A vertical decorative illustration on the left side of the page features stylized bamboo stalks and leaves. The stalks are rendered in a light beige color, with some showing horizontal joints and others being solid. The leaves are depicted in a warm orange-brown hue, with long, thin blades extending from the top of each stalk. The overall effect is organic and traditional.

## The Earthly Branches

In Bazi study, a person's Bazi Chart consists of Four Pillars and Luck Pillars - the Hour, Day, Month, Year and 10-Year Luck Cycle Pillars as shown in page 5 and page 6. Each of this Pillar consists of an Earthly Branch and Heavenly Stem. Based on Chinese Zodiac signs of these Earthly Branches and Heavenly Stems, one is able to derive the auxiliary stars appearing on his Bazi Chart for each year. With this information, an overall Annual Outlook can be obtained for the year. Each Pillars in the Bazi Chart signifies a different aspect in life:
