Message from the Editor

Dear Readers,

Here we are again, on the cusp of another new year. In the space of just one year, the world looks to be a very different place from what it was a year ago. Some welcome the changes while others are horrified. In the midst of such divisiveness, we can take control of our Man Luck and choose the path of kindness, even with those we don't agree with. Listen with the sincere wish to understand, instead of listening with the intention to argue. May we heal our world with kindness and love, one person at a time.

*Lots of Love,
Eu Geen*

Overview

Those born in the year of the Rooster can expect mixed fortunes in 2017. There are two strong Nobleman stars shining on the Rooster sign, to smooth the bumpy road ahead. The powerful General star and Nobleman star indicate that plenty of people with status and authority will offer you help. Your Nobleman also has the potential to turn into your romantic partner.

The presence of the General star and Grand Duke indicates that Rooster people will gain power and authority. Their work will be recognized and rewarded and they will experience a rise in status. Although the Grand Duke brings authority and power, it follows up with equally high-level challenges. There will be problems and obstacles blocking the Rooster sign from achieving their goals. Seek help when you cannot resolve the problem. Do not try to shoulder all the burdens by yourself.

The Year Punishment star indicates careless mistakes. The star also indicates potential trouble due to actions taken by the Rooster signs themselves. Avoid taking shortcuts or breaking rules, no matter how insignificant, to achieve your goals.

Luckily the Study Hall and Intelligent stars will be visiting the Rooster sign. These stars will help you resolve any problems and obstacles that arise. These stars also help you think clearly and rationally. You will be able to overcome any obstacles using logical thinking. These stars bode well for students who are studying and sitting for exams too.

Sword Edge and Sky Cry stars denotes that the Rooster sign may easily become stressed out by all the activities and heavy workload imposed on them. Rooster people will easily succumb to depression and negativity due to stress.

Career and Wealth

The Golden Lock star ensures that the Rooster sign will enjoy good wealth luck. This is further enhanced by the General star that brings recognition and good reputation. However, the Cascading Cloud indicates that the Rooster's good fortune will easily stir-up envy and jealousy among petty people. These people will not hesitate to pull you down with whatever means they can. As such the Rooster should keep a low profile and stay humble.

For employees, the Rooster sign can expect a promotion and a corresponding increase in income. Business people will also see their products and services get more recognition. Sales will continue to improve in 2017.

This year the Rooster sign should be conservative in their endeavours so that they will not face problems and challenges from over-expansion. They should focus and work on what they are good at. While opportunities abound for the Rooster people, an attempt to take up all the opportunities will eventually lead to substandard work. Be strategic.

Relationship

Rooster people are admired at work for their intelligence and problem-solving skills. They are popular among their colleagues.

However, this does not mean that single Roosters have more chances of finding a love partner. The Rooster's romantic life will be quiet in 2017. Rooster people will find their single life more happening. Friends will ask them out quite often to adventurous places and social events.

Married Roosters will enjoy a harmonious relationship. They will have full support from their family members.

Safety and Health

Physical and mental well-being are rather weak for Rooster people. Hidden Corpse star indicates that their immune system will be rather weak. They will be easily stressed out by their heavy workloads. The Rooster sign will easily give in to negativity arising from gossip by petty people. This will eventually lead to minor illnesses. Take short-breaks from time to time to relax and rejuvenate. Maintain a healthy diet and exercise regularly. It is important to focus on taking care of your health in 2017.

Special Tips

A Rooster sign on the Year Branch indicates that you will come across Noble people with power and status. Build a good relationship with them as they will help you along the way.

"The most powerful leadership tool you have is your own personal example."

~John Wooden

A Rooster sign on the Month Branch indicates that there is potential of getting a double promotion and recognition this year. Income will improve too.

A Rooster sign on the Day Branch indicates that you are popular among your peers. You have the support and help of your family members.

If you have a Rooster sign on the Hour Branch, you will receive some help and assistance from Noble people who are younger than you. You should also be extra careful in your investments. Do not speculate on popular tips and rumours.

Overview

Those born in the year of the Dog can look forward to a better year in 2017. There are two auspicious stars in 2017, bringing new opportunities, Noble people and good wealth prospects for the Dog.

The Sun star not only brings Noble people but also brings valuable opportunities for the Dog. You will finally feel that everything is under control after a volatile year in 2016. The Sun star brings good influence for your mental well-being too. You will feel optimistic, motivated and energized.

The presence of the Pommelled Saddle star indicates change. This is a good year for Dog people who wish to look for a change in their environment. The change can be a move to a new job, changing careers where new skills are required, moving to a new home or even migrating to another country, for those who have already planned for it for quite some time. The Pommelled Saddle star has a good influence on learning and studying. Dog people can pick up a new skills faster and put it to good use. The Sun star enhances the influence of the Pommelled Saddle star. It ensures that changes go smoothly and end well.

There are some inauspicious stars residing in the Dog Palace in 2017. The main inauspicious star, Six Harm, brings emotional stress and hurt. The two minor inauspicious stars, Bad Qi and Sky Emptiness, further enhances the Six Harm star influence. This means that Dog people will have a rather fragile heart and mind. They will see big issues in trivial matters and become emotional about it.

Luckily the Sun star brings good influences and

helps turn bad events into good tidings. The Sun star also keeps Dog people upbeat. Thus, Dog people can quickly rise out from the emotional traps of their own making.

Career and Wealth

The Dog sign will welcome a fulfilling year career-wise. The Sun star brings recognition for their hard work and contribution. Although this may not translate into a promotion, Dog people will be happy because their work is noted by the right people.

Pommelled Saddle star ensures steady growth for those who stay put in their jobs. It offers new job opportunities for Dog people who are looking for a change. Whether you decide to stay in your current job or not, Dog people should take this year to focus on self-cultivation and development to upgrade their skills.

For business people, this is a good year to execute your

business expansion plans. The Sun and Pommelled Saddle stars ensure steady increase in customers and incomes.

Relationship

The Dog sign fares better in terms of professional and personal relationships in 2017 compared to last year. However, they still need to be mindful of emotional outbursts due to the negative stars that bring emotional turmoil.

Single Dog people should not rush into romantic relationships. They should take this time to understand themselves better and understand what they want from a relationship. This is a good year to build your network and make new friends.

For Dog people who are already in long-term relationships, do not take your lover for granted. Keep a check on your emotions at all times. The Six Harm star denotes fragile relationships for Dog people. Break-ups will

happen if Dog people constantly fall into emotional hysteria.

The Dog sign has the full support of their family members in 2017.

Safety and Health

Overall, the health outlook continues to look good in 2017. Dog people should keep a check on their mood swings. Maintain a good diet and exercise regularly to stay mentally and physically fit.

Special Tips

If you have a Dog sign on the Year or Month Branch, expect changes in your job. The change will be for the better although it may not look so at the moment.

A Dog sign on the Day Branch may indicate a move to a new home.

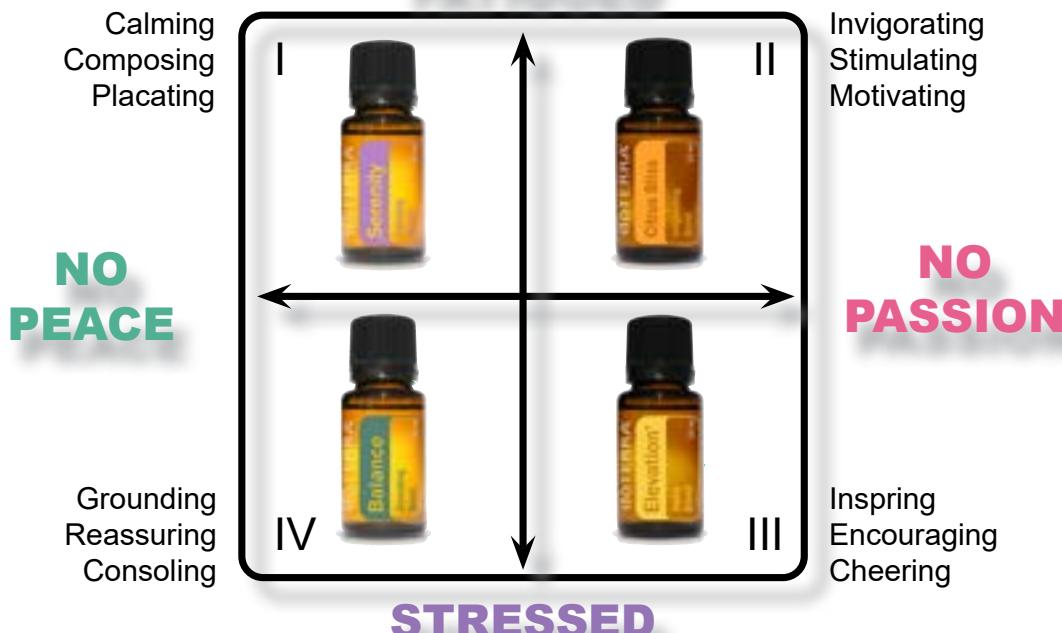

If you have a Dog sign on the Hour Branch, you will have good investment luck. Look for good property to invest in.

Special Tips

Dog, Monkey and Rooster, keep these essential oils on hand as they act as mood savers for those bad days.

Overview

A strong Nobleman star is shining on the Pig sign in 2017. While this may not be an easy year for Pig people, you will still triumph over the challenges in your life. When you accept and deal with the challenges that arise, Noble people will come to your aid. Most important is not to overreact and take it personally when problems arise. Practice detachment – do not be defensive, acknowledge the problem and deal with it.

The Sky Horse star brings travelling and movement. This star brings the feeling of joy and fun to Pig people when they go on a holiday overseas. This star also brings the influence of mobility and flexibility. This indicates that Pig people will easily adapt and be flexible in reaction to changes. As such Pig people will quickly resolve problems that arise.

Earth Relief denotes help and assistance by being at the right place and meeting the right people. Through discussion and advice, Pig people will be able to find solutions to their problems.

The Solitary star is the opposite of the Sky Horse. It indicates that the Pig sign will want to stay put in a place and be a loner. It denotes inflexibility. Solitary star brings the feeling of loneliness to the Pig sign, who loves to socialize. Know that it is only a feeling. You can always pick up hobbies when you have free time while others are busy.

Pig people need to pay more attention to the health and safety of elderly members in their family. Earth Funeral and Funeral Door indicates that their well-being will be rather weak. They will need extra care from the people around them.

The Great Sha star indicates unfortunate events due to rash actions and decisions. Although the Earth Relief star can mitigate troubles, it is best that Pig people think twice before making final decisions or doing anything that can put their safety in jeopardy or cost them financial losses.

Career and Wealth

There are minor challenges for Pig people in their career. This can be overcome easily if the Pig sign stays calm and deal with trouble swiftly. Overall, all will go smoothly in their careers in 2017.

For business people, challenges always come with hidden opportunities and extra income. If they take active action to give solutions and resolve other people's problems, businessmen born in the year of the Pig will see their businesses flourish in 2017. If they have difficulty finding solutions, they will find answers through brainstorming with partners or people in their business circle.

In terms of wealth, the Sky Horse brings wealth luck. Those in the import and export business will see their wealth triple. Employees who always travel will see their income increase too. Those Pig people who do not have the chance to travel for work, take a holiday. This will improve their wealth luck in a small way.

Relationship

Relationships with colleagues and bosses will run smoothly as long as the Pig sign stays calm in difficult situations. Colleagues and bosses can be your Noble people so listen to them.

While there is no romantic star shining on the Single Pig, singles who want to enter into good relationships need to make use of the auspicious nobleman stars. Consider match-making services and introductions from friends. This will give your efforts to find a partner a boost. Ask your girlfriends to introduce potential partners to you.

Pig people who are already in a relationship or married, will have a harmonious and stable relationship.

