羊 Goat

Year of Birth

1919 1931 1943 1955 1967 1979 1991 2003

Auspicious Stars

華蓋 Elegant Seal

攀鞍 Pommelled Saddle

Inauspicious Stars

太歲 Grand Duke

伏屍 Hidden Corpse

劍鋒 Sword Edge Star

Overview

The 太歲 Grand Duke resides in the Goat Zodiac this year. Those born in the year of the Goat are likely to have a less than satisfying year with obstacles and delays in plans. The presence of inauspicious stars such as 伏屍 Hidden Corpse and 劍鋒 Sword Edge Star indicates injury and loss of wealth.

The effect of 華蓋 Elegant Seal is further enhanced and extended by the 攀鞍 Pommelled Saddle Star. Both 華蓋 Elegant Seal and 攀鞍 Pommelled Saddle, on its own, are literacy stars. These stars bring positive effects for people who are in the creative arts, and those who are studying and sitting for exams. These stars bode well for people who are in the education line, researchers, writers and authors.

The presence of 太歲 Grand Duke with 華蓋 Elegant Seal and 攀鞍 Pommelled Saddle easily causes arrogance and pettiness in Goat people. Beware of being insensitive and take care of your interpersonal relationship with people.

Career and Wealth

Businessmen and employees are brimming with creative energy and ideas. However, Goat people may be unable to put their plans and creativity into practice. At times, there may be a sense of powerlessness and wasted energy and time due to the uncertainties caused by the presence of 太歲 Grand Duke.

Do not feel irritated or give-up easily. Listen to different views and ideas from friends and relatives. You are likely to find a better solution for your problem.

Employees will continue to enjoy steady income. For business people, wealth luck is rather unstable for the first half of the year and will only see improvement in the second half of the year. Windfall luck is poor for Goat people. Do not get involved in risky investments, speculation or gambling. Pay attention to the fine print in any contract and ensure that every deal is written in black and white to prevent other parties from taking advantage of the situation.

Relationship

It is inevitable that your relationships with people around you will be affected negatively with the presence of inauspicious stars. Petty people and issues will frequently cross your path in your work and personal relationships this year. With a little patience on your side and by staying neutral, this problem will dissipate naturally.

The year's Peach Blossom Star influences the Goat people negatively. It is unfavourable for single Goats to start a relationship or enter into marriage. Spend time to get to know a person before you decide to commit to a long-term relationship.

Married couples should stay loyal to their partners. Do not be enticed into an affair as this will be a big blow to your relationship.

Safety and Health

伏屍 Hidden Corpse and 劍鋒 Sword Edge Stars bring minor injuries, bloodshed and danger. 伏屍 Hidden Corpse star causes emotional turmoil and depression. Goat people born in 1979 and 1991 must take extra care of their safety. Mitigate the negative effect by donating blood and teeth scaling. Pregnant women should take good care of their health and emotions. Those working hard on their careers should take time for exercise and rest to avoid becoming overly stressed.

Special Tips

Although there is not much progress career-wise, Goat people should find time for personal development. 華蓋 Elegant Seal and 攀鞍 Pommelled Saddle bode well for further study. It helps people to learn faster. These two auspicious stars have greater positive effect on Fire Day Masters who are born in a Goat year or a Goat month.

A Goat on your Month Pillar indicates obstacles and delay in plans. However, do not give-up too easily. The 華蓋 Elegant Seal and 攀鞍 Pommelled Saddle are shining on you. This indicates that you have a great idea but need time to materialize it. Treat this time as a learning journey to improve the quality of your work.

Goat sign on the Day Pillar may mean that you will feel isolated and lonely. You are easily affected by your emotions. The best remedy is to go out and socialize more.

Goat sign on the Hour Pillar favours designers, writers and authors. Give your art your full attention.

猴 Monkey

2004

Auspicious Stars

天乙 Nobleman
紅鸞 Red Matchmaker
太陽 Sun

Inauspicious Stars

孤辰 Solitary
劫煞 Robbery Sha
晦氣 Bad Qi
天空 Sky Emptiness

Overview

Those born in the year of the Monkey will be having a prosperous and fortunate year. Strong auspicious 天乙 Nobleman and 太陽 Sun stars indicate plenty of assistance from noble people. This star brings good influence to Monkeys' work, as such they are likely to see their career progress to the next level. The 太陽 Sun star is especially beneficial for business people and employees working in the solar energy, telecommunication, IT, motivational teaching and metaphysics fields.

Monkey people are likely to experience a fulfilling year in all aspects of their lives.

Career and Wealth

Monkey people will see opportunities for further development in their career. They should be proactive in their work, expressing and demonstrating their talent. They are likely to get support from their colleagues and superiors. The year 2015 will see significant progress for Monkey people. Therefore they must seize the opportunities presented to them.

Monkey people are blessed with good fortune and good wealth acumen this year. Still you need to take care when investing or making deals. There is a possibility of loss of wealth.

Relationship

Relationships are rather uncertain and emotionally confusing for the Monkey people. While the auspicious star, 紅鸞 Red Matchmaker, indicates romance luck for singles, the 孤辰 Solitary star coupled with 晦氣 Bad Qi and 天空 Sky Emptiness, indicate that you are not in the right frame of mind or mood to pursue a romantic relationship. For the singles who meet interested people, be open and give yourself time to understand the other person

better.

Married couples should not let their solitary mood and often short-temper get the upper hand in their love life.

Safety and Health

劫煞 Robbery Sha indicates an accident prone period. You are easily injured due to unforeseen accidents. Take extra care while traveling away from home. Monkey people are not encouraged to attend sad events such as funerals, or visit hospitals. The 晦氣 Bad Qi and 天空 Sky Emptiness bring negative effects. These stars indicate low-immune system and an inclination to depression.

Special Tips

Monkey people will experience strong wealth luck. Business people who are Metal and Wood Day Masters will reap more benefit of 財星 Wealth Star. They will see an increase in sales and growth in income.

Monkey sign on the Month Branch indicates that there is a good chance of a promotion. It also signals an increase in income.

Inauspicious Stars

地煞 Earth Sha
喪門 Funeral Door
災煞 Calamity Sha
披頭 Pealing Head
地喪 Earth Funeral

Overview

Those born in the year of the Rooster need to be patient and stay calm in the year of the Wooden Goat. There are no auspicious stars in 2015 to smooth the path for the Roosters. Instead there is a constellation of inauspicious stars to deal with.

The presence of inauspicious stars such as 地煞 Earth Sha, 喪門 Funeral Door and 地喪 Earth Funeral is negative and indicate sad events. Pay extra attention to the health and safety of elderly family members.

Even if you face some setbacks, do not give up easily. You will find that the journey in 2015 will be a good experience on how to deal with tough times.

Career and Wealth

Roosters will experience little progress in their careers this year. You should fully focus on your work. Do not be opportunistic or seek outward recognition. It is not your time to shine and any recognition or attention will have an adverse effect. Use this period to pursue your intellectual development.

Although there are many obstacles and setbacks, wealth luck remains stable. Do not take unnecessary risk in investments this year. Play by the rules.

Relationship

The presence of 地煞 Earth Sha indicates that people are likely to create trouble by making mountains out of molehills. Be diplomatic at all times.

This is a good year for romance with the presence of 紅鸞 Red Matchmaker. Singles should socialize more as you have a high chance of meeting someone. Couples who are in a long-term relationship should consider marriage this year. 紅鸞 Red Matchmaker makes you a more likable person. You may improve on your people skills. Hence, the Rooster is extra beneficial to those who are in sales, marketing, customer service or public relations.

Safety and Health

災煞 Calamity Sha indicates accidents, mishaps and illness. Do take good care of yourself.

Special Tips

太陰 Moon
地解 Earth Relief

Inauspicious Stars

黃幡 Yellow Flag
貫索 Piercing Rope
羊刃 Goat Blade
勾絞 Hook
歲煞 Disaster Sha
天煞 Sky Sha
卒暴 Great Assembly

Overview

Those born in the year of the Dog enter into a punishment relationship with Grand Duke in 2015. The presence of many inauspicious stars indicates a rather unpleasant year that is filled with a heavy workload. At work, Dog sign people will easily annoy petty people who will cause much trouble. Luckily the presence of auspicious stars, 地解 Earth Relief, helps to mitigate some of these problems. Often 地解 Earth Relief indicates that you are in the right place where solutions are available, so you just have to ask for information and pay attention to your work or surrounding people.

太陰 Moon / Great Yin brings positivity to the Dog Zodiac. It indicates female noble helpers. If your business or work is related to products and services for the fairer sex, you can look forward to a stable year. Working with female colleagues and partners also bodes well for the Dog sign.

Career and Wealth

Dog Zodiacs will be subject to heavy work flow. You won't be getting any recognition this year. This doesn't mean that you are free to rest on your laurels. In all likelihood you will find yourself busy most of the time. It is most important to maintain a harmonious relationship with your superior and colleagues. Any disputes and argument should be resolved amicably. All those problems will only make a fleeting appearance as the 地解 Earth Relief will work in your favour and reverse any negative situations as long as you maintain a positive attitude.

2015 is an exciting year when it comes to growing your wealth. There is a danger of losing money through investment and irrational spending. Live within your means and good

financial planning will ensure stable income. Careful investment planning will ensure profitability toward the year end.

Relationship

Dog Zodiacs fare better in terms of relationships in 2015. Look forward to a colorful love life, especially for men. While you enjoy good relationships do not become too attached and greedy for the opposite sex. It will have an adverse effect and give you a bad reputation. While making new friends in 2015, be upright and stay away from people who are a bad influence or of bad character.

Safety and Health

Dog people are prone to mood swings. Health is rather weak this year, with those born in the winter months prone to urinary tract problems. Avoid cold and raw food as well as frozen drinks. April and August will be the worst months for health. If you feel any discomfort, immediately seek treatment. While driving, pay attention to personal safety and follow traffic rules.

Special Tips

Inauspicious stars such as 羊刃 Goat Blade and 卒暴 Great Assembly indicate possible car accidents. Be extra careful on the road.

Dog sign on the Month Branch indicates that you will be able to resolve your problems with the help of noble people. Be diplomatic while dealing with people. People tend to become petty where you are concerned.

Dog sign on the Day Branch may indicate a colourful love life. Do not get entangled in too many relationships as your positive romance luck can turn into Romance Sha.

If you have a Dog sign on the Hour Branch, be extra careful while driving. Avoid speculative investments.

Did you know...

The Dog zodiac is able to tap into the Moon Deity more effectively compared to other zodiac signs in 2015! Be sure to ask for knowledge and wisdom.

So how do the other inauspicious stars influence those born in the year of the Rat? 小耗 Lesser Consumer indicates that you will spend unnecessarily on small items. You may regret your purchases. So think twice before buying anything. 死符 Death Charm bring sudden illness especially to those who have always looked the picture of health.

牛 Ox

Auspicious Stars

月空 Month Emptiness

Inauspicious Stars

豹尾 Leopard Tail

歲破 Year Breaker

破碎 Broken Star

歲刑 Year Punishment

大耗 Great Consumer

的煞 Solid Killing

闌干 Lan Gan

Overview

Those born in the year of the Ox are going to experience mixed fortune. The Ox may be feeling overly ambitious. Whether this is positive or negative depends on the other zodiac signs on the Bazi Chart. The 月空 Month Emptiness brings with it the power of creative thinking and intuition. This is a star of dreams and transformation. However, given that this is the only auspicious star appearing for the Ox this year, you may want to aim for more realistic goals.

The presence of many inauspicious stars such as 歲刑 Year Punishment, 的煞 Solid Killing, 豹尾 Leopard Tail and 閂干 Lan Gan indicates that you may be faced with many obstacles this year. Similarly, wealth luck is unstable as it will be affected by the 歲破 Year Breaker and 大耗 Great Consumer. These stars indicate major loss of wealth. Thus it is better to take small baby steps towards your goal.

Career and Wealth

This is the year for you to execute your plans. If you are an employee, do not shy away from undertaking extra projects or going the extra mile. Business people can look forward to implementing their expansion plans. Although it is a good year to start, you may only see results a few years down the road. Any form of marketing will bring good results, but pay special attention to social media marketing.

In 2015, Ox people are affected by negative wealth stars which cause major loss of wealth. Business people need to be extra careful when undertaking risky new projects and keep a tight grip on their finances. Avoid being too greedy and taking unnecessary risk. Be cautious of get-rich-quick schemes which sound too good to be true. Avoid speculative

investments and gambling. Financially, you need to be prudent and practical.

Relationship

The 月空 Month Emptiness star is a star for personal and emotional healing. It will bring a sense of serenity, peace and self-confidence. With the emotional instability caused by 破碎 Broken Star which indicates break-ups, the appearance of 月空 Month Emptiness is a blessing. However, this star is not good for those in relationships as it brings about feelings of loneliness and isolation. It is better to reflect and look inward to gain insight about the type of relationship you want. Then, wait for a better year to start a fruitful relationship.

Safety and Health

There is a tendency to become overly stressed. Your mood will tend to veer toward the negative as a result of depressive thoughts due to pressure. To avoid a nervous breakdown and negative thinking, Ox people should talk to friends and family to release stress and find solutions to the problems that are stressing them out. Ox people should drive safely and pay attention to traffic rules as well as personal safety.

Special Tips

If you are born in the year of the Ox or have an Ox on the Hour Branch, and your house is sitting on the southwest or west, do be extra careful of the danger of accidents.

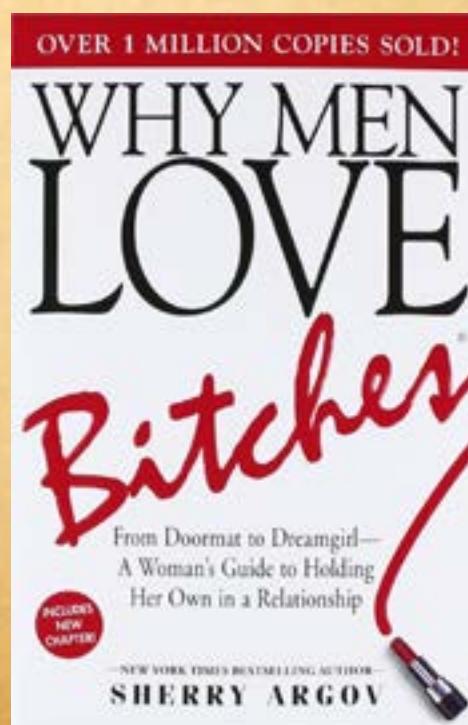

You need to put in more effort and have realistic expectations if the Ox is on your Month Branch.

Ox on the Day Branch indicates that this is the best time for emotional healing and reflection.

If you have a Ox on the Hour Branch, you may have a hotline to the universe. Your prayers may be answered. However, do make realistic requests.

HARNESSING THE YEAR'S POSITIVE ANNUAL STARS

It's time to check-in on the annual Feng Shui outlook again. In general, people have a tendency to focus on Feng Shui afflictions, forgetting that each year also comes with auspicious influences. This year, the concern about Feng Shui afflictions is valid due to the overlapping positive and negative Qi on several sectors. Read on to find out how to tap into these sectors without provoking negative energy such as Grand Duke, Three Killings

and Five Yellow.

The luopan diagram in the previous page shows the location of both positive and negative Feng Shui Auxiliary Stars in 2015.

Harnessing the Qi of the Auspicious Stars

Boosting your Immunity against the Annual Affliction

歲德神 Duke Virtue

If you are worried about annual afflictions stars like Grand Duke, Three Killings and Five Yellow, you want to not only avoid using the sectors but have a prevention plan in place. Duke Virtue helps cushion the impact of negative Qi, like taking Vitamin C to prevent a cough or cold. So if your home is sitting on a negatively affected sector, you can activate Duke Virtue to mitigate its effects.

Duke Virtue is located in West 1 in 2015.

However, the Duke Virtue location in West 1 coincides with the Five Yellow and Three Killings sectors in 2015. What to do now? You still can activate the Duke Virtue Sector in 2014 during the year end in December 2014 and January 2015 to give you some protection for the year ahead. Duke Virtue in 2014 is located in East 1.

Entering into the year of the Goat on 4 February 2015, you can activate Duke Virtue on a good date where it is a Geng Metal Day at other positive sectors. This is because every Geng Day in 2015 contains the Duke Virtue star. Thus you have the protection of Duke Virtue brought in by the Geng Metal day influence instead of Duke Virtue from locational influence.

歲德合神 Duke Virtue Combo

The Duke Virtue Combo has a similar effect to Duke Virtue, the difference being Duke Virtue is Yang in nature while Duke Virtue Combo is Yin in nature. Hence, Duke Virtue benefits and protects external matters such as career, travel and appointments while Duke Virtue Combo benefits internal matters such as relationships, family matters and marriage. Duke Virtue Combo can be found in the East 3 sector of your home.

Positive Bank Account Balances

歲祿神 Duke Reward

Wouldn't it be nice if your accounts are in surplus every year? This involves some discipline. To improve your discipline, you might want to check out the East 2 sector to ensure that the place is spacious and uncluttered as Duke Reward keeps your accounts in a state of surplus.

Clearing Obstruction

龍德星 Dragon Virtue Star

Sometimes, no matter how hard we work and how well we plan, things still go wrong anyway. It feels like people are out to get you. There are unexpected hiccups and delays. Activating the Dragon Virtue in Northeast 3 sector can help you clear away these blockages, enhance your wealth luck and boost your reputation.

Accidental Remedy

太陽 The Sun

You may be taking all precautionary measures against activating the Feng Shui Afflictions. However, accidental activation of negative sectors can still happen. Your neighbour may be drilling a hole on her wall which is where your Grand Duke is sitting. Or, there could be a pylon hovering outside this sector of your home, or your Duke Virtue sector is missing. Or you may have only gotten around to reading this article now, so you have not yet activated the Duke Virtue sector to activate immunity. Not to worry, you can still remedy this by activating The Sun at Southwest 3.

It is best to skip activating the Sun star this year as it coincides with the Robbery Sha. Not activating means not to do any renovation, groundbreaking, drilling and knocking on the wall. Don't even rearrange furniture in this sector.

You can still carry out your other activities in this area such as reading, chit chatting with family or office work to benefit from the influence of The Sun star.

Effective Communication

太陰 The Moon

Communication is important for everyone especially people in public relations, sales, marketing and customer service. The Moon Star not only improves your communication skills, but also resolves issues like mis-communication and the ability to talk to the right person. This year the Moon Star is located in Northwest 1 sector.

It is best to skip activating the Moon star this year as it coincides with the Annual Sha. Not activating means not to do any renovation, groundbreaking, drilling and knocking on the wall. Don't even rearrange furniture in this sector.

You can still carry out other activities in this area such as reading, chit chatting with family or office work to benefit from the influence of The Moon star.

You can activate the Moon Sector in 2014 during the year end in December 2014 and January 2015 to enjoy the benefit of the Moon star's influence. The Moon star in 2014 is located in West 2.

Leave a spacious space for Qi to flow from Northeast, North and Northwest in the year of the Goat which starts on 4 February 2015 to counter the negative Year Breaker and Annual Sha.

Happiness and Well-being

福德 Fortune Virtue

If you want good health, help from people as well as opportunities, Southeast 1 is the sector to activate. Fortune Virtue Star takes care of your general well-being. It is a star that brings happiness.

It is best to skip activating the Fortune Virtue star this year if your home has elderly members or sick people as it coincides with the Annual Flying Star 2. Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

To ensure that you can use this sector positively without the negative effect of the illness resulting from the Annual Flying Star 2 leave an open space between East and Southeast so positive Qi from the East sector can flow to Southeast sector.

You can still continue with your other activities in this area such as reading, chit chatting with family or office work to benefit from the influence of Fortune Virtue star.

Flip through to our calendar to find out when you should activate the stars in their designated sectors.

