Navigating out of the COVID-19 Storm

Which boat are you in now?

We are all in the same storm, but we are not riding the same boat. If we want to navigate out of this COVID-19 storm, we must first understand what position we are in now.

So, which boat are you in now?

Everyone's situation can quickly be summarized into one of these three categories:

Thriving: You are fully aware of the impact of COVID-19 and have made all the preparations to deal with the changes arising from this pandemic. You have fully adjusted to the new norm and your life runs smoothly.

Surviving: You are aware of the impact of COVID-19. You are actively making adjustments, rebooting your plans, and experimenting with new options to realign with your goals.

Struggling: Struggling means that you are now still clueless about the pandemic's negative impact. Or you are either disbelieving, fearful or panicking. You don't know what to do. You may have been misguided into believing that the pandemic is a hoax.

If you do not know which boat you are in, you are likely in the struggling position because you are oblivious to what is happening around you.

However, some people may be in the survival position because they got lucky and went with the right flow. It will be hard to find a lucky person who is thriving in this storm but is oblivious to what is happening.

Check out the Five Elements in your Bazi Natal Chart to find out if the energies of the Year of the Metal Ox will help you to navigate out of this storm. Every year, different people will excel differently. The Five Elements will also show you how well you can fare in 2021.

Table: Five Element Energy Flow in 2021

Thriving 1 Water Your energy goes with the flow in 2021. Things will work out smoothly for you.

Surviving 2 Earth You have the capability to make things happen.

3 Fire You tend to run into wealth opportunities

4 Wood Noblemen will offer help, mentorship and advice.

Struggling 5 Metal You need to be the giver despite being at a disadvantage. You also tend to get distracted, confused and will panic easily.

The Water, Earth and Fire Elements are the best energy to have in your Natal Chart especially in the current 10-Year Luck Cycle, Year and Month Pillar. This is because these three Pillars in your Natal Chart represents the external forces. Having these auspicious elements in these Pillars means that you will easily find new opportunities. Things will run smoothly for you. You will have better options, make better decisions and have enough of everything that you want.

If your Natal Chart comprises mainly of Metal and Wood Elements, your energy is not in sync with the Metal Ox energy. Look for a Nobleman to help you navigate out of this storm (refer to page 8).

Do you need to change your career and move into another industry?

Every year some industries or businesses will do better than others due to the influence of the Five Elements. If you are not in dying industries such as traditional advertisement signage businesses, DVD, game and video rental businesses, records, CD and cassette tape industry, data recovery services or oil and gas, you do not really need to make a career jump. You just need to manoeuvre the Five Elements to benefit you. For example, you can look for customers among people in the industries that are doing well. You can add knowledge or skills that are related to the auspicious element of the year and apply it to your work. You can look at ideas and strategies from businesses, companies and industries that are doing well and adjust and apply it to your work.

Navigating out of the COVID-19 Storm

Who is my Noble people in 2021?

1. In 2021, the zodiac that have the capability and willing to help others are the **Monkey** and **Rooster** signs.
2. Besides these two signs you can look for your permanent Nobleman in your Bazi Natal Chart (refer the following tables).

Table: Nobleman based on your Yang Day Master

日主 Day Master	甲 Yang Wood	丙 Yang Fire	戊 Yang Earth	庚 Yang Metal	壬 Yang Water
天乙贵 Nobleman Sign	丑 Ox	酉 Rooster	丑 Ox	丑 Ox	卯 Rabbit
	未 Goat	亥 Pig	未 Goat	未 Goat	巳 Snake

Table: Nobleman based on your Yin Day Master

日主 Day Master	乙 Yin Wood	丁 Yin Fire	己 Yin Earth	辛 Yin Metal	癸 Yin Water
天乙贵 Nobleman Sign	申 Monkey	酉 Rooster	申 Monkey	寅 Tiger	卯 Rabbit
	子 Rat	亥 Pig	子 Rat	午 Horse	巳 Snake

What Nobleman mean?