Safety and Health

Health for Pig people is considered stable in 2017. However, Pig people need to take extra precaution on their safety. Dangerous sports and activities

are a no-no. Even hiking in the mountains may result in a sprained ankle due to the influence of the Separating Edge and Flying Chaste stars. These stars bring accidents and injuries. The presence of Solitary Star may leave you stranded alone when you need help. Always go with friends on a morning jog or walk or other fitness activities.

Pig people also need to pay attention to the health and safety of their elderly family members. Find time to take them for medical check-ups to ensure that their health is okay.

Special Tips

People born in the year of the Pig or have a Pig sign on the Hour Branch, take extra precaution on your safety. Pay attention to the health and safety of your elderly family members too.

The Pig sign on the Month Branch indicates that your relationship with your boss or superior will be harmonious. You will find a good mentor. There are plenty of Noble people who can help you develop your career.

Singles who have the Pig sign on the Day Branch, you may be feeling isolated and lonely. Go to some faraway place for a holiday with a bunch of pals. This will improve your mood and overall luck.

If you have a Pig sign on the Hour Branch, there is a high risk of losing money this year. Do not speculate on risky investments.

Overview

Those born in the year of the Ox will face some unexpected events that will cause their plans to grind to a halt. There are some challenges waiting for them on their path in 2017. It is nothing serious that the Ox can't handle. The presence of Relief God and Sky Relief stars will ensure that problems will be resolved amicably. The Ox's network will be their major source of help. The energy brought in by the Three Stages will enhance your networking

power. It will be an excellent source of new perspectives and ideas to help you in your career and personal development. Discussing common challenges and opportunities will open the door to valuable suggestions and guidance from Noble People. These auspicious stars coming together will ensure that things will naturally improve throughout the year.

The presence of Elegant Seal brings in creative energy. Elegant Seal indicates intelligence. It brings a lot of positive effects for people who are in the creative field such as artists, researchers, writers and authors.

There is also the presence of negative stars awaiting the Ox people. Five Ghost in the old days is seen as an encounter with spirits and disturbances. But actually the Five Ghost stirs up emotional uneasiness as a result of over thinking, lack of security and lack of self-confidence. This can be easily remedied. Be in the present. Be mindful of your thoughts and emotions. At the same time, be engaged in the now without emotionally reacting to your thoughts.

The Year Charm and Litigation stars often bring about possible lawsuits and legal entanglements

that lead to financial losses and the loss of one's reputation. Both the Sky Relief and Relief God stars mitigate the effects of these negative stars and ensure that problems will be resolved.

Career and Wealth

In terms of career, the Rooster year brings important events that keep the Ox people happy, if not greatly satisfied. Elegant Seal star ensures that Ox people are able to put their skill, knowledge and experience to good use. For Ox people who have been working hard to build a reputation at work, you will find that your work will be noticed by the right people. Even if you have just entered into a new job, given some time, you will feel more motivated as your good work is being noticed. Those looking for a new job, there are plenty opportunities from their network.

Be mindful and check every document diligently if your work involves legal documents and contracts.

When it comes to wealth, there is not much chance that you will be spending your vacation in an exotic island. It is going to be a busy year. While your income did not decrease, it also did not rise too much. For this Rooster year, it is best to be cautious about how you spend your money. Try to save at all levels as the Rooster year indicates higher inflation that eats away one's buying power. Put your money in a long-term low risk investment.

Relationship

Ox people tend to get along well with co-workers and bosses. Single Oxen have few opportunities to meet anyone that interests them due to their busy schedule. Unless, they have already met a romantic partner in 2016, personal romance will be quiet in 2017. Family will be your strength and support this year. The Three Stages star ensures that Ox people will not feel the loneliness caused by the presence of Elegant Seal. There will be opportunities to meet plenty of good and helpful friends. You just only have to go out for coffee or drinks after work to meet new friends.

Safety and Health

Overall, health prospects are good for the Ox people in 2017. However, Ox people need to be mindful of their safety. Flying Blade, Blood Knife and Yellow

Flag, all indicate injury or even surgery. Avoid extreme sports or tough exercise routines. Take things easy when it comes to physical activities. Be cautious even if you are doing a normal exercise routine.

Auspicious Stars

月德 Monthly Virtue

Inauspicious Stars

劫煞 Robbery Sha

小耗 Lesser Consumer

Overview

Those born in the year of the Tiger are going to experience a quiet year. There are two inauspicious stars shining on them, and only one auspicious star to mitigate the negative effects.

Monthly Virtue is not a powerful star and does not assert a strong influence. This star indicates readily available support and assistance from Noble People. But it works more like a karma loop. People will only be happy to offer you help because of your helpful, kind, humble and gentle manner. It may also be someone you have assisted long ago, now offering you a hand.

Both the Robbery Sha and the Lesser Consumer stars indicate a loss of wealth. Lesser Consumer indicates a tendency to spend unnecessarily. Lesser Consumer has more negative effects on those born in the month of certain Ten Gods –

namely Indirect Wealth, Rob Wealth, Indirect Resource and Hurting Officer.

Robbery Sha causes loss of wealth due to theft and robbery. Tiger people living in houses facing Southwest or houses sitting Southwest, will be more prone to the risk of robbery.

Career and Wealth

In terms of career, if Tiger people are working in creative and innovative areas, they should take more precaution to keep their work private. They should finalize everything before they present their work to all the people involved. Ensure that those who are involved in your work are all in the loop. This is to avoid misunderstandings and their hard work being stolen from them.

Business people should work doubly hard to improve their sales to avoid market share being taken from them. This is not a good year to start on any major projects.

On a brighter note, this can be a peaceful year for those born in the year of the Tiger if they focus on themselves and work diligently. Wealth can be stable if they budget their expenses wisely. Make some allowance for monthly donations to mitigate the negative effects of Robbery Sha.

Relationship

Tiger people at work, should treat their colleagues and immediate superiors better. They may be your Noble People in times of trouble.

For single Tigers, wait for a better year to start a fruitful relationship. If not, you will be drawn into a love triangle which can cause much headache and unhappiness.

For Tigers who are already in a relationship, do not take your other half for granted. Be kind, understanding and helpful. If Tiger people want a peaceful and harmonious home, they should be extra supportive of their family members this year.

Safety and Health

In general, all Tigers can look forward to a healthy year. Still, Tiger people should exercise regularly

to maintain robust health. However, your personal safety is at risk. The appearance of Robbery Sha indicates injuries from robbery and snatch theft. Take extra care about your personal safety this year. Do not walk alone and be alert while walking in dark deserted lanes.

Special Tips

If the Tiger sign is on the Month or Day Branches, you will find yourself tending to be more of a spendthrift in 2017. Turn this around by buying or investing in things that have good resale value.

If the Tiger sign is on the Year and Hour Branches, you should take more precaution when it comes to your personal safety. Tiger signs on these branches are prone to the negative effects of Robbery Sha.

Overview

Those born in the year of the Rabbit can look forward to a stable year in 2017. All the powerful auspicious stars in 2016 will continue to shine on you until May 2017 at the very least.

The Month Emptiness is actually a neutral star. It is a good star for those who want to cultivate the mind and spirituality. This star is good for Rabbit people who take this time for self-reflection. Month Emptiness doesn't help to mitigate trouble. This star brings clarity. It helps one understand that all good or bad events will come to an end and the same cycle will start again. Month Emptiness

teaches you to be detached emotionally and to follow the flow.

The presence of both the Calamity Sha and the Obstacle stars indicate that there are hindrances, obstructions and challenges ahead. Rabbit people should not meet challenges and obstacles head on. Being tough and hanging on will not resolve issues. They should be more resourceful and find other ways to overcome the problem. Be willing to do things out of their comfort zones to side step obstacles.

Career and Wealth

In terms of career, Rabbit people need to stay flexible and be ready to adjust to unexpected situations. Be willing to do extra things if it can resolve problems. Go with the flow of events and things. Follow a mentor or leader.

In terms of wealth, both the Year Breaker and Great Consumer stars indicate that there will be unexpected expenses that will put a great dent in your bank account. As the 2017 energy already began to seep in since September 2016, most Rabbit people are already feeling the pinch in their pockets now. While it is unwise to spend fraudulently, Rabbit people should not become

penny-pinchers either. It will not help the situation. You will find that the more you penny-pinch, the more your world becomes smaller and your financial situation harder. Instead Rabbit people should keep their bank account flowing by increasing their source incomes. Rabbit people, be it employees or businessmen, should be willing to try their hand at new things that can help them improve their income.

Relationship

At work, diplomatic Rabbit people share good relationships among co-workers and bosses.

Month Emptiness does not bring romance luck to the Rabbit people. For singles, it is best to remain single and enjoy your singleness. You will end up with someone whom you don't love and who doesn't share your values, if you are too attached about getting into a relationship.

For Rabbit people who are already in a steady relationship, they will find that the spark already left their relationship. Instead of reviving the spark, it is a time for a reality check. Find out what values you share with your partner and what are the things that both of you enjoy and can help you sustain a long-term relationship.

At home, Rabbit people will find that their family members all have their own activities going on. Rabbit people can find their own things to do or join their family members. Family relationships remain stable.

Safety and Health

Your health outlook continues to look good. However, both the Calamity Sha and Obstacle stars can cause lots of stress from time to time, leading to minor health problems such as headaches or gastric. Learn to relax. Regular exercise and a good diet as well as having the good habit of eating on time will help you de-stress. Great Assembly brings about injuries caused by sharp metal objects. Handle sharp things with care. Avoid extreme sport and tough physical workouts.

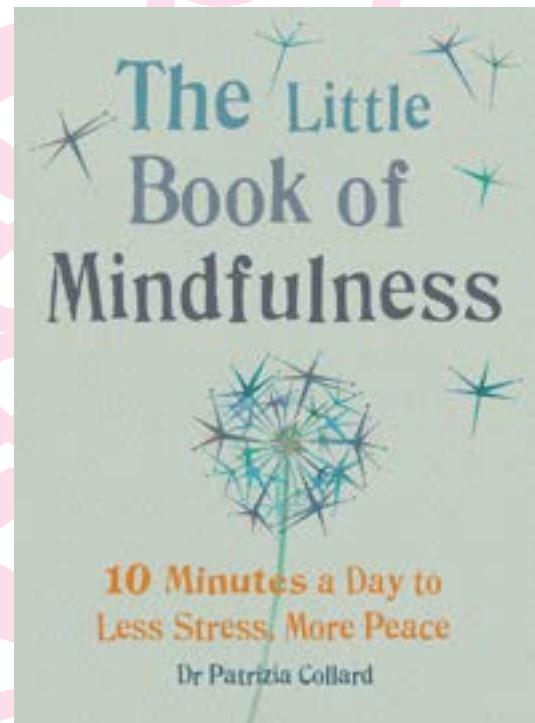

Special Tips

Someone with a Rabbit sign on the Year Branch may find that they have less social invites and

more quiet time for themselves.

If the Rabbit is on your Month Branch, be more flexible in your work. Follow the flow of good people and all will end well.

A Rabbit sign on the Day and Hour Branch indicates higher energy and connection with the higher powers. Anything you come to think of or wish for will be answered. But this is not a year to build castles in the air. Be practical about what you wish for.

2017 YEAR OF THE FIRE ROOSTER

EXTERNAL ENVIRONMENT AT A GLANCE

2017 is the year of the Fire Rooster (Ding You). The Fire Rooster energy has already made its presence felt as early as September 2016, which was a Fire Rooster month. Similar to last year, the year 2017 energy is filled with strong fire and metal elements. Fire meeting Metal results in a clash relationship. When the Ding Fire meets with the pompous Rooster, a beautiful sunset comes into the picture. What does this mean? We can expect that in 2017 everything will look great and beautiful, even glamorous but this image will “slow down, come to an end or even become dangerous.” Some people may feel that some chapters of their life will come to an end while others are at the cusp of a new beginning.

On the bright side, the strong Fire energy indicates continued exponential growth in technology in every sector. Those who work with technology are likely to be able to transform it into wealth in 2017.

For Consumers

There is a strong presence of wealth in the environment. On a positive note, in general people are likely to see their income increase.

