## How will the Metal Rat energy impact you this year?

Time flies. We are moving into another Chinese New Year celebration soon. The Spring Festival falls on 25 January 2020. However, the actual spring only starts on 4 February 2020. In China, Korea, Vietnam, South East Asia and in Chinatowns across the world, people will welcome spring and all that it represents: plantings, abundance, new beginnings and fresh starts.

Celebrations traditionally run from Chinese New Year eve until the Lantern Festival on the 15th day of the Lunar month. A reunion dinner is held on the eve of the Chinese New Year. Family members get together for the celebration. It is considered the most important reunion meal of the entire year.

In Malaysia, the reunion dinner will start off with a

famous Chinese New Year dish that is called the *Yu Sheng* or “prosperity toss.” All diners at the table will stand up and proceed to toss the shredded ingredients of the *Yu Sheng* into the air with chopsticks while shouting various auspicious wishes. Check out page 4 for auspicious directions for tossing the *Yu Sheng* this year. Make sure that you are standing with your back to the auspicious direction to make the toss and say your auspicious wishes out loud.

There will be no *Bazichic eTongShu* for 2020. We are preparing the data so that we can bring the *eTongShu* online with more information for our readers. You can still find out which direction to use to usher in the auspicious Gods on page 7. The God of Wealth brings wealth. The God of Nobleman

enhances your Nobleman Luck, while the God of Happiness brings harmony and an overall feeling of fulfilment.

Our Annual Chinese Astrology forecasts are based on the birth year Zodiac. However, as you may already know, in Bazi there are four more Chinese Astrological Signs corresponding to your luck cycle, month, day and hour of birth.

So, although this forecast is based on the birth year Zodiac, we've included bonus information on what each sign means when it appears on the hour, day, month and luck pillars. So don't forget to check that out too.

Here's what's in store for the 12 signs of the Chinese Zodiac in 2020.

The Dragon sign will experience mixed fortunes in 2020. The Dragon sign will encounter people with authority, prestige and status. The Three Stage

Star indicates a materialistic character. It is not a Nobleman Star. So, these people will not offer help. This star is good for making deals and networking, as people are connecting to gain

from each other. This is not necessarily negative as most deals will result in a win-win situation.

The Elegant Seal, Sky Bright and Dragon Pool Stars bring creativity and innovation. These stars are another type of Intelligent Star. These stars bode well for Dragon students sitting for exams and Dragon people in research and development. They bring success.

The Elegant Seal has a proud and solitary characteristic. The Dragon Pool also has high self-esteem and will only associate with people of high status and from high society. The Sky Bright Star is stubborn and ambitious. Under the influence of these stars, even friendly and outgoing Dragons will be perceived as snobs. This image can easily provoke jealousy and unhappiness in petty people—the effect of the Five Ghost. They will cause trouble in the Dragon's daily life. They will be vengeful as these petty people perceive themselves as victims of unfair treatment.

The presence of the Three Stages and National Treasure Stars brings higher status. Dragon people who are living in monarchies will be bestowed titles and ranks. In Malaysia, these ranks include a Datukship or titles such as Tan Sri.

The Dragon sign will be a loner or will be perceived as one. Single Dragons will enjoy their single status. Dragons in relationships will tend to be disappointed with their partners due to the high expectations brought about by the effect of the Sky Bright Star.

死符 Death Charm

### Overview

The Snake sign is heading towards a mediocre year. Peace-loving Snakes will enjoy this simple and quiet year. Ambitious Snakes will create their own troubles as their ambitions push them to try to achieve or acquire things that are out of their reach at this point. Minimalist Snake people will feel vindicated in advocating a life of simplicity. A sense of gratitude for the status quo will help make 2020 a positive year.

The Monthly Virtue Star brings help from Noblemen and peace in trying times. The Monthly

Virtue Star works on the principle of cause and effect. Even though the star is a secondary level star, it can be powerful. The more kindness and help the Snake offers to others; the more it will receive in kind. At its most basic level, the star brings stability. The Snakes will have enough of everything. They will not need to worry about living necessities.

The Robbery *Sha* brings obstacles to the Snake sign. As the name implies, the star brings robbery and theft. The Snakes will face more unfair competition this year. There will be more people fighting over a small piece of the pie. Snake people will feel more vulnerable and confused.

The Lesser Consumer Star brings more expenses. The Snake sign will find it hard to save money this year. The Snake sign will tend to spend more without realizing it because they will be buying more items in small amounts.

The Broken Star is a fierce star. The Solid Killing Star brings negative influence and further enhances the negative effect of the Broken Star. Snakes will encounter human relations problems. The star brings jealousy and unreasonable people. The star denotes that the Snake sign will be easily provoked into fights and arguments.

The Death Charm Star is auspicious only to Snakes who are in the military. It has a bullying and cruel streak. The star indicates bravery to the extreme – not afraid of the law, not afraid of gods and spirits. Peace-loving Snakes will encounter some form of bullying and being forced into a corner. On the other hand, brave and adventurous Snakes may resort to bullying to get their way.

### **Career and Wealth**

The Snake sign should maintain a low profile and work diligently during this challenging time. To amplify the positive influence of the Monthly Virtue Star, Snake people need to be humble, kind and helpful. The more they help people in the workplace, the more their bosses and colleagues will see their hard work and efforts.

The Monthly Virtue Star is not a wealth star, but it brings income stability. Since there are no fierce stars in the Snake sign's Life Palace, employees will not need to worry about retrenchment. For Snake businesspeople, their company will still see a stable income and they will survive in the challenging economy.

The Robbery *Sha* brings obstacles to the Snake people. Businessmen will see more competition. Ideas, strategies and product designs may be stolen by competitors. Snake employees will encounter theft in their workplace.

The Lesser Consumer indicates that businesspeople will tend to spend more time on administrative work or socialising for business deals. Furthermore, the Broken Star brings obstacles such as delays in work or payment from clients, and discord in the workplace. For businesspeople, Lesser Consumer and Broken Star can mean a loss of wealth due to cancellations of contracts. Snake businesspeople may lose loyal customers to a competitor.

Military personnel will do well. Their bravery and work performance will stand out.

### **Relationship**

The Broken Star brings discord and arguments in the family. For Snakes who want peace

and caring, they must be brave enough to take the first step to show more love to their spouses and families. Singles are not ready to be involved in a serious relationship yet.

Parents should be stricter on children with the Snake sign. Snake children will pick up bad behaviour such as stealing, and won't think that such actions are wrong.

Fortunately, the Monthly Virtue Star indicates that family and friends are still supportive of the Snake people. Snakes must not be obstinate.

### Safety and Health

Overall, the Snake people are in good health. However, their safety is at risk. Snake people must be alert at all times to avoid theft and robbery.

