you have the Tiger, Horse and Monkey in your Month and Year Branches, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If any one of the zodiac signs, Tiger, Horse or Monkey, appears on the Year Branch then you should socialize more! Go out, travel, be adventurous and make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. 2021 Protect Yourself from Romance Scams in 2021

The external forces can be negative for those unlucky in love. Finding the right relationship in 2021 will be tricky and dangerous if you let your emotions get the upper hand. Falling in love will be easy, but a lot of effort will be needed to make the relationship work.

You can choose to stay single for another year and have fun if romance luck does not shine on you. Check out the December 2016 issue to find out the rewards and upside of staying single. For those who wish for this adventurous and fun romance to last, here is some advice on how to avoid romance scams. Most romance scams these days occur online unlike in the past, where you meet the conman in person.

Check out their story!

When you meet a potential new love interest, do a little digging and background check. See if they are who they claim to be. Google their name and see what pops up. Their social media profiles or other online information should at least tie in with what they have told you about themselves.

Image Search

Image search is a really powerful tool on the internet. Run photos of them through a search engine such as TinEye or Google Images. If you see the same photo posted with a different name or information, there is a good chance that the photos are stolen from someone else's profile. Some scammers even use images from stock photo companies such as iStockphoto, Sreepik and Shutterstock.

Take It Slow

You should not rush into any relationship. Scammers will try to move the romance forward as quickly as possible. They will declare their love quickly, sometimes even after just one or two conversations. Their aim is to get you emotionally dependent on them as soon as possible. They will try to isolate their victims by manipulating the victims' emotions so that they will not trust or listen to warnings from their close friends or family members.

Ask For Advice

If you are feeling uncertain about the relationship, ask for advice from friends and family. They are the people who love and care for you. They will always have your back and support you.