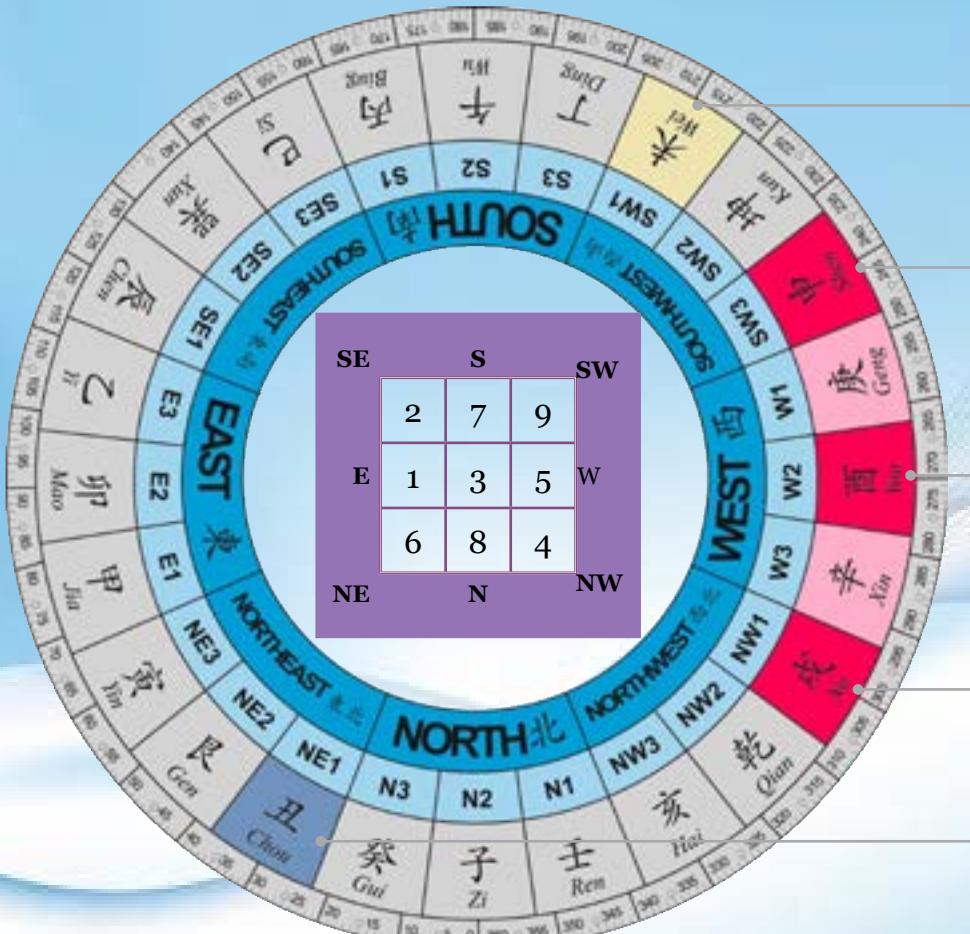

If you are new to Chinese Metaphysics and have only just taken an interest in Feng Shui, you may be wondering what is Feng Shui activation. How do I actually activate a sector? Refer to page 46 of the December 2013 issue and check out "How to do a Feng Shui Activation"

Did you know...?

Happiness can be found in the Southwest sector in 2015. The Southwest sector has very positive Qi in the month of March, April, May, September and December in the Goat year. You can continue with your activities such as family gathering, chit chatting and connecting with your loved ones, working or studying at Southwest sector. Just avoid renovations, groundbreaking, drilling and knocking on the wall.

AVOIDING THE FENG SHUI

AFFLICTED SECTORS IN 2015

To 'avoid' means not to carry out important activities like renovations, drilling or groundbreaking in the Feng Shui afflicted sector as it can bring unwanted repercussions such as loss of wealth, illness, accidents, disputes and arguments. In more serious cases it can indicate the death of a family member. You may also want to keep these afflicted locations quiet and conduct fewer activities there.

太歲 Grand Duke

In 2015, Grand Duke sets foot on the Southwest 1 sector of your home or office. You do not want to irritate the Grand Duke through renovation. The inauspicious star will give rise to accidents, injuries, unwanted mishaps and serious health problems. For business people it can potentially lead to loss of income and wealth.

五黃 Five Yellow

Five Yellow enters the West sector in 2015. The star is a harbinger of bad influences. Avoid any major work, renovation, drilling and even moving furniture in this sector. The best remedy is actually having an open vast spacious area in the West sector to counter the negative Qi.

三煞 Three Killings

In general the Three Killings is located in the West Sector this year. However to pin-point the exact location, Three Killings is actually located at Northwest 1, West 2 and Southwest 3. This is because Three Killings comprises three inauspicious stars, namely 歲煞 Annual Sha at Northwest 1, 災煞 Calamity Sha at West 2 and 劫煞 Robbery Sha at Southwest 3. As its name implies, Robbery Sha brings robbery, injury and loss of money, Calamity Sha causes accidents, mishaps and illness whilst the Annual Sha creates obstacles and setbacks. Some have poetically categorised the misfortunes into 3 types of losses, namely loss of wealth, loss of a loved one and loss of one's reputation. You want to leave this sector in peace and quiet. It is important not to undertake any major renovations or groundbreaking here.

It is best to skip activating the Moon star and Sun star this year as it coincides with the Annual Sha and Robbery Sha respectively.

歲破 Year Breaker

The Year Breaker is also known as the ‘wrath of Grand Duke’. It comes to the Northeast 1 sector this year. The repercussions of the Year Breaker can be greater than that of the Grand Duke. It is usually associated with loss of wealth. Steer clear of this area. Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

Annual Flying Star 2

The Annual Flying Star 2 brings the effect of illness to the occupants of a house. It comes to the Southeast sector this year. Steer clear of this area. Do not do any renovation, groundbreaking, drilling and knocking on the wall, or even rearrange furniture in this sector.

Sickness Charm

Sickness Charm resides at the South 2 sector in 2015. As the name implies, it has similar effect to that of the Annual Star 2.

Annual Flying Star 7

Annual Flying Star 7 is known as ‘Quarrelsome Star’. This star can cause problems such as assault, deceit, violence and robbery, high risk of burglary, deception, theft and back stabbing. This area is especially bad for writers, artist and students.

It comes to the South sector this year.

Design Your Life In 2015

Defining Success

People look at those with large homes with more bedrooms than inhabitants, six-figure incomes, luxury cars, new gadgets, and think, "these guys have it figured out. I want to be like them." All that superfluous stuff have come to mean success. After all, this is what they call 'Dream Big', isn't it?

However, truly successful people have a different view as to what success means. They see having fulfillment as an important factor of success. They do their best to live a life that is filled with passion and freedom, a life where they have opportunities to grow as individuals and contribute to other people in meaningful ways. Growth and contribution are the foundation to true happiness.

Therefore, we can safely say that success is equivalent to your state of fulfillment and failure is a state of dissatisfaction and of disappointment.

Success or dissatisfaction can occur in any part of your life - financial health, relationships and in your physical and mental health.

The Yin and Yang of Success/ Satisfaction/ Happiness

We can look at success or happiness or satisfaction from a Yin and Yang perspective. Unhappiness occurs when external yin and yang energy become unbalanced.

For example, when people reach a plateau they are in the Yin state. Dissatisfaction can take place when people feel stagnant but are unwilling to make changes to alter the situation. This is a Yin reaction in Yin state where energy is out of balance. Unhappiness also materializes when people are not ready for the changes that are happening around them, when they are forced to react to unexpected situations or events. People are unhappy when they are forced to react rather than act. When life gets a overwhelmingly

fast-paced and changes just keep coming, it is an imbalance caused by too much Yang energy.

To proactively seek happiness and fulfillment, there must be either energy coming out from you or energy going into you in the dynamic flow of the universe. This is internal energy. When you create something, it produces Yang energy. It can be a product or a service, or a contribution you make to others. In a relationship, when a person comes into your life it is Yang energy because from being single you create a relationship. When you learn something in your life in the form of academic studies or from life experiences, this is Yin energy. In a relationship, when a person walks away from your life it is Yin energy because you are now left only with the memory and experience of the relationship.

Therefore, the Universe is formed by the Yin and Yang concept where there is larger external energy encompassing the internal energy. This is why in the Yin and Yang symbol, there is a Yang within a Yin and a Yin within a Yang. Thus, nothing in this universe is really solid.

Designing your Life

There are two energy components that people need to address each year. One is the external dynamic energy which is represented by the Annual Pillar while the other is individuals' internal energy which can be read from his or her Bazi Chart.

In 2015, it is a Wood Goat year where the Pillar consists of Yin Wood sitting on a Yin Earth. This indicates that the external environment is in a Yin state. Whatever you are expecting, the result is going to come slowly or the progress of your plan is going to be slow going.