Governments continue to roll out easy monetary policy in 2017 to stimulate economic growth, at least for the early half of 2017. This is to continuously encourage consumer spending.

However, it will have little effect on consumers who have taken a precautionary stance due to uncertainties in the economy and as household incomes face a “big squeeze” as higher inflation starts to bite. Fear of rising costs may drive them to spend minimally and only on necessities. People will start to realize that their real buying power has been eroded, especially retirees and those in the lower income group. The clashes in the 2017 Bazi chart indicate a rapid slowdown in consumer spending growth which has been stimulated over many years.

For Businessmen

2017 is not a good year to start a new business. While businesses or companies related to technology continue to evolve and thrive, 2017 will see a lot of businesses coming to an end. A lot of businesses may start to look for new ideas or products to avoid becoming irrelevant in the market.

Businesses continue to be affected by changes in consumer behaviour, environment and government policy. In 2017, the natal chart shows a lot of businesses going into decline. Some goods and services are becoming irrelevant or being replaced by more high-tech and user-friendly products.

Businesses that sell staple products will be affected by these changes too.

Businesses selling luxury goods and services, especially those aimed at the middle income group, will turn around for the better compared to 2017. Those in the high-end luxury business, especially high-tech and rare products, will become more popular. The Fire Rooster brings out the need to be acknowledged and admired. Thus, people will tend to want to look good and feel good. People will tend to spend more on their appearance even at the expense of putting a dent on their pocket.

A company with good cash management will still do well in 2017. However, this is not enough. Companies must be ready to make changes and innovate new creative products and services. Companies that are not able to do so may go into decline although it may not be obvious until later in 2018.

Employees

In this environment, employment continues to increase. However, employees still need to brace themselves for a tough year due to a mismatch of skills. Employees should focus on improving skills and knowledge that gear toward technology usage. Only those who deliver results will

be retained and rewarded in this competitive environment.

Health

In general, there is unlikely to be a serious outbreak of health problems or health epidemics in 2017. The year will see some great breakthrough in health care. However, expect your health care costs to rise in 2017.

Industries

Education and knowledge are still the main priorities. In 2017, technology continues to change the education sector in terms of what can be delivered and how it is delivered in a myriad of small ways. Research and development into education, health and lifestyle improvement continues.

Industries expected to benefit remain the same in 2017 such as IT, agriculture, motivational teaching,

education, advertising and publishing. Industries that will experience mixed fortune are those in tourism and hospitality, entertainment and the nightlife businesses. These industries will see a boost especially in the early half of the year. People in the entertainment line will have their fair share of the limelight.

The trend for property in 2016 will continue in 2017. Property development continue to be sluggish for the early half of the year. The property sector will improve toward the end of the year. Some properties will see a price hike due to an increase in material costs. Property investors will see their capital gain on paper only. Investors can look at the short-term to the long-term when it comes to property investment with rental income. Residential or office rental in the middle income market is expected to

be stable.

Events

The Fire Rooster continues to see terrorism and bombings in crowded and beautiful places especially at night. Thefts and robberies will abound in 2017. Malicious attacks and scandals will be used to bring people down in family feuds and those in power to gain power and money.

2017 will see natural disasters more related to soil and land such as soil erosion, sinking manholes and landslides. Water pollution from heavy metal and mercury will be highlights in 2017 too.

Despite the uncertain environment, 2017 is a romantic year. More people will fall in love with people or things in 2017. The opposite is the same too as passion comes and goes.

CREATING YOUR WISH FULFILLING CHARM

IN 2017

What is a charm?

A charm is a magic spell. Or, it can be an object that brings good luck. A lucky coin is a charm. The spell of a witch that entrances you is a charm. Charm sometimes refers to a quality of being attractive and pleasing. Some people are naturally charming. These charms mostly relate to the attraction of good luck. Everyone wants to attract good luck. This has led to many businesses mushrooming to offer products and services that cater to this need. Some

businesses sell charm bracelets and jewellery such as Pandora and Thomas Sabo, and some sell books that teach you mental skills and motivation such as the "Law of Attraction" by Michael J. Losier and "Secret" by Rhonda Byrne.

How does a charm work?

A charm in the form of an object works as an intermediary between the energy of the Universe, the earth and you.

Why do you need a charm?

Some people don't need charms to get what they wish for. This

is because they are clear about what they want. Their thoughts, feelings and actions are "hard wired" into their energy. This energy gives a clear signal to the Universe, and the Universe easily bounces the energy back and fulfils their wants.

However, most people only have a rough idea of what they want. Some might not even know what they want. They only know what they don't want. Their thoughts consist of pictures of unwanted stuff, people or events. Their mind sends this signal out and the

Universe reflects back their thoughts, feelings and actions.

A charm can help you send your wish out to connect to the Universe. In ancient China, people used to seek Taoist priests to help them create charms for their wishes. The Taoist priest will then select an auspicious date and time at the auspicious direction to perform a ritual to create the charm in the form of a piece of yellow paper. After the ritual, the yellow paper charm is given to the supplicant.

Sometimes this yellow paper charm works but other times it doesn't. The energy and connection of the charm to the Universe is fleeting. If your wishes are within your capacity and capability at the point of asking, then your wish fulfilling charm will work quickly for you. If your wishes are bigger than your capacity and capability at the point of asking, then the charm will not be so effective. It can only help you connect to one point of the path towards your wish. You will need to renew the

Please take note! Make only one wish for each Wish Fulfilling Charm ritual and wait until your wish is fulfilled before starting another one.

May your wishes come true in 2017.

charm's energy and reconnect your wish to the Universe again and again until you achieve your goal. That is why a Taoist priest will sometimes ask the seeker to see him a few times, and a new yellow paper charm will be given to the seeker each time. What the Taoist priest is actually doing is using Fa Qi Men to create a charm for the seeker.

Creating Your Wish Fulfilling Charm

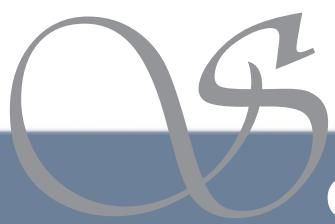

You do not actually need a piece of yellow paper to write down your wish or do any rituals. You can use anything as the charm to represent your wish. Chinese people like to use good fortune symbols such as the symbol for double happiness, gold ingots and bats as the representation of the Charm.

For this practice, I found a pair of earrings with an image of the North Star Constellation (as shown below). The earrings are just right because the Universe energy of the Fa Qi Men practice comes from the influence of the North Star Constellation.

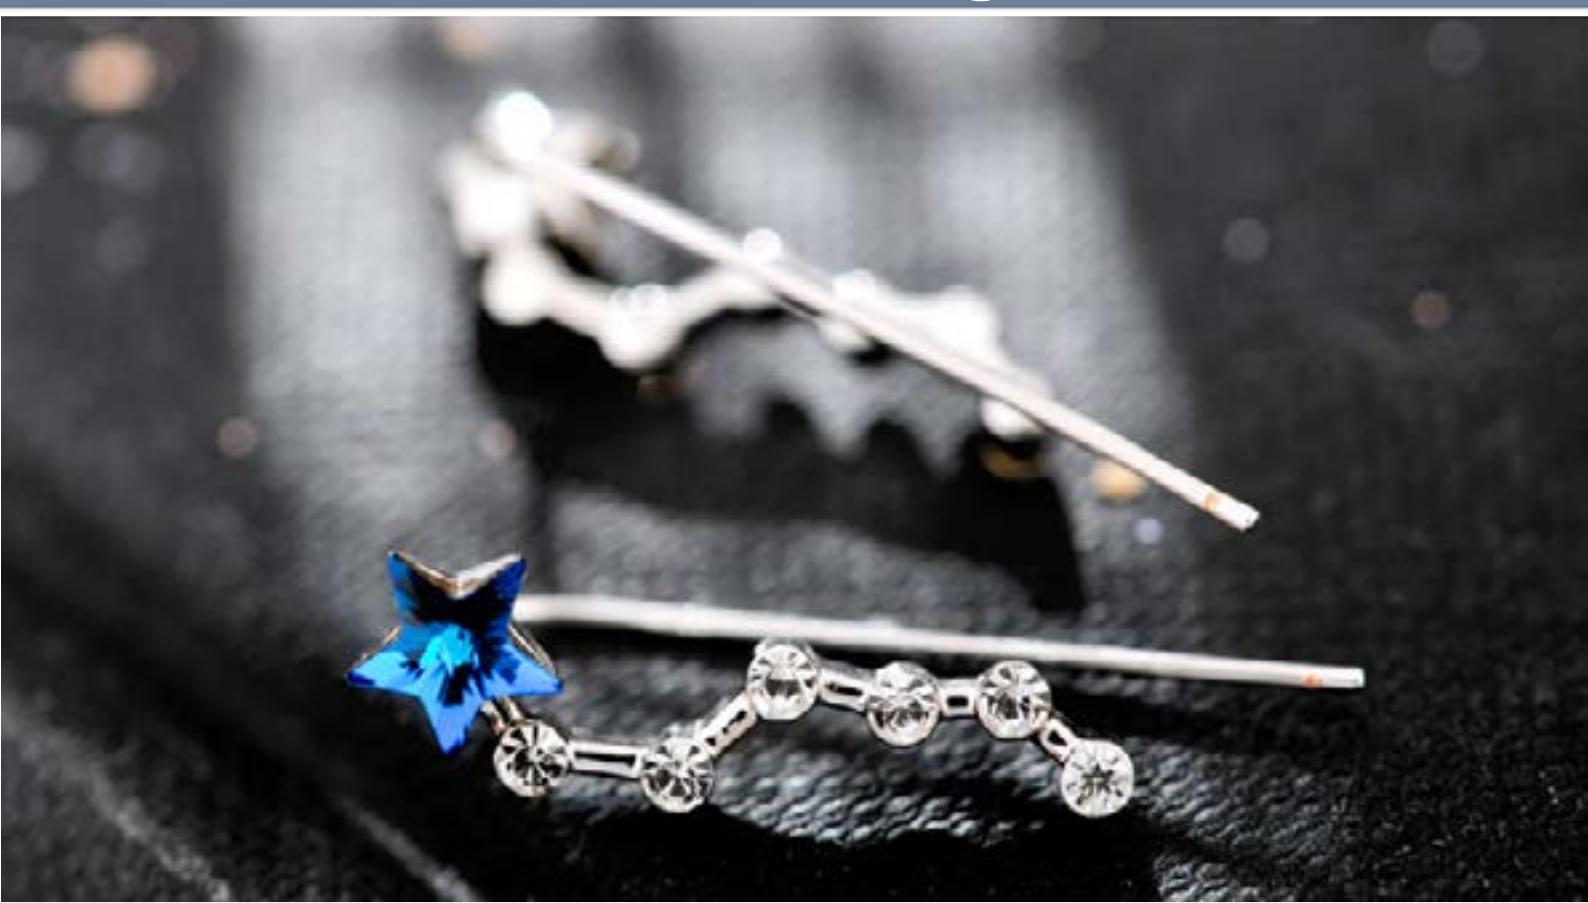

STEP-BY-STEP GUIDE TO CREATING YOUR WISH FULFILLING CHARM

1. An auspicious date, time and direction is selected to perform the ritual to create the Charm. You can refer to Jia Day Qi Men Map on page 95 (All the 2017 Jia Day Qi Men Map will be available in our Special December 2016 Issue) for the auspicious date, time and direction.
2. Divide a large piece of square paper into 9 grids with directions corresponding to the compass as shown below.
3. On the auspicious date and time, place the paper in an open space and orient it to the compass direction. The energy connects better outside of your home so do it in a garden or at a playground or park.
4. Light a candle on each of the grids. Place them in small lanterns if you wish to prevent candles from being blown-out by the wind.
5. Place your Charm on the grid corresponding to the auspicious direction.
6. Stand on the grid that is corresponding to the auspicious direction.
7. With your back to the auspicious direction make your wish.
8. Do not worry if some of the candles are snuffed out. Wait until all the other candles have burned down, then throw them away. Do not re-use candles that have been extinguished by the wind.
9. Ta-da! Your ritual is done.
10. Always carry your Wish Fulfilling Charm with you.
11. Renew the energy for your wish in the Charm by doing the ritual as above again until your wish is fulfilled.

It's time to check-in on the annual Feng Shui outlook again. In general, people have a tendency to focus on Feng Shui afflictions, forgetting

that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is valid due to the overlapping positive and

negative Qi on several sectors. Read on to find out how to tap into these sectors without provoking negative energy such as Grand Duke, Three Killings

and Five Yellow.

The luopan diagram in the previous page shows the location of both positive and negative Feng Shui Auxiliary Stars in 2017.

Harnessing the Qi of the Auspicious Stars

Boosting your Immunity against the Annual Affliction

歲德神 Duke Virtue

If you are worried about annual affliction stars like Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is located in **North 1** in 2017.

Entering into the year 2017 on 3 February 2017, you can activate Duke Virtue on a good date where it is a Ren Water day at this positive sector to have a stronger effect. This is because every Ren day in 2017 contains the Duke Virtue star. Thus you have the protection of both Duke Virtue brought in by the Ren Water day influence and Duke Virtue from the locational influence.

歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect to the Duke Virtue, the difference being Duke Virtue is Yang in nature while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits

and protects external matters such as career, travel and appointments while Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage. Duke Virtue Combo can be found in the South 3 sector of your home in 2017.

However, the Duke Virtue location in **South 3** coincides with the Five Yellow sector in the South. What to do now? You still can use the Duke Virtue sector in 2017 with a little extra care because the positive influence of Duke Virtue Combo in this sector helps to mitigate and reduce the Five Yellow effects. Keep this area clear of clutter. Avoid ground breaking and renovation at the South.

Entering into the year 2017 on 3 February 2017, you can activate Duke Virtue Combo on a good date where it is a Ding Fire day at other positive sectors. This is because every Ding day in 2017 contains the Duke Virtue Combo star. Thus you have the protection of Duke Virtue Combo brought in by the Ding Fire day influence and Duke Virtue Combo from the locational influence.

Positive Bank Account Balances

歲祿神 Duke Reward

It would be nice to have accounts that are in surplus every year. This involves some discipline. To improve your discipline, you might want to check out the South 2 sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state of surplus.

In 2017 the Duke Reward location in **South 2** coincides with the Five Yellow sector in the South. At the same time, **Fortune Virtue** also resides in the **South 2** sector bringing in double good effects for businessmen, especially those businesses related to land and property development.

For those who want to play it safe and avoid the Five Yellow effects, you can activate Duke Reward on a good date where it is a Horse day at other positive sectors. This is because every Horse day in 2017 contains the Duke Reward star. Thus you have the good influence of Duke Reward brought in by the Horse day influence instead of Duke Reward from the locational influence.

Clearing Obstruction

龍德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get you. There are unexpected hiccups and delays. Activating the Dragon Virtue in the **Southeast 1** sector can help you clear away these blockages, enhance your wealth luck and boost your reputation.

The positive **No.9 Purple Star** also resides in the **Southeast** sector bringing peach blossom and investment luck. Therefore, Southeast 1 is a good sector to activate with a small water feature in 2017.

However, avoid ground breaking and renovation at Southeast 1 because it coincides with one of

the Three Killings sector, Annual Sha that creates obstacles and setbacks.

Accidental Remedy

太陽 The Sun

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole in her wall which is where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or your Duke Virtue sector is missing. Or you may have only gotten around to reading this article now, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating the Sun Star at **Northwest 1**.

Avoid activating this sector with renovation, groundbreaking, drilling and knocking on the wall since this sector is visited by the No. 2 Illness Star. However, you can rearrange furniture or activate the Sun Star with a small water feature in this sector.

Carrying out activities such as reading, chit chatting with family or office work in this area will

help you benefit from the influence of the Sun Star.

Effective Communication

太陰 The Moon

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills, but also resolves issues like miscommunication and the ability to talk to the right person. The Moon Star also brings helpful people. This year the Moon Star is located in the **North 2** sector.

Carrying out activities such as reading, chit chatting with family or office work in this area will help you benefit from the influence of The Moon star.

Leave a spacious space for Qi to flow from the North, Centre and East in the year 2017 which starts on 3 February 2017. Everything will work-out smoothly.

Happiness and Well-being

福德 Fortune Virtue

If you want good health, help from people as well as opportunities, **South 2** is the sector to activate. Fortune Virtue Star takes care of your general well-being. It is a star that brings

happiness. It also coincides with the **Duke Rewards** sector at **South 2**.

At the same time, the sector also coincides with **Five Yellow** in the **South**. While the Fortune Virtue Star reduces the effects of Five Yellow, avoid activating this sector with water features, renovation, groundbreaking, drilling and knocking on the wall. Alternatively tap into the Fortune Virtue Star by leaving a spacious space for Qi to flow from the East sector to the Southeast sector.

Carrying out activities such as reading, chit chatting with family or office work in this area will help you benefit from the influence of both the Fortune Virtue and Duke Reward Stars.

Flip through to our calendar to find out when you should activate the stars in their designated sectors.

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering “What is Feng Shui activation?”. How do I actually activate a sector? Refer to page 46 of the December 2013 issue and check out “How to do a Feng Shui Activation”.

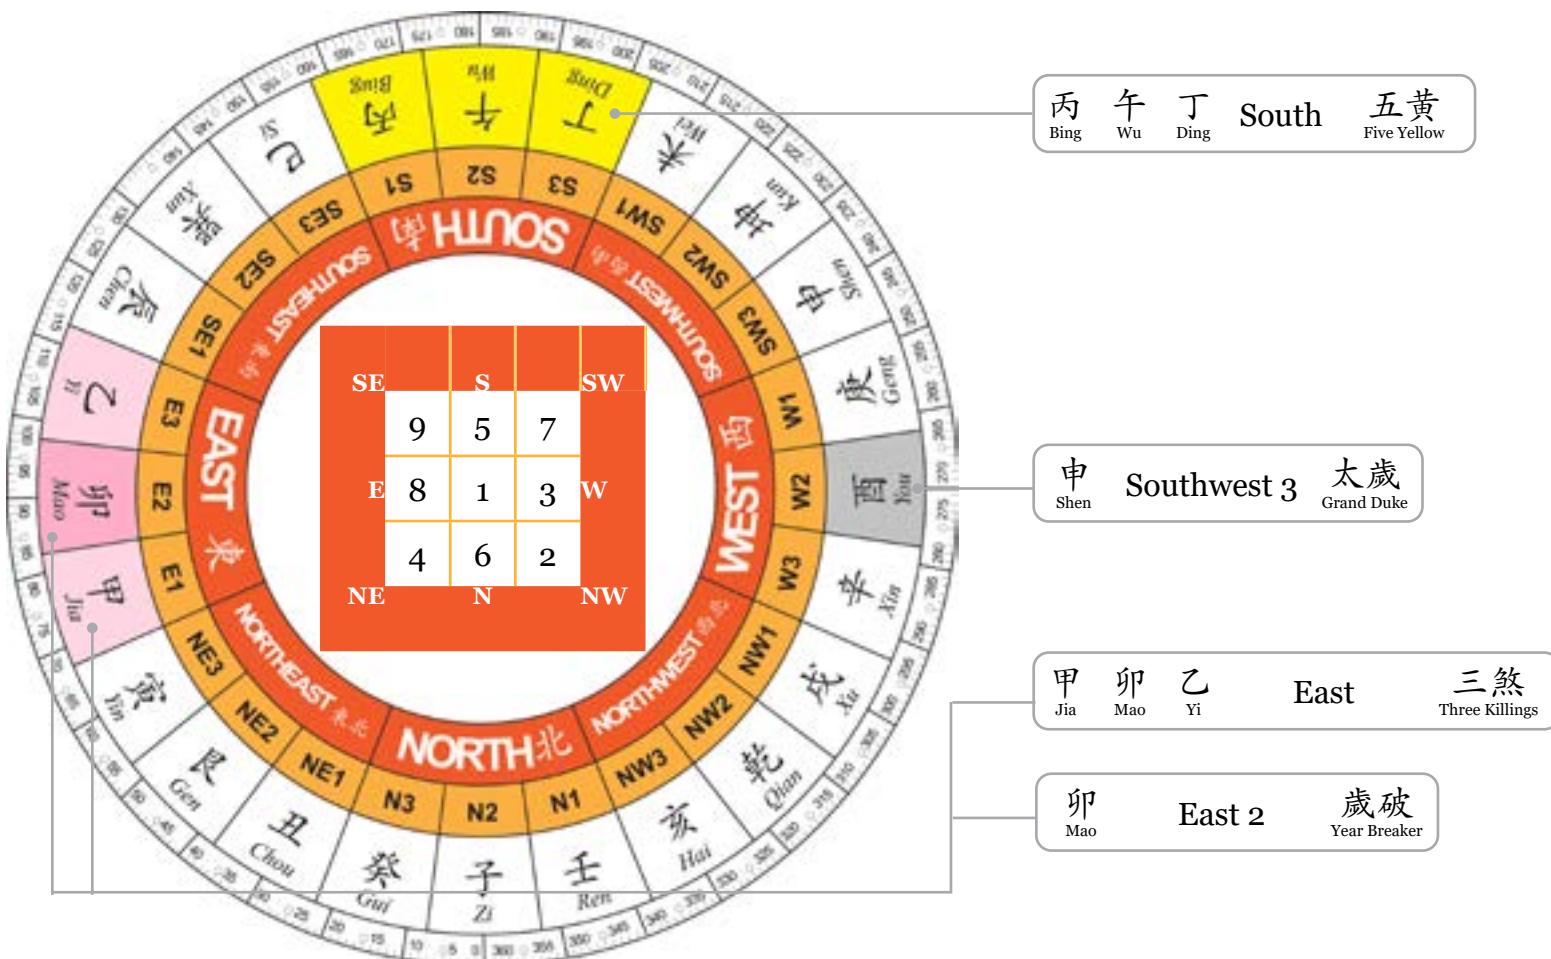

Did you know...

Happiness can be found in the Southeast sector in 2017, more specifically at Southeast 1. The East 2 sector has very positive Qi in the month of March, May, August, September, October and December in the Rooster year. You can continue with activities such as family gatherings, chit chatting and connecting with your loved ones, working or studying at the Southeast 1 sector. Just avoid renovations, groundbreaking, drilling and knocking on the wall.

AVOIDING THE FENG SHUI

AFFLICTED SECTORS IN 2017

This is the fourth year we are writing about the annual Feng Shui affliction. For those who are new to Feng Shui practices, the focus is often on boosting their life aspirations such as wealth, health, career and so forth. While these enhancements are good, you must also avoid killing and destructive energies around you in your home and work place. Energies change directions and locations annually, and this change coincides with Li Chun on 3 February 2017.

The major annual afflictions you must be aware of are the 太歲 Grand Duke, 五黃 Five Yellow, 三煞 Three Killings and 歲破 Year Breaker. The Sha Qi to note are the Sickness Star 2, Bull Fight Sha 3 and Quarrelsome Star 7. Start by identifying the locations of the major Feng Shui afflictions for the coming year and 'AVOID' major activities here.

To 'AVOID' means not to carry out important activities such as renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions

such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

太歲 Grand Duke

In 2017, Grand Duke sets foot in the **West 2** sector of your home or office. You do not want to irritate the Grand Duke by renovating this area. The inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For business people it can potentially lead to loss of income and wealth.

五黃 Five Yellow

Five Yellow enters the **South** sector in 2017. The star is a harbinger of bad influences. Avoid any major work, renovation, drilling and even the movement of furniture in this sector. The best remedy is actually having an open vast spacious area in the Northeast sector to counter the negative Qi.

Fortunately, the Fortune Virtue Star falls into the South sector in 2017 too. It mellows down the negative influence of Five Yellow by bringing nobleman help and assistance.

三煞 Three Killings

In general the Three Killings is located in the **East** sector in 2017. However to pin-point the exact location, Three Killings is actually located at Southeast 1, East 2 and Northeast 3. This is because Three Killings comprises three inauspicious stars, namely 歲煞 Annual Sha at **Southeast 1**, 災煞 Calamity Sha at **East 2** and 劫煞 Robbery Sha at **Northeast 3**. As its name implies, Robbery Sha brings robbery, injury and loss of money, Calamity Sha causes accidents, mishaps and illness whilst the Annual Sha creates obstacles and setbacks. Some have poetically categorised the misfortunes into 3 types of losses, namely loss of wealth, loss of a loved one and loss of one's reputation. You want to leave this sector in peace and quiet especially in 2017 where the Year Breaker Star also falls in the East 2 sector. It is important not to undertake any major renovations or groundbreaking here.

Out of these Three Killings sector, Robbery Sha at Southeast 1 is useable because the Dragon Virtue Star also resides in this sector. Dragon Virtue Star brings good influences. It is able to turn bad tidings into good ones. Southeast 1 sector is especially beneficial to business related to land and property.

歲破 Year Breaker

The Year Breaker is also known as the 'wrath of the Grand Duke'. It comes to the **East 2** sector this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is usually associated with a loss of wealth. This sector is experiencing a double whammy because the Calamity Sha also resides in this sector.

Steer clear of this area. Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

Sickness Charm

Sickness Charm resides at the **Southwest 3** sector in 2017. As the name implies, it has a similar effect to that of the No. 2 Illness star. Elderly people should avoid staying in the Southwest room because of the Sickness Charm and Flying Star 7 in this sector.

Annual Flying Star No. 2 - Illness Star

The No. 2 Illness Star brings the effect of illness to the occupants of a house. It comes to the **Northwest** this year. The No. 2 Illness Star in this sector is weak and brings less negative influence in 2017. Ensure that the Northwest of your home is spacious and clear of clutter. This will mitigate the Illness star effect. Doing this will also enhance the property investment luck of the occupants in the house.

Positive features such as a bright hall, healthy green mountains or meandering hills bring out the good influence of No. 2 Illness Star. This is further supported by the positive Sun Star in the same sector that brings nobleman help and assistance. Occupants will become successful by overcoming obstacles and standing up to challenges. Those who work in the property sector will benefit from using the Northwest sector.

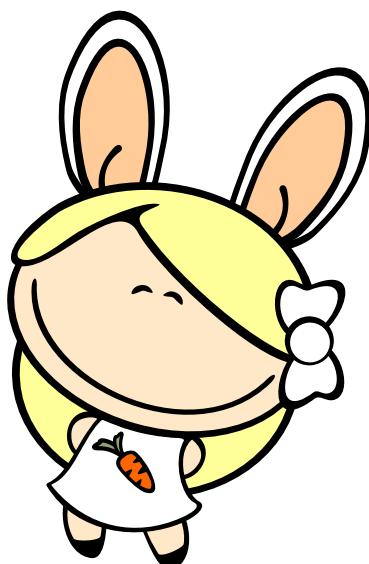

Annual Flying Star No. 3 - Jade Star

The No. 3 Jade Star brings aggressiveness, stubbornness and competitive behaviour among the occupants of a house. It is known as the 'Bull-Fight Star'. With the influence of this star, occupants are easily provoked into fighting. The star also brings about legal lawsuits, office politics and conflicts. It comes to the **West** this year. This sector is going to experience a double whammy because the Grand Duke is residing in the same sector this year.

Steer clear of this area. Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

Annual Flying Star No. 7 - Red Star

Annual Flying 7 Red Star is known as the 'Quarrelsome Star'. This star can cause problems such as assault, deceit, violence and robbery, high risk of burglary, deception, theft and back stabbing. This area is especially bad for celebrities, writers, artists, public relations practitioners and students in 2017. It comes to the **Southwest** sector in 2017. This sector is experiencing a double whammy in 2017 because the Sickness Charm is residing in the same sector.

Tips for the Peaceful Rabbit...

The Rabbit's luck is not at its best in 2017 especially in March. Avoid triggering Flying Star No. 3 in the West sector. It will cause chaos and much distress to the Rabbit's life. Ensure that there is a bright hall to mitigate the 'Sha Qi'. De-clutter this area.

Design a Better Life in the Fire Rooster Year

Defining Success in 2017

The 2016 article, "Design Your Life in 2016," addressed what the environment offers in terms of success and how it relates to you.

In this write-up we look into updates for 2017. The natal chart for 2017 is shown in page 45.

There are two prominent elements making an appearance in this natal chart:

1. Fire element – Ding (Yin Fire)

The Fire element, Ding (Yin Fire), falls into the Year Stem. This Fire element represents authority and power. This power is not easy to regulate. It takes centre stage in the natal chart, and this means that procedures, rules and regulations will be important.

Work or businesses that already have an established set of procedures, rules and regulations, have higher chances of success in terms of fame and wealth. Start-up businesses that do not have proper business systems may struggle in 2017.

2. Metal element - Geng Metal (Yang Metal) and Xin Metal (Yin Metal)
The Metal element, Geng (Yang Metal) and Xin (Yin Metal), falls into the Day and Hour Stems. Both Metal elements appearing together denotes competition and rivalry, and even fights, for the year. This indicates that while money is easily available, everyone is fighting for a share of the pie. It creates a scarcity mindset.

The Yin and Yang of Success, Satisfaction and Happiness

In 2017, Yin and Yang energy are present. People seek internal fulfilment and consider happiness as important as financial stability, if not more. Both of the elements in Year Pillar, Metal and Fire, are Yin in nature. This means that people are focused on details and meticulous work.

In 2017, success, happiness and satisfaction will not be easily achieved as the flow from Yin

to Yang is disrupted by the missing element Earth. In 2017, unhappiness will occur due to this missing element and the unbalanced energies of external yin and yang. This indicates that people lack clarity and vision. This often leads to the downfall of many well planned schemes.

To achieve happiness and fulfilment, the Earth element is needed to smooth the path. To balance the natal chart and achieve success in 2017, one must seek a balance between Yin and Yang action to achieve clarity. Yin action relates to the softer approach, being meticulous and detail oriented. Yang action relates to taking bold action to execute plans. When you research and learn something from academic studies or from life experiences, you are bringing the Yin energy into your life. When you use what you have learned for your work or to contribute to the world, you are creating Yang energy in your life. To seek a balance between Yin and Yang, you need to

stop and see what's going and what needs to be done. When things are not working, stop and reflect on whether it is related to relationships, partnerships or joint-ventures. Seek clarity before taking action.

Designing your Life

There are two energy components that people need to address each year. One is the external dynamic energy which is represented by the Annual Pillar while the other is an individuals' internal energy which can be read from his or her Bazi Chart.

In 2017, the Year branch consists of Yin Fire (Ding) sitting on Yin Metal (Xin). This indicates that the external environment is in a Yin state. Things will move slower than usual. A lot of matters are hidden. While in 2016, you might be surprised at big changes, in 2017 you may be surprised by unexpected matters that creep up on you. You

will be shocked. On the bright side, this sluggish environment gives you time to think and reflect so you that have a better chance of making the right decision.

To synchronize with the slower-paced energy of the environment, you have to swim with the tide by being active in smaller ways. Besides creating a strong foundation and a well-thought-out plan to ride with these placid energies, you need to know when to pull the strings, when to hold and when to let go to make things happen faster for you. Those who have no structured plan should opt to flow with the changes by riding on other people's fortune. To be happy or to strive for fulfilment there must be energy coming out from you or energy going into you. To hasten the energy of the Fire Rooster year, you need to know when to hold on and when to pull back on your plans as well as when to burst out to surprise others.

For individuals, the Year Pillar of the Bazi chart represents the connection to the external environment. This interaction will influence the person's feelings, perception and outlook for the year. However, rather than passively allowing the energies of the year to sweep you away, you can use your Man Luck and take fate or luck into your own hands for a happier 2017. Here's what you can do:

First identify the elements on the Year Pillar of your Bazi chart. Then look at the actions you should take in the section below.

Actions Based on Elements on the Heavenly Branch

1. Wood (Your Year Stem is producing the element of the Annual Stem): Volunteer, be helpful and charitable to others.
2. Fire (Your Year Stem is same element with the Annual Stem): Say in touch and connect with people.
3. Earth (the Annual Stem is producing the element of your Year Stem): Teach and lead people.
4. Metal (the Annual Stem is controlling the element of your Year Stem): Follow the

rules, maintain self-discipline and stay organized.

5. Water (Your Year Stem is controlling the element of the Annual Stem): Manage yourself, the environment or people.

Actions Based on Elements on the Earthly Branch

You can also apply to your Year Branch vs the Annual Branch. This adds another layer of activities that you can do to make 2017 better. The Rooster Year is a Metal element;

1. Wood (your Year Branch, Rabbit or Tiger, is controlled by the Annual Branch): Get organized and co-ordinated.
2. Fire (your Year Branch, Snake or Horse, is controlling the Annual Branch): Manage yourself, the environment or people.
3. Earth (your Year Branch, Ox, Dragon, Goat and Dog, is producing the element of the Annual Branch): Volunteer, be helpful and charitable to others.
4. Metal (the Annual Branch is the same element of your Year Branch, Monkey or Rooster): Say in touch and connect with people.
5. Water (the Annual Branch is producing the element of the Year Branch, Pig and Rat): Teach and lead people.

Apply these activities in all areas of your life - business, personal goals, hobbies and relationships. To be even more proactive, apply all five

activities in your life!

WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2017?

As you can see, the natal chart contains a missing element in 2017. The Earth element is hidden, not making an appearance. Although the 2017 environment is filled with wealth opportunities, most may end up in financial trouble due to mismanagement and fraud. There are no actual assets because they are all hidden away. This can translate into three possibilities:

- ☛ The Rich and Well-to-do are holding on to their assets, unwilling to sell as they see that assets are more valuable than cash in 2017.
- ☛ People are selling future assets.
- ☛ Interpreted negatively, this can also mean that people are offering or selling empty promises.

How will you benefit from these opportunities financially?

Each of these Five Elements has a function each year:

- ☛ Wood element represents wealth for the Fire Rooster year. Wealth is equivalent to cash-flow.
- ☛ Water element represents profits or losses.
- ☛ Metal element represents sales.
- ☛ Earth element represents assets.
- ☛ Fire element represents willpower.

Similar to 2016, the Fire and Metal as well as Water elements are prominent in the year 2017. People who have these elements in their Bazi chart are able to tap into the influence of 2017 easily.

When the Wood element is prominent in your Bazi chart, this indicates that you will have plenty of cash in 2017. It may not come from your earnings because you may not have the Water element and the Earth element. Sales of your assets, and of products and services are unlikely to generate a lot of income. Thus, the cash can only be from your savings or from a windfall. For business people, it is the cash from your previous years' profits. For employees, it is an increment or bonus given by your bosses. 2017 creates an environment where there is plenty of profit and cash. Sales, which are represented by the Metal element, are also prominent. Deals can be made easily. What businessmen lack are resources and assets.

Where the Bazi chart contains a prominent Earth element, you will have what people lack – resources and assets. Even your ideas can be turned into assets easily. Those who have a strong Earth element in their Bazi chart will see their assets increase in value in 2017, although it may not translate to profit and cash yet. For employees, the lack of the Earth element means redundancy. Employees will be subjected to

Voluntary Separation Schemes in such situations. Employees' assets are their time, skills and knowledge. You must make full use of your time and knowledge, especially if the Earth element in your Bazi chart is weak or missing. This is your best asset, and this is a good year to upgrade your skills, pursue further studies or training. 2017 will see a lot of mismatched skills in every industry.

In general, while it will be challenging to find valuable assets for investment in 2017, it will be best to turn your cash into some form of assets. It is a year where people are going to hold on to their assets and the prices of these assets will keep on rising. Real buying power will be eroded.

Similar to 2016, the 2017 natal chart represents an environment

where illegal businesses can get away with money laundering activities. There will be more people trying to avoid paying more taxes or declaring lower profits. More companies are looking for tax exemptions.

The Water element represents profits or losses. When the Wood and Water elements are prominent in your Bazi chart, you are going to do well in 2017. That means profit for you. When you lack the Water element in your Bazi chart or if the element is weak then this translates into losses for you.

The lack of the Earth element, translates into a lack of resources which indicates a supply problem for business people. These problems will be prominent issues in 2017. Where businesses are concerned, business people should source for more resources

and suppliers. They should be prepared for any form of supply shortage.

Sales come from the Metal element in 2017. If you have a prominent Metal element in your Bazi chart, you may be good at sales this year. Sales in 2017 will easily turn into profit and cash especially if you have the Wood and Water elements in your Bazi chart.

If you have the Water element on your Year Stem, good presentation of your products and services can bring you more sales. The best way to increase your sales is through word of mouth by friends, family and acquaintances when a Metal element is found on the Year Stem. When you have the Earth element on the Year Stem, attract others to you with proven data and information as well as

interesting marketing materials. When you have the Fire element on the Year Stem, maintain a good reputation. Your good name will be important in helping you sell. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When the Wood element is found on the Year Stem, sales will come to you easily. Sell by showing the intangible value of your products and services.

The Earth element represents assets in 2017. If you are lacking the Earth element in 2017, you lack assets - products and services. You can help others to sell their products and services as this will create opportunities for a tie-in with your products. This may reduce your profit, but you will also earn a commission

to offset the loss. Business people will benefit from the increase in the paper value of their assets.

The Fire element represents willpower. For business people, it translates into the ability to execute so that at the end of the day you can turn your sales into profits and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where the Fire element is prominent or strong in your Bazi chart, you will find that your work flows easily in 2017 because the Fire element produces the Earth element which the environment lacks. The Fire element is the only element that can make things work in 2017. It is like having the power to execute effectively. This is especially good for those

who have the Dragon, Snake, Horse and Rooster signs in their Bazi chart. This is because each of these sign has the auspicious Authority Star with them - the Emperor star, Dragon Virtue and Grand Duke Combination are in the Dragon, the Goat Blade is in the Snake, the Lu Xun is in the Horse and General star is in the Rooster.

Besides these, make changes quietly and privately. Always surprise others to maintain your success in 2017.

Tips for Wealth Luck...

The best sector to activate for wealth is the North sector. Flying Star No. 6 resides in the North sector. Activate with a water feature together with 8 pieces of rocks in different colours. This activation represents the auspicious combination of Flying Stars No. 8-1-6. It denotes financial success and authority.

The Signs of Love in 2017

Is 2017 a year conducive for romance and love?

The 2017 Bazi Chart (refer to page 31) shows a Peach Blossom star appearing at the Year, Day and Hour Pillars, followed by a Growth star at the Month Pillar. These combinations are the ingredients for fast-paced and dramatic relationships. People fall in love for the glamour, adventure and excitement.

If you can provide these thrilling components in 2017, you will be attractive to the opposite sex. However, if you are the down-to-earth type, let's see if the external forces will offer you a chance for happily-ever-after.

Romantically-inclined Day Masters

Similar to 2016, the year's romantic energy smiles on the Fire and Water men in 2017, especially single Gui Water men. For Ren Water Day Masters, they are better off if they are already in a steady relationship. Both Water Day Masters have many opportunities to meet an intelligent and romantic damsel not necessarily in distress. A masculine and glamorous guy will be the hero in the eyes of your lover this year. Think of Bond – James Bond who is a timeless man's man. He is perpetually sharply-dressed. Even when he's not wearing a tuxedo, he's still fashionable. He is tough. He is rugged. He is not only good at his job, he is also good at it in a way that is thrilling and mysterious. Expect a testosterone-filled love journey. This fast-paced lovey-dovey energy sits well with Gui Water bros, who although caring and nurturing, are not committed. Members of the opposite sex will also be attracted to the heroic happy-go-lucky and vibrant Fire Day Masters.

However, for those who seek stable and long-term relationships, this kind of energy can be quite frustrating.

Wood Day Master ladies will chance upon heroic happy-go-lucky Geng Metal and glamorous Xin Metal men. The theme of this year's romance is "Enjoy a thrilling and exciting romance." It is not a year to offer serious commitment. Just enjoy the fun of courtship. Pursue a more serious relationship after 2017.

Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. You have another chance – the zodiac of your Day Branch. If you have a Horse or Rat on the Day Branch, you are likely to meet someone you like. However, you will have to make the first move and do the pursuing because the person you have an eye on may not share your feelings yet.

Besides the Horse and Rat on the Day Branch, those who have the Dragon, Rat or Monkey signs on any of the Earthly Branches have hidden Peach Blossom luck too. What does hidden Peach Blossom mean? It means that you have secret admirers. So pay attention to the people who are in your surroundings and how they treat you. If you want to enjoy a romantic relationship, you need to do some digging.

This Bazi Chart in next page shows where your Day Master and Day Branch are located.

Heavenly support

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in.

So, will the path to true love be smooth? If you have the Horse and Rat in your chart, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If either one of the zodiac signs, Horse or Rat appears on the Year Branch then you should socialize more! Go out, travel, be adventurous and make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your

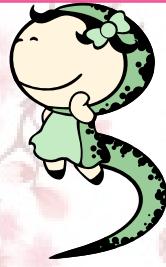

workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. If you are still single and have not met anyone yet, you can send a message to the Universe seeking the guidance of 六合 Harmony Deity by using the 法奇門 Fa Qi Men technique.

On 16 January 2017 after 05:30, take some quiet time to sit facing North. Calmly, in your mind ask the Universe for guidance about your special someone. Lastly, you can seek the advice of a person who has the Pig in his or her chart.

2017 Embrace Singledom

2017 is not a year to build or get into a long lasting relationship. The love energy is not conducive and long lasting. This year, people will be getting into romantic relationships mainly for fun and excitement. The energetic energy is very good for young people who are testing the mysteries of love. For people have who have already passed the age of "puppy love" and still have not found someone, it is okay to be single. Accept your singledom for at least a year. Life as a single has many rewards! Here are five fun things about being single.

Be spontaneous!

Being single means that you don't have to factor someone else into your decisions. You

can do anything spontaneously. You can get a pet, get pampered at a spa or go for a holiday in the snap of a finger. When you're single you can spend time whenever you want with your friends. From last minute film nights to a weekend trip away, you can always say, "Yes, perfect!" There is no one there to consult with. The only feelings that matter are your own!

Travel!

Travelling can be an incredibly rewarding experience. However, arranging a holiday with a partner can be tough. There are many things to take into consideration such as when and where to travel as well as the budget for the holiday. If you are travelling with a bunch of pals or alone, you may need to seek your partner's approval. Being single frees you of these commitments. You'll be amazed at how much fun you can have going for a solo trip or travelling with a bunch of friends. Leave romantic trips for another

-single

is not a status, it is a word that describes a person who is strong enough to live and enjoy life without depending on others.

time. It is only for honeymooners!

Take up a new hobby!

Single life is all about you! Is there something you've been dying to try recently? Like going for sailing or diving? Or it can be as simple as knitting. Stop stalling and do it! You have all the time for yourself.

Having your “Me” time!

Having “Me” time means that you don’t need to feel awkward being silent. It is very hard to have your time alone when you are going out with someone. Spending time alone may seem like you don’t have plans but it can be fun. Most single people love doing things alone. They embrace it. There are many things that you can do alone from having long walks, to listening to music, to cooking yourself a meal, reading or shopping. After all, you’re one of your favourite people.

Enjoy the freedom!

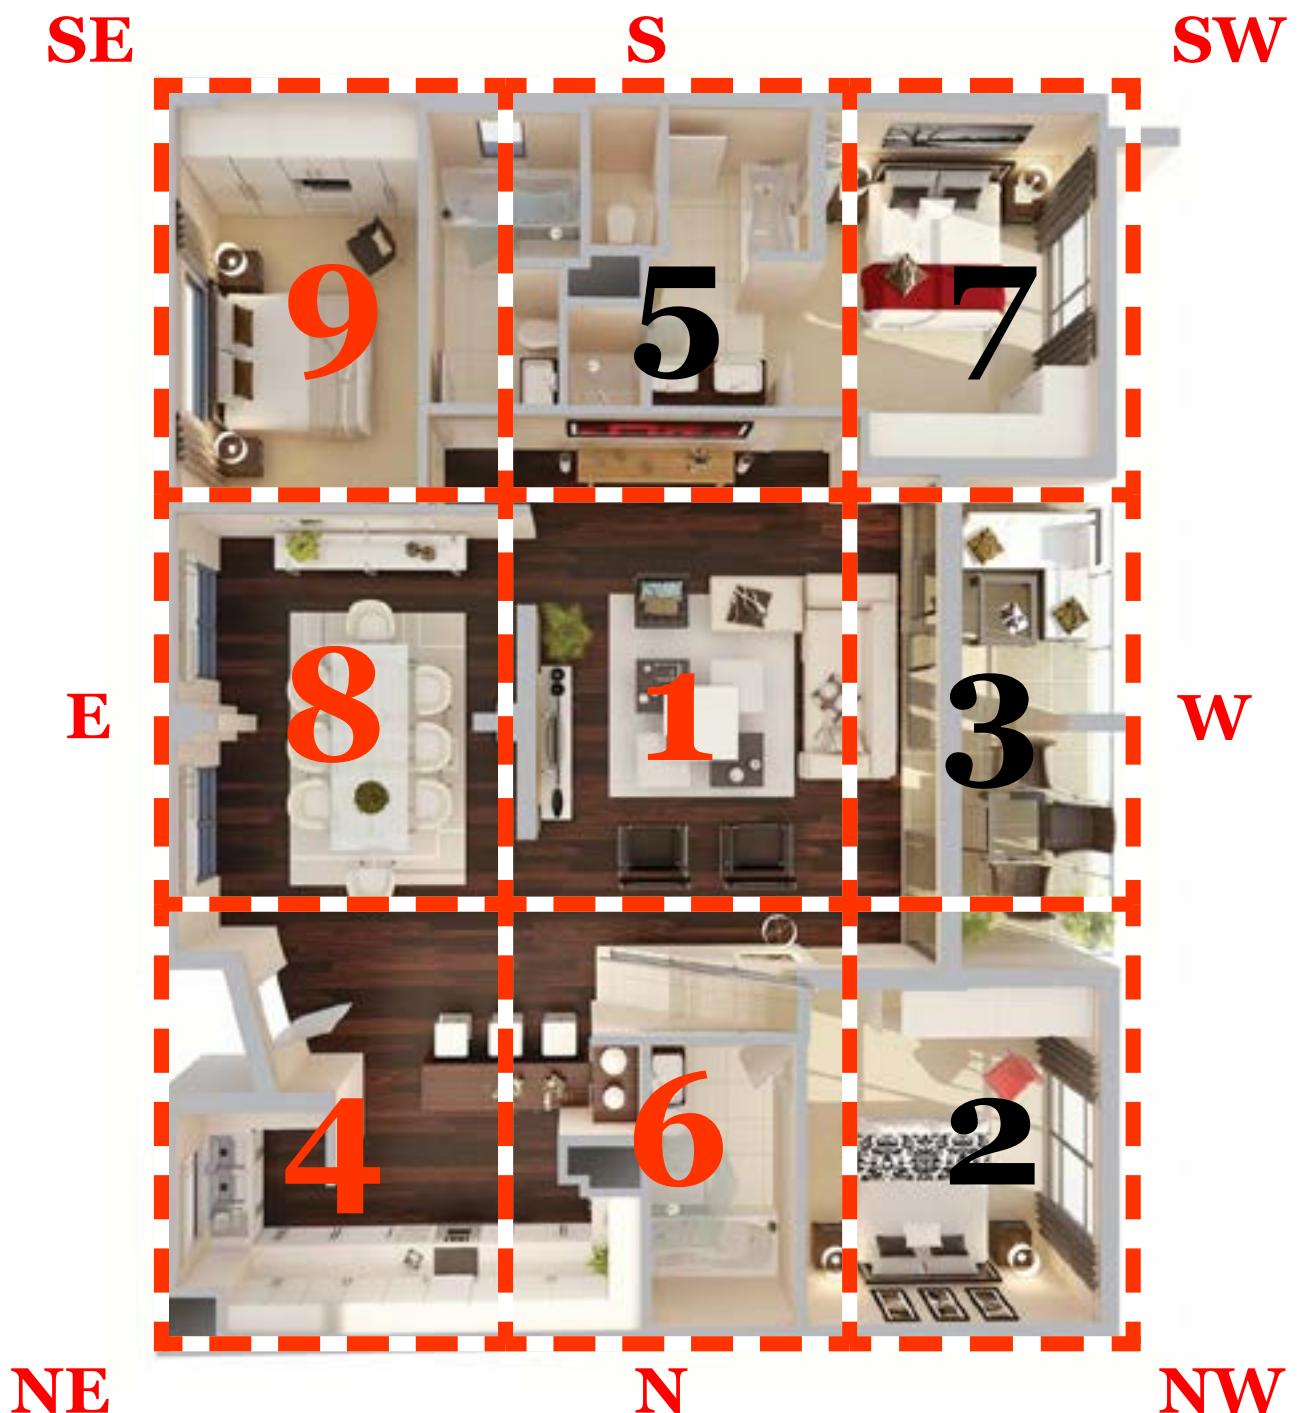

The most important thing about being single is that you are free. You can do whatever you want! When opportunities come your way,

you can just say yes! You don’t have to worry about someone else’s feelings and different viewpoints. When you are free to do whatever you want and you are committed to saying “Yes”, more doors open up to you.

Love yourself and you will find a lover who will love you the way you want to be loved.

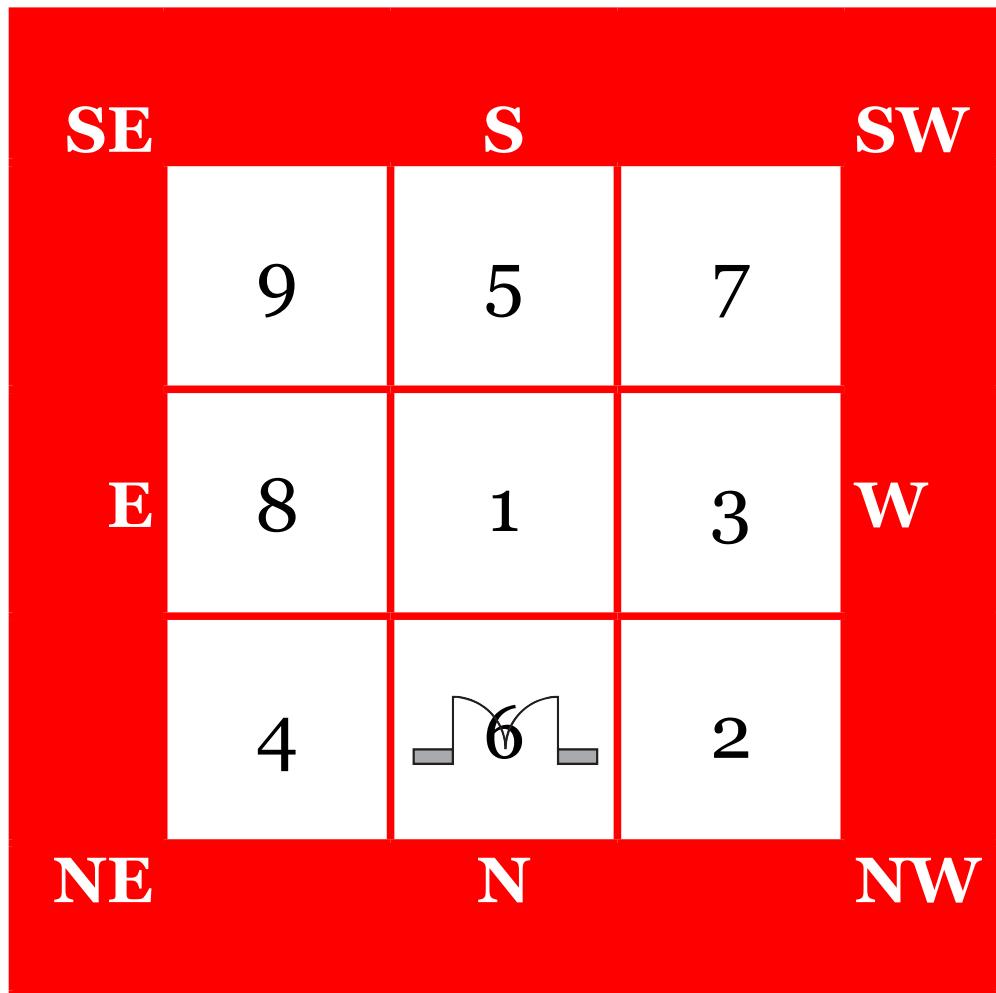

FLYING STAR INFLUENCES ON EIGHT TYPES OF HOUSES IN 2017

The following is an overview of the impact of the Flying Stars on houses based on the location of front doors.

Main Door in the North Sector

Overview

The No.6 White Star resides in the North sector bringing authority and power to the occupants. The No.6 White Star represents leadership. The main door in the North sector enhances the career luck of the occupants in 2017 bringing a possible increase in status, good reputation and promotion opportunities.

Employees who stay in this house will have their work recognized by the right people. Their ideas and opinions will be readily accepted because they are seen as the experts and leaders in their field. At the same time, occupants must also be ready to take on more responsibility and put in more effort.

People who benefit

In general, this house is good for all employees and business people who are trying to establish their brands. The house is extra beneficial to people born in the year of the Ox, Dragon, Snake, Goat, Rooster, Dog, and Rat. The star favours the

second son living on this property.

Months to look-out for

The months that are good and further enhanced by the No.6 White Star are February, May, June, July, September and November.

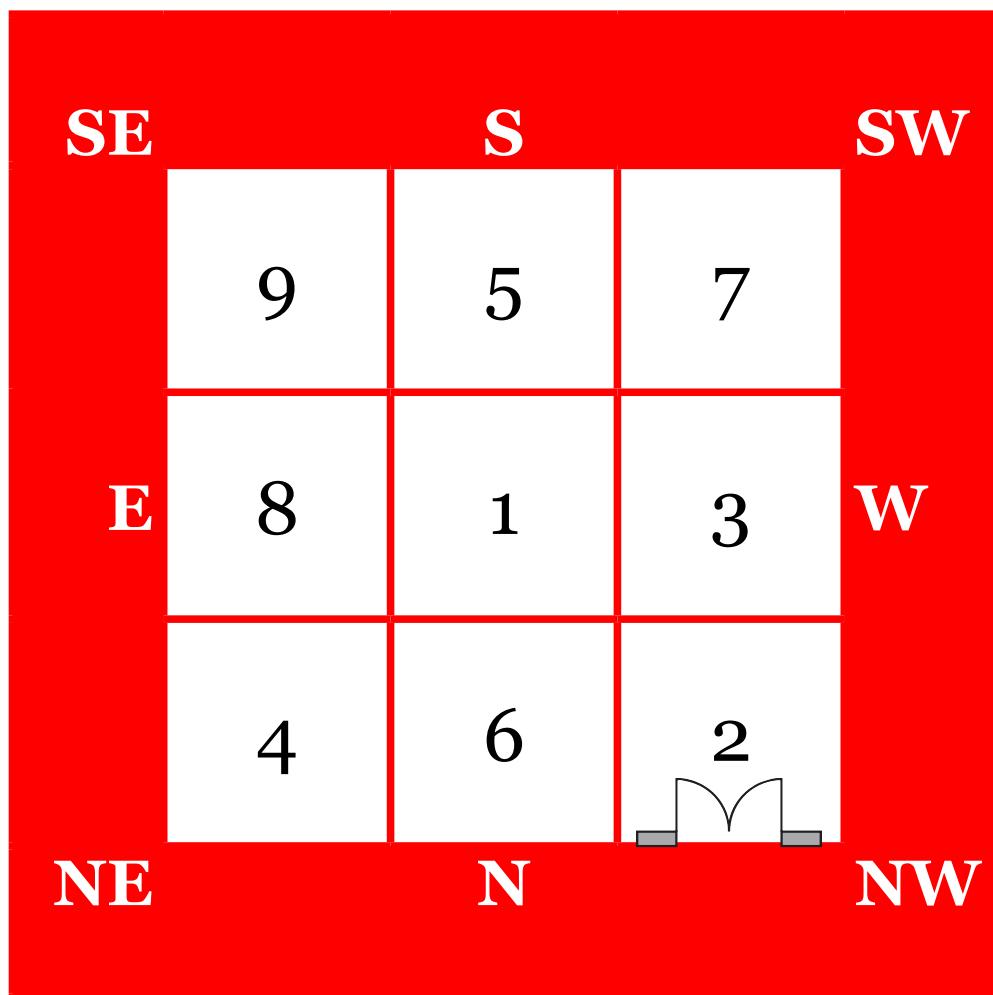

The month of May favours relationship and romantic matters if the main door has natural water features nearby such as a river or a lake. This is also a good month for investing. Zodiac signs that benefit are the Dragon, Horse, Monkey and Rat.

The month of February and November favours partnerships and joint ventures if outside the main door has a bright hall such as a playground, garden or a big car park. Business people and employees will also benefit.

Further Enhancement

Put a small water feature near the main door.

Main Door in the Northwest Sector

Overview

The No.2 Black Star resides in the Northwest sector triggering health problems among the occupants of this house. If occupants have weak immune systems or already have existing illnesses, these health problems will be more prominent in 2017. Negative features such as pylons, lamp posts, forked roads, water or sharp features facing the main door at the Northwest sector will worsen the negative influence.

If the main door has a bright hall, such as a playground, garden or a big car park, outside, the No.2 Black Star actually brings wealth opportunities, especially those related to land and property, to the occupants of the house. The No.2 Black Star also favours business people.

People Affected / People

who benefit

People born in the Goat, Monkey, Rooster, Dog or Pig year who are living in such a house will easily fall ill. The father or elderly man of the family may be prone to health problems.

However, business people occupying offices with the main door located in the Northwest will see their incomes increase steadily, but at the expense of their bosses' or staff's health.

Months to look-out for

The months that are badly afflicted by the No. 2 Black Star are March, April, June, August and September.

The months of March and December favours business collaboration and partnership if outside the main door has a bright hall such as a playground,

garden or a big car park. Business and sales people will also do well.

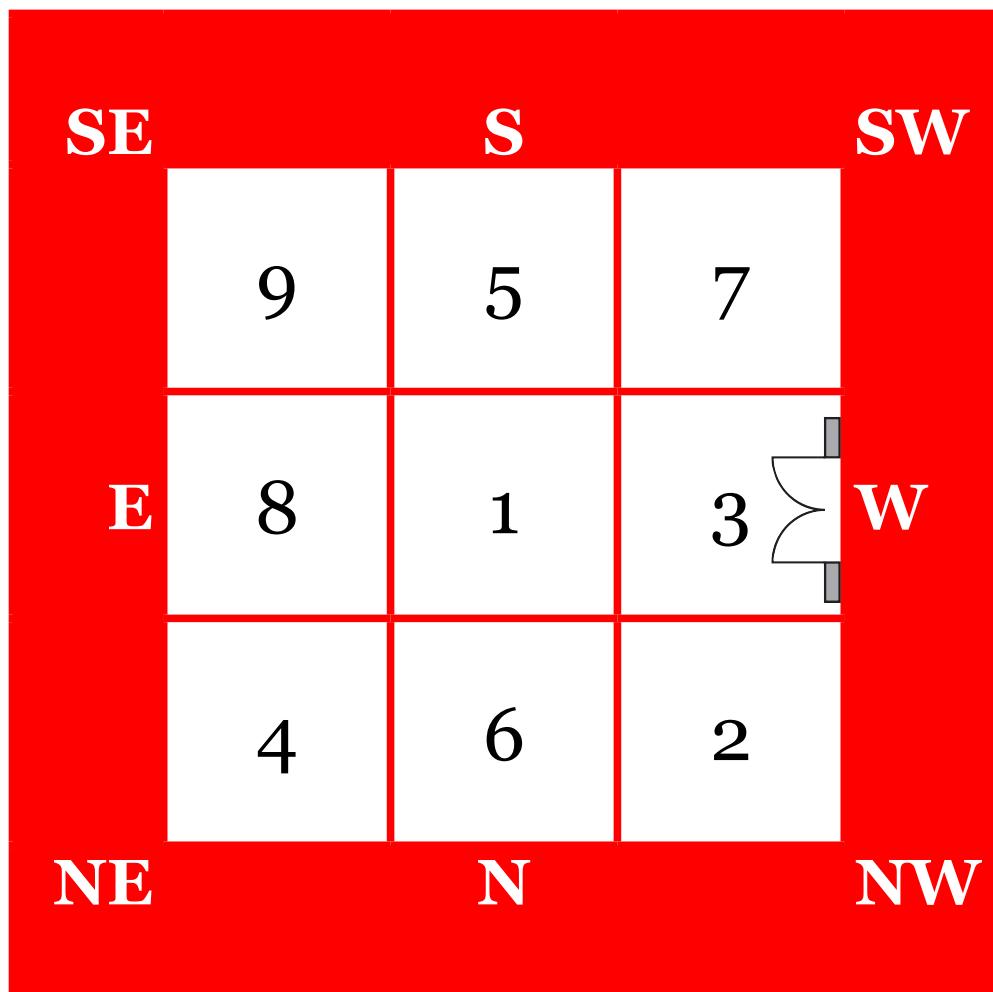

Mitigation

Use an alternate door to enter and exit your home. If this is not viable, de-clutter the area around your main door. Ensure that there is a mini bright hall in the area immediately outside and inside the main door. Alternatively, place metal objects to mellow down the influence of the No. 2 Black Star.

Further Enhancement

Put a small water feature near the main door to enhance the wealth luck brought in by the No. 2 Black Star. This is only advisable for people who are in good health. Always remember that the No. 2 Black Star brings both positive and negative effects.

Main Door in the West Sector

Overview

The No.3 Jade Star resides in the West sector triggering aggressiveness, stubbornness and competitive behaviour among the occupants in this house. Occupants will have the tendency to fight first and talk later. The star indicates legal lawsuits, office politics and conflict.

However, the influence of No.3 Jade Star is manageable. All you need is a little patience, be mindful about how you voice out your opinions and be diplomatic.

On a positive note, if this sector has a bright hall, the influence

of the No.3 Jade Star helps shy people to speak-out and have their opinions and ideas heard. It also helps people who are being bullied to stand-up against bullies.

People Affected / People who benefit

People born in the Dragon or Rooster year who are living in such a house will be easily provoked into a fight, dispute or argument whereas those born in the Rabbit, Snake, Monkey or Ox year will cower away from bullies. The youngest daughter may be attacked by gossip and malicious remarks. Bosses occupying offices with the main door located in the West will face attacks, fights and office politics in their business or networks.

Place small water features in this sector in the month of March and September, and plants in the month of June to bring out the positive side of the No.7 Red Star.

Main Door in the South Sector

Overview

The No.5 Yellow Star resides in the South sector bringing negative afflictions. A main door in the South sector will bring occupants of the house mishap, danger, health problems and obstacles.

Negative features such as pylons, lamp posts, forked roads, water or sharp features facing the main door at the South sector will worsen the negative influence. Be alert and take care of your safety.

If the main door faces a bright hall such as a playground, garden or a big car park, it will benefit business people and those working in property development.

FINDING THE 十神 TEN GODS (THE OFFICER ELEMENT)

There are altogether 10 types of Day Masters arising from the two different polarities (Yin and Yang) of the Five Elements. The Ten Gods are derived from the interaction of the Five Elements with the Day Master. Each of these Five Elements can support, destroy, control, or exhaust one another.

In this issue's Bazi 101, we want to explore the Officer element. The Officer element is derived from the element that controls the Day Master in the controlling cycle of the Five Elements. For example, the Earth element controls the Water Day Master. Hence, Earth represents Officer to Water Day Master people. The Officer element is further divided into Yin and Yang polarities, resulting in the Direct Officer and Seven Killings. Seven Killings has the same polarity as the Day Master. Direct Officer is of the opposite polarity to the Day Master. Table 1 shows the Day Masters' Officer elements.

FACE READING: THE BEST FACES FOR 2017

The qualities of the Annual Auxiliary stars are further enhanced if they fall onto the right facial features of a person. The face of a person who is going through good luck will have a rosy glow and shine. This shine is very different from that of an oily face.

Nowadays, a lot of face reading practitioners work with plastic surgeons to create a face of fortune. Does this work? Actually, there is only a 50% chance of success. This is because your face must fit your destiny. You can enhance your face with small changes. This is working from the external, Yang, to the internal, Yin. This works because when you see that you look better, you will feel better too. When you are in a good mood, everything will seem to work smoothly for you. You feel that your luck is better. If someone has had a lot of plastic surgery, you can't read their face any more. There is an imbalance. Too many external changes, which is Yang in nature, may not help to balance a person's internal feelings of insecurity, which is Yin in nature.

Let's take a closer look at the birth year zodiacs and facial features that will benefit them in 2017.

Zodiac	Beneficial Facial Features in 2017
	Rooster Authority luck is strong for those born in the Rooster year. Similar to the Dragon sign, fleshy cheeks with a hint of high cheekbones will bring out the leader in the Rooster. Sharp and alert eyes ensure that they enjoy the power and authority coming their way in 2017. These features enhance the General star's influences on the Rooster people. The jawline must be fleshy. This indicates good support given by others and no one will challenge their authority.
	Dog The Sun star visits those born in the Dog year. To ensure support and assistance through the year, the jawlines and chins of Dog people should be fleshy. A softer cheekbone on the Dog face indicates that they won't let their pride get in the way of asking for help.
	Pig Nobleman luck is strong for those born in the year of the Pig. This year, it is best if the Pig face is accompanied by a fair and rosy complexion. The jawline and chin must be fleshy. This indicates good support given by others.
	Rat Fleshy cheeks and jaws will ensure that those born in the year of the Rat will enjoy a fulfilling year in 2017. These features will ensure that you have plenty of Nobleman help and assistance. Some flesh on the jaw and earlobes also indicates a good lifestyle with much to enjoy. A nose with a fleshy tip that carries a tint of yellowish texture further enhances wealth luck.

Ox

Horse people who have a fleshy jawline and chin, as well as well-balanced lips, will enjoy good food and much merry-making. Those who have fleshy noses with good colour contour and hidden nostrils will see wealth flowing into their pockets. Those who have fleshy ala on both sides of the nose will see their wealth increase from investments.

The eyes of those born in the year of the Horse must be bright and clear with a slight watery sheen. Their eyes should appear to be smiling to enjoy good romantic luck. The month of the Rat will generally go smoothly. The presence of auspicious stars, especially that of the General Star and Golden Lock stars bring the influence of assistance from Noble people and wealth opportunities. People with good networks and those who dare to take risks will likely be able to grab these opportunities.

So what type of problems are you going to encounter this month? The presence of many inauspicious stars indicates possible cuts, wounds and injuries. These injuries may be caused by fights, car accidents, sharp metal objects, accidents involving machinery or even robbery. Gossip will also be rampant. All these can be avoided with a little precaution on your side. Avoid dark alleys at night and go out in a group.

If the month's Qi is unfavourable to you, especially those who have Horse and Rabbit at the Month and Year Pillar, double-check all your work that are related to contracts and legal documents. Do not involve yourself in gossip. You should keep to yourself and work diligently.

This month's energy favours those who have the following zodiacs: Dragon, Monkey, and Ox. This month's energy does not favour those who have the following zodiacs: Horse, Rabbit and Goat.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood), your ideas may receive some criticism. Be open minded, treat this as constructive criticism and see where you can improve.

Tiger

A busy month is in store for you. Nevertheless, an auspicious star is shining on you. Tigers need to balance their busy work schedules and time spent with their loved ones. While you may enjoy the lovely company, do not let the relationship affect your professionalism at work. In general, everything at work will go smoothly.

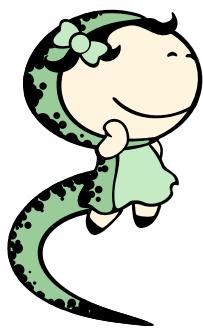

Rabbit

People with the Rabbit sign in their Bazi chart will find that opportunities to increase wealth abound this month. Be careful who you socialise with. You will attract the wrong people. Do not take free advice freely given to you. People may not want to intentionally harm you, but they are selfishly guarding themselves from hurt first.

Dragon

Dragons will see plenty of opportunities to increase wealth through meeting the right people. Social networking is strong. You should go out and be seen. Beware of gossip and rumours flying around that might hurt your reputation. Find out the actual facts and have some pre-emptive measures in place to block the rumours.

Chinese New Year falls on this month in 2017. This indicates that 2017 has no Li Chun. A year with no Li Chun is referred to as a “Widow Year” and seen as inauspicious. Is this true? A year will have no Li Chun only because of the time difference arising from the solar calendar and the lunar calendar. The idea that a year with no Li Chun will be a bad year is pure superstition. In fact, this Chinese New Year will start under the influence of three auspicious stars – Sky Happiness, Pommelled Saddle and Monthly Virtue stars. These stars

indicate that with teamwork, resourcefulness and help from Noble people, we will overcome challenges, obstacles or hindrances that are in our environment.

The National Treasure star indicates that one can resolve problems through rational thinking and by taking the appropriate actions. This star also brings good influence to those who are presently studying and upgrading their knowledge and skills. As such, January favours contemplation and planning. It is good to write down your New Year’s Resolution this Ox month.

If the month’s Qi is unfavourable to you, especially those who have the Goat or Horse at the Hour and Year Pillar, be careful of accidents and injury. Should your chart come with the Horse and the Goat you need to be extra alert to theft and robbery.

This month's energy does not favour those who have the following zodiacs: Horse and Goat.

This month's energy favours those who have the following zodiacs: Rat, Rooster and Snake.

The first month of the Rooster year is graced with the presence of the Monthly Virtue auspicious star. This star brings good influence and is able to turn bad events into good tidings. This star has the best effect on people who are kind, charitable and humble.

Similar to January, this is a month where you should get your plans moving. This is the month where everyone starts their New Year Resolutions and their career and business game plans. With the presence of Monthly Virtue the path to your goal becomes clearer with the help of advice from Noble people.

On a less rosy note, if the month's Qi does not

favour you, you may become indolent and focus too much on having fun. You will tend to spend more than what you have budgeted.

If the month's Qi is unfavourable to you, especially those born in the year of the Snake and Monkey, avoid walking alone at night or entering deserted alleys. The Robbery Sha star also indicates the presence of the danger of robberies and thefts.

This month's energy favours those who have the following zodiacs: Tiger, Pig, Horse and Dog.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood), your ideas are liked and being accepted by the right people. Your efforts are being recognized by your superiors. Work diligently. You are on the right track.

Fire Day Masters (丙 Bing Yang Fire and 丁 Ding Yin Fire), you will face some problems. Your wealth luck is strong. You will be rewarded with money if you are able to resolve or offer good solutions to

problems.

Metal Day Masters (庚 Geng Yang Metal and 辛 Xin Yin Metal), be peaceful and stay diplomatic when you need to handle sticky situations or difficult people. Your efforts will pay off later.