Noble people are people who unlock your potential, inspire you, connect the dots for you, help you resolve problems or play an important role in your future progress or prospects. People get confused about Noble people as they think that Noble people must be nice, powerful, and helpful. Well, that is ideal. However, Noble people can be nasty to you or not highly intelligent. However, their actions or their presence will inspire you or prompt you to do something important that is beneficial to you.

Noble Timing

Your Nobleman Star is not necessarily a person. Sometimes it is timing. For example, if you are a Yang Wood Day Master, you will find a solution to one of your problems in January or July. Or the Yang Wood Day Master person may get inspired by a movie he watched on an Ox Day.

Do you really need to know your Nobleman?

Well, it is good if you have a friend who has your Nobleman Star. It is also great if your boss is also your Nobleman.

However, it is not necessary to go out and network to find a good mentor. Introverted people will find it hard to socialize all the time. Here is what you can do if you are an introvert and find it hard to socialize and make friends:

1. Timing.

You can actually do important things in the hour, day or month where your Nobleman sign appears. For example, jot down ideas during your Nobleman hour. Read something inspirational on the day that contains your Nobleman sign. You can refer to the Bazichic eTongshu to find your Nobleman day. You can also refer to the Reference Table: The Seasons and the Earthly Branches on page 101 to find the month that contains your Nobleman sign. The Table below shows the Zodiacs that represent the times of the day.

Table: Zodiac signs and Time

Hour	Zodiac
11pm – 12.59am	子 Rat
1am – 2.59am	丑 Ox
3am – 4.59am	寅 Tiger
5am – 6.59am	卯 Rabbit
7am -8.59am	辰 Dragon
9am – 10.59am	巳 Snake

Hour	Zodiac
11am – 12.59pm	午 Horse
1pm – 2.59pm	未 Goat
3pm – 4.59pm	申 Monkey
5pm – 6.59pm	酉 Rooster
7pm -8.59pm	戌 Dog
9pm – 10.59pm	亥 Pig

2. Find Inspiration in People.

Google the birthdays of successful, happy, rich and famous people to see who has your Nobleman sign in their natal chart. They can be famous actors, internet celebrities, authors or successful businessmen. Read their biographies. If your chosen celebrity Nobleman is an actor, watch his or her movie. Learn their strategies and try to apply it to your life, career or business.

3. Attend a Conference or Retreat.

Some famous coaches have their birth dates available online such as on Wikipedia. Google them, and see if they have your Nobleman sign. It is usually more effective to learn from coaches whose *Bazi Charts* contain your Nobleman sign. Alternatively, you can go for seminars or retreats on your Nobleman day or in your Nobleman month.

4. Connect with Nature.

Take a walk in nature or a park located in the direction of your Nobleman sign. If the situation allows, travel to a location in the direction of your Nobleman sign (refer to the table below).

Table: Zodiac Direction or Sector

Zodiac	Direction or Sector
午 Horse	South 2
未 Goat	Southwest 1
申 Monkey	Southwest 3
酉 Rooster	West 2
戌 Dog	Northwest 1
亥 Pig	Northwest 3
子 Rat	North 2
丑 Ox	Northeast 1
寅 Tiger	Northeast 3
卯 Rabbit	East 2
辰 Dragon	Southeast 1
巳 Snake	Southeast 3

5. Follow your Competitor.

If you learn that your competitors have your Nobleman sign, compete harder against them. Learn from their success and mistakes. You will learn faster this way. Competition breeds inspiration. It inspires you to get to the next level. If all else fails, join them.

Navigating out of the COVID-19 Storm

The COVID-19 storm has affected everyone, either physically, emotionally, or mentally. Some people benefited from this storm while others are affected negatively. To shift out of this storm, we need to increase our capacity and optimize our lives.

Even if we are not going through challenging times, we can still say to ourselves “One year from now, I don’t want to be the same person I am today. I want to grow. And become better every day.”

So, what are the areas in life that can be optimized?