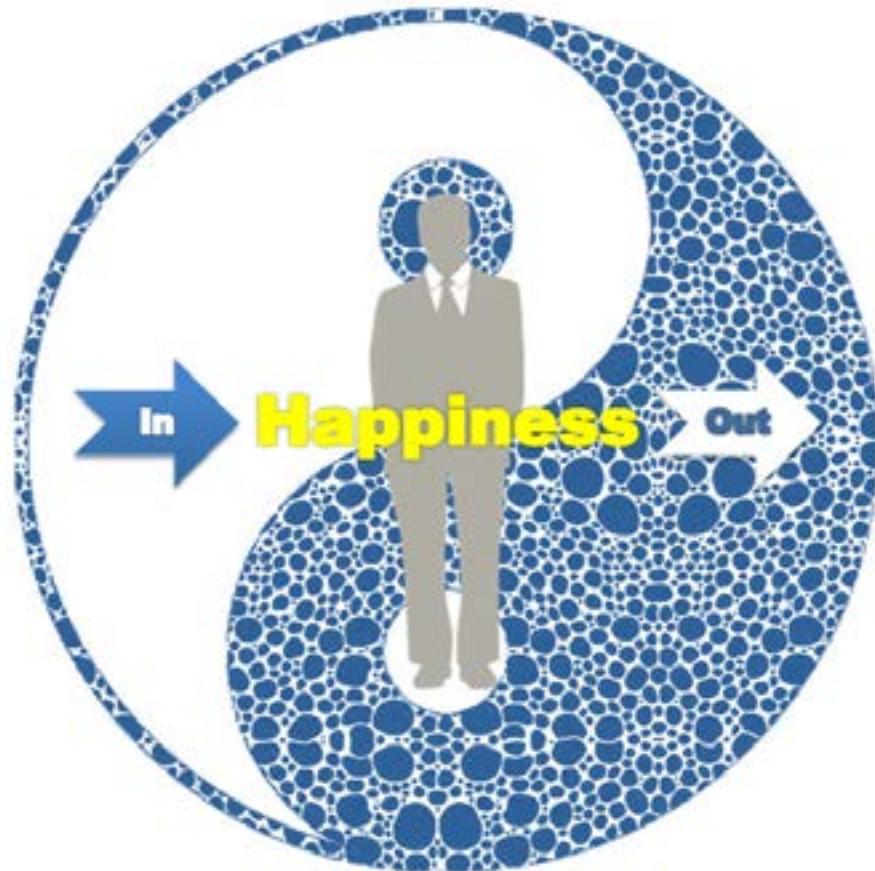

To synchronize with the slow and quiet energy of the environment, you have to swim with the tide by being active in small ways. We mentioned earlier, that to be happy or to strive for fulfillment there must be energy coming out from you or energy going into you. To smooth-out the impact or even hasten the flow energy of the Wood Goat year, you can come up with activities, ideas and contribution to others in smaller forms.

In your Bazi Chart, the Year Pillar is your door to the external world. The interaction of each year's energy with your Year Pillar will influence your feelings, perception and outlook for the year.

To proactively create your own happiness and a positive outlook for 2015 rather than passively allowing the energies of the year to affect you, here is what you can do based on the Five Elements that reside at the Year Pillar:

Actions Based on Elements on the Heavenly Stem

1. Wood (Your Year Stem is same element with the Annual Stem): Say in touch and connect with people.
2. Fire (the Annual Stem is producing the element of your Year Stem): Teach and lead people.

3. Earth (the Annual Stem is controlling the element of your Year Stem): Get organized.
4. Metal (Your Year Stem is controlling the element of the Annual Stem): Manage yourself, the environment or people.
5. Water (Your Year Stem is producing the element of the Annual Stem): Volunteer, be helpful and charitable to others.

Actions Based on Elements on the Earthly Branch

Similarly you can apply this in terms of your Year Branch vs the Annual Branch. This adds another layer of activities that you can do to make 2015 better. The Goat Year is an Earth Element;

1. Wood (your Year Branch, Rabbit or Tiger, is controlling the Annual Branch): Manage yourself, the environment or people.
2. Fire (your Year Branch producing the

- element of the Annual Branch, Snake or Horse): Volunteer, be helpful and charitable to others.
3. Earth (the Annual Branch is the same element of your Year Branch, Ox, Dragon, Goat and Dog): Say in touch and connect with people.
4. Metal (the Annual Branch, Monkey or Rooster, is producing the element of the Year Branch): Teach and lead people.
5. Water (the Annual Branch is controlling the element of the Year Branch, Pig and Rat): Get organized.

You can apply these 5 activities to your business, your personal life and your relationships. In many ways your relationship with people is part of your happiness. If you can relate the above activities to help people, you are already halfway to success.

MONEY GENERATING STRATEGIES IN 2015

You can see from the Bazi Chart below that 2015 contains all the Five Elements. As such, it represents a well-rounded environment that is filled with opportunities. How do these opportunities affect you financially?

Each of these Five Elements has a function every year:

- ↳ Wood Element represents wealth for the Wood Goat year. Wealth is equivalent to cash-flow.
- ↳ Earth Element represents profits or losses.
- ↳ Metal Element represents sales.
- ↳ Water Element represents assets.
- ↳ Fire Element represents will power for the year.

The Wood, Earth and Metal Elements are prominent in the year 2015. Hence, we know that people who have these three elements

in their Bazi Chart are able to tap into the influence of 2015 easily.

Wood Element represents wealth

When the Wood element is prominent in your Bazi Chart, this indicates that you have plenty of cash in 2015. It may not come from your earnings because you may not have the Earth element and the Metal element. The cash may be your savings or windfall money. For business people, it can be the cash from previous years' profits. For employees, it can be an increment or bonuses given by your bosses. Therefore, those who have prominent Wood element in the Bazi Charts, you should hunt for assets for resale. This is especially true for business people who have weak Water element. For employees, knowledge is your asset. Have you upgraded your knowledge? This may be the best year to do so. For individuals in general, you can consider a new investment to accumulate more assets for resale.

Earth Element represents profits or losses

When Earth element is prominent in your Bazi, you only have profit and may not have the cash yet. For business people, your sales are on credit and your customers have not paid you yet. When the Wood element in your Bazi Chart is weak or missing, you may run into cash-flow problems or even incur losses in 2015. For employees, your bosses may promise you a coming promotion, increment and bonus that does not materialize. Where business is concerned, you should set up a proper structure to collect debts owed by your customers or reduce the time frame of the credit facilities to improve your cashflow. As an employee, you should become a role model and take on more responsibility.

Metal Element represents sales

Sales come from the Metal element in 2015. With a prominent metal element in your Bazi Chart, you can be good at sales. Sales can turn into profit and cash later. You can use the techniques in the article, 'Design your Life in 2015'. If you have the Wood element on your Year Stem, your networking can bring you more sales. The best way to increase your sales is to give guidance or lessons on your products and services when a Fire element is found on the Year Stem. You may not have an asset for sale, but when you have the Earth element on the Year Stem, you can help others to sell their products and services and earn a commission. When you have Metal element on the Year Stem, you can manage a sales team or you can just find a few staff to help you sell your products. When Water element is found in the Year Stem, helping others to achieve their goal can lead to an increase in your sales. Seek out sources where you can link your sales with their products. Create a win-win situation.

Water Element represents assets

Water element represents assets in 2015. As a business owner, you need to find people to help you sell or dispose off this asset so that you can cash-in. When you have a Wood element in your Bazi Chart, the process is easier. As an employee, your time and knowledge is your assets. Make full use of your time and knowledge effectively should you find that your Wood or Metal elements are weak or if either one is missing.

Fire Element represents will power

Fire element is present but not prominent in 2015. It represents will power. Thus, for business people, it is the ability to execute business plans so that at the end of the day you can turn your inventory into profits and cash. There is no overstock of goods. For employees it is about how effectively you get a job done. Where the Fire element is prominent or strong in your Bazi Chart, you will find yourself working harder in 2015.

Look at this positively! The Fire element is the only element to make things work in 2015. It is like having the power to execute effectively. This is especially good for those who have the Horse, Rabbit and Tiger signs in their Bazi Charts. This is because each of these signs have the auspicious Authority Star with them - the Grand Duke Combination is in Horse, the General star is in the Rabbit and the Emperor and Dragon Virtue stars are in the Tiger. Use the information in 'Design your Life in 2015' to help you identify which areas you should focus your energy on to see good results.

Is the year 2015 a year conducive for romance and love?

The 2015 Bazi Chart shows a Peach Blossom star appearing at the Hour Pillar, with Sky Horse at the Day and Month Pillar followed by a Graveyard at the Year Pillar. These combinations are ingredients for inspiring love stories with relationships moving at light speed with lots of fun, childlike wonder and little seriousness. It can also be a recipe for disaster.