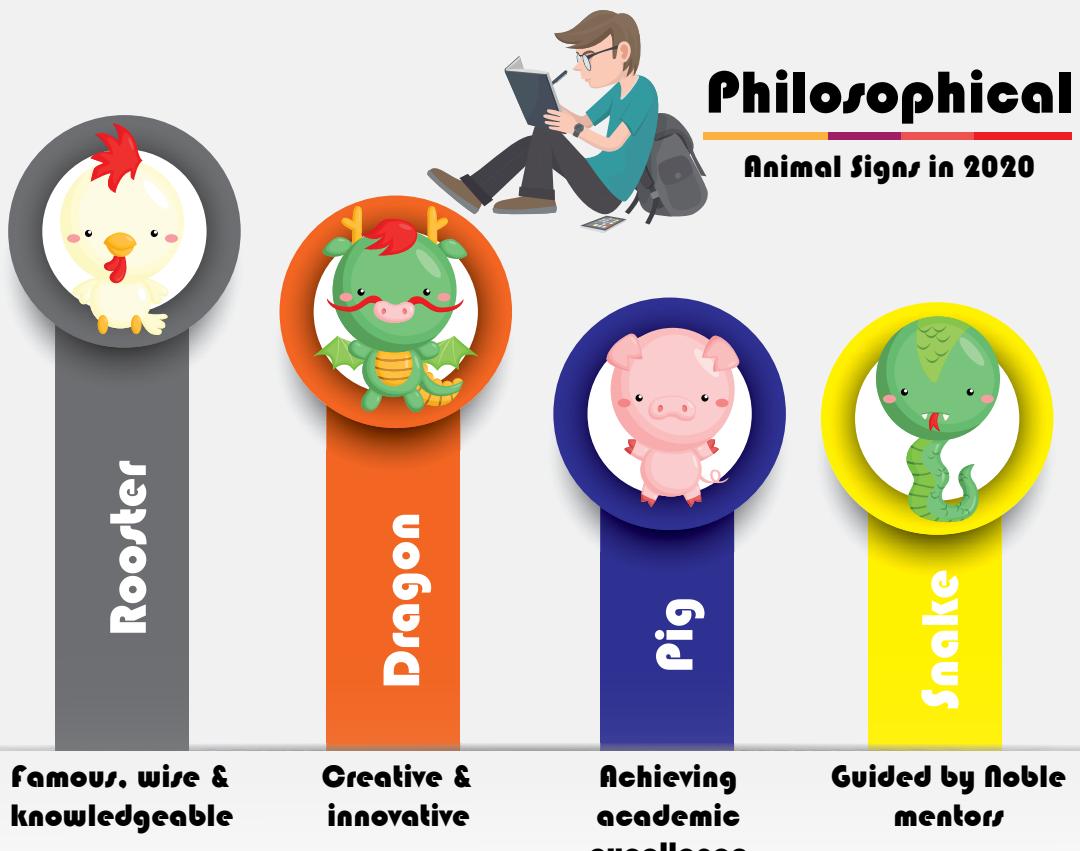

### Special Tips

If the Snake sign is in the Luck Cycle and Year Branch, make sure that the centre of your home is spacious and free of clutter to allow for the flow of positive energy. Keep your home quiet and peaceful.

If the Snake is on the Month Branch, prevention is better than cure. Be proactive. Make sure that you have your rights protected. Create your own uniqueness so that no copycat can beat you at your game.

If the Snake is on the Day Branch, being humble, kind, and calm is the "right thing to do." These actions will help you get ahead in life.

If you have a Snake on the Hour Branch, forget about the negative things you've read in this article. Be upbeat and positive.

The presence of both the Year Breaker and the Obstacle Stars indicate that there will be hindrances, obstructions and unexpected challenges ahead. Horse people should manoeuvre out of difficult situations and not meet challenges and obstacles head-on. They must be more resourceful, flexible and willing to do things out of their comfort zones.

The Sky Cry and Sky Sadness bring negative feelings. Horses will find it hard to stay positive and upbeat in these trying times. They will constantly worry, feel demotivated and depressed about the happenings around them. They will feel like everything is hopeless. The presence of the Prison Star enhances the bad effect of both the Sky Cry and Sky Sadness Stars.

Horses will easily get trapped by their negative emotions and go on a downward spiral. The best action to beat this negativity is to be active. Be mindful and bring your thoughts to the present. Keep busy.

Fortunately, the Month Emptiness Star also resides in the Horse sign's Life Palace. The star neutralizes everything. While this star is not welcome during good times, it bodes well for Horses who will be plagued by many inauspicious events due to the negative effects of inauspicious stars. Negative events will dissipate slowly. Everything will return to their original status.

The Great Consumer denotes unexpected expenditure and a loss of wealth. Horse people can mitigate these effects by making donations and by refurbishing ancestral graves. Making small additional payments on credit card debt and other borrowings will help lessen the debt burden created by overspending.

### **Career and Wealth**

Whether you are an employee or businessman, Horses will experience a tough time in their careers in 2020.

The presence of both the Year Breaker and the Obstacle Stars brings obstruction to businesspeople. The Horse businessman will be losing customers. Customers may not necessarily be going to competitors. Some customers are simply not buying. Sales and revenue will decrease.

The presence of the Brutal Defeat Star brings unexpected troubles at work. However, Earth Relief indicates that Horse people will always have the resources to solve whatever problem they encounter.

The Calamity *Sha* brings trouble at work for the Horse employee. Those who have two Horse signs at the Luck Cycle and Year Branches or at the Month and Year Branches will be more greatly impacted. There may be legal issues, demotions, pay cuts and retrenchments.

The Horse should not stand out this year. Maintain a low profile and work diligently. While you may be pressured to take on more tasks and responsibilities, it is better to politely turn these down on account of your need to concentrate on the task at hand. Horses are not likely to hear praise such as "Great work!" from their bosses this year. More responsibilities will only increase the chances of making more mistakes.

## **Relationship**

The Salty Pool brings short-term attraction. It is not real romance or love. Single Horses should stay single. This is not a year to be idealistic about finding love. The Sky Cry and Sky Sadness indicate that you will be hurt by your hopes and wrong presumptions.

Horse people who are already in a relationship or married will need to put in more effort to maintain a stable and harmonious relationship. Arguments can arise over trivial matters, putting a strain on the relationship with your spouse or family.

Horse children will not do well in their studies. They will need to put in more effort this year to see satisfactory results. Horses who usually get good grades may get a somewhat lower result, but it is nothing to worry about.

## **Safety and Health**

The Horse sign will easily fall into depression. Do not delve into sad memories for too long. Keep busy or do some reading to keep your mind occupied. The presence of the Year Breaker and Calamity *Sha* also denotes that Horses will be prone to injury. Watch where you are going. Do not rush.

## **Special Tips**

Whether you have a Horse sign on the Luck Cycle, Year, Month, Day or Hour Branch, it is good to cultivate the mind and spirituality. The Month Emptiness Star brings clarity. It helps one understand that all good or bad events will come to an end and that the same cycle will start again. Month Emptiness teaches you to be detached emotionally and to go with the flow.

### *Simple Mind-cultivation tips for the Horse Sign*

# When China Rules the World

2020  
YEAR OF THE METAL RAT

Welcome to 2020, the year of the Metal Rat (庚子 *Geng Zi*). This year is expected to mark a transition of power from the U.S. to China. On 14th January 2019, Standard Chartered Bank reported that China is poised to overtake the U.S. as the world's top economy as early as 2020. The rise of China's economy and technology is one of many signs that China is becoming a world superpower. Its efforts to bring back the 'Silk Road' in the form of The Belt and Road Initiative has shown that it has ambitions to extend its influence over countries in South Asia, the Middle East, Africa and Central and Eastern Europe via a soft power strategy. The U.S. is in many ways trying to curtail this rise in power, which it sees as a threat. For many countries around the world, China is becoming synonymous with the external environment. The traditional aphorism used for the U.S., "When the U.S. sneezes the world catches a cold," can now also be applied to China.

Earth elements (戊, 巳) stand out on the Heavenly Stem. Earth elements represent the centre and China has in the old days always called itself the middle kingdom.

The Metal Rat's Heavenly Stem Plate energy has already made its presence felt as early as July 2019, on a Metal Rat day, but the full impact of the Rat will only be felt in December 2019. The year 2020 energy is filled with strong Metal and Water elements. Water meeting Metal results in a producing and sentimental relationship. The presence of many Earth

elements indicates leadership, authority and power issues.

What does this mean for Malaysia? In Malaysia, the government under Pakatan Harapan (PH) faces complaints, allegations, ridicule and jokes about their leadership. This reflects the energy of the Earth element that brings trouble to leaders, and those with authority and power. The people are not feeling the economic benefits of the 4.4% growth in the economy. Continued political posturing and internal rifts within the ruling parties of the PH coalition do not instil confidence in the people.

In other parts of the world, the producing and sentimental relationship between the Water and Metal elements indicates that weaknesses and corruption will be the main concerns in the financial markets. For most countries, the economy remains fragile due to the trade war. This will also affect the stock market, where prices will be volatile and on a slow downward trend in the first half of 2020. The stock market will improve towards the year-end.

### Is global recession coming in 2020?

Yes and no. Recession already started in July 2019, when the Geng Metal Stem of the Metal Rat made its presence felt in the Pig year.

According to Forbes, some major countries are already experiencing a recession. Hong Kong plunged into a “technical recession,” due to five months of citizen rioting that have battered the city’s economy. The tourism and retail industries were hard hit by this ongoing turmoil.