Don't Share Intimate Photos

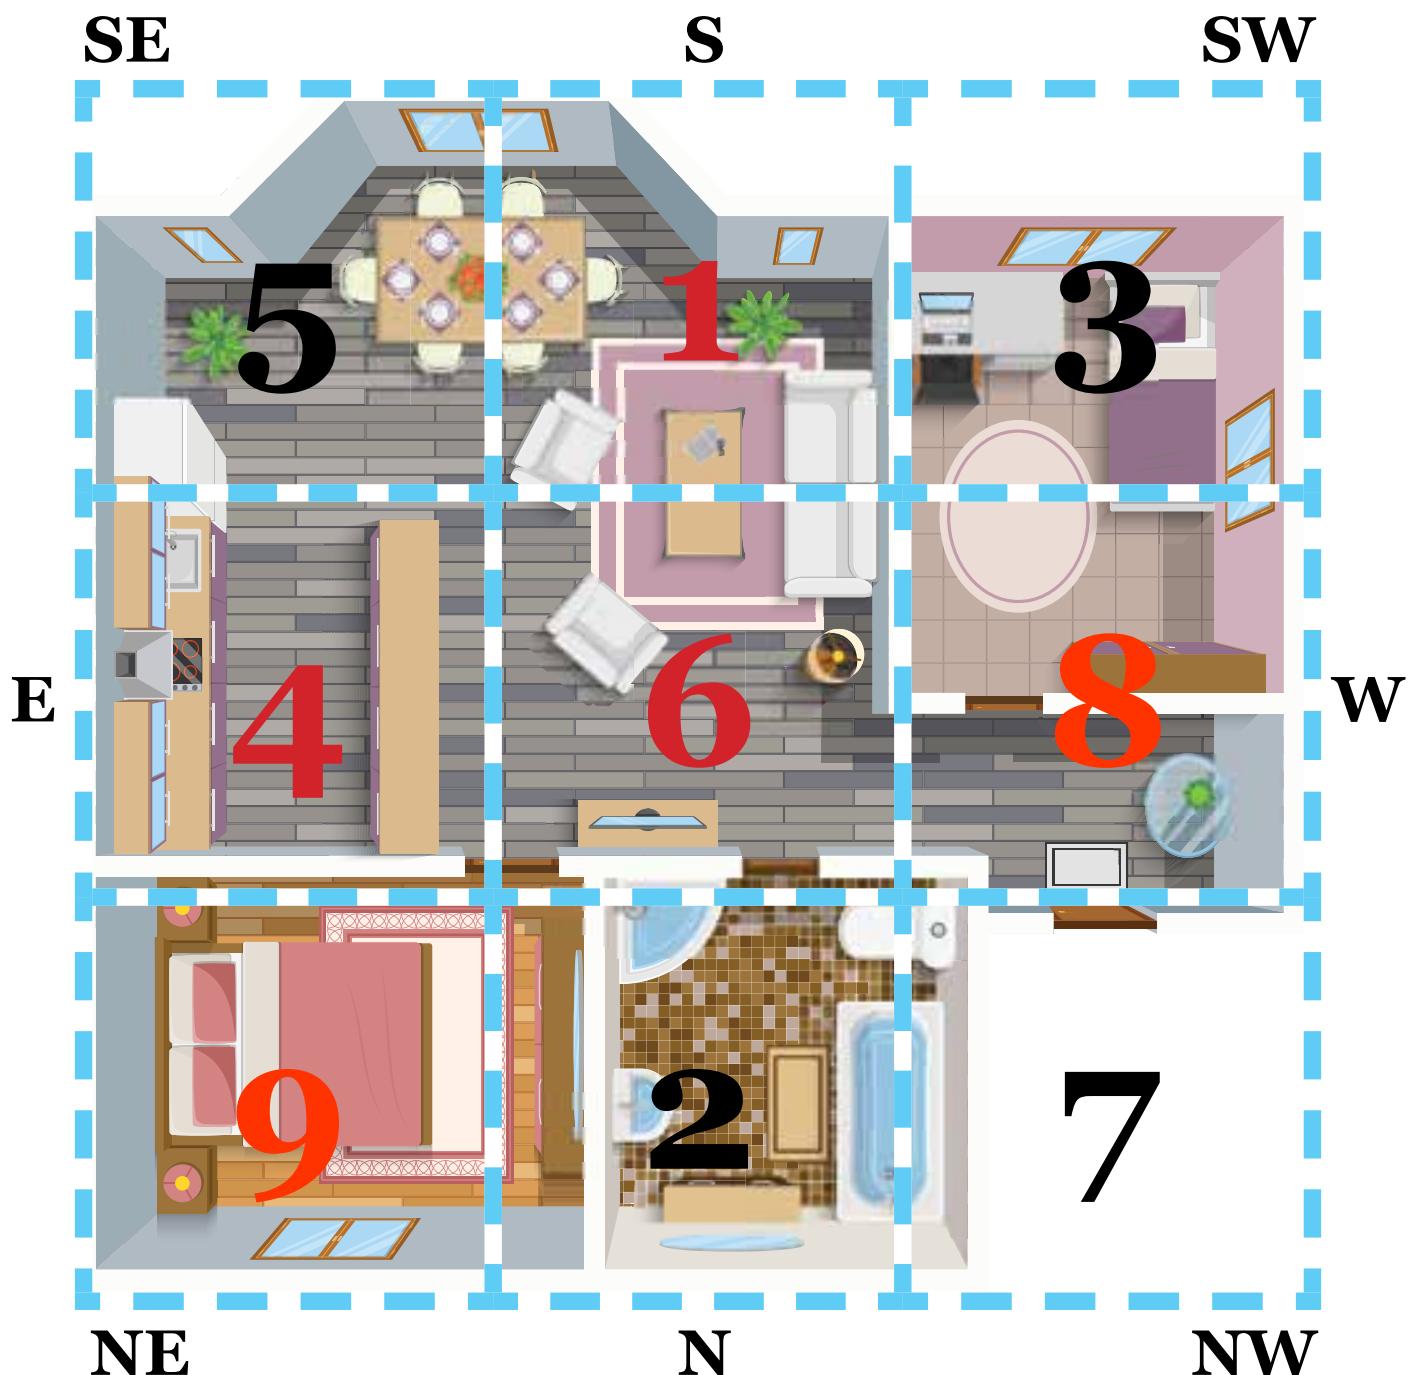

Never send intimate images, such as nude photos or sexual videos, to someone you have never met. These images or videos could be used to blackmail you later.