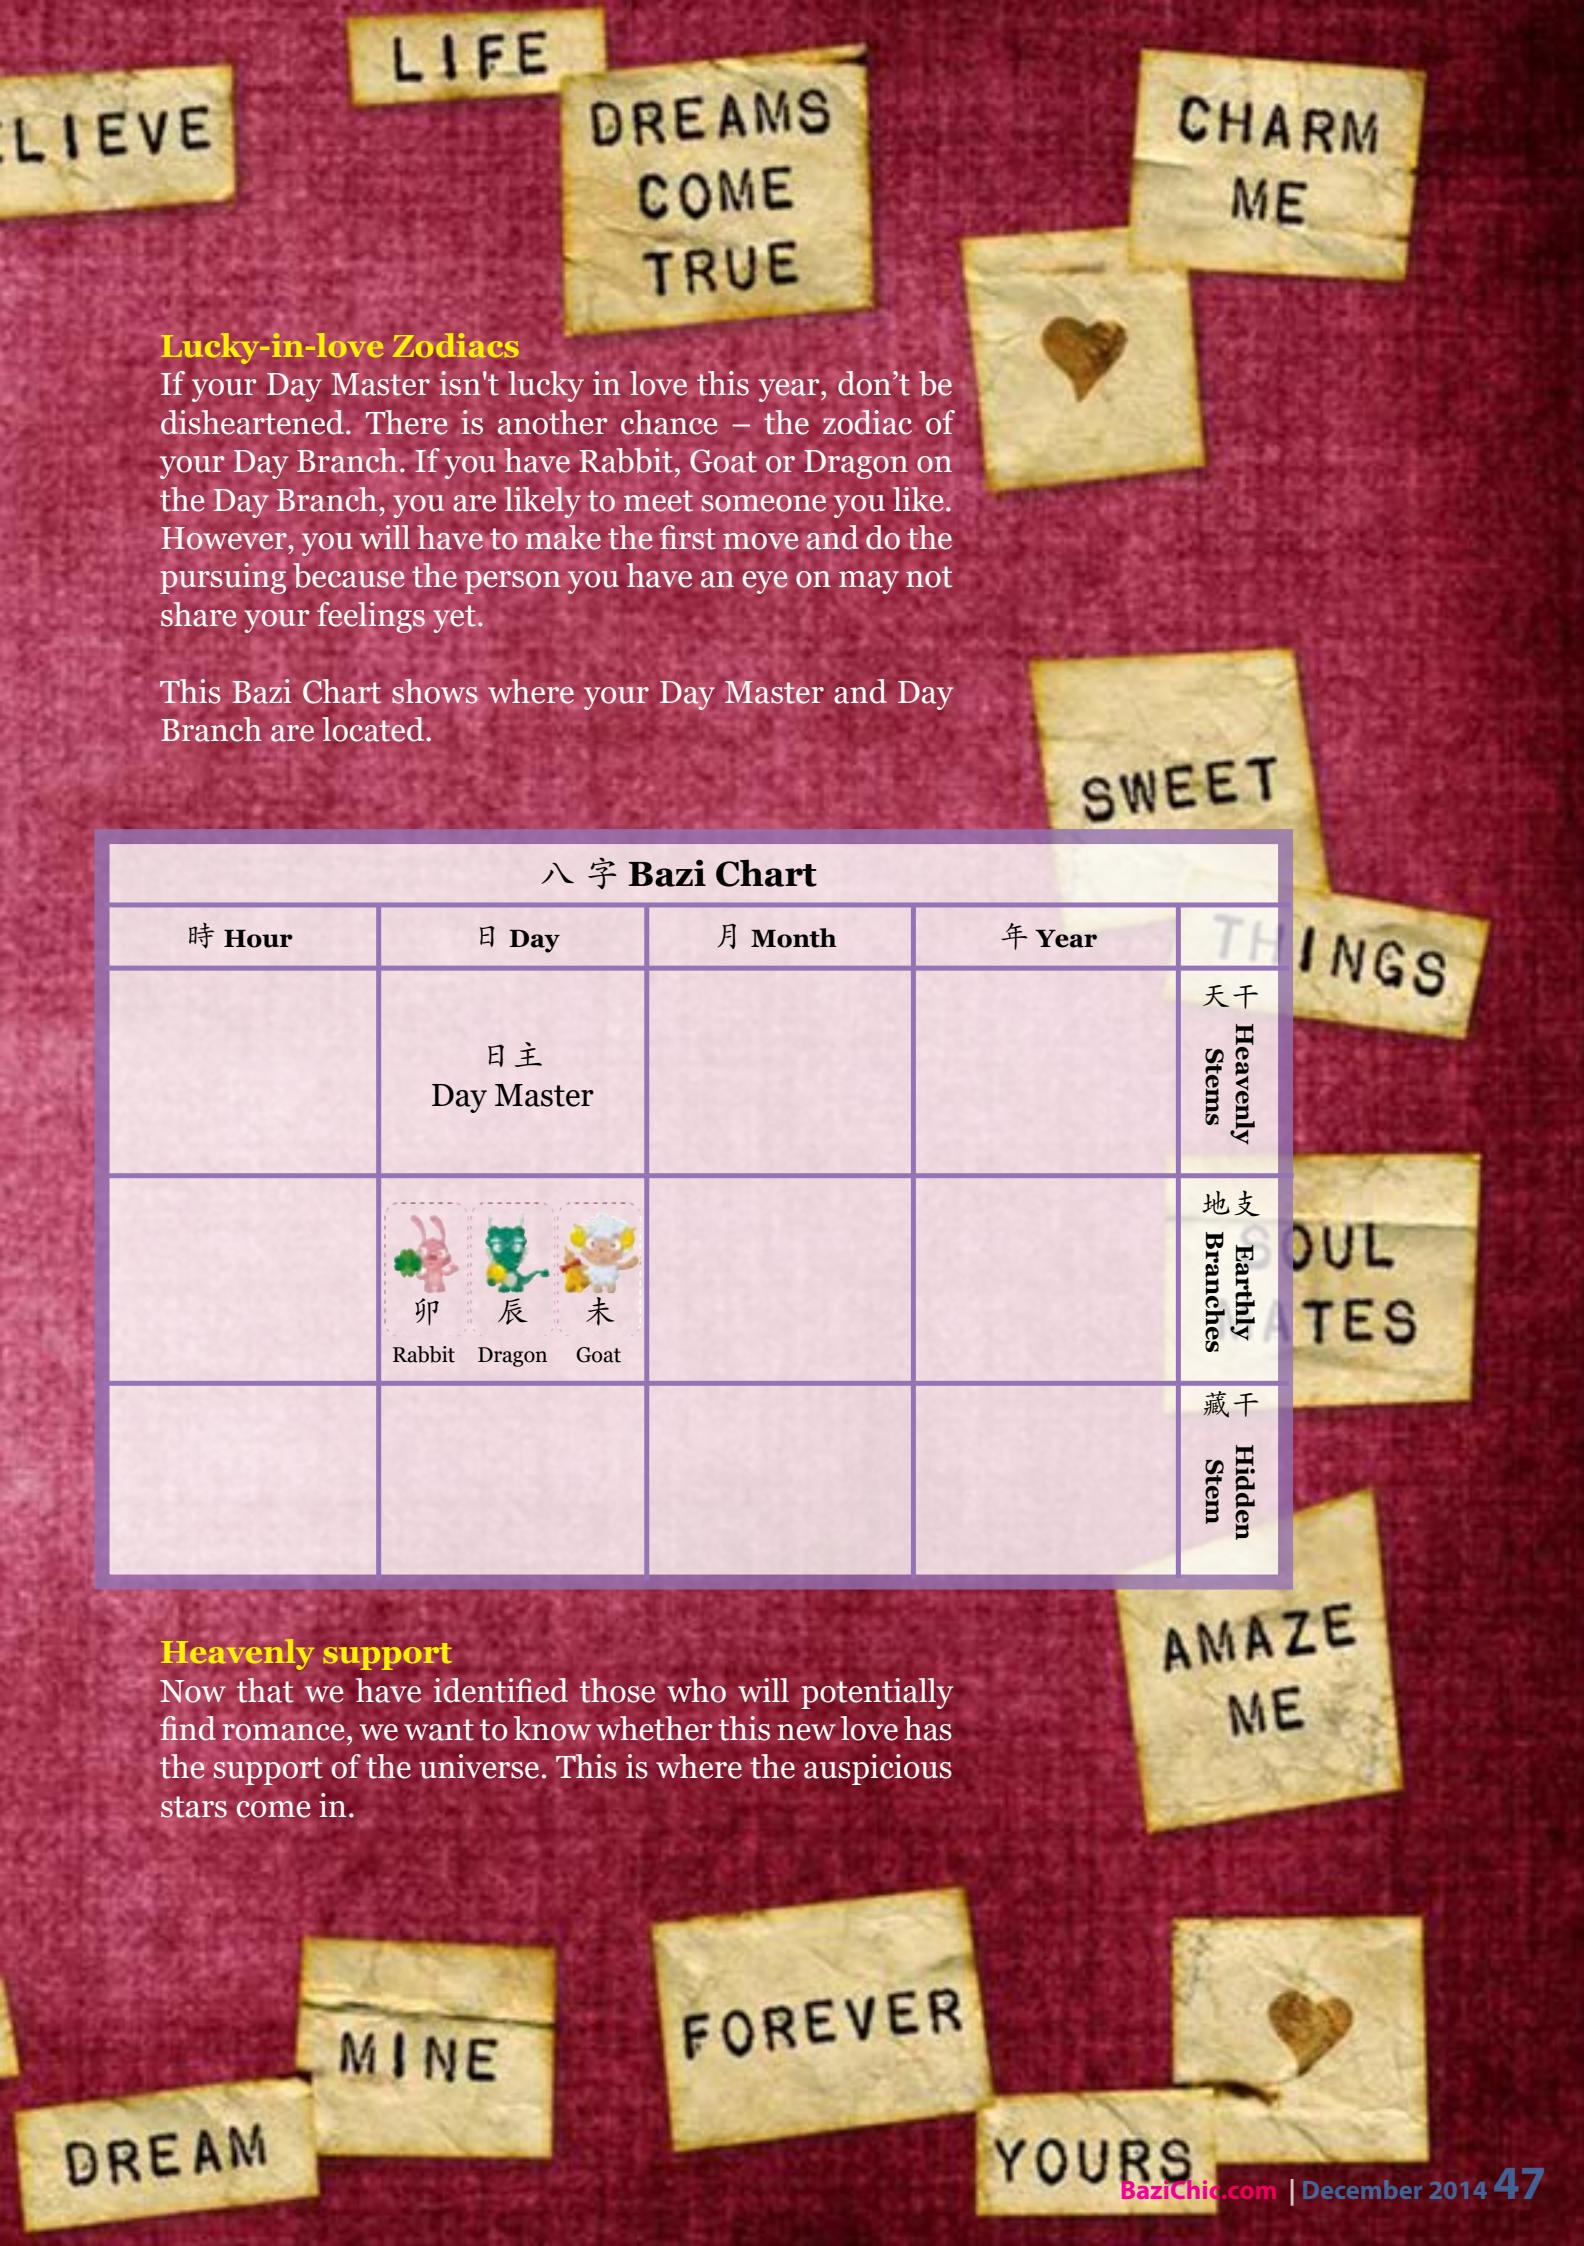

So, who will the gods of love smile on this year? Let's find out.

Romantically inclined Day Masters

The year's romantic energy smiles on the Metal guys. The Geng Metal Day Masters have many opportunities to meet and rescue damsels in distress. This year you will be the hero in the eyes of your lover. Expect some unexpected love encounters. Enjoy the journey whether it is going to last or be short-lived. This lovey-dovey energy extends to Xin Metal bros, who are known to be chatty, good at sharing jokes and having fun.

Members of the opposite sex will also be attracted to the mysterious Wu Earth and Ji Earth ladies. The theme of this year's romance is to have fun. Drop your guard and seriousness. Experience the fun in the courtship and get to know the person. The courtship is where you get to know each other before deciding to pursue anything more serious.

Besides male Metal Day Masters and female Earth Day Masters, Water ladies and Wood guys will have their fair share of chances too. For them, some extra confidence, a little initiative and action are the ingredients for success in love this year. Be bold to pursue the person you have an interest in.

Lucky-in-love Zodiacs

If your Day Master isn't lucky in love this year, don't be disheartened. There is another chance – the zodiac of your Day Branch. If you have Rabbit, Goat or Dragon on the Day Branch, you are likely to meet someone you like. However, you will have to make the first move and do the pursuing because the person you have an eye on may not share your feelings yet.

This Bazi Chart shows where your Day Master and Day Branch are located.

So, will the path to true love be smooth? If you have Tiger, Rat, Monkey and Dragon in your chart, you're set. You only need to be found by that special person.

How do you increase your chances of being found? It depends on where the auspicious zodiac signs reside on your Bazi Chart.

If either one of zodiac signs, Tiger, Rat, Monkey or Dragon appear on the Year Branch then you should socialize more! Go out, travel and be adventurous to make new friends. If they appear on the Month Branch then someone may be enchanted by your charisma. This special someone may appear at your workplace, while you're working out in the gym or while you are guiding others with your intelligence. If the auspicious zodiac sign is on the Day Branch, ask close friends or relatives to introduce you to someone interesting. And for those with auspicious zodiac signs on the Hour Branch, your hobby may send someone your way. Join clubs where you can meet like-minded people.

Still unsure of what to do?! Maybe you should seek counsel with the 太陰 Moon / Great Yin. If you are still single and have not met anyone yet, you can send a message to the Universe seeking the guidance of 太陰 Moon Deity by using the 法奇門 Fa Qi Men technique. When the New Year comes in on 1 January 2015 after 15:30, take some quiet time to sit facing east. Calmly in your mind ask the Universe for guidance for your special someone. Lastly, you can seek the advice of a person who has Dog in his or her chart.

Temper some sense into your Whirlwind Romance

While you are giddy being swept off your feet, you need to make your Man Luck count to avoid getting burned. Be wise. Here's how you can get back your bearings:

1. Are you comfortable with him or her?

Even though spending too much time analysing what's going on and playing safe may not promise a lasting relationship, there is a big difference between being swept off your feet and feeling completely out of control. You should ask yourself whether you're comfortable with your love interest. Do you feel like you have to act a certain way while with him or her? Are you afraid to voice an opinion or reservation on certain matters and would rather sweep it under the carpet to avoid ruining the moment? If yes, then this is a sign that you're not comfortable with this person. Any long-term relationship needs your input, good and bad.

2. Slow things down without hurt feelings

If you feel uneasy about the relationship going too fast, you owe it to the relationship to say so. Avoid cheesy lines such as, "We need to take things slower" or "I need some space" which may set off alarm bells in your love interest. Instead you can explain that you want to spend some time with your friends and family or just to relax after long hours at work.

3. Be in the moment

Courtship helps you to get to know each other better. So you should focus on the current moment. While you may be thinking of taking a romantic cruise, a sunset wedding on the beach or how many kids you want in the future, the bottom line is you still need know your love interest in and out before deciding to have a future together. Discussing your future dreams too often can be a red flag that you're into the idea of being in a relationship rather than being with the actual person. Furthermore, you may feel cheated when you have made those premature plans only for them not to materialise. It is only when these guards start coming down that you really get to know a person. You may be shocked as the person you thought was everything

you've ever wanted reveals that he is a widower with 10 kids. Or you may be in for a surprise that he actually hates your dream sunset beach wedding or that he is actually planning to migrate to another country which you may not like.

4. Be honest with yourself

In a whirlwind romance you tend to invest too much too soon before you even know what you're getting into. Once you've made the emotional and time investments, maybe even changing your life by moving in together after few months — it gets harder to be honest with yourself about what you really want. If you have doubts popping up but you keep sweeping it aside, you have problems. Don't allow yourself to be in denial of reality. Be rational and if you need to cut your losses, do so.

wish for love, dream for love...
but don't put your life on hold
waiting for love."

TOP 5 INTERNAL FENG SHUI STRUCTURES TO AVOID IN A HOME

A house may look impressive and beautiful with special internal design and structure. However, some of the designs are flawed in terms of Feng Shui.

Whether you are looking to buy a new house or already live in a home, here are some tips to identify bad Feng Shui structures in your house. Some of these flaws are more serious than others. Some of these flaws can be remedied while others cannot.

1. Missing sector in a house

No matter how pretty and artistic the design of a house, a missing corner is a no-no when it comes to qualifying the house as good Feng Shui. Depending on the sector that is missing it can affect the occupant in different areas of his life.

Remedy: While there is suggestion that you can remedy this by putting a mirror on the wall of the missing corner so as to create an illusion of a full corner, in actual fact, it is hard to provide a perfect solution to correct the Feng Shui of a missing corner especially if you are living in a high rise. For landed-property, you still have the option to extend and build the house to cover the missing section. However, this can be a pricey solution to undertake.

2. Main Door is not Prominent

Some townhouses are designed in such a way that it is hard to identify the main door or the main door is not visible from the outside of the house. The main door is called "Qi Mouth" in Feng Shui. Its function is to absorb the Qi from the external environment to nourish the house. When a person can't locate where the main door is at first glance,

it is equally confusing for the Qi as to where it can enter a house. Usually this kind of houses will have stagnant Qi.

Remedy: Unless you have the option to renovate and shift the door to a more visible location where the Qi can flow in easily, it is usually impossible to perfectly remedy this type of bad Feng Shui.

3. Direct Door Alignment

The direct alignment of your main entrance with the back door is a bad Feng Shui structure in your home. A house with positive Feng Shui is all about collecting Qi from the external environment and letting it flow harmoniously in the interior of your home. With the main door and back door in the same alignment, all good Qi coming through the main door will easily escape through the back door. It does not have a chance to settle, circulate and nourish your home.

Three doors in straight direct alignment is another bad Feng Shui feature at home.

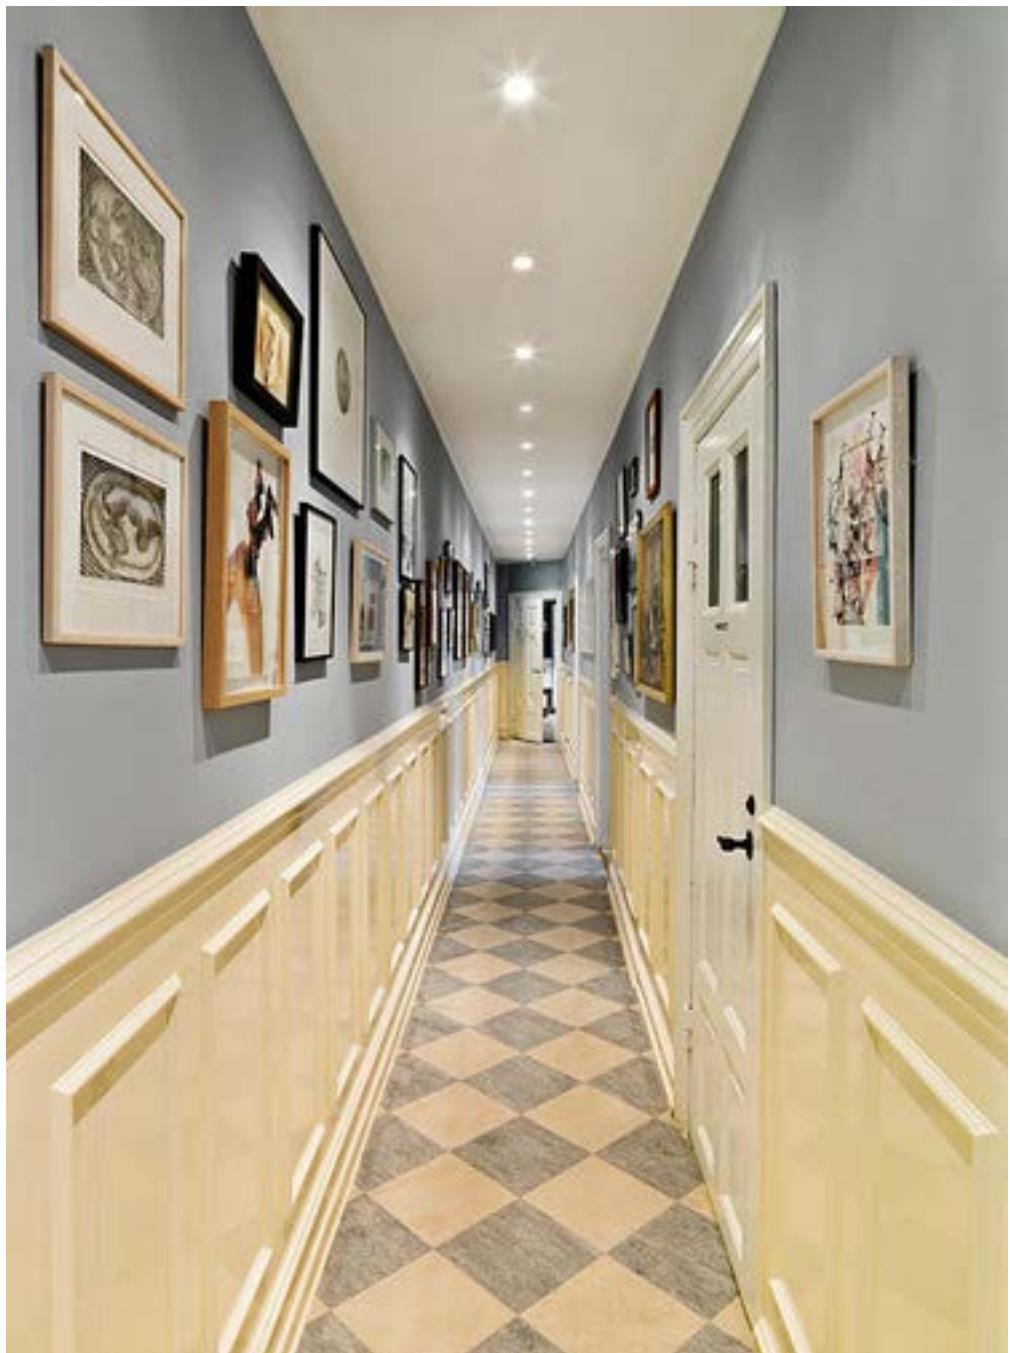

Remedy: The simplest way to remedy this is by placing furniture, or plants to redirect the Qi coming from the main door so that the Qi will not flow out again so easily. For a permanent solution, you can renovate and shift the door away so that it is not in front of each other.

4. Staircase facing the Front Door

As already mentioned in point no. 2, the main door is called "Qi Mouth". It functions to absorb the Qi from the external environment into the house. When a staircase is directly in front of the main door, the Qi rushes up quickly to either the lower or the higher floor, thus there is not enough good Qi to circulate in the house.

Remedy: Whether there is a remedy to this problem depends whether there is a foyer separating the stairs from the front door. If you have a big foyer with a staircase further from the door, the energy can settle in and nourish the space of your home. If there is only a small foyer between the staircase and the main door, you need to build a wall to cover the staircase and redirect the flight of stairs so that it does not directly go out the main door. There is no remedy when

there is no space between the stairs and the main door.

5. Long narrow hallway

Often a long narrow hallway is found in high-rise buildings such as apartments and condominiums where space is limited. Yes, you are right! A long narrow hallway is considered bad Feng Shui. The energy of a long hallway forms a rushing Sha Qi and, in some cases, it can be stagnant Qi too.

Remedy: A simple remedy is putting medium size plants in a zig-zag arrangement along the hallway.

EARTHLY BRANCHES RELATIONSHIPS PART 3

In this issue's Bazi 101, we complete the our mini-series on the relationships formed between Earthly Branches and Luck Pillars.

Destructive-Relationships

Beware of destructive relationships in a person's natal chart. It indicates a destructive nature and inclination to destructive behaviour, for example a person's innocent drinking habit turning into alcoholism.

Usually the person experiencing the Destruction relationship feels unable to control his or her destructive behaviour.

There are six types of Destructive-Relationships:

Rat destroys Rooster	<ul style="list-style-type: none"> ↳ Often relates to alcoholic abuse or some form of drug abuse
Monkey destroys Snake	<ul style="list-style-type: none"> ↳ This is a Combination-Destructive Relationship. ↳ It involves situations or scenarios or relationships where things can go from good to bad, or bad to good.
Dragon destroys Ox	<ul style="list-style-type: none"> ↳ Indicates a person turning their back on their past, family, or principles. ↳ Having this destruction relationship in a natal chart indicates that the person may be embarrassed by their family background. ↳ It also indicates bad experiences with friends or a violation of trust between friends.
Horse destroys Rabbit	<ul style="list-style-type: none"> ↳ Indicates possible sexual assault, sexual harassment or problems caused by sex. ↳ It can indicate unpopularity and scandal that destroy one's reputation.
Tiger destroys Pig	<ul style="list-style-type: none"> ↳ This is a Combination-Destructive Relationship. ↳ Often results in feelings of animosity between two people.
Dog destroys Goat	<ul style="list-style-type: none"> ↳ Please refer to Dragon destroys Ox.

FACE READING THE SHAPE OF THE FACE

Jennifer Aniston

KeithUrban

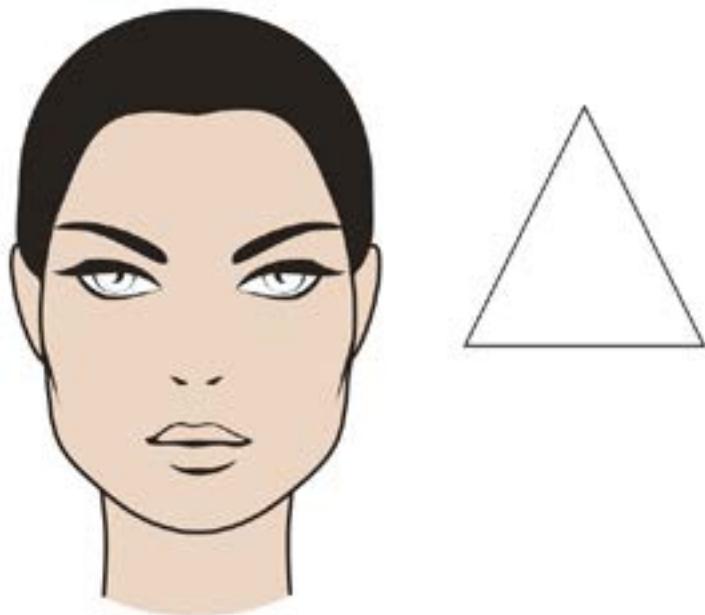

THE FIRE ELEMENT FACE

In this issue, we will discuss the Fire element face.

Shape: A Fire element face usually assumes the form of a triangle with a narrow forehead and broader chin.

Positive Features: A tall, broad shouldered body should hold the Fire element face high. The presence of lots of hair, which represents Wood element, bodes well for the Fire-shaped face. This is a natural productive cycle of Wood producing Fire.

Fire-shaped face is also known as the entertainer face. Individuals with Fire-shaped faces

fare better with a broader chin, beaming and expressive eyes as well as thin lips. Why are thin lips preferable on the Fire-shaped face? Lips pertain to Water element which counters Fire. We do not like the countering relationship. Full lips on Fire-shaped face indicate that efforts will be constantly challenged.

Negative: We do not want to see a Fire element face on a flabby or fleshy face with thick lips and a large mouth. The face should not be too tanned regardless of ethnicity. These features on the Fire-shaped face denote disappointment and a challenging life.

Small eyes are a “no-no” on a Fire-shaped face. This indicates that the person has trouble expressing himself or herself clearly which does not bode well for an entertainer persona. It is a confusing personality.

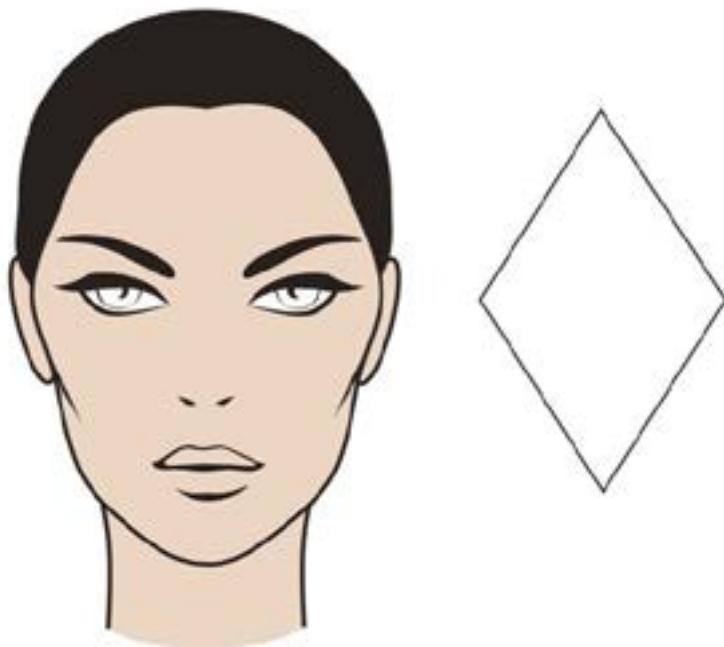

As you grow older, the shape of your face tends to change slightly. If the corner of a Fire-shaped face turns rounder around the jawline, this indicates the following possibilities:

- ☛ health problem that needs surgery
- ☛ betrayal
- ☛ accidents

Character: People with Fire element faces are well-mannered, cordial and graceful. They have a natural showy and magnetic persona. They are adventurous.

Career: Fire-shaped face people are suitable in the entertainment, media and artistic fields. They also fit well in a career in public relations.

Different Variations of the Fire-Shaped Face:

Diamond-Shaped Face

Diamond-shaped face is a combination of Fire and Wood elements. It is characterized by a narrower forehead, wide cheekbones and sharp narrow chin.

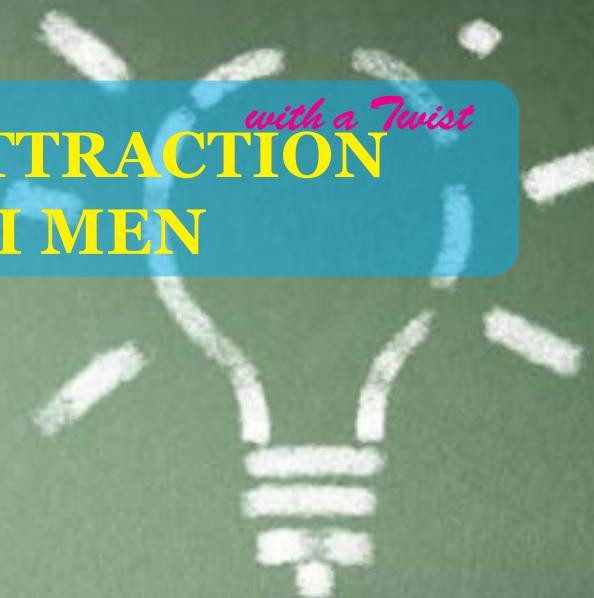

This face looks more elegant than their original Fire-shaped brother and sister.

People with this type of face tend to be perfectionists by nature. They are self-confident and strong-willed. While they make good leaders, they may not have successful marriages. This is probably due to their quick-temper, unpredictable moods and demanding nature. They achieve success late in life.

LAW OF ATTRACTION

法奇門 FA QI MEN

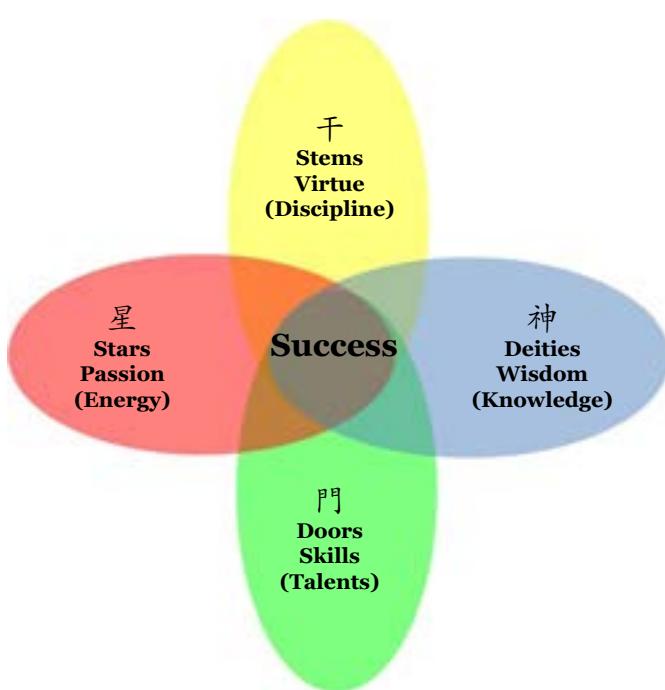

with a Twist

UNDERSTANDING THE SUCCESS MODEL USING THE FOUR REALMS OF FA QI MEN

To be able to apply the Law of the Attraction successfully, we need to understand how the Four Realms of the Fa Qi Men contribute to success.