The U.K. could slide into a recession due to the ongoing uncertainty over Brexit. A continued decline in the manufacturing sector and lacklustre global auto sales could also have Germany sliding into a recession. Italy continues to be plagued by economic woes arising from weak productivity, high unemployment, huge debt and political turmoil.

China’s economy has continued to slow amidst the trade war. China’s corporate debt is on the high side and continues to rise amid a slowing economy. This can lead to a global financial crisis.

Other highly stressed economies around the world include Turkey, Argentina, Iran, Mexico and Brazil.

Surprisingly, the U.S. will avoid the recession risks predicted for 2020. The U.S. trade war with China probably played a role in this. Its trade war policies closed its economy to half of the world as represented by China. Businesses will not be as robust as shown in their accounts, especially those businesses that depend on the U.S. and China markets. The Metal elements (庚, 辛) represent the West in general and the U.S. in particular. The *Geng* Metal (庚) on the Rat (子 Zi) sign, although producing and sentimental, is not a good sign. The Metal in Water is rusting away. The *Ji* Earth (己) is sitting on another *Xin* Metal (辛) in the Rooster (酉 You) sign. This gives the imagery of the Metal being buried in the Earth. Hence, U.S. policies will lead to its own isolation which will not be good for its future prospects.

The Metal Rat year will also see economic recovery toward the year-end. The U.S.-China trade war will mellow down although the two countries have not come to any agreements.

The Trump–Ukraine impeachment inquiry temporary halted the escalation of the trade war. However, the trade war in 2019 has done its damage, negatively impacting global economic growth in 2020. It will be a tougher 2020 for most countries in the world. China has so far remained quiet over the trade war and the Trump–Ukraine scandal.

Meanwhile, U.S. President Donald Trump who initiated the trade war, is going through an impeachment inquiry. The Metal Rat (*Geng Zi*) is a direct “Heaven and Earth” clash to Trump’s Career Palace, Wood Horse (*Jia Wu*). The Water element years, Pig and Rat, are not good for the strong Earth elements in Trump’s Bazi Chart. It is the perfect ingredient for a scandal, which was set into motion on 24 September, in a Rooster month. It is rather ironic that Trump publicly called for China, a foreign government, to investigate his political foe, Joe Biden.

Although the trade war strongly impacted China’s economic growth for 2019, it will not spell an end to China’s rise as a world superpower.

The strong Earth meeting Water energy continues from 2019 to 2020. This indicates rebellion. In 2020, the world will see more social issues such as workers going on strikes, protests or riots. While governments continue to push out policies to maintain standards of living, this has become increasingly difficult on the back of weak to no economic growth.

There will be limited jobs available as employers cut costs by reducing the workforce, at least in the first half of 2020. This Rat Year continues to be a training ground for developing resilience and grit.

The environment and people will still be prone to natural disasters and widespread diseases. This Metal Rat year, people, especially youngsters, will be easily influenced and enticed into vice.

### **For Consumers**

The strong Earth element burying the weak Metal element indicates a weak currency. The Earth-Metal producing relationship indicates that consumers will try to hide or find ways to protect their wealth rather than spend it. The Metal and Water elements represent wealth opportunities and willpower respectively. It indicates that governments will see some success in spurring private consumption. The Metal Rat Year energy has negative effects on consumers. While rational shoppers will still cut back on their spending, there will be more people suffering from shopaholism.

Meanwhile, governments will continue to roll out easy monetary policies to boost consumer spending. Both retail and online markets will still be sluggish in the first half of 2020 and improve later in the year. With this being said, wealth will rise in the East and set in the West. This means that in general, Asian countries will be better off compared to Europe and the U.S.

### **For Businessmen**

The trend in 2019 will continue to 2020 in terms of business. Overall, businesses will improve slightly in Asia compared to last year. While there continues to be innovation in technology, there will be fewer start-ups and high-tech businesses. Certain Water Industries will do better than others. For example, transportation and logistics will do better than the retail and wholesale industries.

Businesses involving consumer staples will be doing well. Consumer banking continues to face challenges as new technologies will allow consumers to park their money elsewhere. At the same time, over-use of credit cards can lead to defaults in payment. Banks will face debt collection troubles. Debts from students will also be on the rise as the cost of higher education becomes more expensive.

Property development and construction which are related to the Wood and Earth elements will see mixed fortunes. Big projects that involve the construction of highways and train tracks will be reduced. There will be concerns about rising debts and defaults arising from China's Belt & Road Initiative. Property and infrastructure companies will be tasked to improve their work quality with new standards being introduced by the government.

A company with good asset management will still do well in 2020. The strong impact of changes in technology and society will be felt by businesses. It will change how businesses operate and work. AI technology will increasingly be introduced to businesses to reduce cost. Mobile apps will redefine the service and entertainment industries. There will be a battle between banks, credit card companies, telcos and software companies for the control of mobile payments systems.

The greatly hyped social media innovation will see a backlash. These social media companies

will face losses and even shut down. Traditional media such as newspapers will slowly cease to exist and will be replaced by online news portals.

## **Employees**

There will be some retrenchment in the first half of 2020 due to difficult economic conditions and advances in automation. Anyone with a transaction-based job or business will be forced into a career change before the year-end. The AI robots and computers speed up business decisions and will strip off layers of management from organizations. This means that not only clerical and executive staff, but those in managerial positions will be affected. Employees should continue to focus on improving or retraining in skills and knowledge that gear them towards jobs that are not impacted by automation. Students should take a long-term view when planning their careers in a technologically advanced world. Jobs are moving away from the "same task everyday" type of work to more strategic roles that require more critical thinking. It is more of a skill change than the removal of a job. Jobs that require human interaction and critical, empathetic thinking will remain. For example, social workers who need to handle cases from a clinical, legal and emotional angle will not be easily replaced by robots.

## **Health**

In general, there will be serious health problems or health epidemics in certain countries such as South Africa, South America, India, Indonesia and Australia. Airborne diseases will be common. Diseases will be spread via sneezes and coughs, making the diseases difficult to control.

## **Industries**

In 2020, technology will shift toward the science of 'miniature', or nanotechnology. While everyone is paying attention to 5G technology, the Metal Rat will see nanotechnology making its way quietly into many industries and into people's lives. Nanotechnology will slowly become important in the development of many fields especially water, energy, and health. The year 2020 will mark the start of the 'nano-century'.

Industries expected to benefit remain the same in 2020 such as IT, agriculture, local entertainment and nightlife businesses, motivational teaching, education, advertising and e-publishing. These industries will see a boost especially in the early part of the year. People and gurus with knowledge and wisdom in the entertainment line will have their fair share of the limelight.

Industries that will experience trouble are those in the tourism, hospitality and property industries. Sales of property such as houses, shophouses and offices will continue to be sluggish in the first half of the year. The construction of highways, roads and train tracks will come to a halt due to default in payments. Property prices will continue to increase due to a lack of raw materials and resources. Property investors will see their capital gain on paper only. Most investors will find it harder to sell their holdings.

The banking and financial industry will continue to face technological challenges as more consumers park their money with alternative third-party online payment services for easy access and payment. Companies operating online and mobile payments systems similar to PayPal, WeChat Wallet and Alipay will continue to mushroom as everyone wants a share of a business that will give them access to a lot of cash.

## Events

The Metal Rat continues to bring more natural disasters such as tsunamis, floods, soil erosion and sinkholes. Brace yourselves for extreme weather in 2020. Temperate countries will experience extremely cold conditions while tropical South-East Asian countries may face thunderstorms and typhoons. South Africa, the Middle East and South America may face draughts. Forest fires will be rampant too. Typhoons and hurricanes will continue to cause havoc this year.

The Metal Rat also brings lung-related health issues related to airborne diseases. The Hidden Corpse Star residing in the Rat may bring disease. Food poisoning scares will continue in China, Vietnam and Cambodia. There will be concerns about the safety of food, especially marine products in 2020.

Due to the scarcity of natural resources, especially water and food, there will be more awareness on the need to preserve and protect the Earth's natural resources and beauty. China and India have taken active measures to conserve and expand forests. This is to reduce soil erosion, air pollution and climate change.