Here are 10 areas in life that you want to consider improving and maximizing:

1. Energy

Are you feeling energized every day? Do you wake-up immediately or hit snooze on your alarm clock? Anytime you hit snooze, it’s a negative reaction. Giving yourself time in the morning to put yourself in an optimal physical and mental state is an important step towards thriving. Feeling recharged and energized will motivate you to work towards your goals and make your dreams a reality.

Tap into the White Tiger Deity to optimize your energy levels.

2. Mindset

Success very much depends on whether one can seize opportunities in life. It does not happen by itself. It is important to first prepare your mind. Preparing your mind means increasing your knowledge and having a plan and a vision in your target niche so that you are ready to tap into the opportunities as they come. You will not let the negativity around you affect you or stop you from going for what you want.

Tap into the Nine Heaven Deity to cultivate a healthy mindset.

3. Time

Just one hour a day can make a difference over time. Making changes in life can be overwhelming, especially if you want to do everything at once. The good news is that many of these areas overlap, and even small changes can compound over time. Take one hour a day and devote it to improvements in areas such as career, relationship or health.

Tap into the Envoy to optimize your time.

4. Money

Money is important whether we like it or not. People like to equate money with the root of all evil, but this only happens when one becomes greedy. The lack of money can be the root of a lot of problems. Heavy debt can stop a person's progress in life and bankrupt a company or a country. Financial carelessness can become a red flag in relationships.

Tap into the Life Door to optimize your wealth.

5. Skills

A skill set is a combination of knowledge, abilities and experiences that you can apply to perform tasks well. There are two types of skills - soft skills and technical skills. Soft skills refer to interpersonal skills, organization, teamwork and leadership. Technical skills refer to research, computer programming or accounting. Spending time to improve your skills can help you to achieve personal career goals.

Tap into the Great Moon Deity to optimize your skills.

6. Exposure

To encounter as many potential opportunities as possible, you need to be active and visible.

Tap into the Open Door to optimize your exposure.

7. Network

The purpose of networking is not only to find Noble people to support you. Networking also means that you should take on the role of a Nobleman. Networking gives you the opportunity to help others, and in doing so help to keep you in their minds. When they face problems related to your niche, they will remember you. This way you become your own channel of opportunities.

Tap into the Six Harmony to optimize your network.

8. Resources

Resources are simply the things that we use to achieve our goals. Most of us don't spend time to figure out how to maximize the resources we have. If resources are maximized properly, it will ensure steady growth in your career, company or life.

Tap into the Death Door to optimize your resources.

9. Health

Health is wealth. Unlike robots, we cannot run continuously. Good health is the beginning of everything else. We need to take good care of ourselves.

Tap into the Rest Door to optimize your health.

10. Spiritual Health

Most people have a sense of spirituality even if they are not religious. Spirituality helps one to reflect, feel gratitude, and gain clarity on one's direction in life. A healthy spiritual mind brings a sense of peace, control, and joy.

Tap into the Surging Snake Deity to optimize your spiritual health.

You can refer to one of the following types of Qi Men Charts to find out the location of the Deities, Stars or Doors mentioned above:

1. Qi Men Destiny Chart
2. Qi Men Month Chart

In every issue, BaziChic publishes the Qi Men Month Chart on page 50. By carrying out each activity at the corresponding location, you will tap into the energy of the universe. Your efforts will be 10 times more effective. It will help you optimize the areas where you want to see immediate improvements.

Resolving Problems

COVID-19 became a catalyst for many of the problems we faced recently. The pandemic pushed many to make changes in their business activities and their daily lives. Every problem has a solution. You just need to discover what it is. We can simplify the solution for most of problems into the following categories:

Monetary

Financial concerns and problems are always present. While the breakout of COVID-19 has directly impacted many people's and businesses' earnings, the pandemic only served to magnify many existing financial problems. The current financial struggle can be due to a lack of good financial habits, over expansion or lack of foresight.