The Success Model of the Fa Qi Men is made up of four ingredients, the Four Realms – Deities, Stars, Doors and Virtues. Let's look at what each of these ingredients mean.

① 神 Deities – Wisdom (Knowledge)

The Deities represent knowledge and wisdom because in order to be successful we need knowledge. This knowledge can be academic knowledge and theories acquired in school or practical knowledge acquired through experiences. Knowledge also encompasses our own original ideas, thoughts, theories and hypotheses arising

from constant practice of a skill.

To affect change on our wisdom we need to understand the Deities of the Qi Men Dun Jia.

② 星 Stars – Passion (Energy)

The Stars represent energy and passion. You will only succeed if you have passion, as passion is the energy that moves you forward. However, you can't just find a passion, you need to nurture a passion that is already in you. You will tend to be passionate about the things that you are good at. To succeed, you must keep this passion alive and then be ready to persevere when things stop being fun. People often confuse passion with an initial surge of motivation, and when that dies down, they think they have lost their passion. Passion is showing up, day-in-day out, even when things stop being fun, when you've hit obstacles or a plateau, or when you don't feel like it.

You cannot measure passion nor faith, hence it is in the realm of spirituality. Passion or anything that is not measurable is governed by the Stars

③ 門 Doors – Skills (Talents)

The Doors represent skills and talent, because to be successful we need skills. Passion, the Star, relate to the “Why”, the reason you want to achieve something, the Doors relate to the “How”, the action you take to achieve your goals. These are practical skills acquired through years of practice. It is only 1/4 of the equation of success model, as you can be very skilled at something yet not successful.

④ 千 Stems – Virtue (Discipline)

The Stems represent virtue and discipline. This is the last component for success. Virtue is the gap between the goal and achievement. It is your discipline that makes your goals come to fruition. If you have no discipline you can't succeed. This is why some people who despite their intelligence or natural talents, are not successful.

In the system of 奇門遁甲 Qi Men Dun Jia, 甲 Jia represents the General. General is equal to your will power. If you are able to find the 甲 Jia or will power, a lot of things will work out for you.

Is it necessary to have all four components of success? You may be able to succeed even without all four parts of the success model, but your chances are higher if all four factors are present.

There are no auspicious stars shining on us in December. The presence of 月空 Month Emptiness is good for spiritual pursuit and for those who are going on a pilgrimage. The star is good for meditation and achieving clarity of mind.

As such December favours contemplation, planning and quiet, and not so much for putting your plan into action or going out to conquer the world. It is a good time to spend with family.

If the month's Qi is unfavourable to you, especially those who have Rat at the Hour and Year Pillar, be careful of accidents and injury. Should your chart come with Rabbit and Rooster, you need to be extra alert to theft and robbery.

A lot of unnecessary spending while celebrating this festive season will burn a hole in your pocket. This effect is brought on by the 歲破 Year Breaker and 大耗 Greater Consumer.

This month's energy favours those who have the following zodiacs: Ox, Dragon and Monkey.

While others are celebrating, Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood) people are going through a productive and happy cycle. Much can be done this month so put in some effort. Yi Wood people are feeling the energy of the coming Goat year. Your feelings this month will generally form your outlook for the next year so keep a positive mind.

Fire Day Masters (丙 Bing Yang Fire and 丁 Ding Yin Fire), it is a good time to network. Business people can focus on creating a brand especially if the brand wants to convey an impression of high-status, authority and respect.

Earth Day Masters (戊 Wu Yang Earth and 己 Ji Yin Earth) are going through both resource and wealth cycles. This is the time to capitalize on your idea.

Metal Day Masters (庚 Geng Yang Metal and 辛 Xin Yin Metal), this is a good time for you to execute what you have in mind. You now have the clarity to do what you want.

Water Day Masters (壬 Ren Yang Water and 癸 Gui Yin Water), you should be seeing some extra wealth coming your way. It can be bonus for those in employment and some extra jobs for people in business.

Tiger

This is a happy time to spend with friends and family. At work, there may be some unexpected hiccups but nothing that you can't overcome. However, it is not a time to execute major plans yet. Review your goals and plan again.

Rabbit

People with the Rabbit sign in their Bazi chart may feel the auspicious energy of the Goat year already because Rabbit is one of the signs in the Three Harmonious combination with the Goat. Female Rabbits may experience some romantic luck. In general, their likability and relationships with people improve tremendously.

Dragon

You have your hands full but you will not be without help. Put down your dragon ego and accept offers of help graciously.

Snake

There is still stress arising from a heavy workload. You will be rewarded for your hard work. Work diligently, as you will find out that this is your chance to shine.

Horse

You need to work on some borrowed luck. Luckily, you will find that in general, people, friends and family are supportive and helpful. A change of mind-set will take place for those with Bing Wu as their Day Pillar. Some incident or even an argument may change your whole perspective. So don't be so quick to judge.

Goat

You are also one of the people who are feeling the energy of the coming Goat year. While you may face some minor issues financially, do not fret. This small problem will soon pass. Take care of your health. You are prone to food poisoning or stomach related illness.

Monkey

You may see improvement in your work. Your hard work and contribution will be recognized. Don't be afraid to take up new challenges and responsibilities as the sun is shining on you ahead.

Rooster

If you receive an email about a big opportunity to earn 50 Million dollars, it is a scam. Yes, Rooster people are easily emotionally affected and unable to think clearly and wisely. Thus, they are prone to being cheated. Don't be greedy.

Dog

You are going through an energetic month with vibrant energy. You will find yourself being inspired by the people around you. You work faster too. This is a good month to start for those who plan to study. It is positive to those who wish to take their career up to another level. This is the best time to put your plan to work.

Pig

Take precaution on everything you do as there is unexpected trouble. Avoid any illegal or under table deals. It will be easily exposed. This is not a good time to undertake any activity related to wealth such as investment, purchasing a new home or starting a business.

Rat

There are still lingering problems from the previous month that you need to deal with. This is not entirely a bad month, as you will find new avenues opening up to help you resolve the issue. Perseverance on your part is needed to go through this period.

Ox

A little under the weather, you tend to be moody. This is only a minor issue as your wealth and career take a better turn. Keep an eye out for good investments. The star is shining on your wealth department.

The last month of the Horse year is graced with the presence of many powerful auspicious stars, most importantly the Dragon Virtue and Emperor Stars. The Goat and Horse Qi overlaps this month. People tend to experience both the Goat and Horse effects, positive or otherwise. The Dragon Virtue and Emperor Stars bring good effect such as influencing and persuading people. This is good for people working in sales, negotiations, counselling and consulting.

Unlike December, which favours contemplation, planning and stillness, January is where you should get your plans moving. If you haven't got a plan or set a goal yet, this is also a good time to do some planning. Dragon Virtue brings clarity.

If the month's Qi is unfavourable to you, especially those who have Horse in the Hour

and Year Pillar, be prepared for sudden unexpected problems and trouble that throw your plans or work off course. Follow through all your work, have a back-up plan on what to do and have back-up help lined up.

This month's energy favours those who have the following zodiacs: Rat, Rooster and Snake.

Wood Day Masters (甲 Jia Yang Wood and 乙 Yi Yin Wood) people are still experiencing a productive and fulfilling cycle as well as seeing wealth. Put in effort and you will have no regrets. This is a stepping stone to greater things.

Tiger

Tiger people are going to experience some good times ahead. At work, everything will go smoothly. You'll find people gravitating towards you. Wherever you go you will get along with people easily. It is a good time to make new friends and expand your network especially if you are a Fire or Earth Day Master.

Rabbit

People with the Rabbit sign in their Bazi chart, take some precaution on who you socialise with. While not all people are out to get you or take advantage of your good nature, there are some unsavoury characters that only want the best for themselves. They may not intentionally harm you. Luckily or unluckily, you seem to be their obstacle.

Dragon

Beware of petty people who are nice to you and act differently while you are not around. Your best weapon is to use your Solitary Star and act indifferent. There are a lot of kind people out there who have your best interest at heart and will willingly offer you a hand. Be discerning with whom you spend time with.

Snake

Are you looking for a partner? This is a good month to get the message out. You may have some unexpected parties interested in what you are doing.

Horse

You may not feel so positive on your outlook for the year based on what's happening now. Don't fret. The changes now actually bring better things ahead. So go with the flow and do your best.

Goat

Goat people need to be alert about their personal safety. In general, there is a risk of injury and loss of wealth. Personal relationships will go through change as well. This change can be positive and negative. If things didn't work out with your partner, don't rely on a third party to relay your message to avoid misunderstanding. Face your partner and state what you have in mind clearly.

Monkey

Things are looking positive for you especially in terms of wealth and work. Should you have any plans, this is a good time to start before the Goat year begins in the February.

Rooster

Rooster people are still in an emotional and unstable state. Your mind can't think clearly and wisely. Postpone any major decision until a positive month that favours you.

Dog

The vibrant energy continues and you are all power. Don't waste this energy, do something meaningful for yourself. There may be some small hiccup but don't let this dampen your mood.

Pig

Do not let your guard down as previous troubles still plague you. There are good news and happy events coming your way. Some careful research and a good understanding of the subject can ensure the success of investments made this month.

Rat

Things become more stable after a chaotic month. You can breathe a sigh of relief. Take this time to relax a little and do some planning.

Ox

You tend to anger easily and get yourself into unnecessary arguments and dispute. Do not react and resort to petty remarks just to win the argument. Give yourself sometime to think things over. Do what is constructive for everyone involved.