# WHAT ARE YOUR FINANCIAL OPPORTUNITIES IN 2020?

**A**s you can see, the natal chart contains the full set of elements in 2020. The Metal, Water and Earth elements dominate the chart. The environment is abundant with money or wealth opportunities and resources. The asset element, Wood, is on the Earthly Branch, forming a hidden combination relationship with another Earthly Branch. The Rooster sign and Ox sign form half of the Three Harmony Combination. This formation results in the formation of more Metal elements. The Earth element supported by the Fire elements is prominent. All these translate into the following possibilities:

八字 Bazi Chart				
時 Hour	日 Day	月 Month	年 Year	
食神 EG	丁 Ding Yin Fire	傷官 HO	戊 Wu Yang Earth	正財 DW
己 <i>Ji</i> Yin Earth	庚 <i>Geng</i> Yang Metal	辛 <i>Xin</i> IW 偏財	壬 <i>Zi</i> Rat Yang Water	癸 <i>Gui</i> 七殺 Hidden Stem

戌 <i>Ho</i> 傷官	巳 <i>Ji</i> EG 食神	亥 <i>Gu</i> 七殺	午 <i>Wu</i> HO 傷官	未 <i>Gu</i> 七殺
天干 Heavenly Stems	地支 Earthly Branches			藏干 Hidden Stem

1. The economies of many countries will stabilize.
2. The oversupply in the property industry will become the highlight of the year. Governments will look for ways to stimulate the property industry. Sales continue to slow down. Growth remains stagnant for the first half of the year with a slight improvement towards the year-end.
3. The hidden combination Bazi formation indicates hidden agendas, under-table deals, bribery, kickbacks, conspiracies and working behind the scenes.
4. The general increase in prices of all goods and services.
5. Interpreted negatively, this can also mean that people will tend to avoid paying taxes.
6. On the positive side, people, especially Earth, Fire and Wood Day Masters, will have more wealth opportunities despite the slow economic outlook.

How will you benefit from these opportunities financially?

Each of the Five Elements has a function every year:

- ✓ Metal element represents wealth to the Metal Rat. Wealth is equivalent to cash-flow.
- ✓ Water element represents willpower.
- ✓ Wood element represents assets.
- ✓ Fire element represents sales.
- ✓ Earth element represents profits.

In 2020, the Metal, Water and Earth elements are prominent in the natal chart. People who have these elements in their Bazi Chart will be able to tap into the influence of 2020 easily.

When the Water element is prominent in your Bazi Chart, this indicates that you will gain in status and reputation in 2020. You will have the power to make things happen and get things running.

2020 creates an environment of easy money because of the Metal elements (*Geng* Metal on the Heavenly Stem and in the Rooster sign). Sales, which are represented by the Fire element, is weak. Businesses may resort to reporting higher profits so that they will be able to get loans in 2020. Sales will continue to grow at a slower rate in most industries. On a positive note, businesses will be able to collect debts owed in the previous year. For employees, there will be a lack of job opportunities.

2020 is actually a better outlook for the Asian economy, but not for European countries. U.S. businesses in the Fire industry will do well in 2020. Besides the Metal element in the Bazi Chart, the Water element must be prominent in the Bazi Chart, to do well in 2020. The stock market will continue to be volatile with a slow upward trend. In terms of investments, people will be able to make quick money in the volatile markets. There will be more mergers and new companies listed on the stock market.

Where the Bazi Chart contains a prominent Wood element, you will have what people lack – resources and assets. Ideas will come easily. Resources and assets will be easily available. These ideas, assets and resources will open up more wealth opportunities. Those who have a strong Wood element in their Bazi Chart will see their assets increase in value in 2020. Profit and cash can be realized. For employees, a lack of the Wood element means redundancy. This year will see more employees moving to a new job or career. Employees' assets are their time, skills and knowledge. You must make full use of your time and knowledge, especially if the Wood element in your Bazi Chart is weak or if either one is missing. 2020 brings more new job opportunities but the job market continues to be competitive. A mismatch of jobs with salary expectations will continue to be an issue for many people seeking work. Employers will not be willing to pay more. This may be a year that sees machinery replacing a lot of jobs in the Metal, Water and Earth industries.

Employees need to sustain their positions by offering more than their work experience. The willingness to accept change - in policies, tasks, departmental goals, technology or new initiatives, is necessary. A lot of people need training in new job skills to adapt to the job market. Change continues to sweep through the job market. Accept change as a challenge in 2020. At work, be brave when voicing out your ideas, views and solutions. Employers and superiors will be open to new ideas and solutions. Good interpersonal skills and good connections with colleagues, immediate superiors and bosses are not only important for survival but will lead to good career prospects, promotions and rewards.

In general, the Wood element, which represents assets, is weak in 2020. In terms of business, this indicates that:

1. Companies may face a shortage of raw materials or supplies.
2. Cost of production of goods and services will be more expensive.
3. Consumers will be forced to spend more due to an increase in the prices of necessities.
4. People will look into ways to recycle redundant assets.
5. Companies will give kickbacks, commissions and incentives to entice customers and make more business deals.

For employees, a strong Wood element in your Bazi Chart can mean that your knowledge and experience will help you to keep your job.

Sales will come from the Fire element in 2020. If the Fire element is prominent in your Bazi Chart, you may be good at sales this year. Sales in 2020 will easily turn into profit and cash

especially if you have the Fire and Metal elements in your Bazi Chart. For employees, this can translate into a promotion. For businesses, this denotes an increase in sales.

If you have the Earth element on your Year Stem, good presentation of your products and services may bring you more sales. When a Fire element is found on the Year Stem, the best way to increase your sales is by word of mouth. When you have the Wood element on the Year Stem, attract others to you with proven data and information as well as interesting marketing materials. When you have the Water element on the Year Stem, maintain a good reputation. Your good name will help you sell. Reach out to people who have power and authority. See yourself as the ambassador for your products and services. When the Metal element is found on the Year Stem, sales will come to you easily. Sell by showing the intangible value of your products and services.

The Water element represents willpower. For businesspeople, it translates into the ability to execute so that at the end of the day, you can turn your sales into profit and cash. It means that there is no overstock of goods. For employees, it is about how effectively you can get a job done. Where the Water element is prominent or strong in your Bazi Chart with the presence of Metal, Water or Earth elements, you will find that your work will flow easily in 2020. Lacking the supporting elements of Metal, Water or Earth elements in your Bazi Chart, you will find 2020 to be a challenging year. You will experience a lot of frustration. However, the Fire elements will bring balance and harmony in 2020. They will even out the rocky paths arising from an environment that is challenging and lacking. This is especially good for those who have the Ox, Goat, Monkey and Rat signs in their Bazi Chart. This is because each of these signs has the auspicious Authority Star with them – the Grand Duke Combination in the Ox, the Emperor Star and Dragon Virtue in the Goat, Thriving in the Monkey and the General Star and Grand Duke in the Rat.