Activating the West 2 sector on an auspicious date (refer to the Good Dates Planner section on page 38) can resolve some of your daily cash flow issues but it may not be able to resolve your core problems. For example, 11:30, 16 March 2021 is an auspicious time to activate the West 2 sector.

To identify the root of the financial problems, sit in the Open Door sector (refer to the Monthly Universal Qi Map on page 48) on a Danger Day (refer to the Good Dates Planner section on page 38) to reflect on your finances. For example, on 15 March 2021 or 27 March 2021, sit in the West sector of your home. Identify the reason for your financial troubles and find ways to resolve them.

Time Factor

Some problems are due to time factors, for example, delays caused by a third party. To resolve this problem, you need to be patient and secure the cooperation of the third party. The Heavenly Horse Star and Sky Horse Star can hasten matters. The Heavenly Horse Star is present on a Dragon day and the Sky Horse Star is present on a Pig Day in 2021. On these

days, you can contact the relevant person to ask them to speed up their work.

Action

Some problems can only be resolved by taking action. This action ranges from explaining certain processes to a customer, replacing a product, renegotiating an agreement or reapplying for a license. The best day to do this is on an Open Day, Duke Virtue Day or Dragon Virtue Day (refer to the Good Dates Planner section on page 38). The Duke Virtue Day falls on a Xin Day and the Dragon Virtue Day falls on Monkey Day in 2021. For example, the Open Day falls on 6 March, 18 March and 30 March. Dragon Virtue Day falls on 25 March. Beware - the Duke Virtue Day is not usable in March.

Skills

Some problems can be resolved by acquiring new skills. It is good to start learning a new skill on a day graced by Academic Stars such as the Bright Hall, Study Hall and Intelligent Stars. It makes learning a lot easier. These stars fall on the Pig Day and Rat Day in 2021. For example, 16 March is a Pig Day.

Resources

Some problems can be resolved using certain resources such as money, materials, human capital, specialised skills or assets. For example, the COVID-19 is accelerating the rise of the digital economy. Businesses going digital need employees with specialized IT knowledge. To find the right people or resources, activate the Nobleman sector in the South 1 sector (refer to the Good Dates Planner section on page 38).

New Strategy

Confucius said, "When it is obvious that the goals cannot be reached, don't adjust the goals, adjust the next action taken." People can confuse setting a goal with having a strategy. A goal is a target you want to hit, while a strategy comprises the plan of action to achieve it. For example, if you are going to move upmarket and serve a higher-end client, you may need to develop leads through a different channel, change your packaging and improve your customer service. You may also need to change your strategy when there are changes in technology, regulations, and demand. The auspicious day to review your strategy or come up with a new strategy is on a Danger Day (refer to the Good Dates Planner section on page 38).

Full Moons in 2021

The table below lists down all the occurrences of full moons in 2021, together with the auspicious times and directions to make wishes. You can make a wish with your back facing the auspicious direction, at the time indicated on the table. It is recommended to only make one wish per day.

The Earth Mother Scripture 地母经 (De mu jīng)

The Earth Mother Scripture is a *Tong Shu* believed to be written by the Yellow Emperor. It is a record of Sixty Pillars (or years), predicting events or natural disasters related to farming, livestock, the economy, fishing, silkworm cultivation, livestock breeding, pests, and diseases. It was a yearly guide for commoners who were mostly farmers. The real origin of this scripture is unknown. Research indicates that the scripture was likely a compilation of works by scholars and literate farmers who recorded the agricultural conditions and natural disasters of ancient China over a period time for the prevention of plagues and disasters. The Earth Mother Scripture is written in plain language, not fancy words.

The Earth Mother Scripture is not well-known in Chinese Metaphysics studies. It only came to the attention of *Feng Shui* enthusiasts during the current COVID-19 pandemic. This is because a poem in this classical scripture recorded events similar to those in 2020. The following is the entry in the Earth Mother Scripture for the Metal Rat Pillar with a simple translation in English.