Don't Send Money

When someone you just met asks for money, it is a sign of a potential problem. Even in real relationships, if your boyfriend or girlfriend or friends asks to borrow money and promises to pay you back, you should assume you'll never see the money again. If the person on the other end is really a scammer, you are unlikely to hear from them again after you ignore their requests for money.

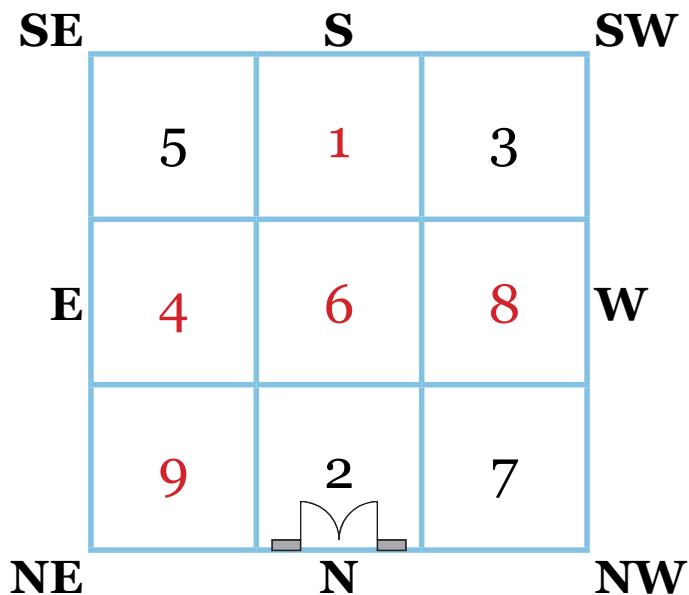

This year you need to stay rational and be safe when it comes to love matters.

FLYING STAR INFLUENCES ON EIGHT TYPES OF HOUSES IN 2021

The following is an overview of the impact of the Flying Stars on houses based on the location of the front doors.

Main Door in the North Sector

Overview

The No.2 Black Star resides in the North sector triggering health problems for the occupants of this house. If occupants have weak immune systems or already have existing illnesses, the health problems will be more prominent in 2021. Negative features such as pylons, lamp posts, forked roads, water or sharp features facing the main door in the North sector will worsen the negative influence.

If the main door has a bright hall outside, such as a playground, garden or a big car park, the No.2 Black Star actually brings wealth opportunities, especially those related to land and property, to the occupants of the house. The No.2 Black Star also favours businesspeople.

People affected / People who benefit

People born in the year of the Rabbit, Dog or Pig who

are living in such a house will easily fall ill. The second son and the *Gua 1* people of the family may also be prone to health problems.

However, businesspeople, especially those born in the year of the Snake, Monkey, Rooster or Dog, occupying offices with the main door located in the North will see their incomes increase steadily but at the expense of their bosses' or staff's health.

Months to look-out for

The months that are badly afflicted by the No. 2 Black Star are January, February, March, May, July, August, September, October, November and December.

The months of January, July and September bring the worst effects on health.

The months of April, June and October favour business collaboration and wealth

matters if the main door has a bright hall on the outside such as a playground, garden or a big car park. Business and salespeople will also do well.