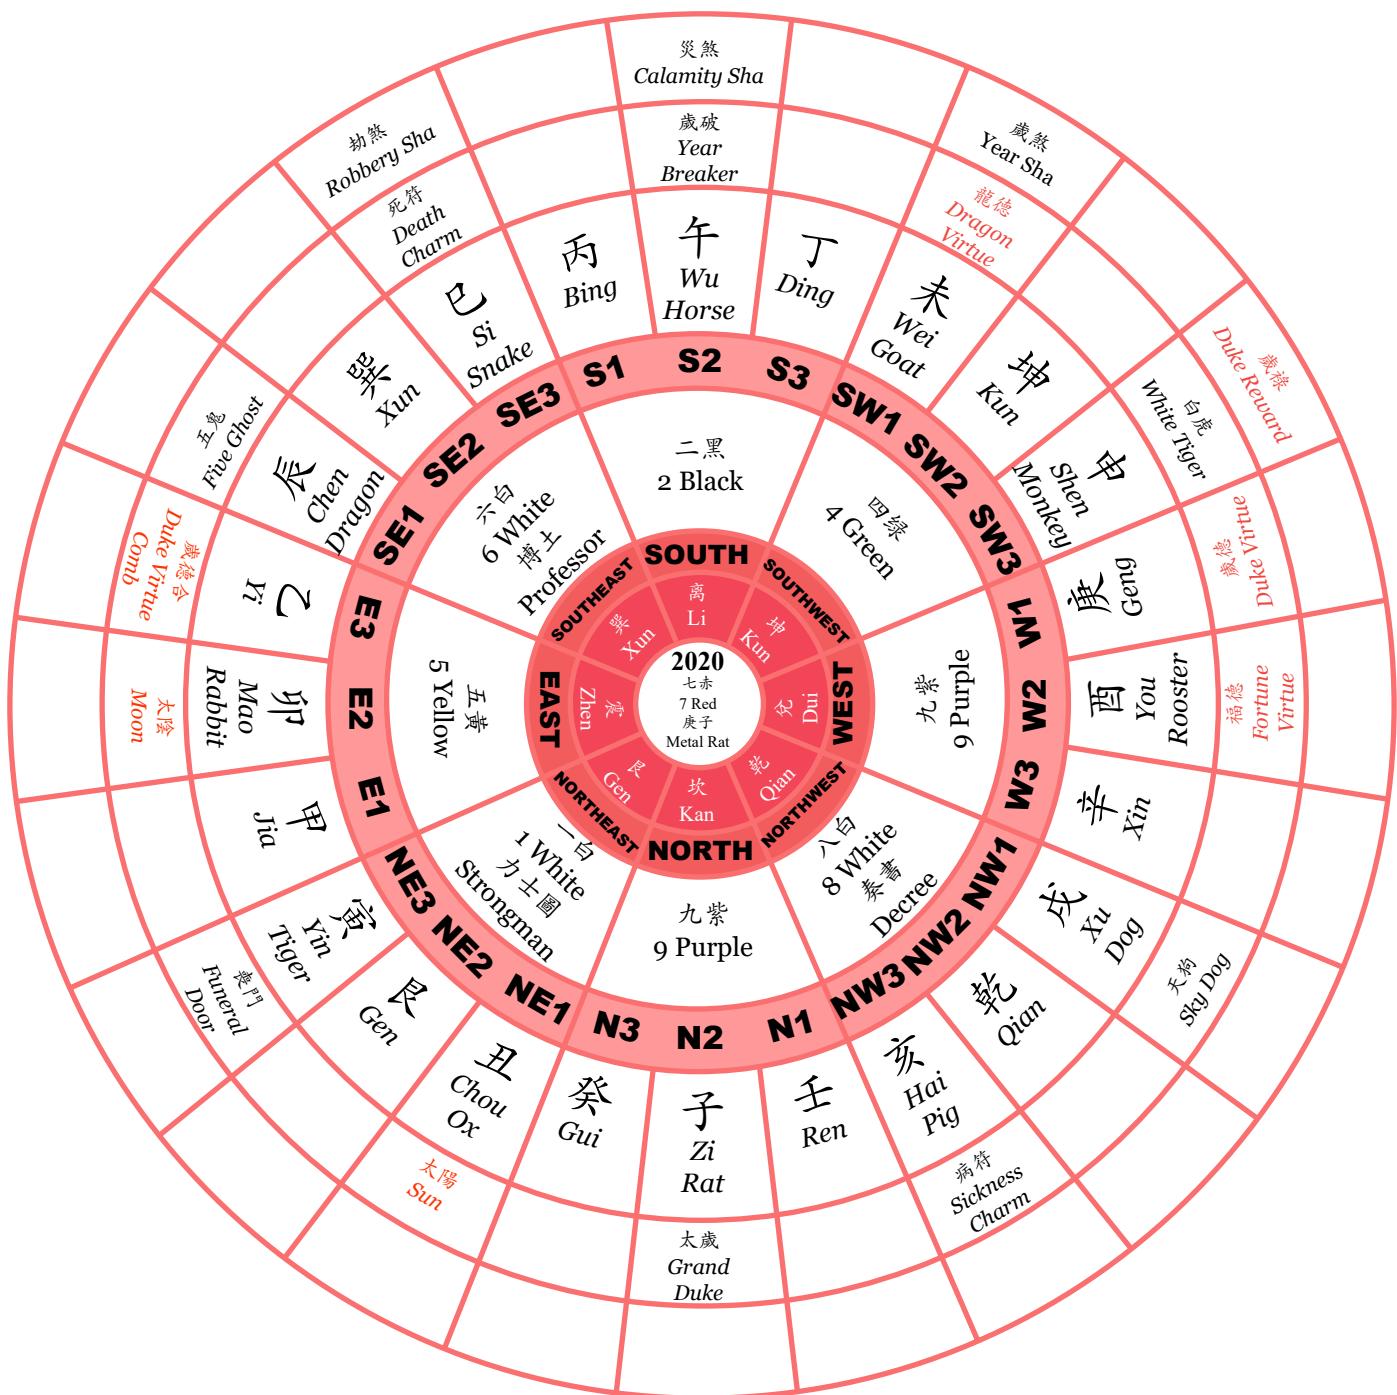

Besides these, be flexible and adaptable to changes. There won't be any time for you to think due to the two Travel stars in the Tiger sign. This denotes double speed – things will happen very fast. Get your planning done before the start of the Metal Rat year. Wealth, assets and cash define success for the majority of people. However, the most fulfilling success comes from helping others. The ability to lead others away from their troubles and direct them to their goals or success will help you stand out in 2020.

# Harnessing the Year's Positive Annual Stars

**I**t's once again time to check-in on the annual Feng Shui outlook. In general, people tend to focus on Feng Shui afflictions, forgetting that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is

valid due to the overlapping positive and negative Qi in several sectors. Read on to find out how you can tap into these sectors without provoking negative energy such as the Grand Duke, Three Killings and Five Yellow.

The luopan diagram in the previous page shows the location of both positive and negative Feng Shui Auxiliary Stars in 2020.

## Harnessing the Qi of the Auspicious Stars

### Boosting your Immunity against the Annual Affliction

#### 歲德神 Duke Virtue

If you are worried about annual afflictions stars like the Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So, if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is present in the **West 1 sector** in 2020.

Entering into the Metal Rat year on 4 February 2020, you can activate Duke Virtue on a good date that falls on a *Geng* Metal day at the West 1 sector or any other positive sector for a stronger effect. This is because every *Geng* Metal day in 2020 contains the Duke Virtue star. Thus, you have the protection of the Duke Virtue brought in by the *Geng* Metal day influence.

#### 歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect to the Duke Virtue, the difference being the Yang nature of Duke Virtue while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and protects external matters such as career, travel and appointments while the Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage.

The Duke Virtue Combo is present in the **East 3 sector** in 2020. Coincidentally, the Five Yellow is also residing in the East Sector. Thus it is not advisable to activate the East sector at home.

Entering into the Metal Rat year on 4 February 2020, you can activate Duke Virtue Combo on a good date that falls on a *Yi* Wood day at any positive sector. This is because every *Yi* Wood day in 2020 contains the Duke Virtue Combo star. Thus, you have the protection of Duke Virtue Combo brought in by the *Yi* Wood day influence.

### Positive Bank Account Balances

#### 歲祿神 Duke Reward

Wouldn't it be nice if your accounts are in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the Southwest 3 sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state of surplus.

In 2020, the Duke Reward location in **Southwest 3** coincides with the Dragon Virtue in the Southwest 1 sector and No. 4 Green Star in the Southwest sector. Businesspeople who want to ensure that their business cash flow remains positive can activate the Southwest sector with water. At the same time, Dragon Virtue and No. 4 Green Star also reside in the Southwest sector bringing in double good effects in terms of wealth. Your sales team will be selling ice to Eskimos.

You can activate the Duke Reward on a good date that falls on a Monkey day at this Southwest sector or any other positive sector. This is because every Monkey day in 2020 contains the Duke Reward Star. Thus, you have the good influence of Duke Reward brought in by the Monkey day influence and from the locational influence.

### Clearing Obstruction

#### 龍德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get you. There are unexpected hiccups and delays. Activating the Dragon Virtue in the **Southwest 1 sector** can help you clear away these blockages, enhance your wealth

luck and boost your reputation.

The No. 4 Green Star is also in the Southwest sector, bringing in double good effects. Therefore, it is good to de-clutter the Southwest sector to make it spacious. Place water in this sector on an auspicious day before 4 February 2020.