Earth Mother Scripture Entry for the Year of the Metal Rat:

太岁庚子年，人民多暴卒。	In the year of Grand Duke Metal Rat, many unexpected demises.
春夏水淹流，秋冬频饥渴。	Floods during the spring and summer, famine during autumn and winter.
高田犹及半，晚稻无可割。	Crops will be decreased by half, nothing to be harvested later in the year.
秦淮足流荡，吴楚多劫夺。	Insecurity at the foot of Qinhuai River, many robberies between the Wu and Chu land.
桑叶须后贱，蚕娘情不悦。	Mulberry leaves lose value, the silkworm will starve.
见蚕不见丝，徒劳用心切。	Seeing the silkworm without silk, production will be futile.
Prediction:	
鼠耗出头年，高低多偏颇。	At the start of the Year of the Metal Rat, the gap increases between those with status and the commoner.
更看三冬里，山头起墓田。	In three winters, more graveyards will be seen in the hills.

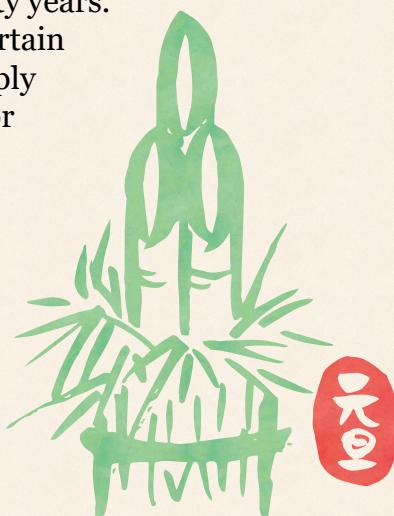

How did the events in the Earth Mother Script line up with events in 2020?

Events predicted in the Earth Mother Scripture	Events in 2020
In the Year of the Metal Rat, there will be many violent and unexpected deaths.	Yes, the pandemic has caused many deaths and rioting. Violent deaths also occurred in some countries.
There will be floods in the spring and summer which causes famine later in the year.	There were floods in China and many other countries such as Indonesia, India and Vietnam which caused havoc for people in these countries. Crises of famine occurred in Africa and the Middle East due to the pandemic and not the flood.
At the Qinhua River between Wu and Chu land along the Yangtze river, homeless people wander and robberies aplenty.	People were displaced due to the pandemic and floods. Peaceful protests turned into rioting and looting.
Silkworm, which was the important industry during that period, will be affected badly. The mulberry leaves are food for the silkworm. The mulberry tree flourishes only in dry soil. It needs little watering. The floods will destroy the nutrition in the mulberry trees, and silkworms will not produce silk eating these leaves.	Many industries and businesses were halted due to lock-downs implemented to control the pandemic. Many people were laid-off and businesses were shut down.
The gap and treatment between the poor and the rich, commoners and those with high status will grow wider. This situation will last for three winters, and the number of deaths will increase.	Certain people or businesses grew richer due to this crisis. The poor became poorer. Some rich people also suffered losses in their businesses. Biased treatment between ordinary people and ministers can be seen in countries with corrupted governments.

The accuracy of this classical scripture is limited to Sixty Pillars where each Pillar represents a year in a sixty-year cycle. The cycle will repeat itself after sixty years.

The information in the record only considered events in certain states in ancient China. It is not entirely appropriate to apply this information to the events taking place in the world. For one, the records for certain Pillars or years may be inaccurate. The scripture also cannot accurately reflect the complex businesses and industries in this modern era. However, it is still a remarkable document and makes for fascinating study. It enables us to have a better idea of what could happen during the pandemic.

So, what did the Earth Mother Scripture have to say about the Year of the Metal Ox?