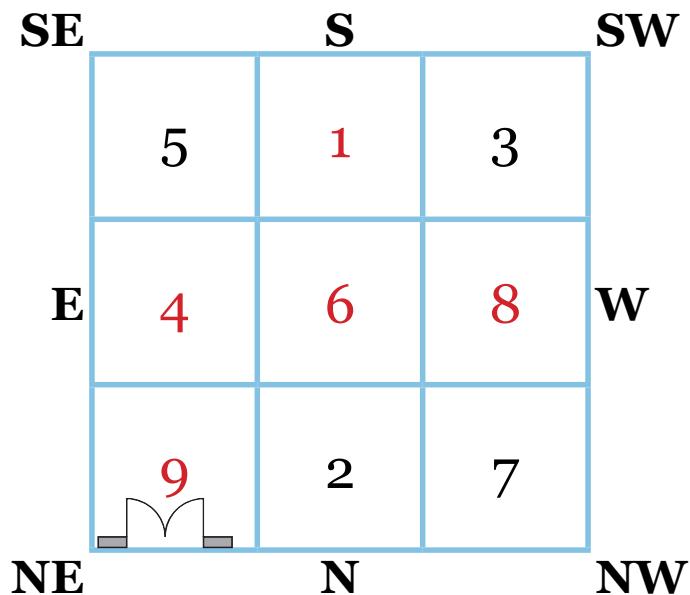

Mitigation

Use an alternate door to enter and exit your home. If this is not viable, de-clutter the areas in the vicinity of your main door. Ensure that there is a mini bright hall in the area immediately outside and inside the main door. Alternatively, place metal objects or saltwater with 6 metal coins to mellow down the influence of the No. 2 Black Star.

Further enhancement

Place a small water feature near the main door to enhance the wealth luck brought in by the No. 2 Black Star. This is only advisable for people who are in good health. Always remember that the No. 2 Black Star brings both positive and negative effects.

CORE CHARACTERISTICS

(癸 YIN WATER DAY MASTER)

There are altogether Ten Gods arising from the two different polarities (Yin and Yang) of the Five Elements' interaction with the Day Master. Each of these Five Elements supports, destroys, controls, or exhausts one another. In the previous issues, we have shown the characteristics of the Ten Gods. Moving forward, we will be exploring how we can derive the core character of a person, or the structure of the Bazi Chart, based on the interaction between the Earthly Branch Element of the Month Pillar with the Day Master.

In this issue's Bazi 101, we want to explore the core characters of the Yin Water (癸 Gui) Day Masters born in different months. The core characters of these Yin Water Day Masters are derived from the element in the Earthly Branch of the Month Pillar (refer to Table 1 below). There are altogether twelve Earthly Branches representing twelve months. Each Earthly Branch usually contains one to three Elements known as the Hidden Stems. The Hidden Stem represents the

main Qi and sub-Qi of each Earthly Branch (refer to Table: The Seasons and the Earthly Branches on page 133 to find out more about the Elements inside each of the Earthly Branches).

When the sub-Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this sub-Qi. The person's core character is represented by the Ten Gods of this sub-Qi.

When the main Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this main Qi. The person's core character is represented by the Ten Gods of this main Qi.

If there is no main Qi or sub-Qi of the Month Branch appearing on the Heavenly Stem, then the structure of the Bazi Chart follows the main Qi. The person's core character is represented by the Ten Gods of this main Qi.

The Tao of Manifesting

The Influence of the Eight Deities on your Destiny Palace in 2021

Qi Map for 2021

Besides the Deity that permanently resides in your *Qi Men Dun Jia* (QMDJ) Destiny Palace, there is also a yearly Deity influence entering the Palace every year. This annual influence brings different celestial influence and energy to your Destiny Palace. There are 10 Deities in the study of QMDJ but only 8 Deities are involved in the annual yearly shift in and out of your Destiny Palace. The QMDJ chart for 2021 is set out below.

The QMDJ chart for 2021 shows a Fu Yin environment with even activities carry out. In QMDJ study, the Fu Yin formation can just mean that things will remain the same. It also favours inactivity or going with the flow. It is not advisable to go against such energy, as it can bring emotional pain and heart-breaking events.

If you already have your plans and goals set out, you can still go ahead with your executing your plan. However, the year does not favour making changes or expanding.

How will each Deity affect you when it falls into your Destiny Palace?

Direction	Universe	Subject Matter
South	九地 Nine Earth	This is the most auspicious Palace in 2021. The Palace indicates wealth opportunities and smooth sailing ahead. Those who have their Destiny Palace in the South will have a good influence on people. The Universe is looking after you. Ask and it will be given to you; seek and you will find; knock and the door will be opened.
Southwest	玄武 Black Tortoise	Tread carefully. You will tend to fall for scams and land yourself in a messy and sticky situation due to greed and petty issues. Avoid getting involved in arguments or disputes with others. You will be prone to injuries.