### **Accidental Remedy**

#### **太陽 The Sun**

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole in her wall, right where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or there is no Duke Virtue sector. Or you may have only gotten around to reading this article, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating the Sun Star at **Northeast 1**.

The No.1 White Star also resides in the Northeast 1 sector bringing Nobleman luck. Therefore, Northeast 1 is a good sector to activate with a small water feature in 2020.

### **Effective Communication**

#### **太陰 The Moon**

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills but also resolves issues like miscommunication and the ability to talk to the right person. The Moon Star also brings helpful people. This year the Moon Star is located in the **East 2 sector**.

You will benefit from the influence of the Moon Star when you carry out activities such as reading, chit-chatting with family or office work in this area.

However, The Moon star's location in East 2

coincides with the No. 5 Yellow Star which brings calamity, loss of wealth and injury. What to do now? Leave a spacious space for Qi to flow from the Southeast and East to the Northeast sector in the Metal Rat year which starts on 4 February 2020. This will help you to activate the East sector without touching it. Everything will work out smoothly.

### **Happiness and Well-being**

#### **福德 Fortune Virtue**

Fortune Virtue Star brings good health and help from people as well as opportunities. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness. The star resides at the **West 2** sector. It coincides with the No. 9 Purple Star at the West sector.

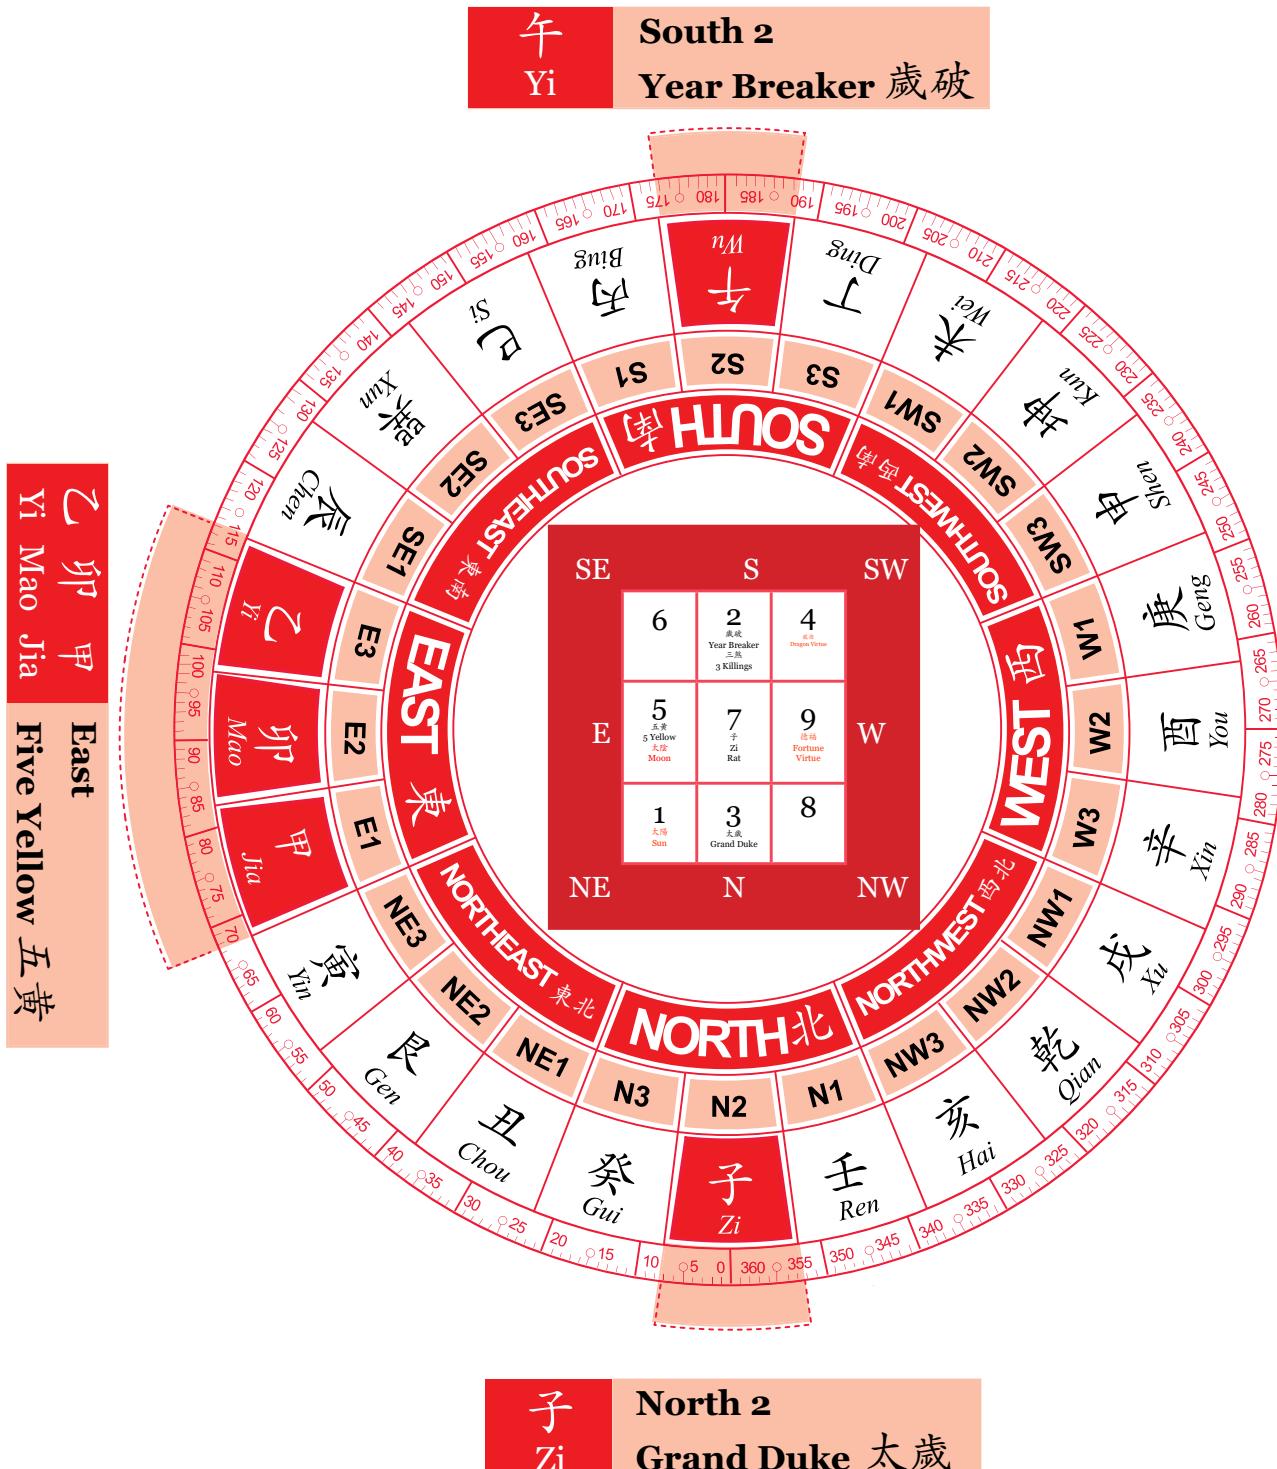

The No. 9 Purple Star in the West sector brings in double good effects. Therefore, it is good to de-clutter the West sector and make sure it is spacious. Place water in this sector on an auspicious day before 4 February 2020.

Flip to our calendar to find out when you should activate the stars in their designated sectors.

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering "What is Feng Shui activation?". How do you activate a sector? Refer to page 46 of the December 2013 issue and check out the article "How to do a Feng Shui Activation".

# AVOIDING THE FENG SHUI

## AFFLICTED SECTORS IN 2020

**T**his is the seventh year we are writing about the annual Feng Shui afflictions.

For those who are new to Feng Shui practices, the focus is often on boosting their life aspirations such as wealth, health, career and so forth. While these enhancements are good, you must also avoid the killing and destructive energies in your home and workplace. These energies change directions and locations annually, and this change coincides with *Lichun* on 4 February 2020.