Earth Mother Scripture Entry for the Year of the Metal Ox:

太歲辛丑年， 疾病稍紛紛。	In the year of Grand Duke Metal Ox, diseases will appear on and off.
吳越桑麻好， 荊楚米麥臻。	In the Southern States of Wu and Yue mulberry and hemp grow, in the Jing Mountain in Chu, rice and wheat arrive.
春夏均甘雨， 秋冬得十分。	Adequate rain in the spring and summer, autumn and winter will gain ten times.
桑葉樹頭秀， 蠶姑自歡欣。	Mulberry leaves and stems grow, Silkworm maid rejoice.
人民漸蘇息， 六畜瘴逡巡。	People regain their vitality, domestic animals linger.
Prediction:	
辛丑牛爲首， 高低甚可憐。	At the start of the Year of the Metal Ox , both higher and lower class suffer.
人民留一半， 快活好桑田。	Half the people remain, happily caring for the mulberry fields.

Applying the predictions of the Earth Mother Scripture to 2021

Events predicted in the Earth Mother Scripture	Prediction for 2021
In the year of the Metal Ox, the spread of diseases is unstable.	The spread of Covid-19 appears to be unstable. Sometimes it appears to be under control while at other times confirmed cases continue to increase.
In the Southern States of Wu and Yue, farmers begin to plant mulberry and hemp trees. At the Jing Mountain in the State of Chu, seeds of rice and wheat arrive for planting.	It is a good year for the farming, poultry and plantation industries especially those located in countries in the South. People will begin to accumulate resources and make plans to start new businesses.
Weather is good for crops.	Good weather and no natural disasters.
Mulberry leaves and stems grow, silkworm maid rejoice.	Industries and business start to improve. People will regain a positive outlook.
People regain their vitality, domestic animals linger.	People start to gain confidence and have new hope. Domestic animals will suffer from a disease outbreak.
At the start of the Year of the Metal Ox, both higher and lower classes suffer.	At the start of the year, everyone will suffer.
Half the people remain, happily caring for the mulberry fields.	2021: Half of the people who survive the pandemic will see new hope and flourish.

CORE CHARACTERISTICS (SUPER VIBRANT STRUCTURE)

Some Bazi natal charts are heavily skewed towards one or two Elements out of the Five Elements. In Bazi studies, we called these Special Structures. There are four types of Special Structures in Bazi studies. In the old days, these four Special Structures were known as the Noble Charts. As it was believed that a person with this type of Special Structure will live a noble and successful life. Is this true? The premise that people with Special Structures will be noble and have a noble life is subject to debate these days.

In this issue's Bazi 101, we want to explore the Super Vibrant Structure. When one or two elements are skewed toward the Day Master, and the Bazi Chart has no element to control the extremely strong Day Master, then the Super Vibrant Structure is formed. The natal chart is born in a season full of the same elements or producing the Day Master. Based on the Five Elements, we can further classify the Super Vibrant Structure into:

1. Super Vibrant Wood Day Master

The Metal Element must not appear in the Super Vibrant Wood Day Master Bazi Chart. It is considered a normal Ten God Structure if a Metal Element appears in the Bazi Natal Chart. People with the Super Vibrant Wood Structure will also suffer more when going through the Metal Element luck cycle or Metal Element annual luck. The Super Vibrant Wood Structure is also known as the Longevity Structure. This is because the Wood Element represents long life.

2. Super Vibrant Fire Day Master

The Water Element must not appear in the Super Vibrant Fire Day Master Bazi Chart. It is considered a normal Ten God Structure if a Water Element appears in the Bazi Natal Chart. People with the Super Vibrant Fire Structure will also suffer more when going through a Water Element luck cycle or Water Element annual luck. The Super Vibrant Fire Structure is also known as the Blazing Structure. As the name implies, the Fire Element burns brightly and intensely.

3. Super Vibrant Earth Day Master

The Wood Element must not appear in the Super Vibrant Earth Day Master Bazi Chart. It is considered a normal Ten God Structure if a Wood Element appears in the Bazi Natal Chart. People with the Super Vibrant Earth Structure will also suffer more when going through a Wood Element luck cycle or Wood Element annual luck. The Super Vibrant Earth Structure is also known as the Sowing and Reaping Structure. The Super Vibrant Earth Structure represents the soil where plants grow.