The major annual afflictions you must be aware of are the 太歲 Grand Duke, 五黃 Five Yellow, 三煞 Three Killings and 歲破 Year Breaker. The *Sha Qi* to note are the Sickness Star 2, Bull Fight *Sha* 3 and Quarrelsome Star 7. Start by identifying the locations of the major Feng Shui afflictions for the coming year and 'AVOID' major activities here.

To 'AVOID' means not to carry out important activities such as renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

### 太歲 Grand Duke

In 2020, the Grand Duke sets foot in the **North 2 sector** of your home or office. You do not want to irritate the Grand Duke by carrying out renovations in this area. This inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For businesspeople, it can potentially lead to a loss of income and wealth. It coincides with the No. 3 Jade Star at the North sector, making the sector a doubly afflicted sector.

### 五黃 Five Yellow

Five Yellow enters the **East sector** in 2020. This star is a harbinger of bad influences. Avoid any major work, renovation, drilling and even the movement of furniture in this

sector. The best remedy is to have an open vast spacious area in the East sector to counter the negative Qi.

The Five Yellow location coincides with the Moon Star at the East 2 sector. This star lessens the negative impact of the Five Yellow in the East. Ensure that there is a spacious area for Qi to flow from the Southeast to the Northeast sector.

### 三煞 Three Killings

In general, the Three Killings is located in the South sector in 2020. However, to pinpoint the exact location, Three Killings is located at **Southeast 3, South 2 and Southwest 1**. This is because Three Killings is comprised of three inauspicious stars, namely 歲煞 Annual *Sha* at Southwest 1, 災煞 Calamity *Sha* at South 2 and 劫煞 Robbery *Sha* at Southeast 3. As their names imply, Robbery *Sha* brings robbery, injury and loss of money, Calamity *Sha* causes accidents, mishaps and illnesses whilst the Annual *Sha* creates obstacles and setbacks. Some have poetically categorised the misfortunes as 3 types of losses, namely loss of wealth, loss of a loved one and loss of one's reputation. You want to leave these sectors in peace and quiet especially in 2020. It is important not to undertake any major renovations or groundbreaking work here.

The Three Killings coincides with the No. 6 White Star at the Southeast sector in 2020. The star brings help from capable people and people with status and authority to resolve problems during unfortunate times. Thus, it is safe to activate the Robbery *Sha* at Southeast 1 in 2020.

The Three Killings location coincides with the Dragon Virtue Star in the Southwest 1 sector. This star brings Nobleman help during unfortunate times. The Dragon Virtue Star has the ability to transform a negative event into good tidings. Thus, it is safe to activate the Annual *Sha* at Southwest 1 in 2020.

The South sector is further impacted by the presence of the No. 2 Black Star. This

star brings illness. Thus, the South sector is doubly afflicted in 2020.

### 歲破 Year Breaker

The Year Breaker is also known as the ‘wrath of the Grand Duke’. It comes to the **South 2 sector** this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is usually associated with a loss of wealth.

The sector is further impacted by the presence of one of the Three Killings Star - Calamity *Sha*. The Three Killings Star also falls into the South sector in 2020. It compounds the negative influence of the Year Breaker as Calamity *Sha* by brings additional problems such as accidents, mishaps and illness.

**Steer clear of this area.** Do not do any renovation, groundbreaking work, drilling and hammering on walls, or even rearrange the furniture in this sector.

### Sickness Charm

The Sickness Charm resides at the **Northwest 3** sector in 2020. As the name implies, it brings illness to the occupants of a house. Elderly people should avoid occupying the Northwest room because of the Sickness Charm in this sector.

The Sickness Charm coincides with the No. 8 White Star at the Northwest sector. Activating the No. 8 White Star at Northwest sector will bring health problems. Ensure there is a spacious area for Qi to flow from the West to the Northwest sector to lessen the impact of the Sickness Charm.

### Annual Illness Flying Star 2

The No. 2 Illness Star brings illness to the occupants of a house. It comes to the **South** this year. Ensure that the South sector of your home is spacious and clear of clutter. This will somewhat mitigate the Illness Star’s effect.

This location coincides with the Calamity *Sha* of the Three Killings Star at South 2. It

brings a double whammy effect to the South sector. Ensure there is a spacious area for Qi to flow from the Southeast to the Southwest sector.

**Steer clear of this area.** Do not do any renovation, groundbreaking work, drilling and hammering on walls, or even rearrange the furniture in this sector.

### Annual Flying 3 Jade Stars

The No. 3 Jade Star triggers aggressiveness, stubbornness and competitive behaviour among the occupants of a house. It is known as the ‘Bull-Fight Star’. With the influence of this star, occupants will be easily provoked into arguing and quarrelling. The star also brings about lawsuits, office politics and conflicts. It comes to the **North** this year.

The sector coincides with Grand Duke Star at North 2, making the North sector a doubly afflicted sector.

**Steer clear of this area.** Do not do any renovation, groundbreaking work, drilling and hammering on walls, or even rearrange the furniture in this sector.

### Annual Flying 7 Red Star

Annual Flying 7 Red Star is known as the ‘Quarrelsome Star’. This star can cause problems such as peach blossom troubles, scandals, assaults, violence and robbery, high risk of burglary, deception, theft and backstabbing. This area is especially bad for celebrities, writers, artists, those working in public relations and students in 2020. It comes to the **centre** in 2020. Ensure that there is a spacious area for Qi to flow from the Northeast to the Southwest sector to lessen the impact of this star.

**Steer clear of this area.** Do not do any renovation, groundbreaking work, drilling and hammering on walls, or even rearrange the furniture in this sector.

## The Signs of Love in 2020

Is 2020 a year conducive for romance and love?

The 2020 Bazi Chart (refer to page 34) shows a Peach Blossom Star appearing at the Year and Hour Pillar, followed by a Graveyard Star and a Growth Star at the Day and Month Pillars respectively. The Rat sign which represents the Peach Blossom Star, indicates whirlwind romances full of fun and adventure. Meanwhile, the Rooster sign which represents another Peach Blossom Star, indicates a deep and fulfilling love. This relationship is harder to find as the Rooster is buried within the Earth Element, whereas, in the Year of the Rat, attractive and fun people are all around.

Romance in the year of the Metal Rat can be represented by this saying, "Young love is aflame, very pretty, hot and fierce but the moment is only light and flickering." Everyone in this kind of relationship thinks about their partner 24/7. It is not enough to see your partner everyday. You get an adrenaline rush just by hearing your partner's voice. You cannot play it cool - you may blush, sweat or get heart palpitations every time you are with him or her. You ignore all the negative characteristics you see. This emotion is powered by the Heavenly Horse and Sky Horse Stars, the perfect ingredients for a whirlwind romance.

But will this kind of relationship last and turn into a deep and fulfilling love? For some, it will grow into a beautiful love story with a happy ending while for others, the romance will flicker out three weeks down the road.

The energy of the year gives both thrill-seeking partying types and those seeking real romance built on love and commitment the opportunity to find their special someone. The stars indicate that even the partying type will be willing to give the romance a chance to grow into a fruitful relationship.

Still, let's see if the external forces will offer you a chance for a happy and fulfilling

relationship.

## Romantically Inclined Day Masters

The year's romantic energy smiles on the Fire, Wood and Earth Day men as well as Wood and Fire Day ladies. Fire, Wood and Earth Day men will have many opportunities to meet an easy-going, independent and strong-spirited woman or a woman who has a gentle ladylike exterior but tough interior. Wood and Fire ladies have the chance to meet the perfect man, such as those portrayed in Korean Dramas. At least, he will appear to be so in 2020. Whether you are Mr Adventurous Man or Mr Down-to-Earth, you will have opportunities for romance this Rat Year.

This year, two opposing romantic energies are tugging romance seekers in opposite directions. One of the energies is shallow but fun and fast-paced, while the other is strong, loving and stable. Women may feel as confused as Natalie, the lead character in the movie, "Isn't It Romantic", who became trapped in a stereotypical comedy world after suffering a blow in the head.