4. Super Vibrant Metal Day Master

The Fire Element must not appear in the Super Vibrant Metal Day Master Bazi Chart. It is considered a normal Ten God Structure if a Fire Element appears in the Bazi Natal Chart. People with the Super Vibrant Metal Structure will also suffer more when going through the Fire Element luck cycle or Fire Element annual luck. The Super Vibrant Metal

Structure is also known as the Revolution Structure. The Metal Element is associated mostly with weapons such as axes, daggers and spears which were used for war. Hence, the Metal Element was seen as an element that can create change using force.

5. Super Vibrant Water Day Master

The Earth Element must not appear in the Super Vibrant Water Day Master Bazi Chart. It is considered a normal Ten God Structure if an Earth Element appears in the Bazi Natal Chart. People with the Super Vibrant Water Structure will also suffer more when going through the Earth Element luck cycle or Earth Element annual luck. The Super Vibrant Water Structure is also known as the Moisturizing Structure. As the name implies, the Water Element can be used to moisturize and nurture not only plants but all other living things.

Imagine an extreme version of a Thriving (Friends) or Goat Blade (Rob Wealth) person. This is the personality of the Super Vibrant Structure. Under such circumstances, we bring this type of Bazi chart back from the extremes by asking people with such charts to use the self and resource elements in their career and daily activities.

FACE READING: A FANTASY STORY WRITER

Are there distinctive facial features that indicate a good fantasy writer? Above is a photo of Joanne Rowling. You may know her by the pen name J. K. Rowling, and know of her Harry Potter fantasy series. What are the facial features that make her the fantasy author with the bestselling book series in history? Let's take a look.

Looking at Joanne Rowling, we see that she has an unusually high forehead. This indicates not only a good imagination and vision, but also a tendency to fantasize. However, a high forehead needs to be paired with a broad forehead. If her forehead is narrow, it can lead to unrealistic fantasizing and the inability to stay in touch with reality. Fortunately, Joanne Rowling has a broad forehead. A broad forehead indicates open-mindedness, creativity, innovation, the ability to connect the dots and a visionary mind. This balances out the unusually high forehead, indicating that she is open-minded

and creative as well as a visionary in her work. Generally, a high and broad forehead indicates a high intellect.

Having a good imagination is not enough. One must be able to take what is in the imagination and bring it to life in the real world. In the face, the eyes function to express emotion. The Tao of Manifesting

Matching the Qi Men Chart to our Wishes

In all our articles about Fa Qi Men, we have mentioned that to get your wishes fulfilled, one has to get into an “alpha state of mind”. We have also given tips and methods on how to get into this state. If we can best match the Qi Men Chart to what we wish for, the wish will be easier to fulfil.

So, how to best match the Qi Men Chart?

The Qi Men Chart is made up of the Stems, Doors, Stars and Deities. These four signs represent certain aspects of our wishes. If we can best match them to the activities, subjects or matters relating our wishes, fulfilling wishes will become easier.

In this issue, we look at what aspect of wishes the Doors represent.

Life Door

The direction of the Life Door best matches wishes that are related to financial matters, business, and property matters.

Death Door

The direction of the Death Door best matches wishes that are related to assets, intellectual property and the conclusion or ending of contracts, agreements or partnerships.

Open Door

The direction of the Open Door best matches wishes that are related to career, status, reputation, new opportunities, and winning awards.

Delusion Door

The direction of the Delusion Door best matches wishes that are related to studies, research and avoiding or hiding from something or someone.

Scenery Door

The direction of the Scenery Door best matches wishes that are related to fame, beauty, being attractive, mental health or positive emotions such as happiness.

Rest Door

The direction of the Rest Door best matches wishes that are related to relationships and physical health.

Harm Door

The direction of the Harm Door best matches wishes that involve certain risk elements.

Fear Door

The direction of the Fear Door best matches wishes that are related to defence, discipline or the overall well-being of a person.

In the next issue, we look at how to match the direction of the Stars to our wishes.