With the effect of the Metal Rat, some women may experience a sadomasochistic relationship such as the one portrayed in "Fifty Shades of Grey". The Rat energy can wreak havoc in the family too. Are you really going to "Walk the Line"? There is no right or wrong in the matters of the heart but it can cause a lot of pain. Whether you are the cheating husband or the unfaithful wife, no one will gain.

The energy of the year is suited for those looking for a fun relationship as well as those seeking a stable and long-term relationship. No matter what type of personality you are and what type of person you are looking for, there will be someone out there that suits you in 2020.

## Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. You have another chance – the zodiac of your Day Branch. If you have a Rabbit, Horse, Rooster or Dog on the Day Branch, you will likely meet someone you like. However, you will have to make the first move and make your interest known or else, it will be a never-ending guessing game on whether that person returns your interest.

Having these signs on the Year and Month Branches indicate external romantic luck too. Usually, this means that the members of the opposite sex are attracted to you, but you may or may not share their feelings.

Besides these signs, those who have the Ox sign on any of the Earthly Branches have hidden Peach Blossom luck. What does hidden Peach Blossom luck mean? It means that you have secret admirers. So, pay attention to the people around you and how they treat you. If you want to enjoy a romantic relationship, you need to do some digging. You will not have to dig too hard because the energy in 2020 brings openness.

The Bazi Chart on page 54 shows where your Day Master and Day Branch are located.

## Heavenly support

Now that we have identified those who will potentially find romance, we want to know whether this new love has the support of the universe. This is where the auspicious stars come in.

So, will the path to true love be smooth? If you have the Rooster or Rabbit in your Month and Year Branches, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If either one of the zodiac signs, Rooster or Rabbit, appears on the Year Branch then you should socialize more! Go out, travel, be adventurous and make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do? Maybe you should seek help from the 六合 Harmony Deity. If you are still single and have not met anyone yet, you can seek the guidance of the 六合 Harmony Deity using the 法奇門 Fa Qi Men technique. On 4<sup>th</sup> February 2020 at 01:30, take some quiet time to sit facing West. Calmly ask the Universe for guidance about your special someone. Lastly, you can seek the advice of a person who has a Rabbit in his or her chart.

## **2020 Recognizing love**

The external forces can be confusing as the energy brings many choices this year. Finding the right relationship in 2020 will be tricky if you do not know what you are looking for. Falling in love will be easy but a lot of factors are needed to make the relationship work.

You can choose to stay single for another year and have fun if romance luck does not shine on you. Check out the December 2016 issue to discover the rewards of staying single. For those who hope for this exciting romance to last, here is some advice.

### **Put your feelings to the test!**

When you meet a potential new love interest, you will find him or her attractive and interesting. Don't trust your first responses and first impressions. Get to know the person. If the person doesn't seem interested, continue to persist if you feel that there is something oddly good about this person. Be open-minded! Even if you do not gain a romantic partner, you will still gain a good friend.

### **There must be more than physical attraction**

Most new relationships begin with some kind of physical attraction. People who find fulfilling relationships are more than just physically attracted to their love partner. There is that something that intrigues them. It can be the way he or she listens intently to others, the natural thoughtfulness he or she shows to others or simply the way he or she laughs.

### **Do you have a lot to talk about?**

While basic financial stability is important, looks, money and position become insignificant as time passes. If you can't click with that person, it's not going to be a good match. When you cannot be yourself and cannot get along well, it will be hard to talk to your partner, cry on his shoulder or support and understand each other.

### **Synergy**

Synergy means that the couple not only clicks, but bring out the better side of each other. They achieve more by doing things together. While communication is important, a couple with good synergy sometimes do not need to communicate with words. They will be able play each others' favourite songs, say the same things at the same time, making the same decisions or share the same financial and life goals.

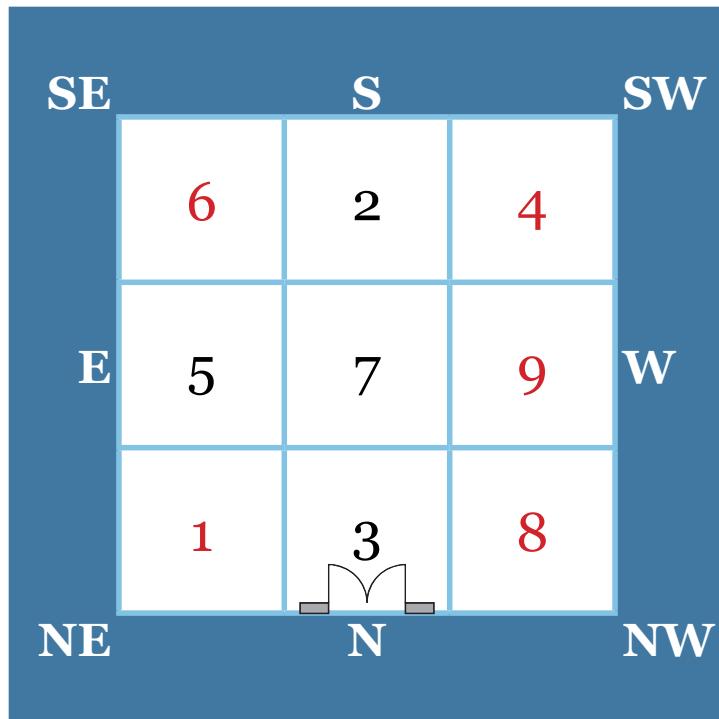

Love can take off from anywhere. Be brave and take a chance! If things do not work out you can always try again next year. Live life with no regrets.

# FLYING STAR INFLUENCES ON EIGHT TYPES OF HOUSES IN 2020

The following is an overview of the impact of the Flying Stars on houses based on the location of the front doors.

## Main Door in the North Sector

### Overview

The No.3 Jade Star resides in the North sector triggering aggressiveness, stubbornness and competitive behaviour in the occupants of this house. Occupants will have a tendency to fight first and talk later. The star indicates legal lawsuits, office politics and conflict. The Grand Duke resides at North 2, coinciding with the negative No.3 Jade Star creating a double-whammy in the North sector.

Negative features such as pylons, lamp posts, forked roads, water features or sharp features facing the main door at the North sector will worsen the negative influence. However, the influence of No.3 Jade Star is manageable. All you need is a little patience, be mindful about how you voice out your

opinions and be diplomatic.

On a positive note, if the outdoor area of this sector features a bright hall or mountains, the influence of the No.3 Jade Star will help shy people to speak up and have their opinions and ideas heard. It also helps people who are being bullied to stand up against bullies.

### People Affected

People born in the year of the Rat or the Tiger living in such a house will be easily provoked into a fight, dispute or argument, whereas those born in the year of the Snake, Horse or Monkey will cower away from bullies. ## CORE CHARACTERISTICS

### (己 YIN EARTH DAY MASTER)

**T**here are altogether Ten Gods arising from the two different polarities (Yin and Yang) of the Five Elements' interaction with the Day Master. Each of these Five Elements supports, destroys, controls, or exhausts one another. In the previous issues, we have shown the characteristics of the Ten Gods. Moving forward, we will be exploring how we can derive the core character of a person, or the structure of the Bazi Chart, based on the interaction between the Earthly Branch Element of the Month Pillar with the Day Master.

In this issue's Bazi 101, we want to explore the core characters of the Yin Earth (己 *Ji*) Day Masters born in different months. The core characters of these Yin Earth Day Masters are derived from the element in the Earthly Branch of the Month Pillar (refer to Table 1 below). There are altogether twelve Earthly Branches representing twelve months. Each Earthly Branch usually contains one to three Elements known as the Hidden Stems. The Hidden Stem represents the

main Qi and sub-Qi of each Earthly Branch (refer to Table: The Seasons and the Earthly Branches on page 133 to find out more about the Elements inside each of the Earthly Branches).

When the sub-Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this sub-Qi. The person's core character is represented by the Ten Gods of this sub-Qi.

When the main Qi of the Month Branch appears on the Heavenly Stem, then the structure of the Bazi Chart is formed by this main Qi. The person's core character is represented by the Ten Gods of this main Qi.

If there is no main Qi or sub-Qi of the Month Branch appearing on the Heavenly Stem, then the structure of the Bazi Chart follows the main Qi. The person's core character is represented by the Ten Gods of this main Qi.
